**5. Describe the proposed ordinance, including what the proposed ordinance is intended to accomplish, who's involved**

**a. Scope of Work**

The proposed ordinance will authorize the Director of Excise and Licenses to set the minimum insurance amounts for licensed pedal cab businesses. Currently, the minimum insurance dollar amounts are specified by ordinance. Input from the pedal cab industry revealed that the current insurance minimums are far lower than those of other jurisdictions, and lower than the businesses' existing insurance policies. The Director would initially propose increasing the required insurance from \$300,000 to \$1,000,000 per accident, in accordance with industry standards. The ordinance would allow the Director to propose future adjustments to the insurance amounts as necessary through the public rulemaking process.
