Hi – explanations as follows:

1. Police District 1: Special request from CCD : instead of PD2. We still have scope at PD2 for an end of life unit at PD1. While not on language in the IGA to add. No incrementa at PD1 vs PD2.

The scope applies to the initial set of buildings listed in the table be choose to add other buildings to the scope as a result of the initial IGA

2. The Park and Rec Center / Police Property S buildings at the Police Traffic Ops compound bldg list – basically 4 “buildings” 3 of which

|    |  |     |
|----|--|-----|
| 14 | Park Ave-PoliceTrOps-Parks-PD Property | 337 |
|----|--|-----|

Thanks - Stephan

site staff to look at a chiller replacement at PD1 (lighting etc.) but also have a chiller replacement the original list of buildings, we utilized this bill costs to develop/engineer a chiller replacement

low. The City, however, may IGA findings.

Storage / Police Training-Shooting Range are all and which was described like this in the IGA contract share walls.
