5. General description or background of proposed request. Attach executive summary if more space needed: (who, what, why)

The Workday program requires additional on-call service provides for various projects, backlog work, and other enhancements to existing Workday features and functionality. Due to the complexity of the Workday platform, it is critical that on-call Workday staff have extensive pre-existing experience with the Workday core application as well as have specialized training and certifications (HCM, Security Pro, BIRT reporting, Integrations, etc.) to be able to come on-board and be productive in a timely fashion. Other staffing partners cannot guarantee experienced Workday certified professionals and/or they only provide Implementation Services (net new large scale project work) and not post implementation support (enhancements, small projects, integrations, etc.) which makes The Remy Corp a valuable partner.

In addition, The Remy Corporation is a certified Workday Inc. AMS Partner and is recognized as the most comprehensive staffing provider of Workday resources, specifically for post-production support. Technology Services currently has contract with Workday Implementation partners, but not post implementation, which is what this contract remedies. This amendment will allow Technology Services to continue our partnership with The Remy Corporation for two additional years.

6. City Attorney assigned to this request (if applicable): Andrew Riester

7. City Council District: Citywide
