5. Describe the proposed ordinance, including what the proposed ordinance is intended to accomplish, who's involved

a. Scope of Work

The Sheriff Department will allow West Metro Fire to pick up available vehicles marked for recycling (from the Vehicle Impound Facility) for training purposes. Upon completion of training exercises, West Metro Fire will transport the vehicle to the recycling center. Any revenue generated from the recycling will be credited to the City.

The Denver Fire Department needs will be met first.

b. Duration

8/1/2013 – 7/31/2015

c. Location

n/a

d. Affected Council District

n/a

e. Benefits

Goodwill between the City and the western suburbs will be increased. DSD will no longer be responsible for transport of these vehicles to the recycling center.

f. Costs

Because the City still receives the recycling credits, the cost is negligible if not non-existent. In addition, the City will save towing (to the recycling center) costs.

6. Is there any controversy surrounding this ordinance, groups or individuals who may have concerns about it? Please explain.

No.
