5. General description or background of proposed request. Attach executive summary if more space needed:

American Traffic Solutions, Inc.; d/b/a/ Verra Mobility; has been chosen as a partner through RFP 11065 Photo Radar and Red-Light Enforcement as we continue to thoughtfully use Traffic Safety Camera technology. Decisions on placement of our 4 red light safety camera approaches and 5 speed safety radar vans are determined through a variety of factors including complaints from residents on speed issues, compliance data, and restricted speed zones to protect sensitive populations in school zones, CDOT and other street/highway construction zones. Reduced speed works to limit the severity and number of crashes. Traffic calming measures, including speed reduction tools like photo radar, are often requested by neighborhoods and constituents to improve safety and quality of life.
