6. General description/background of proposed ordinance including contract scope of work if applicable:

The City and County of Denver has confirmed the need to upgrade (4) existing traffic signals and will oversee the redesign and reconstruction of these intersections. The project consists of the following intersections: (1) Evans Avenue & Holly Street (2) Evans Avenue & Dahlia Street (3) University Boulevard & Dartmouth Avenue (4) Alameda Avenue & Cherokee Street. The overall combined scope is to remove the old traffic signals at the 4 locations including poles, signal heads, pedestrian indications and associated equipment, and replace them with new traffic signals and equipment. Rebuilt signals shall be installed in accordance with City and County of Denver standards, i.e. new poles and mast arms, multiple 12-12-12 overhead indications, accessible countdown pedestrian signals, video detection and associated equipment. Project work also includes upgrade of ADA ramps, sidewalk, and curb & gutter at all locations. No geometric changes will be made to intersection layouts.
