4. Contact Person with actual knowledge of proposed ordinance who will present the item at Mayor Council and who will be available for first and second reading, if necessary

Name:Brian Elms

Phone:303-342-2278

Email:brian.elms@flydenver.com

5. Describe the proposed ordinance, including what the proposed ordinance is intended to accomplish, who's involved

a. Scope of Work

Inside/Outside Plant Telecommunications infrastructure Engineering, Construction, and Installation services. DIA covers Fifty Three square miles on the easternmost border of Denver, Colorado. Communications backbone infrastructure is required at remote locations within DIA's boundary. At times new construction consisting of Excavation, Duct Bank, Direct-Buried, Directional Boring, Aerial, Wireless, or other industry acceptable methods is required. Hi-Capacity Backbones of Copper cable, Fiber Optic cable and transmission or terminating equipment and protocols, as well as High Voltage Electric cables and equipment including conduit, may be required. DIA Standards, including DIA Division One and Orange Book standards, Professional Industry Norms and Standards, as well as all applicable laws and regulations of Federal, State, County, and Municipal entities must be observed and strictly adhered to. Individual projects or engagements will be invoiced and billed on a completed and certified piecemeal basis unless otherwise negotiated in advance.

The Scope serves the need to secure a contract or multiple contracts with eligible "on call" vendor(s) so DIA has the ability to manage, procure, and oversee the implementation of inside and outside plant scopes of work (developed by others) on a timely basis.

b. Duration

3yr plus 2-1 yr extensions

c. Location

DIA

d. Affected Council District

11

e. Benefits

Highly specialized, critical technology staffing services.

f. Costs

\$1,000,000

6. Is there any controversy surrounding this ordinance, groups or individuals who may have concerns about it? Please explain.

No.
