Neighborhood/Council District: Harvey Park South / Council District #2  
RNOs: College View Neighborhood Association and Inter-neighborhood Cooperation

**II. Summary of Proposal and Existing Conditions**

---

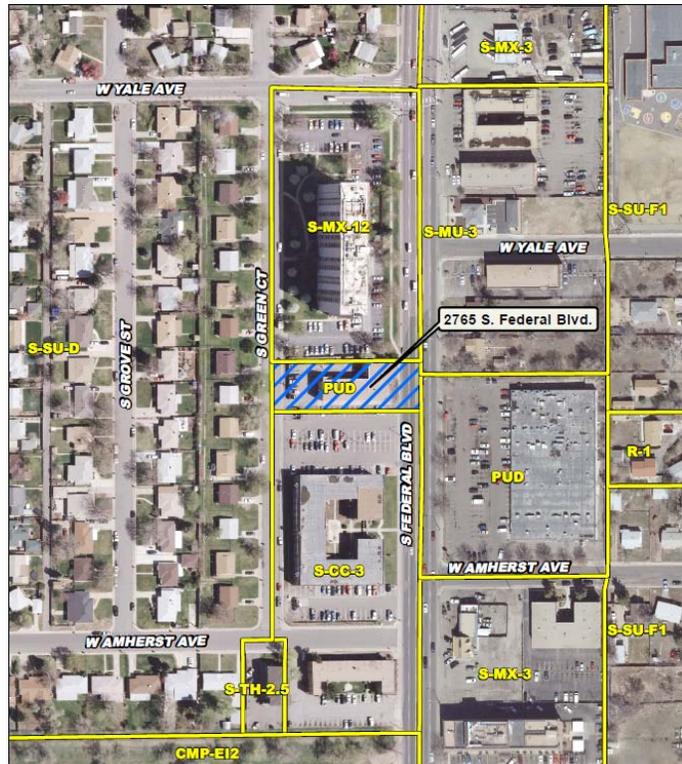

The property is a three-story apartment building currently being used as a Community Corrections Facility. This proposed rezoning will allow the facility to increase the number of allowed offender beds from 90 to 105. No change is proposed to the exterior of the structure or the property.

The subject property is located on the west side of South Federal Boulevard mid-block between West Yale Avenue and West Amherst Avenue. In the general vicinity are Teikyo Loretto Heights University, one block to the south, College View Elementary School, ½ block to the northeast, Knight Elementary School, four blocks to the west and Loretto Heights Park, six blocks to the southwest. Immediately adjacent to the site on the north is a twelve-story senior apartment tower, on the south, a three-story apartment building, on the east, across Federal Boulevard, a one-story commercial strip mall, and on the west, across South Green Court, one-story single family homes. The local block pattern consists primarily of traditional grid street patterns with alleys, detached sidewalks and tree lawns.

### III. Legal Justification for Rezoning

#### Changed Conditions

The proposed rezoning to raise the number of allowed beds in the facility is in response to an increased need for additional beds to accommodate an increasing number of federal offenders.

## VII. Community Response

The applicant worked with the College View Neighborhood Association on this rezoning prior to submitting the application for rezoning. A letter of support from the College View Neighborhood Association is attached.

## VIII. Criteria for Review

The criteria for review of this rezoning application include conformance with adopted regulations, and with the Comprehensive Plan and applicable supplements. Applicable documents are:

- *Denver Comprehensive Plan 2000*
- *Blueprint Denver*
- *Former Chapter 59*

### A. Denver Comprehensive Plan 2000

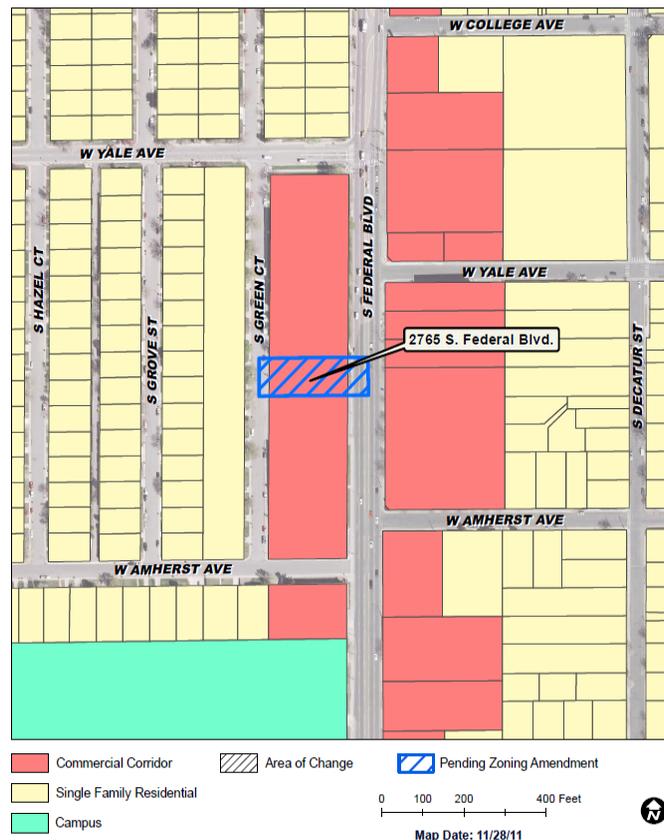

The proposal is consistent with and positively addresses many Denver Comprehensive Plan strategies, including:

- Environmental Sustainability Strategy 2-F, “*Conserve land by: Promoting infill development within Denver at sites where services and infrastructure are already in place...*” (p. 39).
- Land Use chapter, Strategy 3-B is to “*Encourage quality infill development that is consistent with the character of the surrounding neighborhood; that offers opportunities for increased density and more amenities; and that broadens the variety of compatible uses.*” (p.60).

### B. Blueprint Denver

Blueprint Denver, the City’s Land Use and Transportation Plan, identifies the property as being within an *Area of Stability* with a land use recommendation of *Commercial Corridor*. The Blueprint Denver street type for Federal Boulevard is *Commercial Arterial* and for Green Court is *Undesignated Local* Street.

The existing structure was built in 1974 and predates Blueprint Denver. However, the existing structure conforms to the Blueprint Denver Commercial Corridor land use concept. These linear business districts have primarily commercial land uses with a mix of residential land uses. They are primarily oriented to arterial streets and frequently have high frequency transit routes. In an Area of Stability, limited change is expected; the goal is to identify and maintain the character of an area while accommodating some new development and redevelopment (p. 120). The amended

PUD will allow the existing Community Corrections Facility to accommodate a slightly larger resident population with no change to the exterior of the existing structure.

**C. Denver Zoning Code (Former Chapter 59)**

The June, 2010 adoption ordinance of the Denver Zoning Code allows land retaining PUD zoning under Former Chapter 59 to be rezoned to a new PUD under Former Chapter 59. Thus PUD 620 is being amended under Former Chapter 59.

**1. General Policies Applicable to All Zone Map Amendments (Section 59-646)**

**A. Justifying Circumstances**

Former Chapter 59 public policy is that land may be rezoned in response to changed or changing conditions. The proposed map amendment is in response to the changed circumstance of increased need for correction facility beds to respond to increasing numbers of offenders. The proposed changes to the PUD will allow this facility to accommodate an additional 15 beds. In addition the facility structure remains compatible in mass, height and form with the surrounding neighborhood.

**2. Additional Limitations for Non-legislative Rezoning (Section 59-647)**

As proposed, rezoning #2011I-00045 is consistent with the general limitations outlined in this section of the Former Chapter 59 including:

**A. Administrative Examination:** The City's development review agencies have reviewed the proposed rezoning and recommend approval.

**B. Uniformity of District Regulations and Restrictions:** Rezoning the site to an amended PUD will have no effect on the uniformity of district regulations.

**C. Minimum Area Requirement:** There are no minimum area requirements for PUD applications in Former Chapter 59.

**IX. Staff Recommendation**

---

Based on the criteria for review as defined above, Staff recommends **approval** for rezoning the property located at 2765 South Federal Boulevard (Application #2011I-00045) to PUD.

<b>Describe the nature and effect of the proposed Zone Map Amendment</b>							
The subject property is currently zoned P.U.D. The current P.U.D. limits the number of offender beds to 90. The beds are filled by offenders judicially placed by the Federal Bureau of Prisons (FBOP) and United States Probation Office (USPO). Due to an increase of 12-15% in Community Corrections beds needed by the FBOP and the USPO the facility must increase the number of offender beds to 105 to accommodate both jurisdictions. This will contribute to the offender's reentry into society in the most safe and effective manner.							
<b>Select Legal Basis for the Zone Map Amendment and explain in detail</b>				<b>Error in the map as approved by City Council</b>			<input type="checkbox"/>
				<b>Changed or Changing Conditions that make a Zone Map Amendment Necessary</b>			<input checked="" type="checkbox"/>
The facility has functioned as a Community Corrections facility since 1988. In 1996 the property was rezoned as a P.U.D. from an R-4 due to an increase in the Federal offender population. This zone map amendment is necessary to allow for an additional 15 beds. The current P.U.D. limits the number of beds to 90. In order to adequately serve the needs of our contractors and the community a new zone map amendment must be completed to allow the Independence House located at 2765 South Federal Blvd. to provide a maximum of 105 beds.							
<b>State the land use and the development proposed for the subject property. Include the time schedule (if any) for development</b>							
The proposed zone map amendment will allow for an existing Adult Community Corrections facility currently zoned P.U.D. 620 to expand the current number of 90 beds to a new maximum number of 105 beds. There will be no changes to the exterior structure of the building to accommodate the additional beds.

**3. WRITTEN STATEMENT**

On an attached page a written statement is given generally describing:

- a.** The proposed P.U.D. and the market which it is intended to serve.

The proposed P.U.D. is intended to provide additional beds to an existing Community Corrections facility. The current P.U.D. for this property limits the number of beds to 90. This zone map amendment will allow for an additional 15 beds to be located at this facility. This zone map amendment will allow for a maximum of 105 offender beds to be utilized.

The sector served is the Adult Criminal Justice system consisting of the Federal Bureau of Prisons and the United States Probation Department. This facility and what it represents is intended to improve upon the transition the clients make back into the community. The program also focuses on fostering community relations and giving back to the local programs/neighborhood. The Independence House provides quality programming to the residential clients that consist of drug and alcohol programs, mental health counseling, cognitive skills, family counseling, women's groups, interactive journaling and numerous employment and housing programs.

- b. In accordance with the Denver Comprehensive plan, the owner of the property is utilizing a planned unit development for the adaptive re-use of the existing structure. To whom it may concern:

The College View Neighborhood Association voted unanimously at our October 18<sup>th</sup> meeting to support the application to expand the bed capacity at Independence House in SW Denver. This expansion will add 15 more beds to the current 90 at this facility, as allowed by current regulations.

We feel that Independence House is run in a responsible manner, such that the residents and staff are good neighbors in our area.

Sincerely,
