(b) In the event a party has been declared in default hereof, such defaulting party shall be allowed a period of sixty (60) days, from receipt of notice of the default from the non-defaulting party, within which to cure said default. In the event the default remains uncorrected, the non-defaulting party may: (a) terminate the Agreement; (b) treat the Agreement as continuing and require specific performance; or (c) avail itself of any other remedy at law or equity.

13. NON-APPROPRIATION:

(a) The obligation of DPS for all or any part of its performance or payment obligation hereunder, whether direct or indirect, extends only to the payment of funds duly and lawfully appropriated by the Board of Education for the purpose of the Agreement. In the event the Board of Education for DPS fails to annually appropriate sufficient funds to pay for DPS's necessary costs to fulfill its obligations under the Agreement for any DPS fiscal year, DPS shall consult with the City concerning any reduction in service by DPS before any reduction is implemented. 14. FORCE MAJEURE:

a. Definition. As used in the Agreement, a “*Force Majeure* Event” means any act or event, whether foreseen or unforeseen, that meets all three of the following tests:

- (1) The act or event prevents a party (the “Nonperforming Party”), in whole or in part, from:
 - (A) Performing its obligations under the Agreement; or
 - (B) Satisfying any conditions to the Performing Party’s obligations under the Agreement.
- (2) The act or event is beyond the reasonable control of and not the fault of the Nonperforming Party.
- (3) The Nonperforming Party has been unable to avoid or overcome the act or event by the exercise of due diligence.

b. Acts and Events Included in the Definition of Force Majeure Event.

(2) *Other Included Acts and Events.* The list of *Force Majeure* Events set forth in subsection (1) is not exhaustive, and the principle of *ejusdem generis* is not to be applied in determining whether a particular act or event qualifies as a *Force Majeure* Event under Section 14(a).

c. Suspension of Performance. If a *Force Majeure* Event occurs, the Nonperforming Party is excused from whatever performance is prevented by the *Force Majeure* Event to the extent prevented; and from satisfying whatever conditions precedent to the Performing Party’s

obligations that cannot be satisfied, to the extent they cannot be satisfied. Despite the preceding sentence, a *Force Majeure* Event does not excuse any obligation by DPS to make any payment required under the Agreement.

d. Resumption of Performance. When the Nonperforming Party is able to:

(1) Resume performance of its obligations under the Agreement, or

(2) Satisfy the conditions precedent to the Performing Party's obligations, it shall immediately give the Performing Party written notice to that effect and shall resume performance under the Agreement no later than 3 business days after the notice is delivered.

e. Exclusive Remedy. The relief offered by this *Force Majeure* provision is the exclusive remedy available to the Nonperforming Party with respect to a *Force Majeure* Event.

- Ensure all exterior containers (including dumpsters) have durable plastic lids and all applicable warning labels, as required by law.
- Repair or replace all exterior trash containers determined unsuitable for the services provided due to unsightliness, unsafe condition, or some other reasonable cause. Containers deemed inoperable or unsafe by DPS will be replaced or repaired within 5-business-days from the date notice of such condition is given. As needed, containers will be repaired or replaced on an annual basis.
- Work with DPS to provide appropriate signage, and locks and keys for dumpsters as needed.

(Time and Manner of Collection)

- Provide removal of trash, recycling and compost from exterior containers in a safe, timely and workman like manner from all DPS facilities.
- Provide trash collection services 2 times/week by default to all DPS facilities serviced by DSWM, unless otherwise specified by DPS. DSWM will evaluate service levels and capacity for trash volume optimization as the comprehensive recycling and composting programs aid in reducing waste at each school. DSWM will audit and assess trash service type and levels and change these as it determines is necessary on an annual or more frequent basis. Before instituting these changes, DSWM will confer with DPS.
- Provide weekly collection schedules for recycle and compost service at each DPS facility and upon agreement with the DPS Designee.
- Follow DPS rules regarding collection times, including providing collection prior to 7:00 PM, and follow all safety rules which includes avoiding the beginning and start times for schools as best as possible and never having a vehicle on the playgrounds during recess or lunch.
- Provide trash, recycling and compost collection on the next business day in the event that a holiday the City observes falls on a scheduled collection date. Trash collection schedules may be bumped to Saturday, but recycle and compost collections will be doubled-up on Fridays.
- Leave all exterior containers, their enclosures, and surrounding environment reasonably clean of debris after collection. DSWM requests to be notified of any event in which the DSWM crews do not meet the cleanliness standards of DPS. In such cases, DSWM will promptly dispatch employees to return to the school site to remedy the situation. If not resolved adequately by DSWM staff to meet DPS standards of a clean environment, DSWM agrees to be back-charged at an hourly rate.

DSWM reserves the right notify DPS of documented instances in which collection was not reasonably possible due to set-out locations being blocked by cars, deliveries, etc. or the site not having their recycle carts set out on time (7AM). If a documented school-caused issue caused the missed collection, the second attempt at collection may be subject to an “on-call” fee.
- Monitor individual loads of recyclables from DPS facilities and notify individual sites of unacceptable amounts of Contaminants through audit tags, emails and phone calls.
- Notify the DPS Designee when despite education efforts by DSWM, exterior containers for Recyclables or Compostables at a DPS facility are continually grossly contaminated (to the point that the container is 25% contaminants) or set out improperly (incorrect spacing or location or set out late) and work with the DPS Designee to correct the problem.
- Reserve the right to temporarily cancel collection of Recyclables or Compost at any DPS facility that cannot successfully work with the DPS Designee and DSWM to resolve contamination or set out problems. In these cases, an increase in trash service may be required.
- DPS can add or delete collection sites at the same proposal prices as shown for a given size.

- Follow-up with DPS Recycling Coordinators and the DPS Designee as needed to assess and address program challenges and successes.
- Provide weekly recycling collection service to participating schools.

(Compost Collection Services)

- Composting programs require school-wide support and coordination to ensure program continuity and non-contaminated materials. As such, each prospective compost school is required to complete an application for the program that documents commitment from the Principal, the designated Compost Coordinator, and other staff (as relevant). DSWM staff will review applications and work with schools that meet preparation criteria to implement composting programs. The submission of a compost program application does not automatically mean service will be provided.
- Work with participating schools to designate a Composting Coordinator to monitor the program and communicate with DSWM staff.
- At the start of new compost programs, provide compost presentations for staff, complete walk throughs with the Compost Coordinator and provide school-wide assemblies for DPS facility as part of a comprehensive education program to ensure maximum diversion and compliance with DSWM's program guidelines.
