 - e. Benefits**

This project will provide the numerous departments and agencies within the City and County of Denver with high quality aerial photography, topography, and elevation data that are essential to keep the Geographic Information System up-to-date. This data is critical information without which many City Agencies would not be able to complete their daily tasks. A portion of the data collected from this project will be made available directly through the Denver Open Data Catalog to businesses and constituents. Data derived from the products will also be made available to the public and allow decision-makers to make informed decisions.
