 The numbers above are on an illustrative basis. Rates are subject to Underwriting approval.
 For markets moving to service fees, current rates (applicable for renewals only) include commission expenses. Proposed rates, for your convenience, include any applicable producer service fees.  For markets continuing to pay commissions, both the current (applicable for renewals only) and proposed rates include commissions.

UnitedHealthcare Medical Quote Assumptions

Customer Name: City and County of Denver
Medical Policy: 717340
Renewal Date: January 1, 2013

The rates quoted here are based on the following assumptions. Changes to these assumptions may result in an adjustment to rates or revocation of the quote.

Medical Quote Assumptions

- RateS DO NOT include Cover Colorado.
- Rates are guaranteed for 12 months for the contract period of 1/1/13 through 12/31/13.
- Rates assume a dual carrier scenario- UHC and Kaiser
- UnitedHealthcare reserves the right to adjust the rates if the enrollment varies by +/- 10% from the submitted census.
- Employer contributes a minimum of 85% toward the employee only rates for Choice product and 95% toward the employee only rate for Navigate product.
- Requires a minimum participation level of 75%.
- COBRA continuees make up 10% or less of covered employees.
- Rates do not include commissions.

- Unless otherwise stated, this offer replaces and renders all previous offers null and void.

- Quote does not include Simply Engaged

UnitedHealthcare reserves the right to adjust the rates and/or fees (i) in the event of any changes in federal, state or other applicable legislation or regulation; (ii) in the event of any changes in Plan design required by the applicable regulatory authority (i.e. mandated benefits) or by the Plan Sponsor; and (iii) as otherwise permitted in our policy.

Renewal of current plans assumes the same percentage contribution to the employee premium that was in effect on March 23, 2010. Changes to the contribution level may cause a loss of grandfathered status under the Federal Patient Protection and Affordable Care Act. Please consult with legal counsel concerning compliance with the requirements of that Act

This quote includes 0.00% commissions.

Agents may receive commissions and other compensation from us for sale and solicitation of the products in this proposal and these cost may be directly or indirectly reflected in your premium (for fully insured business) or fee (for self funded business). Separately, in certain fully insured markets, you may have elected to contract with producers/service provider to provide services directly to your group health plan and have agreed to pay them a 'service fee'. Since 'service fees' are not a contingency of the purchase of health insurance such fees are not part of your premium but for your convenience may have been included in total amount due. Both agent compensation and producer/service provider compensation is subject to disclosure on Form 5500 for group health plans subject to ERISA.

Endnotes

- ¹ "Network" refers to a specified group of physicians, hospitals, medical clinics and other health care providers that your plan may require you to use in order for you to get any coverage at all under the plan, or that the plan may encourage you to use because it may pay more of your bill if you use their network providers (i.e., go in-network) than if you don't (i.e., go out-of-network).
- ² "Deductible Type" indicates whether the deductible period is "Calendar Year" (January 1 through December 31) or "Benefit Year" (i.e., based on a benefit year beginning on the policy's anniversary date) or if the deductible is based on other requirements such as "Per Accident or Injury" or "Per Confinement".
- ^{2a} "Deductible" means the amount you will have to pay for allowable covered expenses under a health plan during a specified time period (e.g., a calendar year or benefit year) before the carrier will cover those expenses. The specific expenses that are subject to deductible may vary by policy. Expenses that are subject to deductible should be noted in boxes 8 through 31.
- ^{2b} "Individual" means the deductible amount you and each individual covered by a non-HSA qualified policy will have to pay for allowable covered expenses before the carrier will cover those expenses. "Single" means the deductible amount you will have to pay for allowable covered expenses under an HSA-qualified health plan when you are the only individual covered by the plan.
- ^{2c} "Family" is the maximum deductible amount that is required to be met for all family members covered by a non-HSA qualified policy and it may be an aggregated amount (e.g., "\$3000 per family") or specified as the number of individual deductibles that must be met (e.g., 3 deductibles per family). "Non-Single" is the deductible amount that must be met by one or more family members covered by an HSA-qualified plan before any covered expenses are paid.
- ³ "Out-of-pocket maximum" means the maximum amount you will have to pay for allowable covered expenses under a health plan, which may or may not include the deductibles or copayments, depending on the contract for that plan. The specific deductibles or copayments included in the out-of-pocket maximum may vary by policy. Expenses that are applied toward the out-of-pocket maximum should be noted in boxes 8 through 31.
- ⁴ Medical office visits include physician, mid-level practitioner, and specialist visits, including outpatient psychotherapy visits for biologically based mental illness.
- ⁵ Well baby care includes an in-hospital newborn pediatric visit and newborn hearing screening. The hospital copayment applies to mother and well-baby together; there are not separate copayments.
- ⁶ Prescription drugs otherwise excluded are not covered, regardless of whether preferred generic, preferred brand name, or non-preferred.
- ⁷ "Emergency care" means all services delivered by an emergency care facility that are necessary to screen and stabilize a covered person. The plan must cover this care if a prudent lay person having average knowledge of health services and medicine and acting reasonably would have believed that an emergency medical condition or life or limb threatening emergency existed.
- ⁸ Non-emergency care delivered in an emergency room is covered only if the covered person receiving such care was referred to the emergency room by his/her carrier or primary care physician. If emergency departments are used by the plan for non-emergency after-hours care, then urgent care copayments apply.
- ⁹ "Biologically based mental illness" means schizophrenia, schizoaffective disorder, bipolar affective disorder, major depressive disorder, specific obsessive-compulsive disorder, and panic disorder.
- ¹⁰ Waiver of pre-existing condition exclusions. State law requires carriers to waive some or all of the pre-existing condition exclusion period based on other coverage you recently may have had. Ask your carrier or plan sponsor (e.g., employer) for details.
- ¹¹ Grievances. Colorado law requires all plans to use consistent grievance procedures. Write the Colorado Division of Insurance for a copy of those procedures.

Endnotes

- ¹ "Network" refers to a specified group of physicians, hospitals, medical clinics and other health care providers that your plan may require you to use in order for you to get any coverage at all under the plan, or that the plan may encourage you to use because it may pay more of your bill if you use their network providers (i.e., go in-network) than if you don't (i.e., go out-of-network).
- ² "Deductible Type" indicates whether the deductible period is "Calendar Year" (January 1 through December 31) or "Benefit Year" (i.e., based on a benefit year beginning on the policy's anniversary date) or if the deductible is based on other requirements such as "Per Accident or Injury" or "Per Confinement".
- ^{2a} "Deductible" means the amount you will have to pay for allowable covered expenses under a health plan during a specified time period (e.g., a calendar year or benefit year) before the carrier will cover those expenses. The specific expenses that are subject to deductible may vary by policy. Expenses that are subject to deductible should be noted in boxes 8 through 31.
- ^{2b} "Individual" means the deductible amount you and each individual covered by a non-HSA qualified policy will have to pay for allowable covered expenses before the carrier will cover those expenses. "Single" means the deductible amount you will have to pay for allowable covered expenses under an HSA-qualified health plan when you are the only individual covered by the plan.
- ^{2c} "Family" is the maximum deductible amount that is required to be met for all family members covered by a non-HSA qualified policy and it may be an aggregated amount (e.g., "\$3000 per family") or specified as the number of individual deductibles that must be met (e.g., 3 deductibles per family). "Non-Single" is the deductible amount that must be met by one or more family members covered by an HSA-qualified plan before any covered expenses are paid.
- ³ "Out-of-pocket maximum" means the maximum amount you will have to pay for allowable covered expenses under a health plan, which may or may not include the deductibles or copayments, depending on the contract for that plan. The specific deductibles or copayments included in the out-of-pocket maximum may vary by policy. Expenses that are applied toward the out-of-pocket maximum should be noted in boxes 8 through 31.
- ⁴ Medical office visits include physician, mid-level practitioner, and specialist visits, including outpatient psychotherapy visits for biologically based mental illness.
- ⁵ Well baby care includes an in-hospital newborn pediatric visit and newborn hearing screening. The hospital copayment applies to mother and well-baby together; there are not separate copayments.
- ⁶ Prescription drugs otherwise excluded are not covered, regardless of whether preferred generic, preferred brand name, or non-preferred.
- ⁷ "Emergency care" means all services delivered by an emergency care facility that are necessary to screen and stabilize a covered person. The plan must cover this care if a prudent lay person having average knowledge of health services and medicine and acting reasonably would have believed that an emergency medical condition or life or limb threatening emergency existed.
- ⁸ Non-emergency care delivered in an emergency room is covered only if the covered person receiving such care was referred to the emergency room by his/her carrier or primary care physician. If emergency departments are used by the plan for non-emergency after-hours care, then urgent care copayments apply.
- ⁹ "Biologically based mental illness" means schizophrenia, schizoaffective disorder, bipolar affective disorder, major depressive disorder, specific obsessive-compulsive disorder, and panic disorder.
- ¹⁰ Waiver of pre-existing condition exclusions. State law requires carriers to waive some or all of the pre-existing condition exclusion period based on other coverage you recently may have had. Ask your carrier or plan sponsor (e.g., employer) for details.
- ¹¹ Grievances. Colorado law requires all plans to use consistent grievance procedures. Write the Colorado Division of Insurance for a copy of those procedures.
