Executive Summary

Cherry Creek Subarea BID

2014 Work Plan and Budget

Business Improvement Districts (BID's) are organized for the benefit of commercial properties to assist with infrastructure improvements and their maintenance, as well as having the ability to perform marketing and economic development activities. This is the operating plan and budget for Cherry Creek Subarea and it is submitted annually.

General Description of District and Location: The Cherry Creek Subarea BID is located in the northwest corner of downtown Denver. The BID boundaries are Cherry Creek on the southwest, the South Platte River on the northwest, the 16th St. viaduct on the northeast and Wewatta St. on the Southeast.

The BID is a mixed use area including retail, office and residential development. The District was originally created to maintain trees and landscaping along 15th Street and elsewhere within the district's boundaries.

Maintenance, operation and administration expenses of the BID are funded by a mill levy assessed only on commercial real property within the District and may not generate more than \$15,000 annually. The district has been setting aside money to pay for deferred landscape maintenance. The BID also contracts with the CPV Metro District to maintain some of the landscaping along the 15th Street corridor. The proposed expenditures budget for 2014 is **\$12,500** with \$33,583 in reserve funds.

District Structure: The Board of Directors oversees the operations of the District. The district has no debt, but has an ad valorem tax that allows revenue collections up \$15,000. Tax revenue cannot exceed \$15,000 annually unless voted on by the district residents. The Board of Directors is composed of 5 electors.
