5. General description or background of proposed request. Attach executive summary if more space needed:

In December 2022, Denver began experiencing a significant influx in the number of newly arriving immigrants and asylum seekers. To avoid a humanitarian crisis, the City and County of Denver (City) activated several emergency shelters and services. Throughout 2023 and into 2024, Denver has experienced a continued and fluctuating flow of new arrivals. Some of these new arrivals desire to move onward to other destinations, while others wish to stay in Denver as newcomers to the City. Since December 2022, the City and County of Denver has welcomed over 40,000 newcomers to the United States.

Recognizing the benefits of case management in integrating newcomers into the Denver community or supporting them as they pursue opportunities elsewhere, the City has identified a contractor through a competitive solicitation to provide housing navigation services and rental/deposit, utilities, and other housing assistance funding on behalf of newcomers. Services in this agreement include dedicated housing navigator staff to meet the unique individualized needs of DASP participants, including assisting with identifying and sourcing units across Denver and the Denver Metro, helping DASP participants apply for and secure available units, assisting them in establishing and maintaining their new residences as tenants, and managing rental and utilities assistance funds for DASP families and individuals, citywide.

Contractor shall provide services to both newcomer individuals and families who are enrolled in the DASP as participants.

Scope of work:

ViVe shall provide dedicated staff for approximately 230 units/ households to meet the unique individualized needs of newcomers enrolled in DASP with housing navigation and provision of rental/ deposit assistance. Services include receiving DASP participant referrals and initiating contact, assisting newcomer individuals and families in identifying available units that meet their unique needs with various landlords and property managers across Denver and the Denver Metro, assisting DASP participants in applying for and securing available units, establishing and maintaining their new residences as tenants, and managing rental and utilities assistance funds for DASP families. This includes orientations and new tenant education.

The goal of these services is to help newcomers with navigating unfamiliar housing and rental norms and a new economic system as well as language barriers or other barriers they may experience as they seek stability in the United States.
