(n) The right to revoke the Permit at any time for any reason and require the removal of the Encroachment(s) is expressly reserved to the City.

(o) By Permittee's use of this Permit and the Encroachment Area, Permittee agrees to the following:

i. This indemnity shall be interpreted in the broadest possible manner to indemnify City for any acts or omissions of Permittee or its subcontractors either passive or active, irrespective of fault, including City's negligence whether active or passive.

ii. Permittee's duty to defend and indemnify City shall arise at the time written notice of the Claim is first provided to City regardless of whether claimant has filed suit on the Claim. Permittee's duty to defend and indemnify City shall arise even if City is the only party sued by claimant and/or claimant alleges that City's negligence or willful misconduct was the sole cause of claimant's damages.

iii. Permittee will defend any and all Claims which may be brought or threatened against City and will pay on behalf of City any expenses incurred by reason of such Claims including, but not limited to, court costs and attorney fees incurred in defending and investigating such Claims or seeking to enforce this indemnity obligation. Such payments on behalf of City shall be in addition to any other legal remedies available to City and shall not be considered City's exclusive remedy.

iv. Insurance coverage requirements specified in this Encroachment Permit shall in no way lessen or limit the liability of Permittee under the terms of this indemnification obligation. Permittee shall obtain, at its own expense, any additional insurance that it deems necessary for the City's protection.

v. This defense and indemnification obligation shall survive the expiration or termination of this Permit.

(p) Pursuant to Chapter 49 of the DRMC, DOTI is authorized to remove or to order the removal of any article, vehicle, object or thing whatsoever encroaching into any street, alley, Sidewalk, or other public way or place.

(q) No third party, person or agency, except for an authorized Special District, may place the Encroachment(s) in front of a property without written permission of the adjacent property owner.

(r) Permittee's use of the ROW for placement of the Encroachment(s) does not create a property right or ownership interest of any kind in the Encroachment Area to the Permittee.

(s) All Encroachment(s) in Amenity Zones containing existing Public Trees and/or with the potential to impact tree roots or tree canopy must be pre-approved by the Office of the City Forester (OCF), by contacting them at forestry@denvergov.org or 720-913-0651. Encroachment(s) cannot be attached to or damage any Public Tree, and any damage shall be reported to the OCF immediately for mitigation. All trenching, excavation and grading activities within the Dripline of any Public Tree must be pre-approved by the OCF. City permits are

required for the planting or removal of any Public Trees and can be obtained by emailing forestry@denvergov.org.

(t) All disturbances associated with construction of the Encroachment(s) shall be managed as required by City standards for erosion control which may require standard notes or CASDP permitting depending on location and scope of project.

(u) Encroachment(s) proposed adjacent to a designated park or within a dedicated parkway shall require the City's Department of Parks and Recreation approval prior to installation.
