Scope of work:

The City and County of Denver (City), through the Department of Aviation, operates Denver International Airport (DEN). DEN is the fifth busiest airport in United States, with over 1,000 airport employees, an additional 30,000 tenant and airline employees, and more than 60MM passengers per year. DEN has over 150 current concessions. Current expansion plans have the potential to bring an additional 30 concessions during the term of the contract. DEN contracts for the collection, transport, disposal, and processing of municipal solid waste (MSW). It is DEN’s intent to continue contracting for these services with a vendor that can meet DEN’s goals and objectives.

1. DEN Objectives:

- ◆ By 2025, increase DEN’s landfill diversion to 35% by maximizing recycling and composting efforts. This goal is subject to change over the life of the contract. DEN is looking for Contractor to help meet its goals and objectives
- ◆ Design, implement and support a recycling and compost collection program for business partners throughout the facility;

2. DEN Contractor Objectives:

The following objectives are to be accomplished by the Contractor during the Contract Term:

- ◆ Contractor will provide the maximum customer service and responsiveness to DEN’s unique situation;
- ◆ Collection and transportation of all trash to the Denver Arapahoe Disposal Site (DADS) landfill and other approved processing facilities for recyclables and compost, in a manner that is fully compliant with all laws and regulations, City Ordinances, Executive Orders, and DEN Rules and Regulations;
- ◆ Be an innovative and proactive partner in DEN’s diversion efforts with shared interest of maximizing operational efficiency and recycling collection and compost collection.
- ◆ Assist DEN in the design of a program to capture the airlines’ deplaned waste and recyclables, which may include the design of containers specific to the DEN environment;
- ◆ Find highest and best end use for all recyclables and compost.
