5. General description or background of proposed request; include attached executive summary if more space needed:

It is well documented that youth and families of color, living in poverty are highly likely to have food-related health complications such as heart diseases, diabetes, and obesity because of their socio-economic conditions at some point in their lives. The Denver Inner City Parish will utilize HFDK funds to combat this issue with the Greens-N-Grains (GNG) Community Nutrition Food Truck and the Veggie RX Nutrition Education Program. The GNG program will distribute nutritious meals to youth in low food access areas across Denver, partnering with schools, afterschool programs, sporting events, and other community gatherings. The Veggie RX Program utilizes health education, cooking demos, gardening, and food awareness/knowledge to educate youth and families about healthy living. By strengthening participants' capacity to eat and cook healthy meals, plan, and budget for purchasing nutritious foods, understand nutrition labeling, and make empowered, healthy decisions about their diets/eating habits at a young age; both programs aim to increase participants healthy habits and promote active lifestyles. Each year, this program will serve meals and provide mobile education to 2,500 unique youth and provide hands-on nutrition and cooking classes to over 400 unique youth and their families.
