EXECUTIVE SUMMARY

The purpose of the resolution is to set a public hearing on the Service Plans for the formation and establishment of one (1) Title 32 metropolitan district: First Creek Village Metropolitan Districts.

The boundaries of the district will eventually encompass roughly 93 acres located at the southeast corner of the future Telluride St. and 56th Ave. The project location sits along the Pena Blvd. corridor and is currently a green-field development site.

Per the typical City Council process, this topic will be sent through the City Council process twice. The first part is to act on a resolution setting August 15th as the date of a public hearing at City Council. The second part will be to act on an ordinance approving the proposed Service Plans after the public hearing. City staff is requesting to put the resolution on consent and make a committee presentation once the ordinance is submitted.

State law requires that a public hearing be conducted prior to City Council approving a service plan, with publication to commence a minimum of 20 days prior to the hearing. Attached is a proposed schedule for both legislative processes to comply with State Statutes. The schedule assumes a presentation to Finance and Services Committee on July 26th and a public hearing at City Council on August 15th. It will be important to be complete with the City Council process by the dates indicated in the schedule to allow enough time for the deadlines associated with a November 2016 election.
