MULTI-DIMENSIONAL CAPABILITIES

Vice President of Physician Operations, DaVita Healthcare Partners – Denver, CO 2008 -

Responsible for results-driven, interactive physician practices that emphasizes practice growth through a physician focused, patient satisfaction improvement model. Empower practices to identify and remove risks to growth and develop optimization strategies that incorporate solid solutions to increase profitability, provide excellent patient care proven by strong clinical outcomes and value propositions for our physician partners.

- Increased revenue by \$11M
- Quadrupled the physician portfolio
- Built strong relationships and partnerships with key stakeholders increasing physician alignment with the organization
- Educated over 200 physicians on the fundamental principles of practice economics
- Contributor in changing the healthcare landscape for over 1000 physicians

Market Practice Administrator/Vice President, HCA - Kansas City, MO 2000-2008

Responsible for the overall strategic direction of sixteen physician practices consisting of 165 multi-specialty physicians

Problem:

- Large hospital system employing and acquiring employed physicians aggressively and quickly

Solution:

- Developed and implemented measurable key process improvement initiatives
- Devised and executed continuous process improvement methods through metrics monitoring and scorecard reporting.
- Worked strategically with the hospital CEO, CFO and COO to ensure hospital growth and sustainability in the communities served.
- Managed and controlled relationships with pharm representatives, referring physicians, community leaders, vendors, business leads and all internal/external customers

Results:

- Closed a \$3m operational expense gap
- Decreased overhead percentage from 64% to 39% (national benchmark – 43%)

Director of Support Services, Consultants In Gastroenterology - Independence, MO 1996-2000

Responsible for overseeing a multi-location team aligned to capture and provide data driven solutions to 20+ Gastroenterologist

Problem:

- Physicians present with multiple internal and external practice process challenges

Solution:

- Developed policies and procedures around workflow processes and used metrics and data analysis to improve and manage practice performance
- Coordinated and managed multi-function teams of leaders while specifying value in the eyes of the patient
- Implemented governance protocols, physician scheduling efficiencies, hospital alignment initiatives

Results:

- Increased revenue by 20% the first year, 5-10% year over year after the first year
 - Raised physician, teammate and patient satisfaction by 100%
 - Added 13 Gastroenterologist to the practice employment model resulting in 29 employed physicians
-

ANNE WARHOVER

[REDACTED]

[REDACTED], Colorado 80208

303-250-1607

During her 38 year working career in Denver, Colorado, Anne Warhover has gained skills in leadership, finance, marketing, strategic planning, management, real estate development, board governance, health policy, health finance and health care. She has held positions of increasing responsibility culminating in her role as President and CEO of the Colorado Health Foundation, the largest foundation in Colorado. During her 11 year tenure as CEO, Anne led the Foundation through a growth of assets from \$700,000 to \$2.3 billion. She conducted the first long term strategic plan directing the foundation's \$100 million in annual grantmaking and public policy advocacy toward healthy living, integrating mental and physical healthcare, and increasing the number of insured Coloradans.

Anne also was responsible for serving as the Foundation's fiduciary in its 40% ownership of the HealthONE hospital system. In this capacity, Anne participated in HealthONE's annual strategic and budget planning, approval of capital expenditures, and a variety of issues related to the management of the largest healthy system in the metro area. In addition, Anne attended all Board, Finance, Ethics, and Quality committee meetings, ensuring that the community was being served and that the hospital system was being managed in a financially sound manner while emphasizing quality and safety at all times. Anne gained vast experience in complex business and board management through this non-profit /for profit partnership.

In 2011, Anne led the Foundation's divestiture of its ownership stake in HealthONE, generating \$1.45 billion for the community. The support of the board, the community, the Attorney General, and community advocates was garnered in order to successfully close this transaction.

Prior to joining the Colorado Health Foundation, Anne served as President and CEO of the Downtown Denver Partnership, a business membership and civic organization. In this capacity, Anne collaborated with City of Denver elected officials and cabinet members to ensure common goals were achieved. She represented the Downtown business community and property owners in leading Downtown's growth in housing and employment.

Anne began her career as a banker, spending 12 years in a variety of management positions in commercial banking at First National Bank of Denver (now Wells Fargo.)

Anne has served on many national, community and non profit boards. She currently serves on the Board of Community Wealth Partners and the US Bank Advisory Board.
