RE: Application to Rezone 1021 S Hooker St, Denver CO 80219 from S-SU-D to E-TU-C
Application # 2023I-00057

Dear Community Planning & Development:

I am Jesus Ibarra Amparan representing Colorado Peak Homes, LLC, the property owner of the corresponding property, 1021 S Hooker St., regarding the attached application for a zoning map amendment (“re-zoning”). This submittal is to change the zoning designation from S-SU-D to E-TU-C.

Request for Rezoning

Address: 1021 S Hooker St, Denver CO 80219.

Neighborhood/Council District: Westwood Neighborhood Plan

RNOs: Inter-Neighborhood Cooperation (INC), Far East Center, Hecho en Westwood, Southwest Vida, Strong Denver

Area of Property: 8962 square feet

Current Zoning: E-SU-D.

Proposed zoning: E-TU-C

Property Owner: Colorado Peak Homes, LLC

Summary of Rezoning Request

- The subject property is currently a vacant land. It is located within the Westwood Neighborhood Plan.
- The property owner is proposing to rezone the property to allow for the future potential redevelopment of more house on site.
- The proposed E-TU-C, allows up to two units on a minimum zone lot area of 5,500 square feet.

Proposed Zoning:

The Requested E-TU-C zone district is found in the Urban Edge (E-) Neighborhood Context Zone Districts that allows for residential uses in a variety of building forms including: urban house, duplex and tandem house.

The exhibits referred to herein shall constitute a part of this application and are incorporated into this application for all purposes.

- **Exhibit A:** Property Legal Description
- **Exhibit B:** Description with Adopted City Plans/General Review Criteria (DZC 12.4.10.7, 12.4.10.8).

Exhibit B

Description of Consistency with Adopted City Plans/General Review Criteria (DZC 12.4.10.7.)

The criteria for review of this rezoning application are found in DZC section 12.4.10.7 and 12.4.10.8:

DZC Section 12.4.10.7

1. Consistency with Adopted Plans
2. Uniformity of District Regulations
3. Further Public Health, Safety and Welfare

DZC Section 12.4.10.8

4. Justifying Circumstances
5. Consistency with Neighborhood Context, Zone District Purpose and Intent

1. Consistency with Adopted Plans

The following adopted plans currently apply to this property

- Comprehensive Plan 2040
- Blueprint Denver
- Westwood Neighborhood Plan (2016)
- Denver Livability Partnership Study (2014)

Comprehensive Plan 2040

The proposed rezoning is consistent with many of the adopted Denver Comprehensive Plan 2040 strategies, which are organized by vision element.

The proposed rezoning would allow for an additional housing unit and established neighborhood, consistent with the following strategies in the Equitable, Affordable, and Inclusive vision element:

- Equitable, Affordable and Inclusive Goal 1 Strategy A – Increase development of housing units close to transit and mixed-use developments.
- Equitable, Affordable and Inclusive Goal 2 Strategy A – Create a greater mix of housing options in every neighborhood for all individuals and families.

The proposed rezoning is also consistent with the following strategies in the Environmentally Resilient vision element:

- Environmentally Resilient Goal 8, Strategy A – Promote infill development where infrastructure and services are already in place (p.54).
- Environmentally Resilient Goal 8, Strategy B – Encourage mixed-use communities where residents can live, work and play in their own neighborhoods (p. 54).

The requested map amendment will allow an additional residential unit at an infill location where infrastructure is already in place. The requested zone district enables a building form and use which can provide residents a mixture of housing types. Therefore, the rezoning is consistent with Denver Comprehensive Plan 2040 recommendations.

Blueprint Denver

Consistency with Adopted Plans:

Future Neighborhood Context: Urban Edge

Contains elements of the suburban and urban contexts. Small multi-unit residential and commercial areas are typically embedded in 1-unit and 2-unit residential areas. Block patterns are generally regular with a mix of alley access. Buildings are lower scale and generally set back farther from the street.

Future Places: Low Residential.

“Predominately single-and two-unit uses on small or medium lots. Accessory dwelling units and duplexes are appropriate and can be thoughtfully integrated where compatible. Some civic and institutional uses are compatibly integrated throughout and limited mixed-use can occur along arterial and collector streets, as well as where commercial uses have been already established. Vacant institutional uses on corners or select sites may be appropriate locations to introduce additional residential intensity. Low to medium buildings coverage. Buildings are generally up to 2.5 stories in height.” (pg. 214).

Growth Areas Strategy: All other areas of the city

Most growth is guided to regional centers, community centers and corridors, select districts and high and medium-high intensity residential areas. *Other areas of the city are still expected to see some growth, however more limited.*

Westwood Neighborhood Plan

Concept Land Use Classification – Single Family/Duplex.

Single Family/Duplex Single family duplex residential areas are moderately dense areas that have a mixture of housing types, including single-family houses, duplexes, tandem houses and ADUs. Tandem houses are particularly applicable for the narrow and deep lots in Westwood. Even though these areas are denser, they maintain the character of the single family with ADU district. Low-scale neighborhood serving commercial uses any be appropriate along collector or arterial streets, specifically at intersections. Opportunities for neighborhood serving fresh-food growing and retail opportunities are especially relevant to serve the needs of the residential areas.

Zoning Analysis – Much of the neighborhood planned for Single Family Duplex is currently zoned E-TU-C which implements the plan vision. However, some areas that share the same vision (generally along Stuart Street, Kentucky Avenue and Hazel Court) are currently zoned for single-family residential.

2. Uniformity of District Regulations and Restrictions.

The proposed rezoning to U-TU-C will result in the uniform application of zone district building form, use and design regulations.

3. Public Health, Safety and General Welfare

The proposed official map amendment furthers the public health, safety, and general welfare through implementation of the city's adopted land use plans. The proposed rezoning would also facilitate increased housing density near services and amenities and promote a walkable, urban neighborhood within walking distance to public transit. According to a **zoning map on the city's website**, much of the land in Denver is zoned for single-unit residencies, which typically means detached houses with individual backyards. These self-imposed zoning restrictions have reduced the supply of housing units, which has had a drastic impact on housing costs in Denver.

Expanding Housing and Jobs Diversity – providing a better and more inclusive range of housing and employment options in the neighborhood. By rezoning to the proposed E-TU-C the City and County of Denver will allow for a greater range of housing options and employment related to the development of this site (e.g., consulting, construction, city permits, etc..).

Exhibit C:

Additional Criteria Description of Justifying Circumstances and Neighborhood Context (DZC 12.4.10.8)

4. Justifying Circumstances

Since the date of the approval of the existing Zone District, there has been a change to such a degree that the proposed rezoning is in the public interest. Such change may include:

- **A City adopted plan**

5. Consistency with Neighborhood Context, Zone District Purpose and Intent

General Purpose Section 4.2.2.1

- The intent of the Residential districts is to promote and protect residential neighborhoods within the character of the Urban Edge Neighborhood context. These regulations allow for some multi-unit districts, but not to such an extent as to detract from the overall image and character of the residential neighborhood.
- The building form standards, design standards, and uses work together to promote desirable residential areas. The standards of the two unit and row house districts promote existing and future patterns of lower scale multi-unit building forms that typically address the street in the same manner as an urban house building form.
- These standards recognize common residential characteristics within the Urban Edge Neighborhood Context but accommodate variation by providing eight Residential Zone Districts.
- The regulations provide a consistent framework to property owners, encourage affordable housing, and accommodate reinvestment in residential districts.

Exhibit D

Community Support and Outreach

Prior to submitting this application, we reached out to the Council District to mentioned the intent of the rezoning, and have not received a response as of today.

In addition, we have reached out and/or communicated with the Registered Neighborhood Organizations such as: Inter-Neighborhood Cooperation (INC), Far East Center, Hecho en Westwood, Southwest Vida and Strong Denver. We have not received response from any of the RNOs.
