6. General description of proposed ordinance including contract scope of work if applicable:

This contract provides equipment, labor, materials and technical programming to replace the fire alarm system at Denver International Airport. The existing fire alarm system is obsolete, experiencing periodic breakdowns, and parts for the system are no longer available. This project is a continuation of the Fire Alarm Fiber Infrastructure project which is nearing completion.

Please include the following:

a. Duration: 60 months

b. Location: DIA

c. Affected Council District: 11

d. Benefits: System replacement will provide enhanced fire safety components and subsystems, reduce maintenance workload, and lock in GSA prices for spare parts and system update programming all of which will contribute to improved overall system performance.
