

TO: Denver City Council Land Use, Transportation, and Infrastructure Committee
FROM: Brad Johnson, Senior City Planner
DATE: May 19, 2022
RE: Official Zoning Map Amendment Application #2021I-00244

Staff Report and Recommendation

Based on the criteria for review in the Denver Zoning Code, Staff recommends the Land Use, Transportation and Infrastructure Committee move Application #2021I-00244 forward for consideration by the full City Council.

Request for Rezoning

Address: 225 East Bayaud Avenue
Neighborhood/Council District and CM: Speer / Council District 7, CM Clark
RNOs: West Washington Park Neighborhood Association,
Inter-Neighborhood Cooperation (INC)
Area of Property: 12,000 square feet or 0.28 acres
Current Zoning: Current zone district U-TU-B2, UO-3
Proposed Zoning: Proposed zone district G-MU-3, UO-3
Property Owner(s): PIII Grant St., LLC
Owner Representative: Travis McAfoos

Summary of Rezoning Request

- The property is located in the Speer statistical neighborhood at the northwest corner of the intersection of East Bayaud Avenue and South Grant Street.
- The property is currently occupied by an institutional building that until recently housed the Baha'i Faith Center.
- The existing building on the site was constructed in 1910.
- The applicant is requesting this rezoning to enable multi-unit housing to facilitate adaptive reuse of the building as residential dwelling units.
- The site is currently zoned U-TU-B2 (Urban Context, Two-Unit), which allows for up to two units on a minimum zone lot area of 4,500 square feet. Allowed building forms include urban houses, duplexes and tandem houses. The property also retains the Denver Zoning Code Historic Structures Use Overlay District (UO-3) which allows additional flexibility for non-residential uses within a Historic Structure. However, there is no Historic Structure on the subject property so the UO-3 Use Overlay District is not currently applicable.
- The property owner intends to enter into a 10-year Non-Demolition agreement with Historic Denver prior to the City Council Public Hearing for this proposed rezoning (see a draft of the agreement following in the rezoning application materials attached to this staff report).
- Further details of the existing and requested zone districts can be found in Articles 5 and 6 of the Denver Zoning Code (DZC).

Existing Context

The subject property is located within the Speer Neighborhood on East Bayaud Avenue, about three blocks east of the Broadway corridor. The site abuts a duplex to the north, single unit dwellings to the east, a small scale, 3-story multi-unit building to the west and surface parking lots to the south and southeast on the opposite side of East Bayaud Avenue. The property and the neighborhood are served by alleys.

The site is served by the RTD O line, which runs north-south on the Broadway/Lincoln corridor.

The following table summarizes the existing context proximate to the subject site:

	Existing Zoning	Existing Land Use	Existing Building Form/Scale	Existing Block, Lot, Street Pattern
Site	U-TU-B2, UO-3	Vacant (formerly Public/quasi-public)	2-story institutional building	Generally regular grid of streets; Block sizes and shapes are consistent and rectangular. Most buildings in the immediate context face north-south streets, but some buildings face East Bayaud Avenue.
North	U-TU-B2, UO-3	Two-unit residential	2-story residential building	
South	U-TU-B2, UO-3	Parking	No buildings	
East	U-TU-B2, UO-3	Single-unit residential	1-story residential buildings	
West	G-MU-3, UO-3	Multi-unit residential	3-story, multi-unit building with a modestly sized building footprint	Vehicle parking to the side or rear of buildings (alley access).

1. Existing Zoning

The current U-TU-B2 zone district allows up to two residential units on most lots in the Urban House, Duplex, and Tandem House building forms. The Row House building form is allowed on corner lots adjacent to Collector or Arterial streets, but this condition is not present on the subject property. The zoning allows a maximum height of 2.5 stories and 30 feet. Setback requirements vary based on the setbacks of surrounding properties and the width of the lot. Allowed uses are generally limited to civic uses and single unit and two unit dwellings. For residential uses, one parking space is required for each dwelling unit.

The property also retains the Historic Structures Use Overlay District (UO-3), which allows additional flexibility for non-residential uses within a Historic Structure. The UO-3 District is intended to allow additional flexibility for non-residential uses in Historic Structures in residential districts to encourage preservation, protection, adaptive use and enhancement of Historic Structures. However, there is currently no Historic Structure on the subject property so the UO-3 Use Overlay District is not applicable.

2. Status of Development Services Review (if applicable)

The applicant attended a concept meeting with Development Services on 11/11/21 to discuss adaptive reuse of the existing building.

3. Existing Land Use Map

4. Existing Building Form and Scale (Source for all photos: Google Maps)

Site: Looking west from South Grant Street.

North of site: Looking west from South Grant Street.

East of site: Looking east from South Grant Street.

South of site: Looking southwest from East Bayaud Avenue.

West of site: Looking northwest from East Bayaud Avenue.

Proposed Zoning

The requested G-MU-3 zone district has a maximum height of 40 feet with allowable encroachments. The G-MU-3 zone district is a multi-unit district allowing urban house, duplex, garden court, town house, and apartment building forms. Block sensitive setbacks apply to all building forms in the G-MU-3 zone district. A variety of residential uses, including multi-unit, are allowed. The G-MU-3 zone district requires one off-street parking space for each dwelling unit. For additional details of the requested zone district, see Denver Zoning Code Article 6.

The applicant also proposes to maintain the UO-3 Historic Structure Use Overlay District on this site. There is not currently a Landmarked Historic Structure on the subject site but a historic designation could occur in the future. The UO-3 district is intended to encourage preservation, protection, adaptive reuse and enhancement of structures designated as City Landmarks, and may only be established in conjunction with an underlying Residential Zone District, such as the proposed G-MU-3. The overlay allows three commercial uses (with use limitations) in qualifying Historic Structures:

1. Office, not including dental/medical office or clinic
2. Art studio
3. Bed and breakfast lodging

The primary building forms allowed in the existing zone district and the proposed zone district are summarized on the following table.

The primary building forms allowed in the existing zone district and the proposed zone district are summarized below.

Design Standards	U-TU-B2, UO-3	G-MU-3, UO-3
Primary Building Forms Allowed	Urban House, Duplex, Tandem House	Urban House, Duplex, Garden Court, Town House, Apartment
Stories/Heights (max)	2.5/30'	3 Stories/30-40 feet*

Primary Build-To Percentages (min)	N/A	0-70%*
Primary Build-To Ranges	N/A	10' to 20'*
Minimum Zone Lot Size/Width	3,000 sf/25'	3,000 sf / 25'
Primary Setbacks (min)	Block sensitive	5' to 20'*
Building Coverages	50%	50% to N/A

*Standard varies between building forms

Summary of City Agency Referral Comments

As part of the DZC review process, the rezoning application is referred to potentially affected city agencies and departments for comment. A summary of agency referral responses follows:

Assessor: Approved – No Response

Asset Management: Approved – No comments.

Denver Public Schools: Approved – No Response

Department of Public Health and Environment: Approved – No Response

Denver Parks and Recreation: Approved – No comments.

Public Works – R.O.W. - City Surveyor: Legal is approved.

Development Services – Project Coordination: Approved -- See Comments Below:

The submitted adaptive reuse of the existing church to an apartment building (26 units) was reviewed by Development Services under 2021-PM-73. With the change of use, the biggest challenge will be to meet minimum parking requirements. Here are comments provided as part of Concept:

Project must show compliance with parking requirements (will need to provide 26 parking spaces).

Article 10 of the Denver Zoning Code provides several options how parking requirements may be met for the existing structures to be reused, including:

- Exceptions for change of use, Section 10.4.2.1.C.2;
- Off-site parking provisions, Section 10.4.4.5.B;
- Vehicle parking exemptions for historic structures, Section 10.4.5.1.C ;
- Parking reductions, Section 10.4.5.3

Development Services - Transportation: Approved – No Response

Development Services – Wastewater: Approved – See Comments Below

DS Wastewater approves the subject zoning change. The applicant should note that redevelopment of this site may require additional engineering including preparation of drainage reports, construction documents, and erosion control plans. Redevelopment may require construction of water quality and detention basins, public and private sanitary and storm sewer mains, and other storm or sanitary sewer improvements. Redevelopment may also require other items such as conveyance of utility, construction, and maintenance easements. The extent of the required design, improvements and

easements will be determined during the redevelopment process. Please note that no commitment for any new sewer service will be given prior to issuance of an approved SUDP from Development Services.

Development Services – Fire Prevention: Approved – No Comments

Public Review Process

	Date
CPD informational notice of receipt of the rezoning application to all affected members of City Council, registered neighborhood organizations, and property owners:	12/22/21
Property legally posted for a period of 15 days and CPD written notice of the Planning Board public hearing sent to all affected members of City Council, registered neighborhood organizations, and property owners:	4/19/22
Planning Board hearing; Planning Board votes 5-0 to recommend approval	5/4/22
CPD written notice of the Land Use, Transportation and Infrastructure Committee meeting sent to all affected members of City Council and registered neighborhood organizations, at least ten (10) working days before the meeting:	5/10/22
Land Use, Transportation and Infrastructure Committee of the City Council moved the bill forward:	5/24/22 (tentative)
Property legally posted for a period of 21 days and CPD notice of the City Council public hearing sent to all affected members of City Council and registered neighborhood organizations:	6/20/22 (tentative)
City Council Public Hearing:	7/11/22 (tentative)

- **Public Outreach and Input**
 - **Registered Neighborhood Organizations (RNOs)**
 - No letters of support or opposition were received from RNOs.

- **General Public Comments**

- Two letters of support were received from members of the public as of the publishing of this staff report. The letters identify the property owner's intent to keep the existing building in place as a benefit to the neighborhood.
- One letter identified concerns about potential impacts of a project on parking demand, but did not take a formal position of support or opposition.

Criteria for Review / Staff Evaluation

The criteria for review of this rezoning application are found in DZC, Sections 12.4.10.7 and 12.4.10.8, as follows:

DZC Section 12.4.10.7

1. Consistency with Adopted Plans
2. Uniformity of District Regulations and Restrictions
3. Public Health, Safety and General Welfare

DZC Section 12.4.10.8

1. Justifying Circumstances
2. Consistency with Neighborhood Context Description, Zone District Purpose and Intent Statements

1. Consistency with Adopted Plans

The following adopted plans apply to this property:

- *Denver Comprehensive Plan 2040 (2019)*
- *Blueprint Denver (2019)*
- *West Washington Park Neighborhood Plan (1991)*

Denver Comprehensive Plan 2040

The proposed rezoning is consistent with many of the adopted *Denver Comprehensive Plan 2040* strategies, which are organized by vision element.

The proposed map amendment would allow for compatible infill development in an established neighborhood and near transit, consistent with the following strategies from the Environmentally Resilient vision element:

- Environmentally Resilient Goal 8, Strategy A - Promote infill development where infrastructure and services are already in place (p.54).

The proposed rezoning would allow for additional housing options near transit within an established neighborhood, consistent with the following strategies in the Equitable, Affordable and Inclusive vision element:

- Equitable, Affordable and Inclusive Goal 2, Strategy B – Create a greater mix of housing options in every neighborhood for all individuals and families (p. 28).

Blueprint Denver

Blueprint Denver was adopted in 2019 as a supplement to *Comprehensive Plan 2040* and establishes an integrated framework for the city's land use and transportation decisions. *Blueprint Denver* identifies the subject property as part of a Low Residential place within the Urban Neighborhood Context and provides guidance from the future growth strategy for the city.

Blueprint Denver Future Neighborhood Context

In *Blueprint Denver*, future neighborhood contexts are used to help understand differences in things like land use and built form and mobility options at a higher scale, between neighborhoods. The subject property is shown on the context map as Urban neighborhood context. The neighborhood context map and description help guide appropriate zone districts (p. 66). The Urban neighborhood context states that "small multi-unit residential and mixed-use areas are typically embedded in 1-unit and 2-unit residential areas. Block patterns are generally regular with a mix of alley access. Buildings are lower scale and closer to the street." (p. 136).

The subject site is shown on the context map as Urban, however it is directly adjacent to the General Urban Context (to the west), which is the context requested with this application. *Blueprint Denver* provides additional applicable guidance on how to apply plan direction on neighborhood context to rezonings stating, "The mapping of neighborhood context is at the citywide scale, so the boundaries of the context may be interpreted with limited flexibility if the request furthers the goals of *Blueprint Denver* and is consistent with the overall intent of the neighborhood context map" (p. 66). The context map is aspirational in nature intended to provide a high-level of understanding as to the differences in land use and built form, mobility options and quality-of-life infrastructure between different neighborhoods (p. 139). For this application, the General Urban context would help realize the goal of "small multi-unit residential and mixed-use areas embedded in 1- and 2-unit residential areas" (p. 136). Therefore, the proposed rezoning is **consistent** with *Blueprint Future Neighborhood Context*.

Blueprint Denver Future Places

The Future Places Map shows the subject property as part of a Low Residential area. *Blueprint Denver* describes the aspirational characteristics of the Low Residential Future Place as, “predominately single- and two-unit uses on smaller lots. Accessory dwelling units and duplexes are appropriate and can be thoughtfully integrated where compatible. Some civic and institutional uses are compatibly integrated throughout and limited mixed-use can occur along arterial and collector streets, as well as where commercial uses have been already established. Vacant institutional uses on corner or select sites may be appropriate locations to introduce additional residential intensity. Medium building coverage. Buildings are generally up to 2.5 stories in height.” (Pg. 230).

The requested G-MU-3 zone district would permit small-scale multi-unit residential on the site. In this case, the requested rezoning would permit the introduction of additional residential intensity within an existing institutional building on a corner lot. As such, the proposed rezoning is **consistent** with Blueprint’s guidance for Future Place Type.

Blueprint Denver Street Types

In *Blueprint Denver*, street types work in concert with the future place to evaluate the appropriateness of the intensity of the adjacent development (p. 67). *Blueprint Denver* classifies East Bayaud Avenue and Grant Streets as Local or Undesignated. “Local streets can vary in their land uses and are found in all neighborhood contexts. They are most often characterized by residential uses” (p. 161). The proposed G-MU-3 zone district is a residential zone district and therefore the proposed rezoning is **consistent** with this Future Street Type.

Growth Strategy

Blueprint Denver's growth strategy map is a version of the future places map, showing the aspiration for distributing future growth in Denver (p. 51). The subject property is part of the growth area categorized as "All other areas of the city", which are anticipated to attract 10% of new jobs and 20% of new households by 2040 (p. 51). The proposed map amendment is **consistent** with this growth area since it would facilitate additional housing opportunities.

Blueprint Denver Strategies

Blueprint Denver provides recommendations related to rezoning to allow for redevelopment of existing institutional sites. Blueprint Denver directs the City to "Implement zoning code revisions to facilitate compatible redevelopment of institutional sites within neighborhoods" (Land Use and Built Form, Policy 6; p. 75). Blueprint also directs the City to "consider changes to the zoning code that would allow greater land use flexibility for these types of sites (institutional) that vacate, such as appropriately scaled higher-density housing or limited neighborhood services" (p. 75). Strategy C states that "until a citywide approach is implemented, individual rezonings of these sites (institutional site) may be an opportunity for more intense residential uses or limited neighborhood services to be provided if done in a way that minimizes impacts to surrounding character" (p. 75).

The proposed rezoning would allow an increase in residential density, which would allow for the adaptive reuse of the existing structure for residential uses. As such, the proposed rezoning is consistent with Land Use and Built Form Policy 6.

Small Area Plan: *West Washington Park Neighborhood Plan (1991)*

The West Washington Park Neighborhood Plan was adopted by City Council in 1991 and applies to the subject property. The Plan contains several goals for the neighborhood, including a heavy emphasis on maintaining the residential character of the area. The proposed rezoning would limit the existing uses to residential unless it were to be designated as a Historic Structure in the future.

The Neighborhood Plan also calls for historic buildings and diversity of residential architectural styles. The proposed rezoning in conjunction with the proposed non-demolition agreement with Historic Denver would support for a minimum of 10 years the retainment of a unique institutional structure in the neighborhood and therefore is consistent with the direction in the Neighborhood Plan.

The Neighborhood Plan states the neighborhood should “maintain and improve existing residential uses and all historic and architecturally significant structures.” The proposed rezoning in conjunction with the proposed non-demolition agreement with Historic Denver would support for a minimum of 10 years the retainment of an architecturally significant structure in the neighborhood and therefore is consistent with the direction in the Neighborhood Plan.

2. Uniformity of District Regulations and Restrictions

The proposed rezoning to G-MU-3, UO-3 will result in the uniform application of zone district building form, use and design regulations.

3. Public Health, Safety and General Welfare

The proposed official map amendment furthers the public health, safety, and general welfare of the community through implementation of the city’s adopted land use plan, including facilitating adaptive reuse of an existing institutional site.

4. Justifying Circumstance

The application for the proposed rezoning identifies several changed or changing conditions as the Justifying Circumstance under DZC Section 12.4.10.8. Since the date of the approval of the existing Zone District, there has been a change to such a degree that the proposed rezoning is in the public interest. As discussed above, many adopted plan recommendations state that rezoning to allow for flexibility and increased residential density on former institutional sites is desirable. This is an appropriate justifying circumstance for the proposed rezoning.

5. Consistency with Neighborhood Context Description, Zone District Purpose and Intent Statements

The requested G-MU-3 zone district is within the General Urban Neighborhood Context. The neighborhood context is characterized by multi-unit residential uses in a variety of building forms.

The context consists of a regular pattern of block shapes surrounded by an orthogonal grid with a consistent presence of alleys. Buildings orient to the street and access is from the alley. Lot coverage is typically high accommodating a consistent, shallow front yard. The subject site is located within a consistent grid of blocks with alley access, and therefore the proposed rezoning is consistent with Neighborhood Context Description, Zone District Purpose and Specific Intent Statements.

Rezoning Application Page 2 of 4

REZONING REVIEW CRITERIA (ACKNOWLEDGE EACH SECTION)

General Review Criteria DZC Sec. 12.4.10.7.A Check box to affirm and include sections in the review criteria narrative attachment	☒ Consistency with Adopted Plans: The proposed official map amendment is consistent with the City's adopted plans, or the proposed rezoning is necessary to provide land for a community need that was not anticipated at the time of adoption of the City's Plan. Please provide a review criteria narrative attachment describing how the requested zone district is consistent with the policies and recommendations found in each of the adopted plans below. Each plan should have its' own subsection. 1. Denver Comprehensive Plan 2040 In this section of the attachment, describe how the proposed map amendment is consistent with <i>Denver Comprehensive Plan 2040's</i> a) equity goals, b) climate goals, and c) any other applicable goals/strategies. 2. Blueprint Denver In this section of the attachment, describe how the proposed map amendment is consistent with: a) the neighborhood context, b) the future place type, c) the growth strategy, d) adjacent street types, e) plan policies and strategies, and f) equity concepts contained in <i>Blueprint Denver</i>. 3. Neighborhood/ Small Area Plan and Other Plans (List all from pre-application meeting, if applicable): West Washington Park Neighborhood Plan
General Review Criteria: DZC Sec. 12.4.10.7. B & C Check boxes to the right to affirm and include a section in the review criteria for Public Health, Safety and General Welfare narrative attachment.	☒ Uniformity of District Regulations and Restrictions: The proposed official map amendment results in regulations and restrictions that are uniform for each kind of building throughout each district having the same classification and bearing the same symbol or designation on the official map, but the regulations in one district may differ from those in other districts. ☒ Public Health, Safety and General Welfare: The proposed official map amendment furthers the public health, safety, and general welfare of the City. In the review criteria narrative attachment, please provide an additional section describing how the requested rezoning furthers the public health, safety and general welfare of the City.
Review Criteria for Non-Legislative Rezoning: DZC Sec. 12.4.10.8 For Justifying Circumstances, check box and include a section in the review criteria narrative attachment. For Neighborhood Context, Purpose and Intent, check box and include a section in the review criteria narrative attachment.	Justifying Circumstances - One of the following circumstances exists: ☐ The existing zoning of the land was the result of an error; ☐ The existing zoning of the land was based on a mistake of fact; ☐ The existing zoning of the land failed to take into account the constraints of development created by the natural characteristics of the land, including, but not limited to , steep slopes, floodplain, unstable soils, and inadequate drainage; ☒ Since the date of the approval of the existing Zone District, there has been a change to such a degree that the proposed rezoning is in the public interest. Such change may include: a. Changed or changing conditions in a particular area, or in the city generally; or, b. A City adopted plan; or c. That the City adopted the Denver Zoning Code and the property retained Former Chapter 59 zoning. ☐ It is in the public interest to encourage a departure from the existing zoning through application of supplemental zoning regulations that are consistent with the intent and purpose of, and meet the specific criteria stated in, Article 9, Division 9.4 (overlay Zone Districts) of this Code. In the review criteria narrative attachment, please provide an additional section describing the selected justifying circumstance. If the changing conditions circumstance is selected, describe changes since the site was last zoned. Contact your pre-application case manager if you have questions. ☒ The proposed official map amendment is consistent with the description of the applicable neighborhood context, and with the stated purpose and intent of the proposed Zone District. In the review criteria narrative attachment, please provide a separate section describing how the rezoning aligns with a) the proposed district neighborhood context description, b) the general purpose statement, and c) the specific intent statement found in the Denver Zoning Code.

REZONING GUIDE

Rezoning Application Page 3 of 4

REQUIRED ATTACHMENTS

Please check boxes below to affirm the following **required** attachments are submitted with this rezoning application:

- ☒ Legal Description of subject property(s). **Submit as a separate Microsoft Word document.** View guidelines at: <https://www.denvergov.org/content/denvergov/en/transportation-infrastructure/programs-services/right-of-way-survey/guidelines-for-land-descriptions.html>
- ☒ Proof of ownership document for each property owner signing the application, such as (a) Assessor's Record, (b) Warranty deed, or (c) Title policy or commitment dated no earlier than 60 days prior to application date. If the owner is a corporate entity, proof of authorization for an individual to sign on behalf of the organization is required. This can include board resolutions authorizing the signer, bylaws, a Statement of Authority, or other legal documents as approved by the City Attorney's Office.
- ☒ Review Criteria Narratives. See page 2 for details.

ADDITIONAL ATTACHMENTS (IF APPLICABLE)

Additional information may be needed and/or required. Please check boxes below identifying additional attachments provided with this application.

- ☒ **Written narrative explaining reason for the request** (optional)
- ☒ **Outreach documentation attachment(s).** Please describe any community outreach to City Council district office(s), Registered Neighborhood Organizations (RNOs) and surrounding neighbors. If outreach was via email- please include email chain. If the outreach was conducted by telephone or meeting, please include contact date(s), names and a description of feedback received. If you have not reached out to the City Council district office, please explain why not. (optional - encouraged)
- ☐ **Letters of Support.** If surrounding neighbors or community members have provided letters in support of the rezoning request, please include them with the application as an attachment (optional).
- ☒ **Written Authorization to Represent Property Owner(s)** (if applicable)
- ☒ **Individual Authorization to Sign on Behalf of a Corporate Entity** (e.g. if the deed of the subject property lists a corporate entity such as an LLC as the owner, this is document is required.)
- ☐ **Other Attachments.** Please describe below.

RE: Zone Map Amendment - 225 E. Bayaud Avenue from U-TU-B2, UO-3 to G-MU-3, UO-3

Background

- The proposed rezoning of the property at 225 E. Bayaud Avenue from U-TU-B2, UO-3 to G-MU-3, UO-3 is a unique opportunity for the adaptive reuse of an important historic structure through adaptive re-use of a vacant institutional building.
- The existing church structure, originally constructed in 1910, is a well-preserved example of neoclassical architecture which forms a historic centerpiece for the surrounding neighborhood. The original ecclesiastical use is no longer served by the structure and the proposed rezoning supports a conversion to residential multi-family use for which the existing structure is well suited.
- The goal of the development team is to preserve the entire exterior and many interior details in the remodeling of the building. To reach this goal, the property owner has worked closely with Historic Denver on a historic covenant (draft attached) which will ensure the property will not be demolished for a minimum of ten years. We expect to have finalized that covenant prior to Planning Board and Council consideration to demonstrate our clear commitment to preserving the historic nature of the property.
- The Owner, Travis McAfoos, has a successful track record spanning over fourteen years working on the redevelopment of historic structures throughout Denver. As a Denver resident, preserving the legacy and character of our unique neighborhoods remains an important mission.

The site is approximately 12,000 sf, and the existing building measures over 20,550 sf. It is surrounded by duplex, single family, and multi-unit residential properties. Additionally, the site is immediately adjacent to an existing G-MU-3 zone district which is the same as the applicant's request.

RHAP Architecture and Planning in coordination with NAVA Real Estate Development were selected for this project based on their experience working in Denver and commitment to placemaking, urban design, architecture, resiliency, affordable housing, sustainability and wellness.

Rezoning Review Criteria:

Consistency with Adopted Plans:

- **Denver Comprehensive Plan 2040:** Below are examples of how the proposed rezoning and associated use are consistent with numerous goals noted in the Comprehensive Plan:

VISION ELEMENTS: EQUITABLE, AFFORDABLE, AND INCLUSIVE

Goal 1 Strategy A: Increase development of housing units close to transit and mixed-use developments. This proposal allows for the creation of additional dwelling units adjacent to transit and mixed-use corridors on Broadway and Lincoln Street.

Goal 2 Strategy A: Create a greater mix of housing options in every neighborhood for all individuals and families. This proposal provides for smaller, more affordable rental units in a neighborhood of predominantly larger single family and duplex units, including a substantial number of units that are accessible for disabled citizens.

Piedra Peak Properties

Goal 3 Strategy B: Use land use regulations to enable and encourage the private development of affordable, missing middle and mixed-income housing, especially where close to transit. This proposal uses the provisions of the Denver Zoning Code to allow for the creation of middle-income housing in a location adjacent to transit.

VISION ELEMENTS: STRONG AND AUTHENTIC NEIGHBORHOODS

Goal 1 Strategy B: Ensure neighborhoods offer a mix of housing types and services for a diverse population. This proposal allows for increased diversity of housing types within the existing neighborhood.

Goal 3 Strategy E: Support the stewardship and reuse of existing buildings, including city properties. Through the adaptive reuse of an existing historic structure, this proposal revitalizes an existing historic center in the neighborhood.

VISION ELEMENTS: CONNECTED, SAFE AND ACCESSIBLE PLACES

Goal 8 Strategy B: B. Promote transit-oriented development and encourage higher density development, including affordable housing, near transit to support ridership. This proposal allows for development of additional housing and density in a mobility rich location.

VISION ELEMENTS: ENVIRONMENTALLY RESILIENT

Goal 8 Strategy A: Promote infill development where infrastructure and services are already in place. This proposal allows for development of additional housing while maximizing reuse of existing infrastructure.

Goal 8 Strategy B: Encourage mixed-use communities where residents can live, work and play in their own neighborhoods. This proposal provides for a diversity of housing in a location with established amenities.

Goal 8 Strategy C: Focus growth by transit stations and along high- and medium capacity transit corridors. This proposal provides for growth along the Broadway/Lincoln BRT transit corridor.

- **Blueprint Denver 2019**

The rezoning application supports a number of the overarching goals of Blueprint Denver by helping to provide “a diverse range of affordable housing options” focusing “higher intensity growth in walkable mixed-use centers and along transit priority streets” and “embracing historic assets and cultural heritage” while enhancing “the overall character and sense of place of neighborhoods through all stages of development and reinvestment.”

Piedra Peak Properties

Additionally, the proposed rezoning would greatly support Blueprint's vision of an equitable City, primarily by improving access to opportunity by providing more housing units in an area with comparatively higher access than other areas of the City and expanding the range of housing types.

Furthermore, this site is in area mapped along the least vulnerable for causing involuntary displacement meaning these additional units will help enrich the neighborhood without putting at risk the displacement of current residents.

In terms of growth strategy, as Blueprint Denver notes, areas such as West Washington Park should receive 20% of the total housing units in the City over the next two decades. This rezoning will contribute to that goal.

While the proposed zone district is within the General Urban context and Blueprint has this site designated in the Urban neighborhood context, Blueprint does state that "the boundaries of the contexts may be interpreted with limited flexibility if the request furthers the goals of Blueprint Denver and is consistent with the overall intent of the neighborhood contexts map."

Not only is the G-MU-3 zone district found adjacent to this property and a block to the north and to the west which gives greater consistency to the neighborhood, but the proposed zone district also allows for greater furthering of the goals of Blueprint Denver than any of the Urban zone districts.

Given the historic/adaptive reuse goals planned for the property and its future land use designation, it was determined that the proposed zone district is most appropriate to best ensure this vacant institutional site furthers the goals of Blueprint Denver, particularly as it relates to providing housing to Denverites and preserving old institutional sites such as this one.

Additionally, while the Urban Context mixed-use zone districts would allow for similar heights, they would also potentially allow for commercial uses which would not be appropriate for this site which has a future land use recommendation of low residential and sits adjacent to properties also zoned residential.

To ensure adaptive reuse of this historic structure and support the goals of Blueprint Denver, the site is best served by the G-MU-3 zone district which will allow for the creation of much-needed housing units in a zone district compatible with the immediate properties. Blueprint Denver in Land Use and Built Form, Housing Policy 2, talks about diversifying housing options, looking at corner properties like this for higher density and encouraging the reuse (rather than demolition) of existing structures to help meet the plan's goals.

Simply put, the G-MU-3 building form is the best available zone district that is found on an adjacent property and will allow for both the adaptive reuse of this building, maintain the character of the neighborhood and further the goals of Blueprint Denver.

With regards to specific height justification, according to Blueprint, this context and place calls for buildings which are "generally up to 2.5 stories in height" and "vacant institutional uses on

Piedra Peak Properties

corners or select sites may be appropriate locations to introduce additional suburban residential intensity.”

Blueprint Denver provides a great deal of policy guidance and strategies that are consistent with this site in the Urban Context, Residential Low Future Place designation.

Land Use and Built Form (General) Policy 6 calls to: **“Implement zoning code revisions to facilitate compatible redevelopment of institutional sites within neighborhoods”** stating:

Institutional uses, such as schools and places of worship, are typically embedded in residential areas and provide key services to surrounding residents. This also may include areas of privately-owned open space. When these uses leave a neighborhood, it leaves a site that previously housed a non-residential use in the middle of a residential neighborhood. These sites have the potential to provide additional neighborhood services and/or more diverse housing options without displacing existing residents.

A) Revise the zoning code to ensure compatible redevelopment of institutional sites (including private open space) embedded in low and low- medium residential areas. Examples of revisions may include more appropriate maximum building heights, revisions to bulk and massing and limitations on location of surface parking.

B) Consider changes to the zoning code that would allow greater land use flexibility for these types of sites that vacate, such as appropriately scaled higher-density housing or limited neighborhood services. This approach could require adaptive re- use of existing structures in exchange for greater land use flexibility or requirements for providing community improvements such as affordable housing, open space or community-serving spaces.

C) Until a citywide approach is implemented, individual rezonings of these sites may be an opportunity for more intense residential uses or limited neighborhood services to be provided if done in a way that minimizes impacts to surrounding character.

Land Use and Built Form (Housing) Policy 2 seeks to **“Diversify housing options by exploring opportunities to integrate missing middle housing into low and low- medium residential areas”**, stating:

The “missing middle” refers to housing types that fall between high-density and single-unit houses, including duplexes, fourplexes, row homes, townhomes and cottage housing. Missing middle is not just the type of housing— it captures units that are attainable to middle-income households who still struggle to afford housing in Denver.

A) Integrate missing middle housing into low and low-medium residential areas, especially those that score low in Housing Diversity. This should be implemented through holistic revisions to the zoning code at a citywide scale, with a focus on discouraging demolition and encouraging affordability.

Zoning code revisions should be informed by an inclusive community input process and could include:

Piedra Peak Properties

- Allowing 2- to 4-unit structures, tandem houses, and/or smaller minimum lot sizes in locations where slightly higher density may be appropriate. This might include lots on corners, near transit, and/or adjacent to centers or corridors. This allowance should advance goals for affordability, such as including a requirement to provide affordability in exchange for increased density.
- Encouraging the reuse, rather than demolition, of existing structures. This could be accomplished by allowing additional unit(s) to be added to an existing structure if the structure is preserved.

In Land Use and Built Form (Design Quality and Preservation), Blueprint calls to **“Incentivize the preservation of structures and features that contribute to the established character of an area, even if they are not designated as landmarks or historic districts.”** stating: *The preservation and reuse of existing buildings enhances neighborhood character and encourages smarter, more efficient use of building materials. Although landmark designation is the most effective tool for preserving historic areas and structures, there are other tools to incentivize the preservation and reuse of existing structures throughout the city.*

C) Create new regulations to encourage the reuse of existing buildings. This could include requirements to salvage or reuse building materials after a structure is demolished or allowing flexibility in uses or density when an existing structure is reused and maintained.

In addition, the adjacent zone is the same district as requested in this application. This site is near the transit and mixed-use corridors on Broadway and Lincoln Street while also furthering urban design goals by preserving an important historic structure. The proposed zone district allows for the creation of housing units within the character of the neighborhood and will support these mixed-use neighborhoods nearby without potentially bringing commercial uses directly onto a residential block as could occur with the Urban mixed-use zone districts of similar height.

These significant benefits combined with the furthering of urban design goals and being in line with the slightly higher heights called for on corner lots provide strong justification for the relatively modest request for an additional half story of height.

Finally, the rezoning would support numerous Blueprint’s recommendations by promoting growth toward areas served well by rail service and transit priority streets. Blueprint specifically calls for incentivizing efficient development of land in transit-rich areas such as where this site is found. In particular, historic areas should “balance efficiency with preservation through strategies that encourage the reuse of structures” which would be accomplished through this rezoning application.

For the reasons listed above, it is clear that Blueprint Denver provides strong support for this rezoning application.

Piedra Peak Properties

- **West Washington Park Neighborhood Plan**

Although it is a three-decade old plan, the proposed rezoning supports it particularly through its adaptive reuse and care for a historical structure, which has been and continues to be a top priority for the neighborhood.

As the plan notes, one of the qualities that make the neighborhood a unique place to live and work is “the historic buildings and diversity of residential architectural styles.”

The plan further states that the following should be maintained and improved “existing residential uses and all historic and architecturally significant structures” while “New infill housing should be compatible with historic buildings and character.” By allowing for the adaptive reuse of this existing historic structure, infill development of housing is achieved while at the same time preserving the historic character of the neighborhood

- **Justifying Circumstances**

Since the date of the approval of the existing Zone District, there has been a change to such a degree that the proposed rezoning is in the public interest. Such change may include:

- a. **Changed or changing conditions in a particular area, or in the city generally; or,**
- b. **A City adopted plan; or**
- c. That the City adopted the Denver Zoning Code and the property retained Former Chapter 59 zoning

In the case of this project, the adoption of the Denver Comprehensive Plan 2040 and Blueprint Denver 2019 justify the proposed change. As noted above, this proposed rezoning will allow for greater consistency with the approved plans.

Additionally, this area has seen significant transit growth and investment which directly supports this rezoning and multifamily development from which people can live, work and play.

- **Public Health, Safety, and Welfare**

The proposed official map amendment is an implementation of Denver Comprehensive Plan 2040 and Blueprint Denver (2019) and therefore furthers the public health, safety and general welfare of the City.

Additionally, adding modest infill density near the transit and mixed-use corridors on Broadway and Lincoln Street helps to diversify the City’s housing stock which is terribly undersupplied. The site proximity supports walking and multi-modal transit, encouraging less vehicular traffic. The rezoning and adaptive reuse of an old, institutional building also is good for the environment and the reuse of materials, which combined with the above seeks to further the public health, safety and general welfare of Denverites.

Piedra Peak Properties

- **Consistency with Applicable Neighborhood Context and with Stated Purpose and Intent of Proposed Zone District**

The proposed official map amendment is consistent with the description of the applicable neighborhood context, and with the stated purpose, and intent of the proposed Zone District.

General Character

The General Urban Neighborhood Context is characterized by multi-unit residential uses in a variety of building forms. Single-unit and two-unit residential uses are also found in a mix of residential building forms. Low-scale commercial areas are embedded within residential areas. Commercial uses occur in a variety of building forms that may contain a mixture of uses within the same structure. Residential uses are primarily located along local and residential arterial streets. Commercial uses are primarily located along mixed-use arterial and main streets but may be located at or between intersections of local streets.

As noted, multi-unit residential uses such as proposed in this rezoning are located among local streets such as South Grant Street and East Bayaud Avenue where this site sits.

G-MU-3

G-MU-3 is more specifically described as following:

The intent of the Residential districts is to promote and protect higher density residential neighborhoods within the character of the General Urban Neighborhood Context. These regulations allow for multi-unit districts with a variety of residential building forms.

G-MU-3 is a multi unit district allowing urban house, duplex, garden court, town house, and apartment building forms. The tallest building form has a maximum height of three stories.

The proposed rezoning would support three story zoning as called for by the zone district.

Neighborhood Outreach

Our initial engagement with neighborhood occurred in early February 2021, when we presented our concept to preserve and activate the building at 225 E. Bayaud to the West Wash Park RNO.

On Tuesday, February 23rd we presented our concept to the West Wash Park Zoning Committee. We've continued outreach with neighbors and with the RNO. Most recently on August 31, 2021 we updated the WWPZC with a presentation detailing our progress and the timing the neighborhood could expect.

Additionally, we mailed or hand delivered letters to nearby neighbors informing them of our intent to rezone and shared information about the diversity of housing stock we would be adding to the area. Furthermore, we've made ourselves available for one-on-one conversations with attendees from the RNO meetings and with those that reached out from our letters.

Overall, there has been positive feedback on activating the corner again, and we hope by providing off street parking for the apartments it will alleviate concerns from neighbors. From a vehicle impact this property benefits from the dedicated bike lanes along Bayaud and its proximity to public transportation.

We will continue dialogue with the neighbors throughout the rezoning and construction process.

LAND TITLE GUARANTEE COMPANY DISCLOSURE STATEMENTS

Note: Pursuant to CRS 10-11-122, notice is hereby given that:

- (A) The Subject real property may be located in a special taxing district.
- (B) A certificate of taxes due listing each taxing jurisdiction will be obtained from the county treasurer of the county in which the real property is located or that county treasurer's authorized agent unless the proposed insured provides written instructions to the contrary. (for an Owner's Policy of Title Insurance pertaining to a sale of residential real property).
- (C) The information regarding special districts and the boundaries of such districts may be obtained from the Board of County Commissioners, the County Clerk and Recorder, or the County Assessor.

Note: Effective September 1, 1997, CRS 30-10-406 requires that all documents received for recording or filing in the clerk and recorder's office shall contain a top margin of at least one inch and a left, right and bottom margin of at least one half of an inch. The clerk and recorder may refuse to record or file any document that does not conform, except that, the requirement for the top margin shall not apply to documents using forms on which space is provided for recording or filing information at the top margin of the document.

Note: Colorado Division of Insurance Regulations 8-1-2 requires that "Every title entity shall be responsible for all matters which appear of record prior to the time of recording whenever the title entity conducts the closing and is responsible for recording or filing of legal documents resulting from the transaction which was closed". Provided that Land Title Guarantee Company conducts the closing of the insured transaction and is responsible for recording the legal documents from the transaction, exception number 5 will not appear on the Owner's Title Policy and the Lenders Policy when issued.

Note: Affirmative mechanic's lien protection for the Owner may be available (typically by deletion of Exception no. 4 of Schedule B, Section 2 of the Commitment from the Owner's Policy to be issued) upon compliance with the following conditions:

- (A) The land described in Schedule A of this commitment must be a single family residence which includes a condominium or townhouse unit.
- (B) No labor or materials have been furnished by mechanics or material-men for purposes of construction on the land described in Schedule A of this Commitment within the past 6 months.
- (C) The Company must receive an appropriate affidavit indemnifying the Company against un-filed mechanic's and material-men's liens.
- (D) The Company must receive payment of the appropriate premium.
- (E) If there has been construction, improvements or major repairs undertaken on the property to be purchased within six months prior to the Date of Commitment, the requirements to obtain coverage for unrecorded liens will include: disclosure of certain construction information; financial information as to the seller, the builder and or the contractor; payment of the appropriate premium fully executed Indemnity Agreements satisfactory to the company, and, any additional requirements as may be necessary after an examination of the aforesaid information by the Company.

No coverage will be given under any circumstances for labor or material for which the insured has contracted for or agreed to pay.

Note: Pursuant to CRS 10-11-123, notice is hereby given:

This notice applies to owner's policy commitments disclosing that a mineral estate has been severed from the surface estate, in Schedule B-2.

- (A) That there is recorded evidence that a mineral estate has been severed, leased, or otherwise conveyed from the surface estate and that there is substantial likelihood that a third party holds some or all interest in oil, gas, other minerals, or geothermal energy in the property; and
- (B) That such mineral estate may include the right to enter and use the property without the surface owner's permission.

Note: Pursuant to CRS 10-1-128(6)(a), It is unlawful to knowingly provide false, incomplete, or misleading facts or information to an insurance company for the purpose of defrauding or attempting to defraud the company. Penalties may include imprisonment, fines, denial of insurance, and civil damages. Any insurance company or agent of an insurance company who knowingly provides false, incomplete, or misleading facts or information to a policyholder or claimant for the purpose of defrauding or attempting to defraud the policyholder or claimant with regard to a settlement or award payable from insurance proceeds shall be reported to the Colorado Division of Insurance within the Department of Regulatory Agencies.

Note: Pursuant to Colorado Division of Insurance Regulations 8-1-3, notice is hereby given of the availability of a closing protection letter for the lender, purchaser, lessee or seller in connection with this transaction.

Note: Pursuant to CRS 10-1-11(4)(a)(1), Colorado notaries may remotely notarize real estate deeds and other documents using real-time audio-video communication technology. You may choose not to use remote notarization for any document.

**JOINT NOTICE OF PRIVACY POLICY OF
LAND TITLE GUARANTEE COMPANY,
LAND TITLE GUARANTEE COMPANY OF SUMMIT COUNTY
LAND TITLE INSURANCE CORPORATION AND
OLD REPUBLIC NATIONAL TITLE INSURANCE COMPANY**

This Statement is provided to you as a customer of Land Title Guarantee Company as agent for Land Title Insurance Corporation and Old Republic National Title Insurance Company.

We want you to know that we recognize and respect your privacy expectations and the requirements of federal and state privacy laws. Information security is one of our highest priorities. We recognize that maintaining your trust and confidence is the bedrock of our business. We maintain and regularly review internal and external safeguards against unauthorized access to your non-public personal information ("Personal Information").

In the course of our business, we may collect Personal Information about you from:

- applications or other forms we receive from you, including communications sent through TMX, our web-based transaction management system;
 - your transactions with, or from the services being performed by us, our affiliates, or others;
 - a consumer reporting agency, if such information is provided to us in connection with your transaction;
- and
- The public records maintained by governmental entities that we obtain either directly from those entities, or from our affiliates and non-affiliates.

Our policies regarding the protection of the confidentiality and security of your Personal Information are as follows:

- We restrict access to all Personal Information about you to those employees who need to know that information in order to provide products and services to you.
- We may share your Personal Information with affiliated contractors or service providers who provide services in the course of our business, but only to the extent necessary for these providers to perform their services and to provide these services to you as may be required by your transaction.
- We maintain physical, electronic and procedural safeguards that comply with federal standards to protect your Personal Information from unauthorized access or intrusion.
- Employees who violate our strict policies and procedures regarding privacy are subject to disciplinary action.
- We regularly assess security standards and procedures to protect against unauthorized access to Personal Information.

WE DO NOT DISCLOSE ANY PERSONAL INFORMATION ABOUT YOU WITH ANYONE FOR ANY PURPOSE THAT IS NOT STATED ABOVE OR PERMITTED BY LAW.

Consistent with applicable privacy laws, there are some situations in which Personal Information may be disclosed. We may disclose your Personal Information when you direct or give us permission; when we are required by law to do so, for example, if we are served a subpoena; or when we suspect fraudulent or criminal activities. We also may disclose your Personal Information when otherwise permitted by applicable privacy laws such as, for example, when disclosure is needed to enforce our rights arising out of any agreement, transaction or relationship with you.

Our policy regarding dispute resolution is as follows: Any controversy or claim arising out of or relating to our privacy policy, or the breach thereof, shall be settled by arbitration in accordance with the rules of the American Arbitration Association, and judgment upon the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof.

Commitment For Title Insurance

Issued by Old Republic National Title Insurance Company

NOTICE

IMPORTANT—READ CAREFULLY: THIS COMMITMENT IS AN OFFER TO ISSUE ONE OR MORE TITLE INSURANCE POLICIES. ALL CLAIMS OR REMEDIES SOUGHT AGAINST THE COMPANY INVOLVING THE CONTENT OF THIS COMMITMENT OR THE POLICY MUST BE BASED SOLELY IN CONTRACT.

THIS COMMITMENT IS NOT AN ABSTRACT OF TITLE, REPORT OF THE CONDITION OF TITLE, LEGAL OPINION, OPINION OF TITLE, OR OTHER REPRESENTATION OF THE STATUS OF TITLE. THE PROCEDURES USED BY THE COMPANY TO DETERMINE INSURABILITY OF THE TITLE, INCLUDING ANY SEARCH AND EXAMINATION, ARE PROPRIETARY TO THE COMPANY, WERE PERFORMED SOLELY FOR THE BENEFIT OF THE COMPANY, AND CREATE NO EXTRACONTRACTUAL LIABILITY TO ANY PERSON, INCLUDING A PROPOSED INSURED.

THE COMPANY'S OBLIGATION UNDER THIS COMMITMENT IS TO ISSUE A POLICY TO A PROPOSED INSURED IDENTIFIED IN SCHEDULE A IN ACCORDANCE WITH THE TERMS AND PROVISIONS OF THIS COMMITMENT. THE COMPANY HAS NO LIABILITY OR OBLIGATION INVOLVING THE CONTENT OF THIS COMMITMENT TO ANY OTHER PERSON.

COMMITMENT TO ISSUE POLICY

Subject to the Notice; Schedule B, Part I—Requirements; Schedule B, Part II—Exceptions; and the Commitment Conditions, Old Republic National Title Insurance Company, a Minnesota corporation (the "Company"), commits to issue the Policy according to the terms and provisions of this Commitment. This Commitment is effective as of the Commitment Date shown in Schedule A for each Policy described in Schedule A, only when the Company has entered in Schedule A both the specified dollar amount as the Proposed Policy Amount and the name of the Proposed Insured. If all of the Schedule B, Part I—Requirements have not been met within 6 months after the Commitment Date, this Commitment terminates and the Company's liability and obligation end.

COMMITMENT CONDITIONS

1. DEFINITIONS

- (a) "Knowledge" or "Known": Actual or imputed knowledge, but not constructive notice imparted by the Public Records.
- (b) "Land": The land described in Schedule A and affixed improvements that by law constitute real property. The term "Land" does not include any property beyond the lines of the area described in Schedule A, nor any right, title, interest, estate, or easement in abutting streets, roads, avenues, alleys, lanes, ways, or waterways, but this does not modify or limit the extent that a right of access to and from the Land is to be insured by the Policy.
- (c) "Mortgage": A mortgage, deed of trust, or other security instrument, including one evidenced by electronic means authorized by law.
- (d) "Policy": Each contract of title insurance, in a form adopted by the American Land Title Association, issued or to be issued by the Company pursuant to this Commitment.
- (e) "Proposed Insured": Each person identified in Schedule A as the Proposed Insured of each Policy to be issued pursuant to this Commitment.
- (f) "Proposed Policy Amount": Each dollar amount specified in Schedule A as the Proposed Policy Amount of each Policy to be issued pursuant to this Commitment.
- (g) "Public Records": Records established under state statutes at the Commitment Date for the purpose of imparting constructive notice of matters relating to real property to purchasers for value and without Knowledge.
- (h) "Title": The estate or interest described in Schedule A.

2. If all of the Schedule B, Part I—Requirements have not been met within the time period specified in the Commitment to Issue Policy, Commitment terminates and the Company's liability and obligation end.

3. The Company's liability and obligation is limited by and this Commitment is not valid without:

- (a) the Notice;
- (b) the Commitment to Issue Policy;
- (c) the Commitment Conditions;
- (d) Schedule A;
- (e) Schedule B, Part I—Requirements; and
- (f) Schedule B, Part II—Exceptions; and
- (g) a counter-signature by the Company or its issuing agent that may be in electronic form.

4. COMPANY'S RIGHT TO AMEND

The Company may amend this Commitment at any time. If the Company amends this Commitment to add a defect, lien, encumbrance, adverse claim, or other matter recorded in the Public Records prior to the Commitment Date, any liability of the Company is limited by Commitment Condition 5. The Company shall not be liable for any other amendment to this Commitment.

5. LIMITATIONS OF LIABILITY

- (a) The Company's liability under Commitment Condition 4 is limited to the Proposed Insured's actual expense incurred in the interval between the Company's delivery to the Proposed Insured of the Commitment and the delivery of the amended Commitment, resulting from the Proposed Insured's good faith reliance to:
 - i. comply with the Schedule B, Part I—Requirements;
 - ii. eliminate, with the Company's written consent, any Schedule B, Part II—Exceptions; or
 - iii. acquire the Title or create the Mortgage covered by this Commitment.
- (b) The Company shall not be liable under Commitment Condition 5(a) if the Proposed Insured requested the amendment or had Knowledge of the matter and did not notify the Company about it in writing.
- (c) The Company will only have liability under Commitment Condition 4 if the Proposed Insured would not have incurred the expense had the Commitment included the added matter when the Commitment was first delivered to the Proposed Insured.
- (d) The Company's liability shall not exceed the lesser of the Proposed Insured's actual expense incurred in good faith and described in Commitment Conditions 5(a)(i) through 5(a)(iii) or the Proposed Policy Amount.
- (e) The Company shall not be liable for the content of the Transaction Identification Data, if any.

- (f) In no event shall the Company be obligated to issue the Policy referred to in this Commitment unless all of the Schedule B, Part I—Requirements have been met to the satisfaction of the Company.
- (g) In any event, the Company's liability is limited by the terms and provisions of the Policy.

6. LIABILITY OF THE COMPANY MUST BE BASED ON THIS COMMITMENT

- (a) Only a Proposed Insured identified in Schedule A, and no other person, may make a claim under this Commitment.
- (b) Any claim must be based in contract and must be restricted solely to the terms and provisions of this Commitment.
- (c) Until the Policy is issued, this Commitment, as last revised, is the exclusive and entire agreement between the parties with respect to the subject matter of this Commitment and supersedes all prior commitment negotiations, representations, and proposals of any kind, whether written or oral, express or implied, relating to the subject matter of this Commitment.
- (d) The deletion or modification of any Schedule B, Part II—Exception does not constitute an agreement or obligation to provide coverage beyond the terms and provisions of this Commitment or the Policy.
- (e) Any amendment or endorsement to this Commitment must be in writing and authenticated by a person authorized by the Company.
- (f) When the Policy is issued, all liability and obligation under this Commitment will end and the Company's only liability will be under the Policy.

7. IF THIS COMMITMENT HAS BEEN ISSUED BY AN ISSUING AGENT

The issuing agent is the Company's agent only for the limited purpose of issuing title insurance commitments and policies. The issuing agent is not the Company's agent for the purpose of providing closing or settlement services.

8. PRO-FORMA POLICY

The Company may provide, at the request of a Proposed Insured, a pro-forma policy illustrating the coverage that the Company may provide. A pro-forma policy neither reflects the status of Title at the time that the pro-forma policy is delivered to a Proposed Insured, nor is it a commitment to insure.

9. ARBITRATION

The Policy contains an arbitration clause. All arbitrable matters when the Proposed Policy Amount is \$2,000,000 or less shall be arbitrated at the option of either the Company or the Proposed Insured as the exclusive remedy of the parties. A Proposed Insured may review a copy of the arbitration rules at <http://www.alta.org/arbitration>.

IN WITNESS WHEREOF, Land Title Insurance Corporation has caused its corporate name and seal to be affixed by its duly authorized officers on the date shown in Schedule A to be valid when countersigned by a validating officer or other authorized signatory.

NON-DEMOLITION AGREEMENT AND RESTRICTIVE COVENANT

(225 E. Bayaud Avenue, Denver, CO 80209)

This Non-Demolition Agreement and Restrictive Covenant ("Agreement") is entered into between PIII Grant St., a Colorado limited liability company ("Owner") and Historic Denver, Inc., a Colorado non-profit corporation ("HDI"), to be effective _____, 20__.

RECITALS

A. Owners are the owners of real property commonly known as 225 E. Bayaud Avenue, Denver, CO 80209, with legal description attached as Exhibit A (the "Property").

B. The Property is improved with a structure constructed in 1910 that is commonly known as the "_____[church]" (the "Building"). The Building is significant to the neighborhood and has architectural and historical merit, with likely eligibility for local, State, or National Register listing.

C. Owners and HDI desire to agree to outline an agreement to offer protections to the Building for a period of ten (10) years.

COVENANTS

In consideration of the mutual covenants and agreements set forth herein, the payment of Ten Dollars (\$10.00) to Owner, and other good and valuable consideration, the receipt of which is acknowledged by Owner, the parties agree as follows:

1. Owner represents that as of the effective date of this Agreement, Owner does not have pending before the City and County of Denver any application for a permit to demolish all or any portion of the Building, or if it does have such application pending, Owner agrees to withdraw it forthwith. Owner agrees that during the period from the effective date of this Agreement until _____, 20__, Owner will not pursue, undertake or permit any demolition or destruction of any part of the Building unless such demolition has been approved in writing by HDI, which approval shall not be unreasonably withheld. This Agreement shall preclude any act of demolition and shall also preclude Owner from taking any action in preparation for demolition, such as applying for a demolition permit, authorizing any other person to apply for a demolition permit, or entering into any contract or other agreement for any demolition, unless HDI has given its written approval for such demolition; except for ordinary repair and maintenance to conserve engineering and historical values, significance, and integrity or actions required to mitigate a casualty or other emergency promptly reported to HDI. Any request for demolition approval must be in writing, and if HDI has not delivered written notice of approval or disapproval of such request to Owner within twenty (20) days of the date of the request, then HDI shall be deemed to have disapproved such request.

2. Owner agrees that this Agreement shall be a covenant burdening the Property for the benefit of HDI and its successors and assigns, which covenant shall run with title to the Property and shall be binding upon Owner and its heirs, successors and assigns for the entire five (5) year term.

3. It is expressly agreed that the remedy at law for breach of this Agreement is inadequate in view of: (a) the complexities and uncertainties in measuring the actual damage to be sustained by reason of the failure of Owner to comply fully with the restrictions of this Agreement, and (b) the

uniqueness of the Building and the permanent and irreplaceable loss that would ensue from destruction of any of its architectural features. Accordingly, the parties agree that this Agreement shall be enforceable by order of specific performance. Additionally, Owner agrees that in the event of any breach or threatened breach by Owner of the terms of this Agreement, HDI may apply to any court of competent jurisdiction for a restraining order or other appropriate injunctive relief to prevent a violation of this Agreement, and Owner hereby consents to the entry of an order by such court that will preserve the Building during the pendency of any judicial proceedings relating to this Agreement. Provided, however, except when an ongoing or imminent violation will irreversibly diminish or impair the cultural, historical and/or architectural importance of the Property, HDI shall first give Owner written notice of the violation and allow twenty (20) days to correct the violation before taking any formal action, including, but not limited to, any legal action. In the event of such judicial proceedings, the prevailing party shall be entitled, in addition to any other relief awarded by the court, to receive an award of its costs and reasonable attorney fees.

4. This Agreement shall be construed and governed under the laws of the State of Colorado.

5. This Agreement shall become effective when filed by HDI in the real estate records of the Clerk and Recorder of the City and County of Denver, contingent upon final approval of the Owner's pending rezoning and/or special use permit(s) application(s). Notwithstanding anything to contrary stated herein, the parties acknowledge and agree that this Agreement is subject to the Property being rezoned for the Owner's intended use, and Owner's obligations hereunder shall have no force or effect unless and until final non-appealable rezoning approval(s) by the City. HDI agrees to cooperate with Owner on any application(s) for rezoning and/or special use permit(s), and HDI shall not oppose any such application(s) instituted by Owner, its successors or assigns.

6. The parties may by mutual written agreement jointly amend this Agreement, provided the amendment shall be consistent with the preservation purpose of this Agreement. Any such amendment shall not be effective unless it is executed in the same manner as this Agreement, refers expressly to this Agreement, and is filed with the Denver City and County Clerk and Recorder.

7. This Agreement and the rights of HDI hereunder shall be and are hereby made subject and subordinate to the lien of any deeds of trust now or hereafter existing against the Property and to all renewals, modifications, consolidations, replacements and extensions thereof and to all advances made, or hereafter to be made, upon the security thereof. Although such subordination shall be self-operating, HDI, or its successors in interest, shall upon Owner's (or Owner's lender(s)) request, execute and deliver upon the demand any and all instruments desired by Owner (or Owner's lender(s)), subordinating, in the manner reasonably requested by Owner (or Owner's lender(s)), this Agreement to any such deed of trust. Owner is hereby irrevocably appointed and authorized as agent and attorney-in fact of HDI to execute said instruments within five (5) days after notice from Owner (or Owner's lender(s)) demanding the execution thereof.

8. Owner and HDI hereby recognize that circumstances may arise that may make impossible the continued ownership or use of the Property and/or the Building in a manner consistent with the purpose of this Agreement and necessitate extinguishment of the Agreement. Such circumstances may include, but are not necessarily limited to, partial or total destruction of the Building resulting from casualty or by eminent domain. No such extinguishment or termination of this Agreement shall be effective until an instrument to that effect is recorded in the Denver County Clerk and Recorder.

9. This Agreement and the restrictive covenants contained herein shall expire and be of no further force and effect on _____, 20__.

IN WITNESS WHEREOF, the parties have executed this Agreement, effective as of the date first set forth above.

(Legal Description of the Property)

DRAFT

NON-DEMOLITION AGREEMENT AND RESTRICTIVE COVENANT

(225 E. Bayaud Avenue, Denver, CO 80209)

This Non-Demolition Agreement and Restrictive Covenant ("Agreement") is entered into between PHH Grant St., a Colorado limited liability company ("Owner") and Historic Denver, Inc., a Colorado non-profit corporation ("HDI"), to be effective May 4, 2022.

RECITALS

A. Owner is the owner of real property commonly known as 225 E. Bayaud Avenue, Denver, CO 80209, with legal description attached as Exhibit A (the "Property").

B. The Property is improved with a structure constructed in 1910 that is commonly known as the "Second Church of Christ Scientist" or the "Baha'i Center" (the "Building"). The Building is significant to the neighborhood and has architectural and historical significance, with likely eligibility for local, State, or National Register listing.

C. Owner and HDI desire to agree to outline an agreement to offer protections to the Building for a period of ten (10) years, as set forth herein.

COVENANTS

In consideration of the mutual covenants and agreements set forth herein, the payment of Ten Dollars (\$10.00) to Owner, and other good and valuable consideration, the receipt of which is acknowledged by Owner, the parties agree as follows:

1. Owner represents that as of the effective date of this Agreement, Owner does not have pending before the City and County of Denver any application for a permit to demolish all or any portion of the Building, or if it does have such application pending, Owner agrees to withdraw it forthwith. Owner agrees and covenants that during the period from the Effective Date (as defined below) until May 4, 2032, Owner will not pursue, undertake, or permit any demolition or destruction of any part of the Building unless such demolition has been approved in writing by HDI, which approval shall be at HDI's sole discretion. This Agreement shall preclude any act of demolition to the Building and shall also preclude Owner from taking any action in preparation for demolition, such as applying for a demolition permit, authorizing any other person to apply for a demolition permit, or entering into any contract or other agreement for any demolition, unless HDI has given its written approval for such demolition (which approval shall be at HDI's sole discretion); except for ordinary repair and maintenance, provided such ordinary repair and maintenance does not impair the Building's historical values, significance, and integrity or actions required to mitigate a casualty or other emergency promptly reported to HDI. Any request for demolition approval must be in writing, and if HDI has not delivered written notice of approval or disapproval of such request to Owner within twenty (20) days of the date of the request, then HDI shall be deemed to have disapproved such request.

2. Owner agrees that this Agreement shall be a covenant burdening the Property for the benefit of HDI and its successors and assigns, which covenant shall run with the land and encumber title

to the Property and shall be binding upon Owner and its heirs, successors, and assigns for the entire ten (10) year term.

3. It is expressly agreed that the remedy at law for breach of this Agreement is inadequate in view of: (a) the complexities and uncertainties in measuring the actual damage to be sustained by reason of the failure of Owner to comply fully with the covenants and restrictions of this Agreement, and (b) the uniqueness of the Building and the permanent and irreplaceable loss that would ensue from destruction of any of its architectural features. Accordingly, the parties agree that this Agreement shall be enforceable by order of specific performance. Additionally, Owner agrees that in the event of any breach or threatened breach by Owner of the terms of this Agreement, HDI may apply to any court of competent jurisdiction for a restraining order or other appropriate injunctive relief to prevent a violation of this Agreement, and Owner hereby consents to the entry of an order by such court that will preserve the Building during the pendency of any judicial proceedings relating to this Agreement. Provided, however, except when an ongoing or imminent violation will irreversibly diminish or impair the cultural, historical and/or architectural importance of the Property, HDI shall first give Owner written notice of the violation and allow twenty (20) days to correct the violation before taking any formal action, including, but not limited to, any legal action. In the event of such judicial proceedings, the prevailing party shall be entitled, in addition to any other relief awarded by the court, to receive an award of its costs and reasonable attorney fees.

4. This Agreement shall be construed and governed under the laws of the State of Colorado.

5. This Agreement shall become effective upon the later of: (i) when recorded by HDI in the real estate records of the Clerk and Recorder of the City and County of Denver, or (ii) final approval of the Owner's pending rezoning and/or special use permit(s) application(s) (such later date shall be the "Effective Date"). Notwithstanding anything to contrary stated herein, the parties acknowledge and agree that this Agreement is subject to and contingent upon the Property being rezoned for the Owner's intended use, and Owner's obligations hereunder shall have no force or effect unless and until final non-appealable rezoning approval(s) by the City. HDI agrees to cooperate with Owner on any application(s) for rezoning and/or special use permit(s), and HDI shall not oppose any such application(s) instituted by Owner, its successors or assigns; provided such application does not request any demolition of the Building.

6. The parties may by mutual written agreement jointly amend this Agreement, provided the amendment shall be consistent with the preservation purpose of this Agreement. Any such amendment shall not be effective unless it is executed in the same manner as this Agreement, refers expressly to this Agreement, and is recorded in the records of the Clerk and Recorder of the City and County of Denver.

7. This Agreement and the rights of HDI hereunder shall be and are hereby made subject and subordinate to the lien of any deeds of trust now or hereafter existing against the Property and to all renewals, modifications, consolidations, replacements and extensions thereof and to all advances made, or hereafter to be made, upon the security thereof. Although such subordination shall be self-operating, HDI, or its successors in interest, shall upon Owner's (or Owner's lender(s)) request, execute and deliver upon the demand any and all instruments desired by Owner (or Owner's lender(s)), subordinating, in the manner reasonably requested by Owner (or Owner's lender(s)), this Agreement to any such deed of trust.

8. Owner and HDI hereby recognize that circumstances may arise that may make impossible the continued ownership or use of the Property and/or the Building in a manner consistent with the purpose of this Agreement and necessitate extinguishment of the Agreement. Such circumstances may include, but are not necessarily limited to, partial or total destruction of the Building resulting from casualty or by eminent domain. No such extinguishment or termination of this Agreement shall be effective until an instrument to that effect is recorded in the records of the Clerk and Recorder of the City and County of Denver.

9. This Agreement and the restrictive covenants contained herein shall expire and be of no further force and effect on May 4, 2032.

IN WITNESS WHEREOF, the parties have executed this Agreement, effective as of the date first set forth above

I am writing in support of the proposed rezoning of 225 E. Bayaud Avenue from U-TU-B2, UO-3 to G-MU-3, UO-3.

In particular, I am excited that the owner of the property, Travis McAfoos, has committed to preserving the existing church structure while repurposing its use to provide multifamily housing units which our City desperately needs.

Travis has a very successful track record working on similar projects and I urge approval of this rezoning so he can extend that track record to our neighborhood. We have a housing crisis in Denver, and building more multi family housing will help!

Hi Brad,

I wanted to reach out and chime in with my support for the proposed project at 225 E. Bayaud Ave. The idea of maintaining the original church structure while adding apartment housing to the neighborhood seems like a win-win for everyone. I know Travis McAfoos has a history of success in this type of development, and an appreciation for the city and the West Wash Park neighborhood as well.

Thanks!

Your comment:

I am concerned about the parking issue that a multi-unit building would create on a Street that already has issues with parking density. The church already has parking lots available for the tenants of the proposed new apartment building. I believe that both the parking lots should be required to stay parking lots to make sure that the 23 units the developers are planning have proper parking for themselves and guests. It is already a challenge to park in the neighborhood and I am concerned that if the parking lots are not utilized the situation will be considerably worse.
