

**DEPARTMENT OF AVIATION
CITY COUNCIL ORDINANCE REQUEST SUMMARY**

DEN On-Call Technical Support Services Automated Guideway Transportation System (AGTS)

Purpose and Use of Agreement(s)

Logistical Planners LLC will perform professional engineering support and design services on an on-call basis for the Automated Guideway Transit System (AGTS) or Airside concourse train system at DEN. All support work must be done in compliance with applicable automatic conveyance regulations and the standards of the American Society of Civil Engineers (ASCE) Standards part 21. Professional services to be rendered may include but are not limited to analysis, planning, conceptual design, and technical support of operation and maintenance activities as well as system updates, revisions, and system and/or AGTS facility expansion.
