

Amendment to Council Bill 19-1330:
Concerning adopting the 2019 building and fire codes.

Councilman Hinds

December 23, 2019

I move to amend CB19-1330 as follows:

- 1) On page 1, line 21, strike “20190104” and replace with “December 20, 2019”;
- 2) On line 22, strike “20190104” and replace with “20190108”.

Purpose: The purpose of this amendment is to file a new copy of the Amendments to the Building and Fire Code for the City and County of Denver with the City Clerk in order to amend Section 921.22 of the 2019 Denver Amendments to the 2018 International Fire Code.

The second sentence of Section 921.22 shall read as follows:

“In response, elevator contractor of record shall:

- 1. Dispatch a licensed conveyance mechanic to the site; and**
- 2. The elevator mechanic shall be onsite within one hour.”**

This amendment removes language that allowed an elevator mechanic to be onsite at a time longer than one hour in cases where fire crews have responded to an elevator entrapment.

Note: This amendment is non-substantive.
