Consistency with Adopted Plans: Blueprint Denver 2019

- **Urban (U-) Neighborhood Context**
 - Small multi-unit residential and mixed-use areas are typically embedded in 1-unit and 2-unit residential areas.
 - Block patterns are generally regular with a mix of alley access.
 - High degree of walkability, bikeability, and good access to transit with less reliance on cars.

Consistency with Adopted Plans: Blueprint Denver 2019

- **Low Residential**
 - Predominantly single- and two-unit uses
 - Accessory dwelling units are appropriate
- **Future Street Type**
 - Hooker St.: Undesignated Local

Consistency with Adopted Plans: Blueprint Denver

- Growth Areas Strategy:
All other areas of the city
 - 10% jobs by 2040
 - 20% housing by 2040

Consistency with Adopted Plans: Blueprint Denver

Policy 4: Diversity housing choice through the expansion of accessory dwelling units throughout all residential areas.

Strategy E: A citywide approach to enable ADUs is preferred. Until a holistic approach is in place, individual rezoning to enable ADUs in all residential areas, especially where proximate to transit, are appropriate. Unless there is a neighborhood plan supporting ADUs, rezonings should be small in area in order to minimize impact to the surrounding residential area.
