Subject: Zone Map Amendment (Rezoning) Application located at 3232 Larimer St., Denver, CO

The following narratives and materials are provided to supplement the Zone Map Amendment (Rezoning) Application for 3232 Larimer St.:

1. Rezoning review criteria, consistency with adopted plans
 - a. Denver Comprehensive Plan 2020
 - b. Blueprint Denver
 - c. Northeast Downtown Neighborhoods Plan
 - d. Public Interest
 - e. Neighborhood and Zone District Compliance

Statement of Compliance with General Review Criteria

This application proposes to rezone the approximately 9,363 sf (.21 acre) property located at 3232 Larimer St. (the "Property") from R-MU-30 (FC59) to I-MX-3 to facilitate the redevelopment of the Property consistent with the recommendations in the adopted plans.

The parcel at 3232 Larimer St., Denver, CO 80205 sits in the northwest-corner of the city's central grid in the Five Points neighborhood (80205) district, on the south side of Larimer Street between 32nd Street and Lawrence Street. The site is approximately one block west of 32nd Street (with a bus stop at "Larimer & 32nd" just steps away) and three blocks east of the elevated rail line and its pedestrian crossings. Transit access is strong: the nearby stop at Larimer & 32nd lies within a minute walk of the property and serves several bus lines. Additionally, the RTD rail stop, 38th and Blake is 12min walk. Pedestrian routes are plentiful with broad sidewalks on Larimer connect directly to the neighboring streets, and the changing urban fabric around the site provides convenient access to dining, small public spaces and trails into the adjacent arts district. The downtown core lies just a ~10-minute walk south via Lawrence or Walnut Streets, and the nearby historic commercial node of Larimer Square is within easy strolling distance for public space and urban activity.

The parcel at 3232 Larimer St. sits within the historic and rapidly evolving Five Points neighborhood of Denver, a context characterized by a mix of legacy residential fabric, adaptive reuse industrial buildings, and emerging higher-density development opportunities. The current zoning district is listed as R-MU-30 (Residential Mixed Use, 30 units per acre) which allows a blend of residential and compatible non-residential uses under the city's district regulations. This zoning positions the site to support multi-unit housing or mixed uses in a neighborhood that is moving toward greater density and transit-oriented redevelopment. At the same time, the wider Denver Zoning Code (and the older Former Chapter 59 where applicable) sets form-based standards, height limits, setback and design criteria that will shape how any redevelopment on this parcel would interface with the street, surrounding buildings, and neighborhood character with a better connection to adjacent zoning and future growth.

Rezoning the parcel at 3232 Larimer St. from R-MU-30 (Residential Mixed Use, 30 units/acre) to I-MX-3 (Industrial Mixed Use, 3-story) would better align the site with the surrounding urban evolution of the RiNo/Five Points corridor, which has transitioned from a low-density residential-industrial mix to a vibrant, design-oriented innovation district. The I-MX-3 zone supports a broader range of uses, including but not limited to commercial, light-industrial, creative, and mixed-use activities, such as small manufacturing, maker spaces, galleries, breweries, and flexible office or residential loft conversions. Many of these uses are already prevalent along Larimer Street. It also allows for moderate-scale infill (up to 3 stories) that complements adjacent redevelopment patterns while encouraging active street frontages and employment-based land uses. This rezoning would therefore enhance economic diversity, adaptability, and consistency with Denver's Comprehensive Plan 2040 and Blueprint Denver, both of which prioritize mixed-use intensification,

adaptive reuse, and multimodal connectivity in key urban corridors like Larimer.

REVIEW CRITERION DZC § 12.4.10.7. A – Consistency with Adopted Plans: The proposed official map amendment is consistent with the City’s adopted plans.

The proposed map amendment is consistent with the Denver Comprehensive Plan 2040, Blueprint Denver, and Northeast Downtown Neighborhoods Plan

Denver Comprehensive Plan 2040

1. Environmentally Resilient Goal 8
 - a. Strategy A- Promote infill development where infrastructure and services are already in place.
 - i. The parcel is located in an established urban corridor within Five Points/RiNo, an area already served by complete utilities, multimodal transportation, and nearby community amenities. By enabling a wider range of mixed-use and employment-generating activities through I-MX-3 zoning, redevelopment can occur without extending infrastructure or consuming undeveloped land, conserving regional open space and reducing environmental impact. This infill approach aligns with the city’s commitment to compact, resource-efficient growth, remediation and reuse of previously developed parcels, and long-term sustainability through responsible urban land stewardship.
2. Environmentally Resilient Goal 8
 - a. Strategy B- Encourage mixed-use communities where residents can live, work and play in their own neighborhoods.
 - i. The I-MX-3 district promotes a balanced mix of residential, commercial, recreational, light-industrial, and creative uses, enabling the development of spaces that combine housing with employment opportunities, services, and cultural amenities within walking distance. In the Five Points/RiNo context, this zoning fosters a vibrant, self-sustaining neighborhood that reduces reliance on car travel, lowers emissions, and strengthens community interaction. By allowing compatible live/work and maker-style uses alongside small-scale housing, the rezoning advances Denver’s goal of creating complete, connected, and environmentally resilient urban neighborhoods.
3. Strong and Authentic Neighborhoods Goal 1
 - a. Strategy D – Encourage quality infill development that is consistent with the surrounding neighborhoods and offers opportunities for increased amenities.
 - i. The I-MX-3 zone promotes context-sensitive infill that reflects the evolving character of the Five Points/RiNo area—where adaptive reuse, creative industries, and modern mixed-use buildings coexist with historic structures. This zoning allows for moderate-scale (up to 3 stories) development that complements existing building patterns while introducing new community-serving amenities such as retail, studios, recreational spaces or small workplaces. By aligning with the established urban form and active street life of Larimer Street, the rezoning encourages high-quality, compatible development that strengthens neighborhood identity and enhances access to local services and gathering spaces.
4. Economically Diverse and Vibrant Goal 3
 - a. Sustain and grow Denver’s local neighborhood businesses, Strategy A – Promote small, locally-owned businesses and restaurants that reflect the unique character of Denver.
 - i. The I-MX-3 zoning district encourages a mix of light-industrial, commercial, and creative uses ideal for small-scale, locally owned enterprises such as artisan workshops, cafés, studios, and maker spaces—uses that define the RiNo/Five Points neighborhood’s distinctive identity. By expanding allowable uses beyond primarily residential development, this rezoning supports entrepreneurship, local job creation, and cultural expression within an existing walkable corridor. It reinforces Denver’s vision of neighborhood-based economic vitality driven by locally rooted businesses that contribute to the city’s authentic urban character.

Blueprint Denver

1. Future Neighborhood Context: Urban Center: Land use, mobility and quality of life infrastructure:
 - a. A high mix of uses throughout the area, with multi-unit residential typically in multi-story, mixed-use building forms. Block patterns are generally regular with consistent alley access. Larger scale buildings close to the street.

- b. High levels of pedestrian and bicycle use and good access to high-capacity transit with minimal reliance on cars.
 - c. Smaller public parks and privately owned, publicly accessible outdoor spaces and plazas. Trees are within planters and expanded streetscape planting areas.
 - i. Rezoning 3232 Larimer St from R-MU-30 to I-MX-3 supports the Blueprint Denver Future Neighborhood Context: Urban Center goals for land use, mobility, and quality of life infrastructure. The I-MX-3 district enables a high mix of uses—including residential, commercial, recreational, light-industrial, and creative employment spaces—within multi-story, street-oriented building forms that fit the existing urban block pattern and alley network along Larimer Street. This zoning encourages dense, walkable development that supports pedestrian and bicycle activity and takes advantage of the area's proximity to high-capacity transit along Brighton Boulevard and downtown Denver. Additionally, the I-MX-3 form supports enhanced streetscapes, tree planters, and small outdoor gathering spaces, as well as outdoor recreational spaces aligning with Blueprint Denver's vision for vibrant, multimodal, mixed-use neighborhoods that offer residents and visitors a high-quality, connected urban environment.
2. Future Place Type: Community Corridor
- a. Typically provides a mix of office, commercial and residential uses. A wide customer draw both of local residents from surrounding neighborhoods and from other parts of the city. Activity levels vary depending on the type and mix of uses. Buildings have a distinctly linear orientation along the street. Building footprints are typically larger. Heights are generally up to 8 stories. Due to shorter lot depths, special attention may be needed for transitions to nearby residential areas. [p. 259]
 - b. Larimer St is classified as a Mixed Use Collector.
 - i. The corridor's linear urban form, moderate building scale, and pedestrian orientation are well-matched to I-MX-3's form standards, which promote street engagement, street transparency, and compatibility with adjacent residential blocks. By enabling a range of community-serving businesses and multi-story infill development, this rezoning supports Blueprint Denver's goal of a vibrant, connected corridor that balances growth, access, and neighborhood character along Larimer Street.
3. Future Growth Areas: Growth Strategy: Community Centers and Corridors
- a. 20% of new jobs by 2040
 - b. 25% of new households by 2040
 - i. By facilitating redevelopment that includes local business operations, maker spaces, or offices, this rezoning directly contributes to job creation within an established urban setting, leveraging existing infrastructure and mobility networks. This approach aligns with Blueprint Denver's objective to concentrate on employment opportunities in walkable, mixed-use corridors, reducing commute distances and strengthening the local economy.

Northeast Downtown Neighborhoods Plan

- 1. Rezoning 3232 Larimer St from R-MU-30 to I-MX-3 aligns with the Northeast Downtown Neighborhoods Plan (NDNP), specifically Policy A.2: Moderate Intensity Development Transitioning to Residential Neighborhoods. This policy calls for medium-scale, mixed-use development that provides a compatible transition between the higher-intensity urban core of RiNo and Downtown and the adjacent lower-scale residential areas of Five Points. The I-MX-3 zoning district supports moderate-height (up to three stories), context-sensitive infill that blends commercial, creative, and residential uses, mirroring the NDNP's vision for Larimer Street as a vibrant, mixed-use corridor with human-scale design and active street frontages. By maintaining appropriate building scale while encouraging a diversity of uses and local employment opportunities, this rezoning reinforces the plan's intent to gradually step-down intensity toward surrounding neighborhoods and strengthen the cohesive urban fabric of the district.
 - i. Rezoning 3232 Larimer St. to I-MX-3 fits the Northeast Downtown Neighborhoods Plan exact description; maintaining appropriate building height, blending commercial, creative, and residential use, and maintaining Larimer as a vibrant corridor.

Public Interest

Rezoning 3232 Larimer St from R-MU-30 to I-MX-3 serves the public interest by enabling a more flexible mix of uses that enhance neighborhood vitality, economic opportunity, and sustainable urban growth consistent with the evolving character of the Five Points/RiNo area. The I-MX-3 district allows a range of commercial, recreational, light-industrial, creative, and residential uses, such as artisan workshops, small manufacturing, retail spaces, offices, and live/work units. These uses promote local entrepreneurship, job creation, and community-serving amenities, while maintaining a

pedestrian-friendly, human-scale environment aligned with existing development patterns along Larimer Street. By supporting adaptive reuse, compact infill, and active street-level uses, the rezoning advances the public good through economic resilience, reduced vehicle dependence, and the preservation of RiNo's authentic, mixed-use neighborhood character.

Neighborhood and Zone District Compliance

Rezoning 3232 Larimer St from R-MU-30 to I-MX-3 is consistent with both the Urban Center Neighborhood Context and the purpose and intent of the I-MX-3 zone district as defined in the Denver Zoning Code.

- a) **Neighborhood Context:** The Urban Center context is characterized by multi-story mixed-use buildings, active streets, and a balance of residential, commercial, and employment uses—qualities present along Larimer Street and throughout the Five Points/RiNo corridor. The I-MX-3 district fits this context by allowing moderate-scale infill development (up to three stories) that supports walkability and diverse land use.
- b) **General Purpose:** The intent of the Industrial Mixed Use (I-MX) districts is to encourage the adaptive reuse and continuation of light-industrial and creative businesses while allowing compatible residential and commercial activities. Rezoning to I-MX-3 fulfills this purpose by preserving RiNo's maker and arts-based identity while accommodating new, flexible live/work and business spaces that reinforce a vibrant urban economy.
- c) **Specific Intent:** The I-MX-3 zone specifically aims to provide a transition between higher-intensity industrial or commercial areas and adjacent residential neighborhoods through moderate building height and form standards. At 3232 Larimer, this transitional role is ideal—bridging RiNo's active commercial corridor with nearby residential blocks—ensuring new development remains contextually appropriate, economically diverse, and consistent with the form and character envisioned by the Denver Zoning Code.

In order to maintain the Company as a limited liability company under the laws of the State of Colorado and to enable the Company to do business in the State of Colorado and any other jurisdiction where it is doing business, the Company shall from time to time take appropriate action, including the preparation and filing of such restatements of and amendments to the Articles of Organization and such other assumed name certificates, documents, instruments, and publications as may be required by law.

ARTICLE 2 **MEMBERS**

2.1 Annual Meeting. No annual meeting of the Members shall be required.

2.2 Special Meetings. Special meetings of the Members, may be called for any purpose or purposes, unless otherwise prescribed by statute, by any Manager.

2.3 Place, Date and Time of Meeting. The Manager at whose request the meeting is called may designate any place as the place of meeting, and may determine the date and time of the meeting. A waiver of notice signed by the Members may designate any place, date and time as the place, date and time for the holding of such meeting. Meetings of the Members may be held either within or without the State of Colorado. However, if no designation of the meeting place is made, the place of meeting shall be the principal place of business of the Company in the State of Colorado.

2.4 Notice of Meeting. Written notice stating the place, day and hour of the meeting and, in case of a special meeting, the purpose or purposes for which the meeting is called (provided that other matters not described in such notice may also be discussed at such meeting), shall be delivered not less than five (5) days before the date of the meeting, by or at the direction of the Manager calling the meeting, to each Member entitled to vote at such meeting. Such notice shall either be delivered in person, by regular mail or shall be transmitted by telegram, telex, telecopy or facsimile. If mailed, the notice shall be deemed to be delivered when deposited in the United States mail, addressed to the Member at the Member's address as it appears on the books of the Company, with postage thereon prepaid. However if three successive letters mailed to the last known address of any Member are returned as undeliverable, no further notices to such Member shall be necessary until another address for such Member is made known to the Company. If notice is given by telegram, telex, telecopy or facsimile, such notice shall be deemed to be delivered when received by the Member.

2.5 Waiver of Notice. When any notice is required to be given to any Member under the provisions of this Operating Agreement, the Articles of Organization or the Act, a written waiver of notice signed by the person entitled to such notice, shall be equivalent to the giving of such notice. Such waiver shall be effective whether signed before or after the time for giving notice. By attending or participating in a regular or special meeting, a Member waives any required notice of such meeting unless the Member at the beginning of the meeting, objects to the holding of the meeting or the transacting of business at the meeting.

2.6 Quorum. A majority of the Shares of the Company entitled to vote, represented in person or by proxy, shall constitute a quorum at a meeting of Members. By attending or participating in a meeting, a Member waives any required notice of such meeting unless the Member, at the beginning of the meeting, objects to the holding of the meeting or the transaction of business at the meeting. If less than a majority of the Shares are represented at a meeting, a majority of the Shares so represented may adjourn the meeting from time to time, for a period not to exceed sixty (60) days at any one adjournment, without further notice, provided the time and place of the adjourned meeting are announced at the meeting at which the adjournment is taken. If the adjournment is for more than thirty days, or if after adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each Member entitled to vote at the meeting. At such adjourned meeting at which a quorum shall be present or represented, any business may be transacted which might have been transacted at the meeting as originally noticed. The Members present at a duly organized meeting may continue to transact business until adjournment, notwithstanding the withdrawal of enough Members to leave less than a quorum.

2.7 Proxies. At all meetings of Members, a Member may vote by proxy executed in writing by the Member or by his duly authorized attorney-in-fact. Such proxy shall be filed with the Managers before or at the time of the meeting. No proxy shall be valid after eleven (11) months from the date of its execution, unless otherwise provided in the proxy.

2.8 Voting of Shares. If a quorum is present, the affirmative vote of a majority of the Shares represented at the meeting and entitled to vote on the subject matter shall be the act of the

Members, unless the vote of a greater number is required by the Act, the Articles of Organization or this Operating Agreement. Each Share entitled to vote shall be entitled to one vote upon each matter submitted to a vote at a meeting of Members. Fractional Shares shall be entitled to a corresponding fractional vote. In the event Shares are owned jointly by two or more persons, the first person listed as the co-owner in Section 1.7 above shall be the designated representative of such co-owners unless that designation is changed by written notice to the Company signed by all co-owners. The designated representative shall represent the co-owners of that Share in all matters concerning the Company, including, but not limited to, voting such shares.

2.9 Action by Members Without a Meeting. Any action required or permitted to be taken at a Members' meeting may be taken without a meeting if the action is evidenced by one or more written consents describing the action taken, signed by or on behalf of all Members. Such consents shall be delivered to the Managers for inclusion in the Company's records. Action taken under this section is effective when the signature by or on behalf of the Members has been placed on the consent, unless the consent specifies a different effective date. Written consent of the Members has the same force and effect as a vote of such Member at a properly called meeting of the Members, and may be stated as such in any document.

2.10 Transactions Between a Member and the Company. Except as otherwise provided by applicable law, any Member, whether or not a Manager, may, but shall not be obligated to, lend money to the Company, act as surety for the Company, and transact other business with the Company, and shall have the same rights and obligations to transact business with the Company as a person or entity who is not a Member.

2.11 Nonrestriction of Business Pursuits of Members. This Operating Agreement shall not preclude or limit in any respect the right of any Member, whether or not a Manager, to engage in or invest in any business activity of any nature or description, including those which may be the same as, or similar to, the Company's business and in direct competition therewith. Any such activity may be engaged in independently or with other Members. No Member shall have the right, by virtue of the Articles of Organization, this Operating Agreement or the relationship created hereby, to any interest in such other ventures or activities, or to the income or proceeds derived therefrom. The pursuit of such ventures, even if competitive with the business of the Company, shall not be deemed wrongful or improper and any Member shall have the right to participate in or to recommend to others any investment opportunity.

ARTICLE 3 **MANAGERS**

3.1 General Powers. Without limiting the Members' rights and powers under the Articles of Organization, this Operating Agreement, and the Act, the Members shall delegate all or part of the management of the Company's business to one or more Managers (individually a "Manager" and collectively the "Managers"), who shall be elected by the Members. Cumulative voting in the voting for Managers shall not be allowed. If a quorum is present, the affirmative vote of a majority of the Managers present at a meeting of the Managers shall be the act of the Managers. If there is more

than one Manager, each Manager is authorized to act for the Managers without the need for the concurrence or joinder of the other Managers. The Managers shall exercise ordinary business judgment in managing the Company's business. Managers shall have the authority to take the following actions:

- a. Execution of contracts (including listing or other agreements with real estate brokers) to purchase or sell real property, to purchase or sell the Property, including any amendments to such contracts as the Managers deem necessary in their sole discretion to consummate a purchase or sale of the Property.
- b. Execution of any loan documents necessary to obtain or assume a loan to purchase the Property, refinance an original purchase loan or any other loan, or to obtain any other financing for operations with respect to the Property (whether or not secured by liens on the Property), or release a lien on the Property as the Managers deem necessary including, but not limited to, a Promissory Note and Deed of Trust or similar instruments.
- c. Execution and delivery for recording of any documents necessary to consummate a purchase or sale of the Property.
- d. Execution of lease agreements for space on the Property including any amendments to a lease agreement, as the Managers deem necessary in their sole discretion to consummate such lease agreement.
- e. Execution of a Party Wall Agreement or Condominium Declarations and any related documents necessary to establish individual units intended for separate ownership with respect to the Property.
- f. Execution of Covenants, Conditions and Restrictions and any related or similar documents necessary to establish a uniform use, structure or appearance for the Property.
- g. Perform any construction and/or renovation related work with respect to the Property, and execute and deliver any agreements necessary to complete the construction and/or renovation work approved by the Managers.

3.2 Number, Tenure and Qualifications. The number of initial Managers shall be three (3) and the Members hereby elect Jonathan Palmer, Matthew K. Palmer and Jack Palmer, Jr. to be Managers. The number of Managers of the Company may be changed by resolution of the Members. Each Manager shall hold office until the next annual meeting of Members and until such Manager's successor shall have been elected and qualified or until the Manager's death, resignation, or removal becomes effective. Managers need not be Members of the Company.

3.3 Meetings. Special meetings of the Managers may be called by or at the request of any Manager. The person or persons calling the special meeting of the Managers may fix any place, date and time as the place, date and time for holding any special meeting of the Managers called by them.

Meetings of the Managers may be held either within or without the State of Colorado. However, if no designation of the meeting place is made, the place of meeting shall be the principal place of business of the Company in the State of Colorado.

3.4 Notice. Written notice of any meeting shall be given by the Manager calling the meeting to each Manager at least five (5) business days prior thereto, delivered personally or mailed to each Manager at the Manager's business address, or transmitted by telegram, telex, telecopy or facsimile. If mailed, such notice shall be deemed delivered when deposited in the United States mail addressed to the Manager at the last known address of the Manager, with postage thereon prepaid. However, if three successive letters mailed to the last known address of the Manager are returned as undeliverable, no further notices to such Manager shall be necessary until another address for such Manager is made known to the Company. If notice is given by telegram, telex, telecopy or facsimile, such notice shall be deemed delivered when received by the Manager. Neither the business to be transacted at, nor the purpose of, any meeting of the Managers need be specified in the Notice or Waiver of Notice of such meeting.

3.5 Waiver of Notice. When any notice is required to be given to any Manager of the Company under the provisions of the Act, the Articles of Organization or this Operating Agreement, a written waiver of notice signed by the person entitled to such notice, shall be equivalent to the giving of such notice. Such waiver of notice shall be effective whether signed before or after the time for giving notice. By attending or participating in a regular or special meeting, a Manager waives any required notice of such meeting unless the Manager, at the beginning of the meeting, objects to the holding of the meeting or the transacting of business at the meeting.

3.6 Quorum. A majority of the number of Managers shall constitute a quorum for the transaction of business at any meeting of the Managers, but if less than such majority is present at a meeting, a majority of the Managers present may adjourn the meeting from time to time without further notice.

3.7 Action by Managers Without a Meeting. Any action required or permitted to be taken at a Manager's meeting may be taken without a meeting if the action is evidenced by one or more written consents describing the action taken, signed by each Manager. Such Consents shall be retained by the Managers in the Company's records. Action taken under this section is effective when the signature by or on behalf of each Manager has been placed on the Consent, unless the Consent specifies a different effective date. Written consent of the Managers has the same force and effect as a vote of such Manager at a properly called meeting of the Managers, and may be stated as such in any document.

3.8 Vacancies. Any vacancy occurring in the position of a Manager may be filled by the affirmative vote of a majority of the remaining Managers though less than a quorum of the Managers, or may be filled by the affirmative vote of the Members. A Manager elected to fill a vacancy shall be elected for the unexpired term of such Manager's predecessor in office. Any position to be filled by reason of an increase in the number of Managers shall be filled by the affirmative vote of a majority of the Managers then in office, or by an election at an annual meeting

or at a special meeting of Members called for that purpose. A Manager chosen to fill a position resulting from an increase in the number of Managers shall hold office until the next annual meeting of Members and until the Manager's successor shall have been elected and qualified. A Manager properly elected by the Members shall serve to the exclusion of a Manager elected by the Managers for that same position.

3.9 Removal of Managers. At a meeting of the Members called expressly for that purpose, Managers may be removed in the manner provided in this section. All of the Managers or any lesser number may be removed, with or without cause, by a vote of the holders of a majority of the Shares then entitled to vote at an election of Managers. Should a Manager, who is also a Member of the Company, be removed, such Member will continue to participate in the Company as a Member and receive such Member's share of the Company's income, gains, losses, deductions, and credits.

ARTICLE 4 **OFFICERS**

4.1 Designation. There shall be no officers of the Company.

ARTICLE 5 **CONTRIBUTIONS, ALLOCATIONS AND DISTRIBUTIONS**

5.1 Capital Contributions. Capital contributions to the Company by the Members are as set forth on Exhibit "A" to this Operating Agreement. Capital contributions must be paid in full at the time this Operating Agreement is executed. No Member shall be liable for or required to pay any obligations of the Company. No Member shall be required to lend any funds to the Company or to pay any contributions, assessments or payments to the Company except capital contributions provided for in this Article 5; provided that a Member may be required to repay its capital contribution to the Company as provided in Article 7.

5.2 Capital Accounts. A separate capital account shall be maintained for each Member in accordance with Section 1.704-1(b)(2)(iv) of the regulations ("Regulations") promulgated under the Internal Revenue Code of 1986, as amended ("Code"), which shall show the Member's interest in the capital of the Company. Each Member's interest in the capital of the Company as reflected in the Member's capital account shall equal the Member's original contribution to capital, except that each Member's capital account shall increase or decrease as set forth in this Section 5.2

- a. A Member's capital account shall be increased for the following:
 - (i) Additional contributions to capital made by the Member with the consent of the other Members; and
 - (ii) The Member's share of Company profits.

- b. A Member's capital account shall be decreased for the following:
 - (i) The amount of money distributed to the Member by the Company;
 - (ii) The fair market value of any property distributed to the Member by the Company net of any encumbrances upon such distributed property that such Member is considered to assume or take subject to under Section 752 of the Code; and
 - (iii) The Member's share of Company losses.

5.3 Interest of a Member. Except as set forth in this Operating Agreement, a Member's interest in the Company shall be determined by the Member's capital contribution. The Members hereby agree that ownership of an interest in the Company shall entitle the Member possessing such interest:

- a. To vote on matters on which the Members may vote under the Articles of Organization, this Operating Agreement and the Act; and
- b. To a share of the Company's income, gains, losses, deductions, and credits based on relative ownership interests herein.

Each Member hereby agrees that the Member's interest in the Company shall for all purposes be deemed a personal interest and shall not be deemed realty or any interest in the Company's real or personal property or assets of any kind.

5.4 Withdrawals and Interest. No Member shall have the right to:

- a. withdraw the Member's capital contribution;
- b. receive any return or interest on any portion of the Member's capital contribution except as otherwise provided herein;
- c. require the Company or any other Member to purchase or otherwise acquire all or part of the Member's percentage of interest of the Company; or
- d. withdraw from the Company except by transfer of its percentage of interest of the Company to another party or upon the dissolution of the Company.

5.5 Tax Allocations. The income, expenses, profits and losses of the Company shall be allocated to the Members in accordance with Section 5.2, except as set forth in this Section 5.5.

- a. Notwithstanding anything to the contrary in this Operating Agreement, no allocation shall be made to a Member which would cause such Member to have a deficit balance in

such Member's capital account. If the limitation contained in the preceding sentence would apply to cause an item of loss or deduction to be unavailable for allocation to all Members, then such item of loss or deduction shall be allocated between or among the Members in accordance with the Members' respective interests in the Company within the meaning of Section 1.704-1(b)(3) of the Regulations.

b. Notwithstanding anything to the contrary in this Operating Agreement, any items of loss and deduction and any and all expenditures described in Section 705(a)(2)(B) of the Code that are attributable to Member Nonrecourse Debt (as that term is defined in Section 1.704(b)-2(b)(4) of the Regulations), shall be allocated to the Member that bears the Economic Risk of Loss (as that term is defined in Section 1.752-2(b)-(j) of the Regulations) for such Member Nonrecourse Debt. If more than one Member bears such Economic Risk of Loss, these items of loss, deduction and expenditures shall be allocated between such Members in accordance with the ratios in which they share such Economic Risk of Loss.

c. Except to the extent provided in Section 1.704-2(f)(2) through 1.704-2(f)(5) of the Regulations, if there is for any fiscal year of the Company, a net decrease in Company Minimum Gain (as that term is defined in Section 1.704-2(b)(2) of the Regulations), there shall be allocated to each Member, before any other allocation pursuant to Section 5.2, items of income and gain for such year equal to such Member's share of the net decrease in Company Minimum Gain. Items of income and gain to be allocated pursuant to the foregoing provisions shall consist first of gains recognized from the disposition of items of Company property subject to Nonrecourse liabilities of the Company, and then of a pro rata portion of the other items of Company income and gain for that year.

d. In the case of Section 704(c) Property (as defined herein), gain or loss shall be allocated in accordance with the requirements of Section 704(c) of the Code and the Regulations, and such other provisions of the Code and Regulations as govern the treatment of Section 704(c) Property. However, in the event that there is no non-tax gain or loss, then any tax gain or loss in excess of the amount allocated pursuant to the preceding sentence shall be allocated among the Members in accordance with Section 1.704-1(b)(3) of the Regulations. For purposes of this Operating Agreement, Section 704(c) Property shall be each item of property contributed to the Company to which Section 704(c) of the Code or Section 1.704-1(b)(2)(iv)(d) of the Regulations applies.

A Member shall have no liability to any other Member and/or the Company when acting pursuant to its authority granted pursuant to the Articles of Organization and/or this Operating Agreement except to the extent such Member's acts or omissions constituted willful misconduct or gross negligence of such Member. Additionally, a Member shall be liable to the Company for any difference between its capital contribution actually paid in and the amount thereof as stated in the Articles of Organization or this Operating Agreement.
- b. A Member shall hold as trustee of the Company:
 - (i) specific property stated in the Articles of Organization or this Operating Agreement as contributed by it as capital to the Company, but which was not contributed or which has been wrongfully or erroneously returned as return of its capital contribution; and
 - (ii) money or other property wrongfully paid or conveyed to it as a return of its capital contribution.

- c. - a. Any party acting as a Manager shall not be liable to the Members and/or the Company for any expenses, damages, losses, claims and/or other liabilities of any kind except to the extent such party's acts or omissions in its performance on behalf of the Company constituted willful misconduct or gross negligence. If there is more than one Manager, one Manager shall not be liable for the acts or omissions of any other Manager.
- b. The Managers do not in any way guarantee the return of any Member's capital contribution or a profit for the Members from the Company's business. The Managers shall incur no liability to the Company or to any of the Members as a result of engaging in any other business or venture regardless of whether such other business or venture competes with the Company or whether the Manager is active in the management of Company nor shall any of the Members have any rights by virtue of the Articles of Organization, this Operating Agreement or any applicable law in or to the other business ventures of the Managers or to the income, gains, losses, deductions and credits derived therefrom by the Managers.

7.3 Force Majeure. Notwithstanding anything in this Operating Agreement to the contrary, a Member, whether or not a Manager, shall not be liable (except for such Member's obligations to contribute or return its capital contributions under this Operating Agreement) for any loss or damage to Company property or operations caused by the Member's failure to carry out any of the provisions of the Articles of Organization and/or this Operating Agreement as a result of foreseeable or unforeseeable acts of God or incidents resulting from outside forces, whether or not beyond the control of such Member, such as strikes, labor troubles, riots, fires, weather, floods, acts of a public enemy, insurrections, breakdown or failure of machinery, acts, omissions or delays of governmental authorities, and governmental laws, rules, regulations or orders.

- b. to establish reserves as the Manager(s) winding-up the Company business may deem reasonably necessary for any contingent or unforeseen liabilities of the Company; provided that any such reserve may be paid over by such Manager(s) to a reasonably reliable and experienced person or entity not an affiliate of any Member, in escrow, to be held by such person or entity (or any designated successor thereof) for the purposes of paying any debts and liabilities or obligations;

Any unpaid obligations owed by any Member to the Company at the time of the distribution shall be deemed to have been collected by the Company by set-off up to the full amount thereof against the earliest amounts that are to be paid (including loans and advancements) or distributed to such Member. Amounts held back shall then be allocated to the Member Accounts of all the other Members.

10.4 Termination. Upon completion of the distribution of the Company's Property as provided in this Article, the Company shall be terminated, and the Manager(s) winding-up the Company business (and the Members if, necessary) shall take all such other actions as may be necessary to terminate the Company.

10.5 Claims of the Members. The Members shall look solely to the Company's property and assets for the return of their capital contributions, and if the assets of the Company remaining after payment or discharge of the debts or liabilities of the Company are insufficient to return such capital contribution, the Members shall have no recourse against the Company or any other Member.

10.6 Liability on Wrongful Dissolution or Continuance of Business. Any Member that wrongfully causes the Company to dissolve or to continue its business without proper wind-up, liquidation and termination shall be liable to each other Member who does not consent thereto for any damages (exclusive of consequential damages) resulting from such wrongful dissolution and for any losses sustained by the Company during the period when the business was wrongfully continued, offset by each Member's share of the income and profits earned during the period of such wrongful continuance.
