RE: Official Zoning Map Amendment Application #2016I-00049

Staff Report and Recommendation

Based on the criteria for review in the Denver Zoning Code, Staff recommends approval for Application #2016I-00049.

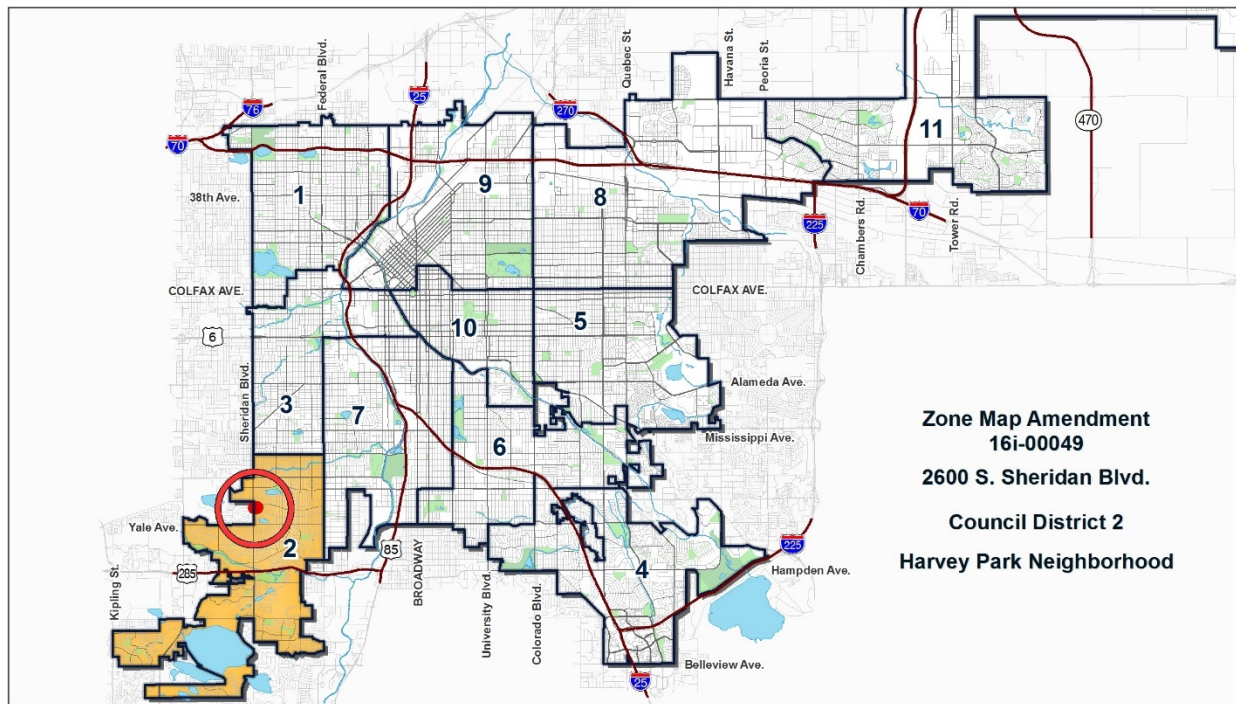

Request for Rezoning

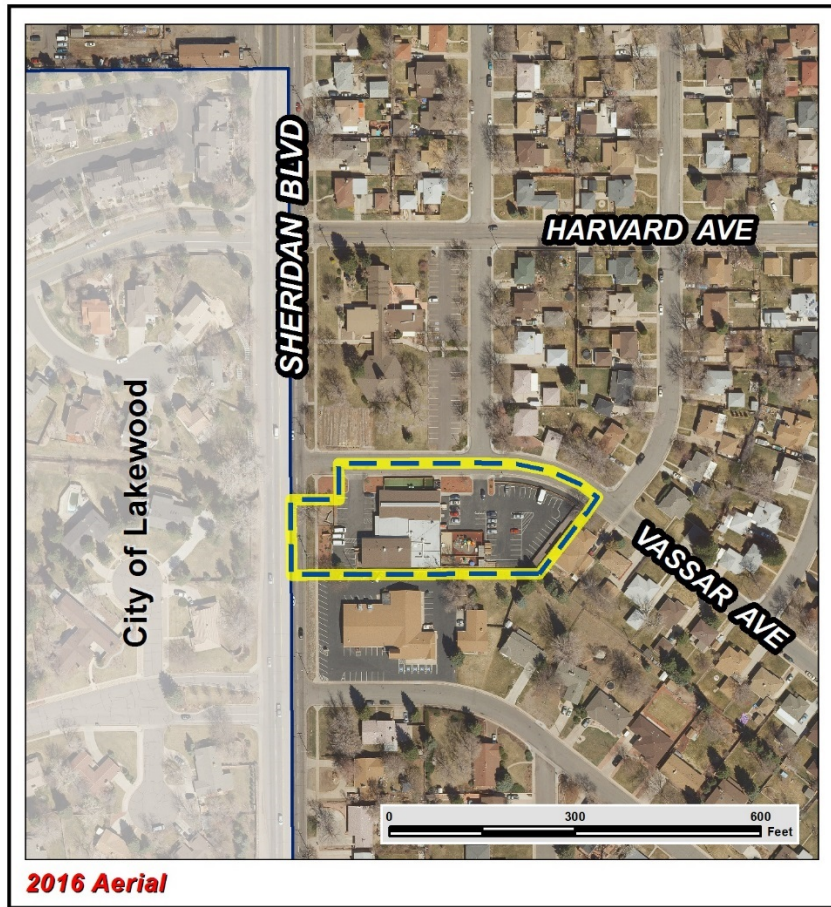

Address: 2600 South Sheridan Boulevard
Neighborhood: Harvey Park
Council District: Council District 2
RNOs: Harvey Park Improvement Association
Denver Neighborhood Association, Inc.
Inter-Neighborhood Cooperation (INC)
Area of Property: 1.272 Acres
Current Zoning: PUD 579
Proposed Zoning: S-SU-D
Property Owner(s): TMK Properties, LLC
Owner Representative: Gretchen Williams

Summary of Rezoning Request

- The subject property is located in the Harvey Park statistical neighborhood, at the intersection of South Sheridan Boulevard and West Vassar Avenue.
- The site is currently a non-residential structure being operated as a child care center.
- The subject property is in PUD 579. Uses are limited to R-1 uses, child care center, and a church.
- The property owners are requesting a rezoning from Former Chapter 59 (FC59) PUD 579 to allow for a zone lot amendment. The outcome of the zone lot amendment would allow for the sale of a 15' portion of the site to a neighbor who has been using the land as a drive way.
- The requested S-SU-D zone district is in the Suburban context, is a **Single Unit** district allowing suburban houses with a minimum zone lot area of 6,000 square feet. Additionally, this zone district allows for other uses such as Community Centers, Day Care Centers, Elementary or Secondary Schools, and Public and Religions Assemblies, subject to the use limitations in Article 11 of the Denver Zoning Code. Further details of the zone district can be found in Article 3 of the Denver Zoning Code (DZC).

Existing Context

The following table summarizes the existing context proximate to the subject site:

	Existing Zoning	Existing Land Use	Existing Building Form/Scale	Existing Block, Lot, Street Pattern
Site	PUD 487	Public/Quasi-Public (Child Care)	2 story non-residential building with surface parking	Typically an irregular pattern of block shapes surrounded by curvilinear streets within a modified or non-existent grid, and no alleys. Block shapes and sizes vary. The typical block pattern includes attached sidewalks, street and surface parking.
North	S-SU-D	Public/Quasi Public (Religious Assembly)	1 story religious assembly building with surface parking and landscaping	
South	S-SU-I	Public/Quasi Public (Religious Assembly)	1 story religious assembly building with surface parking and landscaping	
East	S-SU-D	Single Unit Residential	1 story single family residential	
West	City of Lakewood	Single Unit Residential	1 story single family residential	

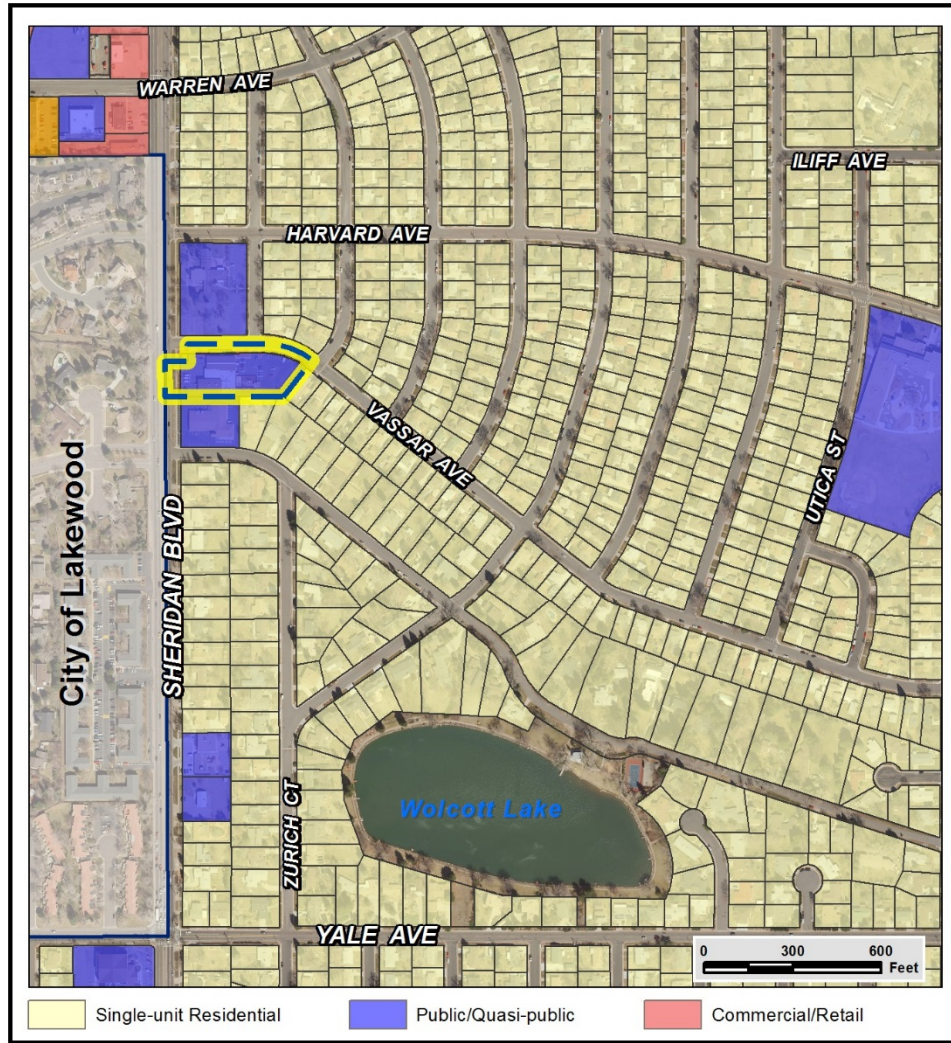

1. Existing Zoning

The current zoning on the site is a Former Chapter 59 PUD 579. The purpose of the Planned Unit Development (PUD) was to allow for the child care use without the operation of a church use. The PUD limits the uses to church and/or child care center and R-1 uses. The PUD places additional limitations on the church and child care uses to 14,526 s.f. and vehicular parking spaces to 65 (a requirement far in excess of the current DZC minimum of 1 per 1,000 s.f. resulting in 15 spaces). The PUD establishes a maximum building height of two stories and 40 ft. along with specified building setbacks. Additional details of the PUD standards are attached to this staff report.

As is the case with many Former Chapter 59 PUDs, the regulations and district plan of the PUD are written too specifically to accommodate a change to the site or zone lot. The applicant's desire for a zone lot split to sell off a 15' foot strip to the eastern neighbor cannot be accomplished under the existing PUD because the resultant zone lot would not comply with the minimum setback.

Summary of City Agency Referral Comments

As part of the DZC review process, the rezoning application is referred to potentially affected city agencies and departments for comment. A summary of agency referral responses follows:

Development Services – Project Coordination: Approved

A Zone Lot Amendment shall be processed in order to modify the Zone Lot Boundaries between 2600 S Sheridan Boulevard, and 5080 W Vassar Avenue. This Zone Lot Amendment shall show the existing driveway to be located on 5080 W Vassar Avenue's Zone Lot, thereby amending the boundaries of 2600 S Sheridan Avenue's Zone Lot.

Development Services – Wastewater: Approved

No objection to the rezoning.

However, all CCD Wastewater requirements will be applied to any future developments.

Environmental Health: Approved

DEH is not aware of environmental concerns here that would impact the request and does not object to the rezoning.

General Notes: Most of Colorado is high risk for radon, a naturally occurring radioactive gas. Due to concern for potential radon gas intrusion into buildings, DEH suggests installation of a radon mitigation system in structures planned for human occupation or frequent use. It may be more cost effective to install a radon system during new construction rather than after construction is complete.

If renovating or demolishing existing structures, there may be a concern of disturbing regulated materials that contain asbestos or lead-based paint. Materials containing asbestos or lead-based paint should be managed in accordance with applicable federal, state and local regulations.

The Denver Air Pollution Control Ordinance (Chapter 4- Denver Revised Municipal Code) specifies that contractors shall take reasonable measures to prevent particulate matter from becoming airborne and to prevent the visible discharge of fugitive particulate emissions beyond the property on which the emissions originate. The measures taken must be effective in the control of fugitive particulate emissions at all times on the site, including periods of inactivity such as evenings, weekends, and holidays.

Denver's Noise Ordinance (Chapter 36–Noise Control, Denver Revised Municipal Code) identifies allowable levels of noise. Properties undergoing Re-Zoning may change the acoustic environment, but must maintain compliance with the Noise Ordinance. Compliance with the Noise Ordinance is based on the status of the receptor property (for example, adjacent Residential receptors), and not the status of the noise-generating property. Violations of the Noise Ordinance commonly result from, but are not limited to, the operation or improper placement of HV/AC units, generators, and loading docks. Construction noise is exempted from the Noise Ordinance during the following hours, 7am–9pm (Mon–Fri) and 8am–5pm (Sat & Sun). Variances for nighttime work are allowed, but the variance approval process requires 2 to 3 months. For variance requests or questions related to the Noise Ordinance, please contact Paul Riedesel, Denver Environmental Health (720-865-5410).

Scope & Limitations: DEH performed a limited search for information known to DEH regarding environmental conditions at the subject site. This review was not intended to conform to ASTM standard practice for Phase I site assessments, nor was it designed to identify all potential environmental conditions. In addition, the review was not intended to assess environmental conditions for any potential right-of-way or easement conveyance process. The City and County of Denver provides no representations or warranties regarding the accuracy, reliability, or completeness of the information provided.

Public Works – City Surveyor: Approved

Criteria for Review / Staff Evaluation

The criteria for review of this rezoning application are found in DZC, Sections 12.4.10.7 and 12.4.10.8, as follows:

DZC Section 12.4.10.7

1. Consistency with Adopted Plans

2. Uniformity of District Regulations and Restrictions
3. Public Health, Safety and General Welfare

DZC Section 12.4.10.8

1. Justifying Circumstances
2. Consistency with Neighborhood Context Description, Zone District Purpose and Intent Statements

1. Consistency with Adopted Plans

The following adopted plans apply to this property:

- Denver Comprehensive Plan 2000
- Blueprint Denver (2002)

Denver Comprehensive Plan 2000

The proposal is consistent with many Denver Comprehensive Plan strategies, including:

- Environmental Sustainability Strategy 2-F – *Conserve land by: promoting infill development with Denver at sites where services and infrastructure are already in place. Designing mixed-use communities and reducing sprawl, so that residents can live, work and play within their own neighborhoods. Creating more density at transit nodes. (p 39)*
- Land Use Strategy 3-B – *Encourage quality infill development that is consistent with the character of the surrounding neighborhood; that offers opportunities for increased density and more amenities; and that broadens the variety of compatible uses. (p 60)*
- Economic Activity Strategy 1-F – *Support a collaborative effort by business, educational intuitions and regulatory agencies to enhance the supply, quality of childcare. (p 130)*
- Neighborhoods Strategy 1-F *Invest in neighborhoods to help meet citywide goals and objectives for a range of housing types and prices, community facilities, human services and mobility. Continue to foster integrity and livability of neighborhoods. (p 150)*

The proposed map amendments will enable for the continued use of a child-care facility while maintaining a residential single-unit zoning that is consistent with the neighborhood. The rezoning is consistent with these plan recommendations.

Blueprint Denver
 According to the Blueprint Denver Plan Map, updated by subsequent adopted plans, this site has a concept land use of Single Family Residential and is located in an Area of Stability. Single Family Residential areas “represent the majority of Denver’s residential areas... densities are fewer than 10 units per acre, often less than six units per acre neighborhood-wide, and the employment base is significantly smaller than the housing base. Single-family homes are the predominant residential type” (p. 42). The S-SU-D zone district allows for single family homes

and is consistent with the Blueprint land use designation. Additionally, the single unit districts allow for additional community serving uses such as child care centers and religious institutions with limitations details in Article 11 of the Denver Zoning Code.

Area of Stability

The subject site is designated as an Area of Stability. A Blueprint Denver strategy is to "preserve stable neighborhoods" (p 23) with the desire "to maintain the character of an area while accommodating new development and redevelopment in appropriate locations" (p 24). The rezoning application is consistent with the Blueprint Denver Area of Stability recommendations. The rezoning application for single-unit zoning consistent with the surrounding neighborhood will further stabilize the neighborhood while continuing to offer community services at the neighborhood scale.

Street Classifications

Blueprint Denver classifies South Sheridan Boulevard as a Residential Arterial. Arterials are “major roadways designed to provide a high degree of mobility and serve longer vehicle trips to, from, and within major activity centers in Denver and the region” with a focus on the “movement of people and goods, rather than access” (p 51) Additionally, arterials “serve higher-density and higher-intensity land uses adjacent to the streets” (p 194). More specifically, residential arterials “serve longer distance trips than residential local or collector streets” (p 62). The designation of South Sheridan Boulevard supports the transportation demands of the child care use throughout the neighborhood and region.

Blueprint Denver classifies West Vassar Avenue as an Undesignated Local. Local Streets are “influenced less by traffic volumes and are tailored more to providing local access. Mobility on local streets is typically incidental and involves relatively short trips at lower speeds to and from other streets. Because of their 'neighborhood' nature, travel speeds are usually lower than collectors and arterials” (p 51). The S-SU-D zone district is an appropriate zone district for this Undesignated Local street classification by allowing residential and community serving uses that are consistent with the existing context and character.

PUD Zoning

Blueprint Denver makes several recommendations to modernize Denver’s zoning code and address the problems that arise from old zoning. “Concerns with PUDs are that their widespread proliferation has increased the complexity of regulating land use, and the conditions they place on development sometimes perform poorly and inflexibly once the PUD has been adopted. This issue can be addressed if the city acts on the authority to repeal obsolete PUD zoning and change it to a more appropriate district” (p. 82). The proposed rezoning of a Former Chapter 59 PUD to the Denver Zoning Code would implement this guidance from Blueprint Denver resulting in more flexible and less complex zoning.

The rezoning to S-SU-D at the subject site is consistent with *Blueprint Denver’s* guidance.

2. Uniformity of District Regulations and Restrictions

The proposed rezoning to S-SU-D will result in the uniform application of zone district building form, use and design regulations.

3. Public Health, Safety and General Welfare

The proposed official map amendment furthers the public health, safety, and general welfare of the City primarily through implementation of the city’s adopted land use plans including Comprehensive Plan 2000 and Blueprint Denver. Additionally, the allowance for more community serving uses will promote the public health, safety, and general welfare of the City.

4. Justifying Circumstance

The application identifies several changed or changing conditions as the Justifying Circumstance under DZC Section 12.4.10.8.A.4, “The land or its surrounding environs has changed or is changing to such a degree that it is in the public interest to encourage a redevelopment of the area or to recognize the changed character of the area.” Since the approval of the current PUD in 2005, the adoption of the Denver Zoning Code in 2010 introduced the S-SU-D zone district as an appropriate zone district for

Single Family Residential concept land use areas. At the time of PUD 579, the S-SU-D zone district was not available nor was some of the built-in flexibility for child-care uses that the Denver Zoning Code now offers. The eastern 15-ft. portion of the PUD has changed in use and become a driveway for the property located at 5080 West Vassar Avenue and therefore has been a change to “the land,” which the rezoning would better recognize.

In general, Denver and the region has seen an increase in demand for child-care services as a result of the increase in the population and specifically children. According to *The Status of Denver’s Children: A Community Resource 2017*, there has been an increase of children under the age of 18 by four percent across the city with Harvey Park and surrounding neighborhoods seeing even greater increases of 26-34% (p. 22). The report also states that the “U.S. Census Bureau estimates 65 percent of Denver children age five and younger had all available parents in the labor force in 2015. This means that approximately 34,000 young children in Denver needed care during the day while their parents work. There are approximately 23,500 licensed child care slots in day care centers, day care homes, and preschools in Denver” (p. 78). Therefore, there is not only a current shortage of child care centers, but a growing demand for the growth and expansion of these centers to meet the existing needs of Denver’s families. Accordingly, Sec. 12.4.10.8.A.4 is an appropriate justifying circumstance for the proposed rezoning.

5. Consistency with Neighborhood Context Description, Zone District Purpose and Intent Statements

The requested S-SU-D zone district is within the Suburban Neighborhood Context. The neighborhood context generally consists of single-unit and multi-unit residential, commercial strips and centers, and office parks. Commercial buildings are often separated from residential. The context consists of an irregular pattern of block shapes. Building height is typically low, except for some mid- and high-rise structures, particularly along arterial streets. The subject site and the surrounding neighborhood are consistent with the layout, use mix, and characteristics of this suburban neighborhood context.

The general purpose of the residential districts is to promote and protect residential neighborhoods within the character of the Suburban Neighborhood Context. These standards recognize common residential characteristics within the Suburban Neighborhood Context but accommodate variation by providing a range of Residential Zone Districts. The regulations provide certainty to property owners, developers, and neighborhoods about the limits of what is allowed in a residentially-zoned area. These regulations are also intended to reinforce desired development patterns in existing neighborhoods while accommodating reinvestment.

The specific intent of the zone district is to allow for suburban houses with a minimum zone lot area of 6,000 square feet. The existing building would be subject to the standards of the suburban house building form standards and would therefore be consistent with the zone district purpose and intent statements.

Other Acts. Lender may do all such other things and acts with respect to the Property as Lender may deem appropriate and may act exclusively and solely in the place and stead of Grantor and to have all of the powers of Grantor for the purposes stated above.

No Requirement to Act. Lender shall not be required to do any of the foregoing acts or things, and the fact that Lender shall have performed one or more of the foregoing acts or things shall not require Lender to do any other specific act or thing.

APPLICATION OF RENTS. All costs and expenses incurred by Lender in connection with the Property shall be for Grantor's account and Lender may pay such costs and expenses from the Rents. Lender, in its sole discretion, shall determine the application of any and all Rents received by it; however, any such Rents received by Lender which are not applied to such costs and expenses shall be applied to the Indebtedness. All expenditures made by Lender under this Assignment and not reimbursed from the Rents shall become a part of the Indebtedness secured by this Assignment, and shall be payable on demand, with interest at the Note rate from date of expenditure until paid.

FULL PERFORMANCE. If Grantor pays all of the Indebtedness when due and otherwise performs all the obligations imposed upon Grantor under this Assignment, the Note, and the Related Documents, Lender shall execute and deliver to Grantor a suitable satisfaction of this Assignment and suitable statements of termination of any financing statement on file evidencing Lender's security interest in the Rents and the Property. Any termination fee required by law shall be paid by Grantor, if permitted by applicable law.

LENDER'S EXPENDITURES. If any action or proceeding is commenced that would materially affect Lender's interest in the Property or if Grantor fails to comply with any provision of this Assignment or any Related Documents, including but not limited to Grantor's failure to discharge or pay when due any amounts Grantor is required to discharge or pay under this Assignment or any Related Documents, Lender on Grantor's behalf may (but shall not be obligated to) take any action that Lender deems appropriate, including but not limited to discharging or paying all taxes, liens, security interests, encumbrances and other claims, at any time levied or placed on the Rents or the Property and paying all costs for insuring, maintaining and preserving the Property. All such expenditures incurred or paid by Lender for such purposes will then bear interest at the rate charged under the Note from the date incurred or paid by Lender to the date of repayment by Grantor. All such expenses will become a part of the Indebtedness and, at Lender's option, will (A) be payable on demand; (B) be added to the balance of the Note and be apportioned among and be payable with any installment payments to become due during either (1) the term of any applicable insurance policy; or (2) the remaining term of the Note; or (C) be treated as a balloon payment which will be due and payable at the Note's maturity. The Assignment also will secure payment of these amounts. Such right shall be in addition to all other rights and remedies to which Lender may be entitled upon Default.

DEFAULT. Each of the following, at Lender's option, shall constitute an Event of Default under this Assignment:

Payment Default. Grantor fails to make any payment when due under the Indebtedness.

Other Defaults. Grantor fails to comply with or to perform any other term, obligation, covenant or condition contained in this Assignment or in any of the Related Documents or to comply with or to perform any term, obligation, covenant or condition contained in any other agreement between Lender and Grantor.

Default on Other Payments. Failure of Grantor within the time required by this Assignment to make any payment for taxes or insurance, or any other payment necessary to prevent filing of or to effect discharge of any lien.

Default in Favor of Third Parties. Any guarantor or Grantor defaults under any loan, extension of credit, security agreement, purchase or sales agreement, or any other agreement, in favor of any other creditor or person that may materially affect any of any guarantor's or Grantor's property or ability to perform their respective obligations under this Assignment or any of the Related Documents.

Environmental Default. Failure of any party to comply with or perform when due any term, obligation, covenant or condition contained in any environmental agreement executed in connection with the Property.

False Statements. Any warranty, representation or statement made or furnished to Lender by Grantor or on Grantor's behalf under this Assignment or the Related Documents is false or misleading in any material respect, either now or at the time made or furnished or becomes false or misleading at any time thereafter.

Defective Collateralization. This Assignment or any of the Related Documents ceases to be in full force and effect (including failure of any collateral document to create a valid and perfected security interest or lien) at any time and for any reason.

Death or Insolvency. The dissolution of Grantor's (regardless of whether election to continue is made), any member withdraws from the limited liability company, or any other termination of Grantor's existence as a going business or the death of any member, the insolvency of Grantor, the appointment of a receiver for any part of Grantor's property, any assignment for the benefit of creditors, any type of creditor workout, or the commencement of any proceeding under any bankruptcy or insolvency laws by or against Grantor.

Creditor or Forfeiture Proceedings. Commencement of foreclosure or forfeiture proceedings, whether by judicial proceeding, self-help, repossession or any other method, by any creditor of Grantor or by any governmental agency against the Rents or any property securing the Indebtedness. This includes a garnishment of any of Grantor's accounts, including deposit accounts, with Lender. However, this Event of Default shall not apply if there is a good faith dispute by Grantor as to the validity or reasonableness of the claim which is the basis of the creditor or forfeiture proceeding and if Grantor gives Lender written notice of the creditor or forfeiture proceeding and deposits with Lender monies or a surety bond for the creditor or forfeiture proceeding, in an amount determined by Lender, in its sole discretion, as being an adequate reserve or bond for the dispute.

Property Damage or Loss. The Property is lost, stolen, substantially damaged, sold, or borrowed against.

Events Affecting Guarantor. Any of the preceding events occurs with respect to any Guarantor of any of the Indebtedness or any Guarantor dies or becomes incompetent, or revokes or disputes the validity of, or liability under, any Guaranty of the Indebtedness.

Adverse Change. A material adverse change occurs in Grantor's financial condition, or Lender believes the prospect of payment or performance of the Indebtedness is impaired.

Insecurity. Lender in good faith believes itself insecure.

RIGHTS AND REMEDIES ON DEFAULT. Upon the occurrence of any Event of Default and at any time thereafter, Lender may exercise any one or more of the following rights and remedies, in addition to any other rights or remedies provided by law:

Accelerate Indebtedness. Lender shall have the right at its option without notice to Grantor to declare the entire Indebtedness immediately due and payable, including any prepayment penalty that Grantor would be required to pay.

Collect Rents. Lender shall have the right, without notice to Grantor, to take possession of the Property and collect the Rents, including amounts past due and unpaid, and apply the net proceeds, over and above Lender's costs, against the Indebtedness. In furtherance of this right, Lender shall have all the rights provided for in the Lender's Right to Receive and Collect Rents Section, above. If the Rents are collected by Lender, then Grantor irrevocably designates Lender as Grantor's attorney-in-fact to endorse instruments received in payment thereof in the name of Grantor and to negotiate the same and collect the proceeds. Payments by tenants or other users to Lender in response to Lender's demand shall satisfy the obligations for which the payments are made, whether or not any proper grounds for the demand existed. Lender may exercise its rights under this subparagraph either in person, by agent, or through a receiver.

Appoint Receiver. Lender shall have the right to have a receiver appointed to take possession of all or any part of the Property, with the power to protect and preserve the Property, to operate the Property preceding foreclosure or sale, and to collect the

Rents from the Property and apply the proceeds, over and above the cost of the receivership, against the Indebtedness. The receiver may serve without bond if permitted by law. Lender's right to the appointment of a receiver shall exist whether or not the apparent value of the Property exceeds the Indebtedness by a substantial amount. Employment by Lender shall not disqualify a person from serving as a receiver. Receiver may be appointed by a court of competent jurisdiction upon ex parte application and without notice, notice being expressly waived.

Other Remedies. Lender shall have all other rights and remedies provided in this Assignment or the Note or by law.

Election of Remedies. Election by Lender to pursue any remedy shall not exclude pursuit of any other remedy, and an election to make expenditures or to take action to perform an obligation of Grantor under this Assignment, after Grantor's failure to perform, shall not affect Lender's right to declare a default and exercise its remedies.

Attorneys' Fees; Expenses. If Lender forecloses or institutes any suit or action to enforce any of the terms of this Assignment, Lender shall be entitled to recover such sum as the court may adjudge reasonable as attorneys' fees at trial and upon any appeal. Whether or not any court action is involved, and to the extent not prohibited by law, all reasonable expenses Lender incurs that in Lender's opinion are necessary at any time for the protection of its interest or the enforcement of its rights shall become a part of the Indebtedness payable on demand and shall bear interest at the Note rate from the date of the expenditure until repaid. Expenses covered by this paragraph include, without limitation, however subject to any limits under applicable law, Lender's attorneys' fees whether or not there is a lawsuit, including attorneys' fees and expenses for bankruptcy proceedings (including efforts to modify or vacate any automatic stay or injunction), appeals, and any anticipated post-judgment collection services, the cost of searching records, obtaining title reports (including foreclosure reports), surveyors' reports, and appraisal fees, title insurance, and fees for the Trustee, to the extent permitted by applicable law. Grantor also will pay any court costs, in addition to all other sums provided by law.

MISCELLANEOUS PROVISIONS. The following miscellaneous provisions are a part of this Assignment:

Amendments. This Assignment, together with any Related Documents, constitutes the entire understanding and agreement of the parties as to the matters set forth in this Assignment. No alteration or amendment to this Assignment shall be effective unless given in writing and signed by the party or parties sought to be charged or bound by the alteration or amendment.

Caption Headings. Caption headings in this Assignment are for convenience purposes only and are not to be used to interpret or define the provisions of this Assignment.

Governing Law. This Assignment will be governed by federal law applicable to Lender and, to the extent not preempted by federal law, the laws of the State of Colorado without regard to its conflicts of law provisions. This Assignment has been accepted by Lender in the State of Colorado.

Choice of Venue. If there is a lawsuit, Grantor agrees upon Lender's request to submit to the jurisdiction of the courts of Jefferson County, State of Colorado.

Merger. There shall be no merger of the interest or estate created by this assignment with any other interest or estate in the Property at any time held by or for the benefit of Lender in any capacity, without the written consent of Lender.

Interpretation. (1) In all cases where there is more than one Borrower or Grantor, then all words used in this Assignment in the singular shall be deemed to have been used in the plural where the context and construction so require. (2) If more than one person signs this Assignment as "Grantor," the obligations of each Grantor are joint and several. This means that if Lender brings a lawsuit, Lender may sue any one or more of the Grantors. If Borrower and Grantor are not the same person, Lender need not sue Borrower first, and that Borrower need not be joined in any lawsuit. (3) The names given to paragraphs or sections in this Assignment are for convenience purposes only. They are not to be used to interpret or define the provisions of this Assignment.

No Waiver by Lender. Lender shall not be deemed to have waived any rights under this Assignment unless such waiver is given in writing and signed by Lender. No delay or omission on the part of Lender in exercising any right shall operate as a waiver of such right or any other right. A waiver by Lender of a provision of this Assignment shall not prejudice or constitute a waiver of Lender's right otherwise to demand strict compliance with that provision or any other provision of this Assignment. No prior waiver by Lender, nor any course of dealing between Lender and Grantor, shall constitute a waiver of any of Lender's rights or of any of Grantor's obligations as to any future transactions. Whenever the consent of Lender is required under this Assignment, the granting of such consent by Lender in any instance shall not constitute continuing consent to subsequent instances where such consent is required and in all cases such consent may be granted or withheld in the sole discretion of Lender.

Notices. Any notice required to be given under this Assignment shall be given in writing, and shall be effective when actually delivered, when actually received by telefacsimile (unless otherwise required by law), when deposited with a nationally recognized overnight courier, or, if mailed, when deposited in the United States mail, as first class, certified or registered mail postage prepaid, directed to the addresses shown near the beginning of this Assignment. Any party may change its address for notices under this Assignment by giving formal written notice to the other parties, specifying that the purpose of the notice is to change the party's address. For notice purposes, Grantor agrees to keep Lender informed at all times of Grantor's current address. Unless otherwise provided or required by law, if there is more than one Grantor, any notice given by Lender to any Grantor is deemed to be notice given to all Grantors.

Powers of Attorney. The various agencies and powers of attorney conveyed on Lender under this Assignment are granted for purposes of security and may not be revoked by Grantor until such time as the same are renounced by Lender.

Severability. If a court of competent jurisdiction finds any provision of this Assignment to be illegal, invalid, or unenforceable as to any circumstance, that finding shall not make the offending provision illegal, invalid, or unenforceable as to any other circumstance. If feasible, the offending provision shall be considered modified so that it becomes legal, valid and enforceable. If the offending provision cannot be so modified, it shall be considered deleted from this Assignment. Unless otherwise required by law, the illegality, invalidity, or unenforceability of any provision of this Assignment shall not affect the legality, validity or enforceability of any other provision of this Assignment.

Successors and Assigns. Subject to any limitations stated in this Assignment on transfer of Grantor's interest, this Assignment shall be binding upon and inure to the benefit of the parties, their successors and assigns. If ownership of the Property becomes vested in a person other than Grantor, Lender, without notice to Grantor, may deal with Grantor's successors with reference to this Assignment and the Indebtedness by way of forbearance or extension without releasing Grantor from the obligations of this Assignment or liability under the Indebtedness.

Time is of the Essence. Time is of the essence in the performance of this Assignment.

Waive Jury. All parties to this Assignment hereby waive the right to any jury trial in any action, proceeding, or counterclaim brought by any party against any other party.

Waiver of Homestead Exemption. Grantor hereby releases and waives all rights and benefits of the homestead exemption laws of the State of Colorado as to all Indebtedness secured by this Assignment.

Waiver of Right of Redemption. NOTWITHSTANDING ANY OF THE PROVISIONS TO THE CONTRARY CONTAINED IN THIS ASSIGNMENT, GRANTOR HEREBY WAIVES ANY AND ALL RIGHTS OF REDEMPTION FROM SALE UNDER ANY ORDER OR JUDGMENT OF FORECLOSURE ON GRANTOR'S BEHALF AND ON BEHALF OF EACH AND EVERY PERSON, EXCEPT JUDGMENT CREDITORS OF GRANTOR, ACQUIRING ANY INTEREST IN OR TITLE TO THE PROPERTY SUBSEQUENT TO THE DATE OF THIS ASSIGNMENT.

The Clerk and Recorder for the CITY AND COUNTY OF DENVER, State of Colorado, does hereby certify this document to be a full, true, and correct copy of the original document recorded in my office.

ZONE MAP AMENDMENT NARRATIVE
2600 SOUTH SHERIDAN BOULEVARD
May 1, 2017 (revised)**

1. OVERVIEW (Revised)

This request is to rezone the property located at 2600 S. Sheridan Boulevard from Planned Unit Development (PUD) 579 to S-SU-D. PUD 579 was adopted under the Former Denver Zoning Code because the existing (and current) use, Children's Haven Day Care facility, was not allowed in the then-existing former R-1 zone district.

While the PUD could remain in place with the existing use, the eastern 22 feet of the lot has long been used as access for the adjacent residential property at 5080 W. Vassar Avenue, per friendly agreement between the two property owners. However, this arrangement is not allowed by the City and needs to be rectified. The property owners are discussing transfer of this strip to the owners of 5080 W. Vassar and execution of a Zone Lot Amendment. The property used for access cannot be transferred to the adjacent property owner while it is zoned PUD 579. It must be rezoned to S-SU-D to match the existing zoning of 5080 W. Vassar. This application is to rezone the entire Sheridan Blvd. property from PUD 579 to S-SU-D in order to resolve this issue.

The requested S-SU-D zoning for 2600 S. Sheridan allows the existing day care facility and also ensures that any redevelopment would have to be allowed under S-SU-D, in keeping with the larger neighborhood. Any proposed use not allowed under S-SU-D would require a full rezoning application and public review process.

This request is a straight-forward request made in order to resolve an issue, will not change any current uses, and will not have any negative impact on the neighborhood. This change will enhance the neighborhood by bringing properties into compliance with City policies. It also furthers the City's goal of adopting zoning classifications created in its new zoning code to replace current Planned Unit Developments.

2. MINIMUM AREA REQUIREMENTS

The subject property contains 55,200 square feet. However, since the subject property is proposed to be zoned S-SU-D, the same classification as the adjacent property, the minimum area requirement does not apply in this case, under the allowed exemption under Denver Zoning Code section 12.4.10.3.B.2, which states:

The subject property is adjacent to the same zone district designation sought for the subject property (for example, the subject property seeks a rezoning to G-MU-5 and is adjacent to property already zoned G-MU-5). For the purpose of this provision, adjacency shall not be destroyed by the existence of a dedicated public right-of-way.

3. CONSISTENCY WITH ADOPTED PLANS

The City has not adopted a neighborhood plan for this area. However, the proposed rezoning is consistent with adopted plans covering this area: *Comprehensive Plan 2000* and *Blueprint Denver*, the City's Land Use and Transportation Plan. These plans recognize the Harvey Park neighborhood as an Area of Stability with the predominant use of single-family residential. The requested rezoning is consistent with these plans.

Blueprint Denver, Chapter 1, Introduction, Page 5

*Blueprint Denver will outline the specific steps that must be taken to achieve the Plan 2000 vision. There are several key concepts that are central to Blueprint Denver's successful implementation. The plan will direct growth to Areas of Change and manage and limit change in Areas of Stability. **Areas of Stability** include the vast majority of Denver and **are primarily the fairly stable residential neighborhoods where minimal change is expected during the next 20 years.** The goal is to maintain the character of these areas yet accommodate some new development and redevelopment to prevent stagnation. Meanwhile, the vast majority of new development will be funneled to areas that will benefit from and thrive on an infusion of population, economic activity and investment. These are Areas of Change.*

The subject property is within an Area of Stability. The requested rezoning is consistent with the adopted plans in that the requested S-SU-D zoning is the same zoning classification as that of the larger Harvey Park residential neighborhood. This rezoning will in no way change the residential nature of the neighborhood.

In fact, the proposed rezoning will facilitate sale of the land used for access for the adjacent residential property which will enhance the character of the neighborhood by creating legal access to a residential property and ensuring that any redevelopment of the land currently zoned PUD 579 and being rezoned to S-SU-D will be appropriate to the neighborhood.

4. UNIFORMITY OF DISTRICT REGULATIONS AND RESTRICTIONS

The proposed zoning will create consistency of regulations by conforming the zoning of the subject property with the S-SU-D zoning of the rest of the Harvey Park neighborhood. It will provide the proper zoning of the land used for access to the adjacent residential parcel, which is currently zoned S-SU-D. It will also facilitate the potential sale of that access strip to the adjacent owners who have been using it as residential access by mutual agreement with the owners of the subject property.

5. PUBLIC HEALTH, SAFETY AND GENERAL WELFARE (Revised)

The proposed rezoning furthers the general health, safety and welfare of the neighborhood. The rezoning will conform the zoning classification of the residential property at 5080 W. Vassar Ave. and the land used for its access, both of which will be zoned S-SU-D after the proposed rezoning is approved. Then transfer of the land to the owners of the adjacent residential property and the necessary Zone Lot Amendment will resolve a longstanding situation that should be rectified.

The requested rezoning will replace the existing PUD and bring the subject property into conformance with the broader Harvey Park Neighborhood, most of which is zoned S-SU-D. Since there are no planned modifications to any of the existing structures, the rezoning poses no health, safety, crime or environmental hazards.

6. JUSTIFYING CIRCUMSTANCES (Revised)

The proposed rezoning is the result of changed and changing circumstances. The adoption of the new Denver Zoning Code offers newly created zone districts that recognize changing needs and expectations. The S-SU (Suburban-Single Unit) district, while still predominately residential, offers a slightly broader array of uses in recognition of the need for these types of services in proximity to residential uses. One of the non-residential uses considered supportive of and compatible with neighborhoods is child care facilities.

Much of the Harvey Park Neighborhood was rezoned S-SU in the Citywide rezoning after adoption of the new code. However, the subject property, being zoned PUD, was not included in that broad rezoning. The plan was to handle rezoning of PUD-zoned properties individually over time due to complexities involved in many PUD districts. The subject PUD at 2600 S. Sheridan is not complex, and now it should be rezoned to the S-SU-D to conform to the broader Harvey Park Neighborhood. The rezoning is also necessary to accommodate the required Zone Lot Amendment between the subject property and its adjacent S-SU-D zoned neighboring lot.

While compatible with and supportive of the neighborhood, the existing day care facility also provides a buffer between the single-family residential area and the increasing traffic along S. Sheridan, another changing condition consequent of the changing (i.e. growing) population in Denver and Jefferson County. And this population growth is another changing condition supporting the need for the child care Children's Haven provides.

7. CONSISTENCY WITH NEIGHBORHOOD CONTEXT (Revised)

The Denver Zoning Code is organized by Neighborhood Context, each of which establishes standards for compatible development. Neighborhood contexts are distinguished from one another by their physical and functional characteristics, including such items as street and alley and block patterns; building placement and height; diversity, distribution and intensity of land uses; and diversity of mobility options.

The Suburban Context is generally characterized by curving streets, predominately single family residential, and small shopping centers and other non-residential uses along the busier streets. This description depicts the Harvey Park Neighborhood and the subject parcel excellently. And the proposed rezoning will change nothing contextual in the neighborhood. No physical changes will occur as a result of the proposed zoning classification change. The 22-foot-wide access for 5080 W. Vassar is even already outside of the fence encompassing much of the subject property at 2600 S. Sheridan.

The existing child care facility will remain as it has been for years as part of the neighborhood context. The property will continue to act as a buffer for the residential neighborhood from the busy Sheridan Blvd. corridor. With the proposed S-SU-D zoning in place, any future changes on the property must be consistent with the neighborhood context.

8. SUMMARY (Revised)

This application seeks to rezone PUD 579, which was adopted to facilitate the existing child care facility not allowed in the then-existing former R-1 zoning classification. The proposed S-SU-D zoning will conform the zoning of this property to that of most of the neighborhood. The change to S-SU-D will also allow for the necessary Zone Lot Amendment between this property and 5080 W. Vassar due to an existing access issue.

The requested S-SU-D zoning is consistent with adopted plans. It is also consistent with the broader Harvey Park Neighborhood, which is largely zoned S-SU-D. The proposed rezoning will not result in any physical changes, and it will remedy the outstanding issue of access to the residential property on Vassar Ave. It also furthers the City's goal of adopting new zoning classifications to replace the older PUD zoning.

The applicant respectfully requests that the Denver Department of Community Planning & Development recommend approval of the proposed rezoning to the City Council.

The applicant further respectfully requests that City Council approve the rezoning request based on the necessity of conforming the zoning classification with the larger Harvey Park residential neighborhood, which is zoned S-SU-D.

16. Describe the nature and effect of the proposed amendment.

To operate a non-profit child care center that will serve the lower income families, teen parents as well as the surrounding community. Children's Haven Child Care Center will accept CCCAP enrollment. (anticipated enrollment between 60%-70% of total enrollment.) Current zoning requires a church presence. It is the desire of Children's Haven to provide such services without the requirement of a church presence.

17. Explain in detail the legal basis for the proposal: either (a) the error in the map as approved by City Council, or (b) the changed or changing conditions that make the map amendment necessary.

Changing Conditions:

There is a trend for churches to also serve as child care centers to provide a needed service to the community. Certain child care centers find it to be a hardship to face closure if the child care center is not operated as an accessory use to a church.

18. State the land use and development proposed for the property to be rezoned. Include the time schedule (if any) for development.

As of this date, R1 permits daycare operating within a church and even though it will be operating within a church, families need assurances that their service will be available regardless of church existence. The land and building use is already developed as a church/child care center. Children's Haven Child Care Center wants to be able to operate without a church presence. It is the applicant's intention to have the building continuously function as a church.
