THE MILE HIGH CITY

2019 Contingency Highlights And General Fund Supplemental Overview

Items: BR19 0874, BR19 0856, BR19 0869

August 27, 2019

According to City Charter:

- "The proposed budget for the general fund shall also include an amount, not less than two percent of the total estimated expenditures set forth in the general fund for the ensuing year, for the payment of any expense, the necessity of which is caused by any casualty, accident or unforeseen contingency, after the passage of the annual appropriation ordinance."

Given the charter language, the City's financial policy states certain criteria must be met to consider unbudgeted expenditures, including:

- An unexpected event such as a natural disaster or accident;
- Large unappropriated payouts or personnel costs such as retirement payout or midyear salary adjustments that cannot be absorbed by agency appropriation;
- Unfunded mandates as a result of legislation;
- Planned one-time expenditures that advance a programmatic or financial outcome.

There are two other 'reserves' to be used under natural disaster or economic downturn circumstances. Both must be replenished.
