Rezoning from I-B, UO-2 to I-MX-8

Staff Report and Recommendation

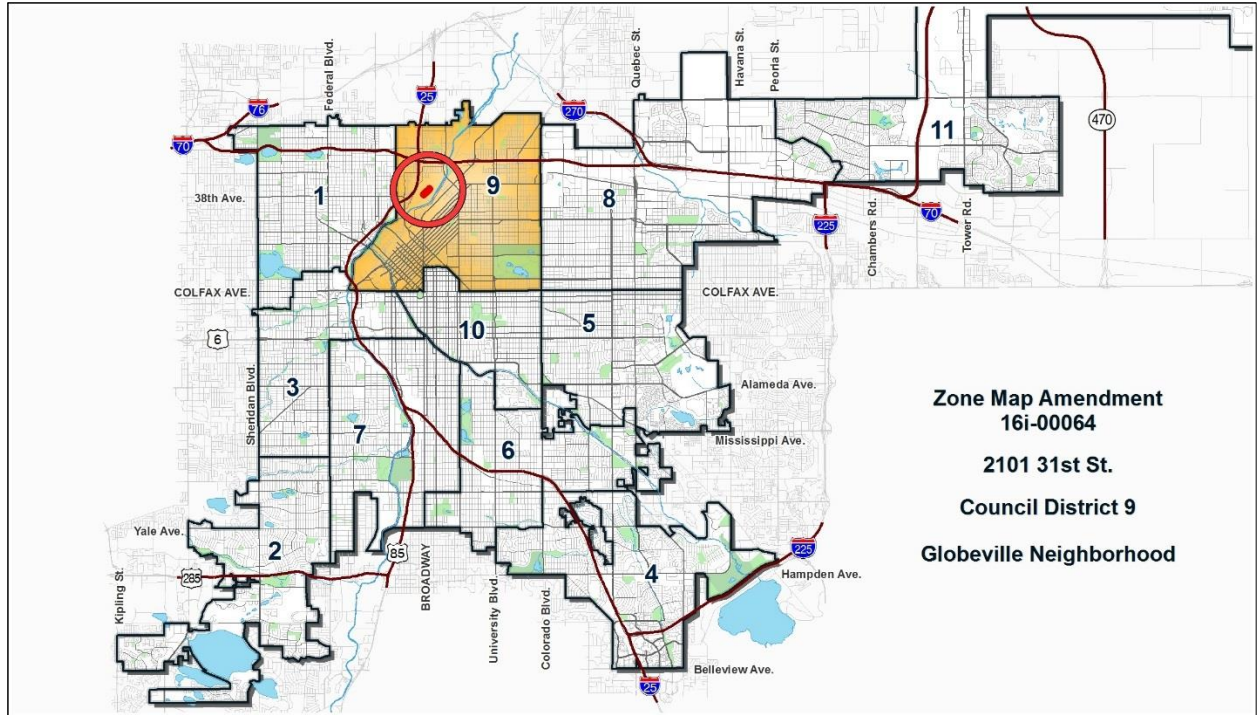

Based on the criteria for review in the Denver Zoning Code, Staff recommends approval for Application #2016I-00064 for a rezoning from I-B, UO-2 to I-MX-8.

Request for Rezoning

Application:	#2016I-00064
Address:	2099 & 2101 31 st St.
Neighborhood/Council District:	Globeville / Council District 9
RNOs:	River North Art District; Globeville Civic Association #2; Rio Norte; Inter Neighborhood Cooperation; North Neighborhood Democratic Council; Globeville K.A.R.E.S.; Denver Neighborhood Association; Elyria Swansea/ Globeville Business Association; United Community Action Network Inc.; Globeville Civic Partners; Denver Urban Residents Association; Comunidades Unidas Globeville Elyria & Swansea.
Area of Property:	4.02 acres
Current Zoning:	I-B, UO-2
Proposed Zoning:	I-MX-8
Property Owner(s):	Ringsby Land Inc.
Owner Representative:	Chris Woldum, Zeppelin Development

Summary of Rezoning Request

- The subject property is in the Globeville Neighborhood north of 31st Street adjacent to the rail corridor.
- The subject property is comprised of two assessor's parcels, 2099 and 2101 31st Street.
- The site is the former Reddy Ice Site.
- Fronting W. 39th Avenue is a residential structure that has been used as child-care/pre-school for the past twenty-plus years.
- The existing I-B, UO-2 is the general industrial district with the use overlay allowing for billboards, subject to limitations.
- The property owners are requesting a rezoning from I-B, UO-2 to I-MX-8 to allow for the redevelopment of the site.
- The requested zone district, I-MX-8, is defined as Industrial Neighborhood Context, **Mixed Use, 8-Story** maximum height, which accommodates a variety of industrial, commercial, civic and residential uses.

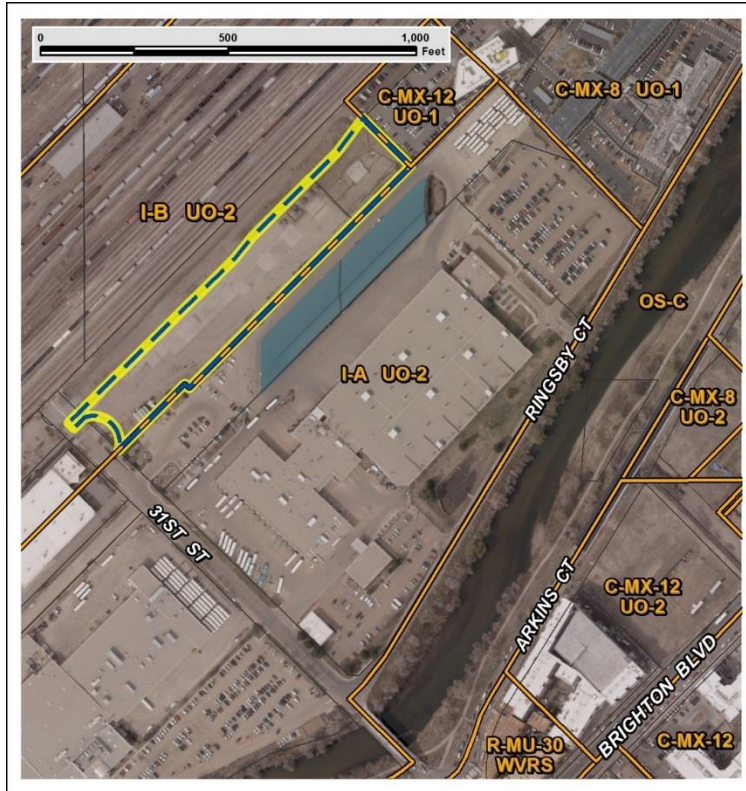

Existing Context

The following table summarizes the existing context proximate to the subject site:

	Existing Zoning	Existing Land Use	Existing Building Form/Scale	Existing Block, Lot, Street Pattern
Site	I-B, UO-2	Industrial	Former Reddy Ice industrial building	Consists of an irregular pattern of large blocks. Vehicle access is typically a drive from the street to a surface parking lot.
North	I-B, UO-2	Transportation, Communication, Utility and Industrial	Rail/Vacant	
South	I-A, UO-2	Transportation, Communication, Utility and Industrial	1- and 2-story industrial warehouse	
East	C-MX-12, UO-1	Vacant/Office	Parking lot and a 4 -story office building	
West	I-B, UO-2	Transportation, Communication, Utility and Industrial	1- and 2-story	

1. Existing Zoning

The properties at 2099 and 2101 31st Street are currently zoned I-B, UO-2. The I-B “General Industrial” zone district allows a broad range of industrial uses that are generally more intensive than those uses found in I-A. No new residential uses may be established. Building forms are limited by maximum floor area ratio of 2.0 and lack street level activation or build-to requirements.

The UO-2 zone district is a Use Overlay which carried forward entitlement from the Former Chapter 59 to allow outdoor general advertising devices, or billboards, subject to limitations. Further details of the UO-2 zone district are found in DZC Article 9. The applicant does not intend to retain this allowance and is rezoning to a “straight” I-MX-8 zone district without the UO-2 overlay district.

Criteria for Review / Staff Evaluation

The criteria for review of this rezoning application are found in DZC, Sections 12.4.10.7 and 12.4.10.8, as follows:

DZC Section 12.4.10.7

1. Consistency with Adopted Plans
2. Uniformity of District Regulations and Restrictions
3. Public Health, Safety and General Welfare

DZC Section 12.4.10.8

1. Justifying Circumstances
2. Consistency with Neighborhood Context Description, Zone District Purpose and Intent Statements

1. Consistency with Adopted Plans

The following adopted plans apply to this property:

- Denver Comprehensive Plan 2000
- Blueprint Denver (2002)
- Globeville Neighborhood Plan (2014)
- 38th and Blake Station Area Plan: Building Heights Amendment (2016)

Denver Comprehensive Plan 2000

The proposal is consistent with many Denver Comprehensive Plan strategies, including:

- Environmental Sustainability Strategy 2-F – *Conserve land by: promoting infill development with Denver at sites where services and infrastructure are already in place. Designing mixed-use communities and reducing sprawl, so that residents can live, work and play within their own neighborhoods. (p 39)*
- Land Use Strategy 3-B – *Encourage quality infill development that is consistent with the character of the surrounding neighborhood; that offers opportunities for increased density and more amenities; and that broadens the variety of compatible uses. (p 60)*
- Land Use 4-A - *Encourage mixed-use, transit-oriented development that makes effective use of existing transportation infrastructure, supports transit stations, increases transit patronage, reduces impact on the environment, and encourages vibrant urban centers and neighborhoods. (p 60)*
- Mobility 3-B- *Promote transit-oriented development (TOD) as an urban design framework for urban centers and development areas. (p 77)*
- Mobility Strategy 4-E – *Continue to promote mixed-use development, which enables people to live near work, retail and services. (p 76)*

The proposed map amendment will enable mixed-use development at an infill location where there are new redevelopment opportunities. The I-MX-8 zone district broadens the variety of compatible uses allowed by introducing residential uses and limiting heavy industrial uses. The rezoning is consistent with these plan recommendations.

Blueprint Denver

According to the 2002 Plan Map adopted in Blueprint Denver, this site has a concept land use of Industrial, Area of Change. The 2014 Globeville Neighborhood Plan, described in more detail below, updated the Blueprint Denver Plan Map to reflect the neighborhood plan’s guidance for concept land uses and areas of change.

Future Land Use

Blueprint Denver’s description of Mixed Use areas is generally similar to the description of Mixed Use areas in the Globeville Neighborhood Plan, detailed below. According to Blueprint Denver, these areas “have the potential to be more diverse employment areas” (p. 40).

Area of Change / Area of Stability

As recommended by the Globeville Neighborhood Plan, Blueprint Denver identifies this site as an Area of Change, shown in diagonal hatching in the map above. In general, “The goal for Areas of Change is to channel growth where it will be beneficial and can best improve access to jobs, housing and services with fewer and shorter auto trips” (p. 127). Further, “the base strategy for encouraging development [in Areas of Change] is to allow

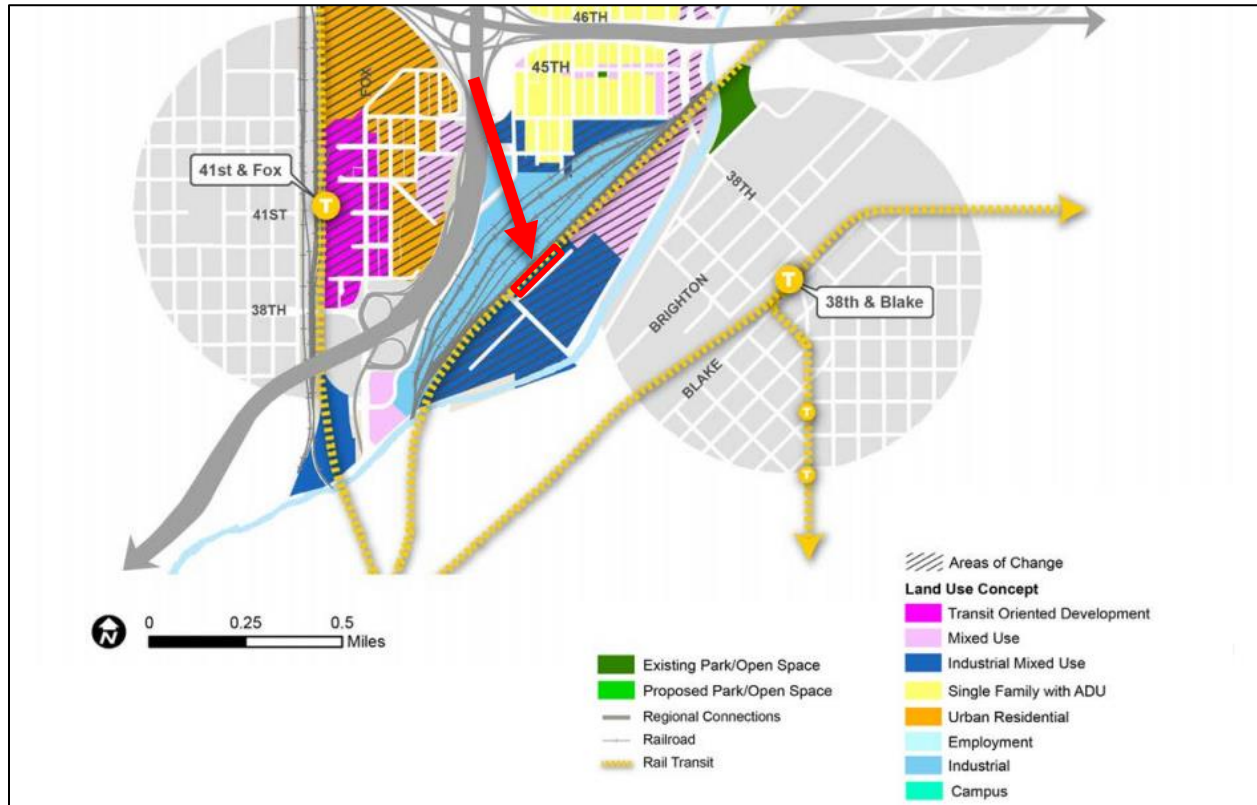

sufficient development intensity and appropriate mixes of uses so that planned land uses will be economically feasible” (p. 128). Rezoning to the I-MX-8 zone district will enable growth through better building forms, increased development capacity, and a more compatible mix of uses. Therefore, the rezoning application is consistent with the Blueprint Denver Area of Change recommendations.

Street Classifications

Blueprint Denver’s Future Street Classification Map was also updated by the Globeville Neighborhood Plan. 31st Street is an undesignated local street. Blueprint Denver says that local streets are “influenced less by traffic volumes and tailored more to providing local access. Mobility on local streets is typically incidental and involves relatively short trips at lower speeds to and from other streets.” The I-MX-8 zone district is an appropriate zone district for this Undesignated Local street classification by allowing for redevelopment of the site that is consistent with the existing context and character.

Small Area Plan: Globeville Neighborhood Plan (2014)

The Globeville Neighborhood Plan was adopted by City Council in December 2014 and applies to the subject property. According to the plan, under the vision of a “Strong Globeville,” Recommendation 1 is “a land use plan that balances the needs of residents, commerce, and industry.”

The plan identifies this site as being in a “Industrial mixed use” area, and recommends the following:

B3. Improve compatibility between industrial and residential uses.

Improve compatibility where these uses coexist in close proximity by using the following strategies:

- Reduce industrial use intensity when adjacent to residential. Ensure that industrial uses that most heavily impact residential areas, such as salvage yards, recycling centers, and automobile towing, observe separation and screening requirements as established by zoning.
- Use Industrial Mixed Use Concept Land Use as a buffer. Where industrial uses are immediately adjacent to residential uses, improve the transition through the use of Industrial Mixed Use Concept Land Use.

B5. Revitalize through mixed-use development.

In areas recommended for Mixed Use Concept Land Use, including portions of Washington Street, 45th Avenue, and the Riverfront:

- Site building forms at the street with parking and access in the rear or off the alley, where possible.
- Promote the use of design elements that link the building directly to the street environment, such as ground story activation, transparent window openings, and doorways at the street.
- Allow a mix of uses within the area and within individual buildings.

The plan further describes Industrial Mixed Use as “mixed-use areas with light industrial uses that are compatible with residential uses, such as light manufacturing and smaller warehouses. These areas have both a sizable employment base as well as a variety of mid-density housing options. Land uses may be, but are not necessarily, mixed in each building, development, or block. Pedestrian access is important

within these areas, with residential and non-residential uses always within walking distance of one another” (p. 31).

The plan provides further recommendations for the different character areas, with the site is in Industrial Edge character area the following recommendation is provided.

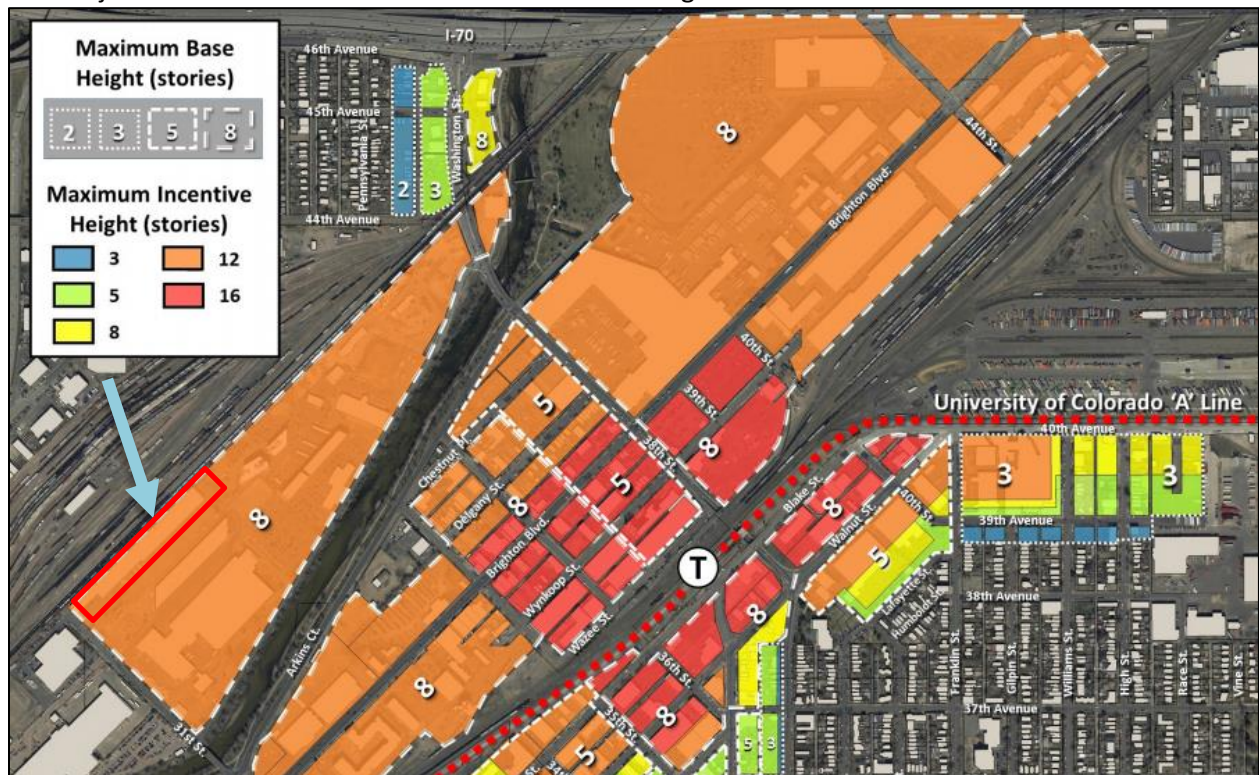

E12F. Transition to Industrial Mixed Use in the 31st Avenue and Ringsby Court Area.

RTD’s bus maintenance facility is located in this area, alongside a few smaller industrial users. Industrial Mixed Use is recommended in this area to acknowledge the mixed-use character that is emerging along this portion of the South Platte River, both next door at Taxi and nearby along Brighton Boulevard and in the Denargo Market area”. (p. 115) Therefore, rezoning application is consistent with the Globeville Neighborhood Plan recommendations.

Small Area Plan: 38th and Blake: Height Amendments

The 38th and Blake Height Amendments Plan was adopted by City Council in September of 2016 with the intent to provide a clear vision for building height. The plan identifies a “Maximum base height. This is the maximum height based on review of recommendations from previously adopted plans. Zoning map amendments that would allow these base heights are appropriate prior to adoption of tools to implement requirements for higher design quality and integrated affordable housing” (P 7).

The subject site is recommended at a maximum base height of 8 stores.

In combining all the above recommendations, the zone district that best implements the adopted plan is the I-MX-8 zone district. The I-MX-8 zone district building form standards include minimum required design elements to require buildings to relate to the street and pedestrian environment. These standards require better design than that required by the current I-B, UO-2 zone district. The permitted uses in the I-MX-8 zone district include a broad range of both employment and housing options. The

maximum allowed building height in the zone district is 8 stories. Therefore, rezoning to I-MX-8 is consistent with the above plan recommendations.

2. Uniformity of District Regulations and Restrictions

The proposed rezoning to I-MX-8 will result in the uniform application of zone district building form, use and design regulations.

3. Public Health, Safety and General Welfare

The proposed official map amendment furthers the public health, safety, and general welfare of the City primarily through implementation of the city's adopted land use plans as described earlier in this report.

4. Justifying Circumstance

The application identifies several changed or changing conditions as the Justifying Circumstance under DZC Section 12.4.10.8.A.4, "The land or its surrounding environs has changed or is changing to such a degree that it is in the public interest to encourage a redevelopment of the area or to recognize the changed character of the area." Many adopted plan recommendations state that industrial mixed use reinvestment in the area is desired, and the recently adopted neighborhood plan also recognized that this site is in an Area of Change. Changes in the surrounding environs include the opening of the 38th and Blake Rail Station and the redevelopment of the surrounding area to mixed use residential and office. These factors make this justifying circumstance appropriate for the proposed rezoning.

5. Consistency with Neighborhood Context Description, Zone District Purpose and Intent Statements

The requested I-MX-8 zone district is within the Industrial Neighborhood Context. The neighborhood context is primarily characterized by areas of light industrial, warehouse and heavy industrial areas, as well as areas subject to transitions from industrial to mixed-use. Building placement in the Industrial Mixed Use districts is closer to the street with parking, loading and access in the rear of the site. Reuse of existing industrial buildings with street facing loading presents design challenges. Building heights range from 1-8 stories which utilize simple forms to maximize open floor space to accommodate warehousing, although older industrial areas include multi-story warehouse buildings, manufacturing uses, adaptive re-use of industrial structures, and multi-storied mixed use buildings (DZC, 9.1).

The General Purpose of the Industrial Mixed Use District is intended to develop in a pedestrian-oriented pattern, with buildings built up to the street and an active Street Level; provide a transition between mixed use areas and I-A or I-B Industrial Districts; and accommodate a variety of industrial, commercial, civic and residential uses (DZC, 9.1.2.1.A.). The specific intent of the district is to apply to industrially-dominated areas served primarily by collector or arterial streets with a maximum building height of 8 stories (DZC, 9.1.2.1.A.4). While the site is not directly accessed by collectors or arterials, the building heights recommendation is consistent with the district and the area is industrially dominated. Therefore, rezoning the site to the I-MX-8 zone district would be consistent with the zone district intent statement.

Staff Recommendation

Rezoning Application #2016I-00064
2101 31st Street and 2099 31st Street
November 16, 2016
Page 13

Based on the analysis set forth above, CPD staff finds that the application for rezoning the property located at 2099 & 2101 31st St to an I-MX-8 zone district meets the requisite review criteria. Accordingly, staff recommends approval of the rezoning.

“Justifying Circumstances” & “Consistency with Adopted Plans”

“The land or it surrounding has changed or is changing to such a degree that it is in the public interest to encourage a redevelopment of the area to recognize the changed character of the area.”

The areas to the north and east of these land parcels have recently been undergoing a pattern of redevelopment, transitioning from industrial to mixed-use development. This is true of the entire “River North”, with multi-family residential, office and other developments accelerating over the past five years. Due to site constraints for industrial uses (configuration, access, etc.), the parcels at 2101 31st street are uniquely positioned for a change of use/zoning to accommodate a future affordable multi-family development.

“Uniformity of District Regulations and Restrictions”

“The proposed official map amendment results in regulations and restrictions that are uniform for each kind of building throughout each district having the same classification and bearing the same symbol or designation on the official map, but the regulations in one district may differ from those in other districts.”

The proposed amendment provides for consistency within the district that the property is located.

“Public Health, Safety and General Welfare”

“The proposed official map amendment furthers the public health, safety and general welfare of the City”

The amendment will allow for immediate redevelopment of the now vacant land parcels. By providing a mixed-use zoning, the property will become marketable for development that will improve the property from the existing, vacant land to a more productive use. Further, the case can be made that the conditions that exist within the current land parcel exhibit features of blight and by providing the necessary zoning, the elimination of blight will lead to health, safety and general welfare benefits.

“The Proposed official map amendment is consistent with the description of the applicable neighborhood context and with the stated purpose and intent of the proposed Zone District”

Within the Zoning Code, the general character of the Industrial Context includes areas of light industrial, warehouse... as well as areas subject to transitions from industrial to mixed-use. The rezoning request positions this property for the transition to mixed-use development that is consistent with the zone district’s intent.

The street patterns described within the Industrial context are consistent with this land parcel in that it is a large irregular block.

In addition, the proposed redevelopment of this re-zoned parcel includes characteristics that are consistent with the building placement, building height and mobility as listed in the Denver Zoning Code.

a. Time and Effort. The Manager shall devote such time and effort to the business of the Company as the Manager determines to be necessary to conduct the business of the Company.

b. Conflicts of Interest.

(2) Business Opportunities. The Member and the Manager may engage and invest in other business ventures or properties of any nature, whether or not competitive with the business of the Company. It is expressly understood that the Member and the Manager may enter into transactions that are similar to the transactions into which the Company may enter, and the Company shall not by virtue of this Agreement have any right or interest in such other transactions or the income or profits therefrom.

(3) Deals with Company. The Manager, acting on behalf of the Company, shall not be prohibited from or otherwise limited in employing, borrowing money from, contracting with, or otherwise dealing with, any Person by reason of the fact that such Person is the Manager, the Member or an Affiliate of the Manager or the Member, or is an Entity in which the Manager or the Member has an interest, whether such relationship, affiliation, or interest is direct or indirect, provided that the terms and conditions of such employment, loan, contract or other dealing are fair to the Company.

c. Duty of Care. The Manager shall perform its duties as Manager in good faith, in a manner the Manager reasonably believes to be in the best interest of the Company and with such care as an ordinarily prudent person in a like position would use under similar circumstances. Unless intentional misconduct or a knowing violation of law shall be proved by nonappealable court order, judgment, decree or decision, the Manager shall not be liable or obligated to the Member for any mistake of fact or judgment or for the doing of any act or the failure to do any act by the Manager in conducting the business, operations and affairs of the Company, which may result in any loss or damage to the Company or its Member. The Manager does not, in any way, guarantee the return of the Member's Capital Contributions from the operations of the Company. The Manager shall not be responsible to the Member because of a loss of the Member's investment or a loss in operations, unless the loss shall have been the result of intentional misconduct or a knowing violation of the law. In discharging its duties as Manager, the Manager shall be fully protected in relying in good faith upon the records of the Company and upon such information, opinions, reports, or statements by any of its agents, or by any other Person, as to matters the Manager reasonably believes are within such other Person's professional or expert competence and who has been selected with reasonable care by or on behalf of the Company.

This Agreement shall be applicable to and binding upon the Manager. Service as the Manager shall be conclusive evidence of the acceptance of the terms hereof.

8.9 Creditors' Rights. If a court of competent jurisdiction changes the Membership Interest of the Member with payment of the unsatisfied amount of any judgment or claim, to the extent so charged, the judgment creditor shall have only the rights of an assignee, and the Company shall not be dissolved, unless otherwise dissolved pursuant to the provisions of this Agreement or the Act. Such judgment creditor shall have only an Economic Interest and shall not have the right to be admitted as a Member nor to exercise any rights of a Member under this Agreement or the Act.

8.10 Tax Classification as a Partnership If Two or More Members. If at any time the Company has two or more Members, the Company shall be taxable as a partnership for federal income tax purposes pursuant to the Regulations promulgated under Section 7701 of the Code, unless the Company elects another tax classification pursuant to those Regulations. Notwithstanding anything contained herein to the contrary, after the Company has two or more Members and until this Agreement is amended to address the change in the tax classification of the Company for federal income tax purposes, (a) all tax allocations and distributions shall be made in accordance with the Code, (b) the capital accounts of the Members shall be maintained in accordance with the Code, including Section 704(b) of the Code, and (c) liquidating distributions shall be made to the Members in proportion to their positive capital account balances.

7.2 Liquidation and Termination. As soon as possible following the dissolution of the Company, the Manager shall execute a statement of intent to dissolve in such form as shall be prescribed by the Secretary of State and file the same with the Secretary of State. Upon the filing of the statement of intent to dissolve, the Company shall cease to carry on its business, except insofar as may be necessary for the winding up of its business, but its separate existence shall continue until the articles of dissolution have been filed with the Secretary of State or until a decree dissolving the Company has been entered by a court of competent jurisdiction.

7.3 Liquidating Distributions. In settling accounts after dissolution, the assets of the Company shall be distributed (a) to creditors (including the Member if it is a creditor, to the extent permitted by law) in satisfaction of the liabilities of the Company and then (b) to the Member.

7.4 Return of Contribution. Except as provided by law, upon dissolution, the Member shall look solely to the assets of the Company for the return of the Member's Capital Contribution.

8.6 Severability. If any provision of this Agreement or the application thereof to any Person or circumstance shall be illegal, invalid or unenforceable to any extent, the remainder of this Agreement and the application thereof shall not be affected and shall be enforceable to the fullest extent permitted by law. Furthermore, a new provision shall automatically be deemed added to this Agreement in lieu of such illegal, invalid or unenforceable provision, which new provision is as similar in terms to such illegal, invalid or unenforceable provision as is possible with the new provision still being legal, valid and enforceable.

The undersigned hereby acknowledges the foregoing and agrees without exception to be bound by its terms.

RE: 2101 31st Street Map Amendment Application

Dear Mr. Barge,

The Elyria-Swansea-Globeville Business Association (ESGBA), a Registered Neighborhood Organization with the City of Denver, is pleased to provide this letter of support for the rezoning of 4.02 acres at 2101 31st Street.

The ESGBA supports the proposal to rezone 2101 31st Street from I-B, UO-2, to I-MX-8 for the following reasons:

1. I-B, UO-2 zoning does not align with the goals expressed for future development or growth in the Globeville Neighborhood Plan.
2. I-MX-8 is better aligned with business and neighborhood expectations, as identified in the Neighborhood Plan, for future development in Globeville. The I-MX zone encourages more community oriented design while retaining significant flexibility in terms of use.
3. I-MX-8 is also more closely aligned with the 12 story zoning proposed in the 38th and Blake Station Area Heights Amendment plan for that area.

Sincerely,

Cliff Lind – President

Dear Chris,

On behalf of the RiNo Art District, we want to thank you for taking the opportunity to meet with us to present your proposal for rezoning of the former Reddy-Ice land located at 2101 31st Street in the RiNo neighborhood.

Upon review of your project, the RiNo Executive Committee is supportive of the work of Zeppelin Development (through its affiliate Ringsby Land, Inc.) to repurpose and develop this large neighborhood site. Additionally, we are supportive of your proposed rezoning from I-B and UO-2 to IMX-8, a form that was recommended in the Globeville Neighborhood Plan.

The proposed redevelopment of this site will introduce additional affordable housing, activation and a mix of neighborhood supporting uses, which we welcome. Thank you for the opportunity to comment. We look forward to continuing to work with you on your redevelopment.

Regards,

RiNo's Executive Committee
