- 5. Describe the proposed ordinance, including what the proposed ordinance is intended to accomplish, who's involved**
 - a. Scope of Work**

This is a 5 year contract extension with Summer Scholars to provide summer recreation services in conjunction with its summer literacy program at multiple Denver Public Elementary School partners for 50 -100 students per site. Summer Scholars will provide overall administration, hiring and supervision of staff, program development and implementation, maintenance of child care licensure, and liaison with other program components.

The goal of the project is to implement the Summer Scholars Recreation Program, held in the afternoons in conjunction with the Summer Scholars literacy program, to offset the risk factors of academic failure and lack of access to recreation services. The Summer Scholars Recreation Program serves as an incentive for students to participate in the morning literacy program and as a complement to the academic nature of the program.

Community Recreation operates recreation programs at (8) elementary schools including Amesse, Columbine, Moore, Harrington, Montclair, Valdez, Whittier and Ford in conjunction with Summer Scholars program sites, but Community Recreation does not have the capacity to operate the programs at all of the sites. Summer Scholars will administer the recreation programs at (9) sites not coordinated by Community Recreation at Ashley, Garden Place Oakland, Palmer, Park Hill, Place, Smith, Swansea, and Wyatt Edison Elementary Schools.

There are daily activities, field trips, as well as extracurricular activities with partners such as Audubon Society of Greater Denver , Children's Art School, Children's Chorale , Colorado Mountain, Club (CMC), Girl Scouts , Gray Matters , Junior Achievement , Magic with Gary Outlaw , Mizel Museum , and Museo de las Americas.
