DEPARTMENT OF AVIATION
CITY COUNCIL ORDINANCE REQUEST SUMMARY
EnvironmentalVue Noise Monitoring System 2nd Amendment

Purpose and Use of Agreement(s)

This contract amendment will continue to provide the DEN Noise Abatement Office access to L3Harris Technologies, Inc. EnvironmentalVue and PublicVue aircraft noise monitoring software and provide NextGen radar data, as well as provide associated technical support and maintenance. DEN is required to maintain a functioning aircraft noise monitoring system per the terms of the 1988 Denver/Adams County Intergovernmental Agreement on a New Airport.

Continued legal uncertainty regarding the ongoing noise litigation and future IGA compliance necessitates the continuity of DEN's noise systems until those issues are resolved. These services will again be competitively procured when greater certainty exists.
