

Denver City Council

Amendment to CB12-0903 the revised 2013 Budget bill

Councilwoman Jeanne Faatz

December 17, 2012

Madam President: I move that CB12-0903 be amended in the following particulars:

1. On page 4, line 16, strike the amount **2,625,000** and replace with the amount 75,000
2. On page 5, line 41, strike the amount **\$109,341,000** and replace with the amount **\$106,791,000**
3. On page 6, line 26, strike the amount **\$980,474,000** and replace with the amount **\$977,924,000** ; on line 29, strike the amount **\$990,968,055** and replace it with the amount **\$988,418,055** ; and on line 34 strike the **\$992,776,355** and replace it with the amount **\$990,226,355**.

Explanation: This amendment corrects drafting errors in CB12-0903--the bill allocating 2A revenues to the previously-passed 2013 City budget--by directly allocating additional mills intended for Denver Human Services (DHS) to the DHS special revenue fund. The original bill showed this incorrectly as a general fund transfer.
