**TO: Carla Madison, Chair – Blueprint Denver Committee of the Denver City Council**  
**FROM: Tina Axelrad, Principal City Planner**  
**DATE: July 28, 2010**  
**RE: Denver Zoning Code - Amendment 2: Various Text Errata**

**Staff Report and Recommendation**

Pursuant to Section 12.4.11 (Text Amendment) of the Denver Zoning Code, the Blueprint Denver Committee is scheduled to review Amendment 2 to the Denver Zoning Code at its regularly scheduled meeting on July 28, 2010. The Committee will make a determination whether to forward the proposed text amendment to the Denver City Council for its final decision at a public hearing.

Based on the criteria for review stated for text amendments in Section 12.4.11.9 of the Denver Zoning Code, CPD staff recommends that the Blueprint Denver Committee forward to the full City Council this Amendment 2 to the Denver Zoning Code, which address various text errata.

**I. Summary and Purpose of Proposed Amendment 2**

Amendment 2 addresses various text errata of the Denver Zoning Code as originally adopted by City Council on June 21, 2010. None of Amendment 2 is substantive in nature, nor contrary to the original intent of the subject code provisions.

The table below summarizes the specific revisions proposed, while copies of the amended pages, which show all the tracked changes (underlined text for additions; ~~strikethrough text~~ for deletions), are attached to this staff report for council’s review and consideration:

Type of Errata	General Description
<p><b>1. Cross References</b></p>	<ul style="list-style-type: none"> <li>Article 9, page 9-109, Section 9.6.1.2.C: Correct Section “9.7.1.5” to be “9.6.1.5.”</li> <li>Article 1, page 1-11, correct Section 1.3.3.2.B.1 reference of “paragraph B.1 above” to “paragraph A above”</li> </ul>
<p><b>2. Page Headers in Article 9</b></p>	<ul style="list-style-type: none"> <li>On pages 9-67 and 9-68, change from “Division 9.2” to “Division 9.3”</li> <li>On pages 9-83 and 9-84, change from “Division 9.3” to “Division 9.4”</li> <li>On pages 9-95 and 9-96, change from “Division 9.4” to “Division 9.5”</li> <li>On pages 9-109 and 9-110, change from “Division 9.5” to Division “9.6”</li> </ul>
<p><b>3. Graphic Labeling</b></p>	<ul style="list-style-type: none"> <li>Delete the label “F” from the Detached Accessory</li> </ul>

Type of Errata	General Description
	Dwelling Unit graphics in Articles 3-6.
<b>4. Summary of Zone Districts in Article 2</b>	<ul style="list-style-type: none"> <li>• Add E-CC-3x zone district to Section 2.5.1.3, summary table of all zone districts</li> <li>• Add pending three new M (Master Planned Context) zone districts to Section 2.5.1.3, summary table of all zone districts</li> </ul>
<b>5. Table Headers</b>	<ul style="list-style-type: none"> <li>• Add G-RO zone district to the Utility Building Form table heading</li> <li>• Add S-CC-3x, -5x and E-CC-3x to all building form table headings (same form tables as for S-CC-3, -5 and E-CC-3)</li> <li>• Add S-CC-3x, -5x, E-CC-3x zone districts to Sign Tables in Article 10 (same tables as for S-CC-3, -5 and E-CC-3)</li> <li>• Correct Use Table “key” to abbreviations in Article 8, Division 8.9 to match all other use table keys</li> </ul>
<b>6. Zone District List and Intent Statements in Articles 3 and 4</b>	<ul style="list-style-type: none"> <li>• Add S-CC-3x, -5x to Sections 3.2.1 and add E-CC-3x to Sections 4.2.1 for the districts established list.</li> <li>• Add specific intent statements for S-CC-3x, -5x districts to Section 3.2.3.2 and add E-CC-3x to Section 4.2.3.2.</li> </ul>
<b>7. Use Overlay Applicability</b>	<ul style="list-style-type: none"> <li>• For properties with Former Chapter 59 base zoning designations that were not rezoned on June 25, 2010, and where a new code use overlay was applied, clarify that the use overlay is not applicable until the Former Chapter 59 base zoning changes.</li> </ul>

## II. Criteria for Review and CPD Analysis

The criteria for review of a proposed text amendment are found in Section 12.4.11.9 of the Denver Zoning Code. CPD analyzed the proposed text amendment for compliance with the review criteria stated below and finds that the proposed Amendment 2 satisfies each of the criteria.

### A. Amendment 2 is Consistent with the City's Adopted Plans

Amendment 2 does not change in any substantive manner the content or intent of the Denver Zoning Code. The City Council recently adopted the code based – in significant part – on a finding that the new code was consistent with and implements the city’s adopted plans. Accordingly, Amendment 2, which does not alter the code in substance, does not alter the original Council finding that the Denver Zoning Code is consistent with adopted plans.

### B. Amendment 2 Furthers the Public Health, Safety, and General Welfare

Amendment 2 furthers the general welfare of Denver's residents and the local economy by providing further clarity in the rules applicable to all land use and development in the city.

C. The Proposed Text Amendment Results in Regulations that are Uniform within Each Zone District

Amendment 2 does not create new substantive standards or zone districts; consequently, this criterion is not applicable and Council may find that Amendment 2 results in (by not changing them in any way) regulations that are uniform within each zone district.

**III. Review Process**

---

Based on the authority provided in Section 12.4.11.5, the manager of Community Planning & Development referred Amendment 2 directly to the Blueprint Denver Committee of City Council, without Planning Board review, because the amendment consists solely of revisions necessary to address errata in the text of the Denver Zoning Code.

**IV. CPD Staff Recommendation to Blueprint Denver Committee**

---

Based on the criteria for review as described above, CPD Staff recommends that the Blueprint Denver Committee forward Amendment 2, which will address various text errata of the Denver Zoning Code, to the full City Council for its deliberation and final decision.

## Attachment 1

## DIVISION 9.6 PLANNED UNIT DEVELOPMENT DISTRICT (PUD)

### SECTION 9.6.1 PLANNED UNIT DEVELOPMENT DISTRICT (PUD)

#### 9.6.1.1 General Purpose and Intent

- A. The general purpose of a Planned Unit Development Zone District (“PUD District”) District is to provide an alternative to conventional land use regulations, combining use, density, site plan and building form considerations into a single process, and substituting procedural protections for the more prescriptive requirements in this Code. The PUD District is intended to respond to unique and extraordinary circumstances, where more flexible zoning than what is achievable through a standard zone district is desirable and multiple variances, waivers, and conditions can be avoided.
- B. “Unique and extraordinary circumstances” that justify use of a PUD District include, but are not limited to, the following:
  - 1. Where a development site has special physical characteristics, including but not limited to irregular or odd-shaped lots, or lots with significant topographical barriers to standard development or construction practices;
  - 2. Where a customized zoning approach is necessary to protect and preserve the character of a historic structure or historic district;
  - 3. Where a development site is subject to an existing PUD and rezoning to a new PUD District will bring the site closer to conformance with current zoning regulations and adopted plans; or
  - 4. Where the proposed scale or timing of a development project demands a more customized zoning approach to achieve a successful, phased development.
- C. A PUD District is not intended as either a vehicle to develop a site inconsistent with the applicable neighborhood context and character, or solely as a vehicle to enhance a proposed development’s economic feasibility.
- D. In return for the flexibility in site design with respect to the arrangement, heights, and setbacks of buildings, densities, open space and circulation elements, development under a PUD District should provide significant public benefit not achievable through application of a standard zone district, including but not limited to diversification in the use of land; innovation in development; more efficient use of land and energy; exemplary pedestrian connections, amenities, and considerations; and development patterns compatible in character and design with nearby areas and with the goals and objectives of the Comprehensive Plan.

#### 9.6.1.2 Application Process

##### A. Rezoning Required

Creation of a PUD District shall be by an official map amendment (rezoning) according to the process and review criteria stated in Section 12.4.10, Official Map Amendment, of this Code.

##### B. Concurrent Processing

At the applicant’s option, and with the Manager’s approval, a site development plan for one or more stages of a General PUD District Plan (see Section 9.6.1.3 below) may be submitted with the filing of a PUD District rezoning application, according to Section 12.3.3.9, Concurrent Applications.

##### C. Vested Rights

City Council approval of a PUD District confers vested property rights, as stated in Section 9.76.1.5, , Vested Property Rights, below.

## DIVISION 1.3 OFFICIAL ZONING MAP

### SECTION 1.3.1 ADOPTION OF OFFICIAL MAP

The digital maps created and maintained by the Department of Community Planning and Development and published by Technology Services' Geographic Information Systems Office delineating the boundaries of the various zone districts, together with all matters and things shown on such maps, are hereby adopted and approved, incorporated herein and made a part hereof and collectively shall constitute the official zoning map of the City and County of Denver ("Official Map"). The Official Map shall be marked pursuant to a system of identification established by Community Planning and Development consistent with this Code.

### SECTION 1.3.2 AMENDMENTS TO OFFICIAL MAP

All amendments to the Official Map shall be maintained in and kept current by the Department of Community Planning and Development and made available to the public.

### SECTION 1.3.3 INTERPRETATIONS

#### 1.3.3.1 District Regulations to be Uniform

The regulations established in this Code shall apply uniformly to all geographical areas having the same zone district classification and designation on the Official Map.

#### 1.3.3.2 Determination of District Boundaries

- A. If a district boundary line divides an area of land under 6,000 square feet in area and held in one ownership of record on the date the district boundary line was established, then:
  1. The entire site may be used in conformity with the regulations for each of the districts; or
  2. If the area is divided into two or more parcels of land, the entire area may be used in conformity with the regulations for the district in which one parcel is located, if such parcel contains more than one-half of the entire area; or
  3. If the area is divided into two equal parcels of land, the entire area may be used in conformity with the regulations for the district in which either of such parcels of land is located.
- B. If a district boundary line divides an area of land containing 6,000 square feet or more and resulting from the establishment of a district boundary line dividing an area of land held in one ownership of record on the date the district boundary line was established, each parcel of land in excess of 6,000 square feet shall be used only in conformity with the regulations for the district in which such parcel of land is located unless one of the following exceptions apply:
  1. If a building containing a use by right exists on the area of land on the date the district boundary line was established and the building was divided by the district boundary line, the provisions of this paragraph shall not apply and the use of such parcel of land shall be governed by the ~~provisions stated in procedure set forth in~~ paragraph ~~B.1 A.~~ above.
  2. If the parcel will contain only multi-family residential development and contains moderately priced dwelling units [MPDUs] pursuant to the mandatory or voluntary provisions of Article IV, Chapter 27 (Affordable Housing) and more than 50% of the parcel is located in a district where permitted building forms would allow more dwelling units to be constructed, then the entire parcel may be developed with the same building forms permitted in the district applicable to more than 50% of the parcel. This provision shall also apply to multi-family owner-occupied or rental residential developments that include a higher percentage of MPDUs than the thresholds established in Article IV, Chapter 27 (Affordable Housing) and to multi-family residential development that includes housing

## **Attachment 2**

## DIVISION 9.3 OPEN SPACE CONTEXT (OS-A, OS-B, OS-C)

### SECTION 9.3.1 OPEN SPACE CONTEXT DESCRIPTION

**General Character:** The Open Space Context consists of all forms of public and private parks and open spaces. The context accommodates sites ranging from very active to completely passive, and from those embedded in a neighborhood to sites that are large enough to stand alone. Active sites may include high use areas such as ball fields, while passive areas focus on resource protection, trails, walking and biking.

**Street, Block, and Access Patterns:** The Open Space Context can be widely varied, ranging from active parks with extensive access to environmentally sensitive areas where only limited access is appropriate.

**Building Placement and Location:** Buildings in the Open Space Context are typically placed where access is highest, and are often located away from view of the general public.

**Building Height:** Buildings are typically low in scale, although some open space areas with active recreational uses support large-scale facilities.

**Mobility:** Priority is given to pedestrians and bicyclists. The automobile is accommodated through fringe parking areas. The Open Space Context has varying levels of access to the multi-modal transit system.

## SECTION 9.3.2 DISTRICTS ESTABLISHED

To carry out the provisions of this Code, the following zone districts have been established in the Open Space Context and are applied to property as set forth on the Official Map.

### Open Space Context

OS-A	Open Space Public Parks District
OS-B	Open Space Recreation District
OS-C	Open Space Conservation District

### 9.3.2.1 Purpose

The following paragraphs explain the general purpose and intent of the individual zone districts.

#### A. Open Space Public Parks District (OS-A)

The OS-A district is intended to protect and preserve public parks owned, operated or leased by the City and managed by the City's Department of Parks and Recreation ("DPR") for park purposes.

#### B. Open Space Recreation District (OS-B)

The OS-B district is intended to protect and promote open space and parks not otherwise owned, operated or leased by the City, and generally intended for active or passive recreation use. The district allows more building coverage and a variety of active recreational facilities than in the OS-C district.

#### C. Open Space Conservation District (OS-C)

To allow for conservation of open space and natural areas, regardless of ownership, which are not intended for development. Limited passive recreation is allowed, and only limited structures incidental to and supportive of the conservation purpose of the zone district, such as visitor's/educational center, are allowed.

## SECTION 9.3.3 PRIMARY BUILDING BUILDING FORM STANDARDS

### 9.3.3.1 Primary Building Forms in the OS-A District

In the OS-A zone district, the City Council shall have final approval authority over the form of certain building according to D.R.M.C., Chapter 39 (Parks). For all other buildings or structures, the Manager of Parks and Recreation shall determine all applicable building form standards.

## DIVISION 9.4 OVERLAY ZONE DISTRICTS

### SECTION 9.4.1 GENERAL INTENT

Overlay zone districts are generally intended, in special and unique cases, to provide a vehicle to supplement otherwise generally applicable zone district standards with additional use or design limits, allowances, and prohibitions.

### SECTION 9.4.2 OVERLAY ZONE DISTRICTS ESTABLISHED

To carry out the provisions of this Code, the following overlay zone districts have been established and are applied to property as set forth on the Official Map.

OVERLAY ZONE DISTRICTS	
CO-	Conservation Overlay District
UO-	Use Overlay District
DO-	Design Overlay District

#### 9.4.2.1 Process to Establish Overlay Zone Districts - Text Amendment & Rezoning Required

Creation of an overlay zone district shall be by text amendment according to Section 12.4.11, Text Amendment, to codify the standards established within the overlay, and by an official map amendment (rezoning) according to Section 12.4.10.

#### 9.4.2.2 Effect of Underlying Zone District Designation

All of the provisions of the underlying zone district shall be in full force and effect, unless such provisions are specifically varied by the provisions of the applicable overlay zone district; provided, however, except in an approved use overlay zone district (-UO), an overlay zone district shall not be used to add to the specific permitted uses in the underlying district, nor shall it be used to prohibit specific permitted uses in the underlying district.

#### 9.4.2.3 Effect of Overlay Zone District Designation

All zoning applications within a specific overlay zone district shall comply with the applicable provisions of that overlay zone district, and the underlying zone district, and shall be reviewed under this Code to assure such compliance. Where the provisions of the overlay zone district are different from (e.g., in the case of an overlay use district), or more restrictive than (e.g., in the case of a neighborhood conservation overlay zone district) the provisions of the underlying zoning designation, the provisions of the overlay zone district shall apply. A change in the underlying zone district does not change the content or applicability of the overlay zone provisions.

### SECTION 9.4.3 CONSERVATION OVERLAY DISTRICT (CO-)

#### 9.4.3.1 Purpose

The Conservation Overlay District is intended to provide a vehicle to initiate and implement programs for the revitalization or conservation of specific areas within Denver possessing distinctive features, identity, or character worthy of retention and enhancement. A Conservation Overlay District takes effect through adoption of area specific standards that will facilitate maintenance and protection of the area character and the development of vacant or underused lots. The overlay may also be used to establish specific design guidelines that are more detailed than the standards of this Code for use during review of development within the overlay zone district.

#### 9.4.3.2 Minimum Requirements for Establishment

In addition to the minimum criteria for official map amendment applications specified in Article 12, Section 12.4.10, an application for a rezoning to apply a Conservation Overlay District shall comply with the following provisions:

**A. Multiple Conservation Overlays Prohibited**

A property may only be located within one Conservation Overlay District.

**B. Application Requirements**

An application to rezone to a Conservation Overlay District shall include, in addition to other rezoning submittal requirements, the following information:

1. A statement of purpose and an explanation of how the zone district criteria stated in this Section are met.
2. An ordinance and map indicating the boundaries of all lots in the proposed Conservation Overlay District and the underlying zone districts contained within the proposed overlay zone district.
3. A Conservation Overlay District map and such other textual and graphic material as may be necessary to indicate and govern building forms and features, site development requirements, circulation, off-street parking and modifications to underlying zone district development and design standards.

**C. Review Criteria for Approval of District**

In addition to the review criteria applicable to rezonings stated in Section 12.4.10 of this Code and to text amendments stated in Section 12.4.11 of this Code, the Conservation Overlay District shall meet one or more of the following criteria:

1. The district contains distinctive building features, such as period of construction, style, size, scale, detailing, mass, color and material; and/or
2. The district contains distinctive site planning and natural features, such as lot platting, building lot coverage, street layout, setbacks, alleyways, sidewalks, creek beds, parks and gardens.

**9.4.3.3 Modification of Underlying Zone District Standards**

**A. Modification of Permitted Uses Not Allowed**

Uses permitted in the underlying zone district shall not be modified in any way.

**B. Modification of Standards Allowed**

A Conservation Overlay District may allow for the modification of any of the following standards within this Code to enhance the area's identity and character consistent with the plan criteria stated above in Sec. 9.4.3.2.B:

**1. Use Standards**

Use limitations and standards otherwise applicable to permitted uses in the underlying zone district may be modified.

**2. Building Form Standards**

- a. Building form standards otherwise applicable to new development in the underlying zone district may be modified.
- b. A Conservation Overlay District may add new restrictions on building form and building or site design, including but not limited to restrictions on building materials and architectural style.

**3. All Other Design Standards**

All other development and design standards applicable to new development in the underlying zone district may be modified.

**9.4.3.4 Conservation Overlay Districts Established**

The following conservation overlay zone districts are established:

## DIVISION 9.5 DENVER INTERNATIONAL AIRPORT ZONE DISTRICTS AND O-1 ZONE DISTRICT

### SECTION 9.5.1 DISTRICTS ESTABLISHED

To carry out the provisions of this Code, the following zone districts have been established and are applied to property as set forth on the Official Map.

DIA	Denver International Airport Zone
AIO	DIA Influence Area Overlay Zone
O-1	O-1 Zone District

#### 9.5.1.1 Purpose

The following paragraphs explain the general purpose and intent of the individual zone districts.

##### A. Denver International Airport Zone (DIA)

The Denver International Airport (DIA) encompasses 53 square miles of land. This large land area is designed to limit the impacts of airport activity on the airport's neighbors and provides room for the airport to expand and grow. The enormous potential of DIA to serve a prominent role in the global aviation system is due primarily to the airport's room to grow. With this ability to grow in a city that is otherwise landlocked, development within the DIA Zone District provides a path to markets around the world and providing a stimulus for economic growth in the region. Accordingly, the intent of the DIA Zone District is to:

1. Ensure public safety and security.
2. Reduce exposure of residential and other sensitive land uses to airport operations.
3. Minimize noise impacts of the airport on residential or sensitive land uses in the DIA Influence Area
4. Maintain consistency with DIA's vision, mission and goals
5. Maintain consistent and coordinated development patterns that match City and regional development plans
6. Minimize impacts to airport operations
7. Optimize airport operational efficiency and flexibility
8. Allow the airport to respond to the changing needs of a dynamic aviation industry
9. Continue to support DIA's role as the key economic engine for the region and the state
10. Reserve and maintain land uses on and near the airport to permit logical, phased development that is both flexible and responsive to airport and public needs

##### B. DIA Influence Area Overlay Zone (-AIO)

The Denver International Airport is the largest airport in North America. This large land area is designed to limit the impacts of airport activity on the airport's neighbors and provides room for the airport to expand and grow. However, even at its extensive size, the influence of the airport extends beyond the property owned as part of the airport itself (see the Denver International Airport Zone District). Accordingly, the intent of the DIA Influence Area Overlay Zone is to:

1. Reduce exposure of residential and other sensitive land uses to airport operations.
2. Minimize noise impacts of the airport on residential or sensitive land uses in the DIA Influence Area.

## SECTION 9.5.2 DENVER INTERNATIONAL AIRPORT ZONE DISTRICT (DIA)

### 9.5.2.1 Building Forms

The Denver Manager of Aviation shall determine all design and development standards applicable to new development in the DIA Zone District.

### 9.5.2.2 Design Standards

Design and development standards governing uses and structures in the DIA Zone District shall be determined by the Denver Manager of Aviation .

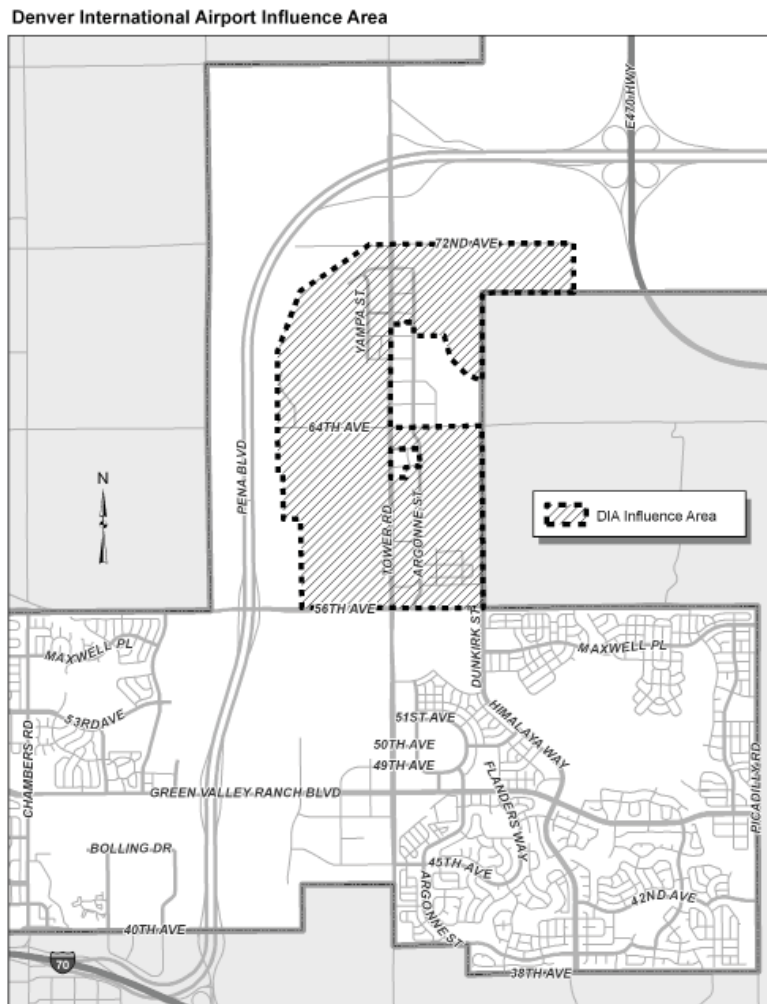

### 9.5.2.3 Allowed Uses in the DIA Zone District

See Section 9.5.5.1, Allowed Uses in the DIA Zone District.

## SECTION 9.5.3 DIA INFLUENCE AREA OVERLAY ZONE (AIO-)

### 9.5.3.1 DIA Influence Area

The DIA Influence Area is defined as the land area located north of 56<sup>th</sup> Avenue in the City and County of Denver’s DIA statistical neighborhood, as shown in the figure below, and on the Official Map.

## DIVISION 9.6 PLANNED UNIT DEVELOPMENT DISTRICT (PUD)

### SECTION 9.6.1 PLANNED UNIT DEVELOPMENT DISTRICT (PUD)

#### 9.6.1.1 General Purpose and Intent

- A. The general purpose of a Planned Unit Development Zone District (“PUD District”) District is to provide an alternative to conventional land use regulations, combining use, density, site plan and building form considerations into a single process, and substituting procedural protections for the more prescriptive requirements in this Code. The PUD District is intended to respond to unique and extraordinary circumstances, where more flexible zoning than what is achievable through a standard zone district is desirable and multiple variances, waivers, and conditions can be avoided.
- B. “Unique and extraordinary circumstances” that justify use of a PUD District include, but are not limited to, the following:
  - 1. Where a development site has special physical characteristics, including but not limited to irregular or odd-shaped lots, or lots with significant topographical barriers to standard development or construction practices;
  - 2. Where a customized zoning approach is necessary to protect and preserve the character of a historic structure or historic district;
  - 3. Where a development site is subject to an existing PUD and rezoning to a new PUD District will bring the site closer to conformance with current zoning regulations and adopted plans; or
  - 4. Where the proposed scale or timing of a development project demands a more customized zoning approach to achieve a successful, phased development.
- C. A PUD District is not intended as either a vehicle to develop a site inconsistent with the applicable neighborhood context and character, or solely as a vehicle to enhance a proposed development’s economic feasibility.
- D. In return for the flexibility in site design with respect to the arrangement, heights, and setbacks of buildings, densities, open space and circulation elements, development under a PUD District should provide significant public benefit not achievable through application of a standard zone district, including but not limited to diversification in the use of land; innovation in development; more efficient use of land and energy; exemplary pedestrian connections, amenities, and considerations; and development patterns compatible in character and design with nearby areas and with the goals and objectives of the Comprehensive Plan.

#### 9.6.1.2 Application Process

##### A. Rezoning Required

Creation of a PUD District shall be by an official map amendment (rezoning) according to the process and review criteria stated in Section 12.4.10, Official Map Amendment, of this Code.

##### B. Concurrent Processing

At the applicant’s option, and with the Manager’s approval, a site development plan for one or more stages of a General PUD District Plan (see Section 9.6.1.3 below) may be submitted with the filing of a PUD District rezoning application, according to Section 12.3.3.9, Concurrent Applications.

##### C. Vested Rights

City Council approval of a PUD District confers vested property rights, as stated in Section 9.76.1.5, Vested Property Rights, below.

### **9.6.1.3 Requirement for PUD District Plan**

All applications for rezoning to a PUD District shall contain the information and representations required by this Division 9.6 and by Section 12.4.10 (Official Map Amendment), and a PUD District Plan that complies with the following:

#### **A. Choice of PUD District Plan Type**

##### **1. General PUD District Plan**

If development is to proceed in phases or over an extended period of time, or if more general zoning is desired prior to preparation of more detailed site development and pre-construction plans, the applicant may submit a “General PUD District Plan” covering the entire PUD District area. After the PUD District rezoning with a General PUD District Plan is approved, one or more site development plans shall be submitted for each phase of development and shall follow the general development concept established in the General PUD District Plan. See Section 12.4.3, Site Development Plan, for the procedure and review criteria applicable to site development plans.

##### **2. Detailed PUD District Plan**

If development is not to be completed in phases or over an extended period of time, or if an applicant is prepared to submit more detailed site development plan or pre-construction plans, the applicant may submit a “Detailed PUD District Plan” covering the entire PUD District area. After the PUD District rezoning with a Detailed PUD District plan is approved, the Detailed PUD District Plan shall constitute a site development plan, enabling the applicant to proceed directly to final zoning / building permit approval (no intervening site development plan review step under Section 12.4.3).

#### **B. PUD District Plan Contents -- Permitted Uses and Procedures**

All PUD District Plans shall specify allowable primary, accessory and temporary uses, and may specify applicable use and development review procedures, in compliance with the following standards.

1. A PUD District Plan shall permit any use which is a permitted use in any zone district when such use is provided for, enumerated, and approved in the PUD District Plan.
2. All use limitations and standards in this Code shall apply to the uses in the PUD District unless expressly waived or modified in the PUD District Plan.
3. A PUD District Plan may subject the establishment of an allowed use or the development of an allowed building form to any procedure established in Article 12 of this Code, including Zoning Permit Review with Information Notice, Special Exception review, Site Development Plan review, or Administrative Adjustment. However, a PUD District Plan shall not establish or include any use or development review procedure different from a procedure established in Article 12 of this Code.
4. A PUD District Plan may provide for future amendment by subarea, platted lots, or metes and bounds parcels, as allowed in Section 9.6.1.4, Amendments to Approved PUD District Plans.

#### **C. PUD District Plan Contents -- Applicable Design Standards**

##### **1. Required PUD District Plan Elements**

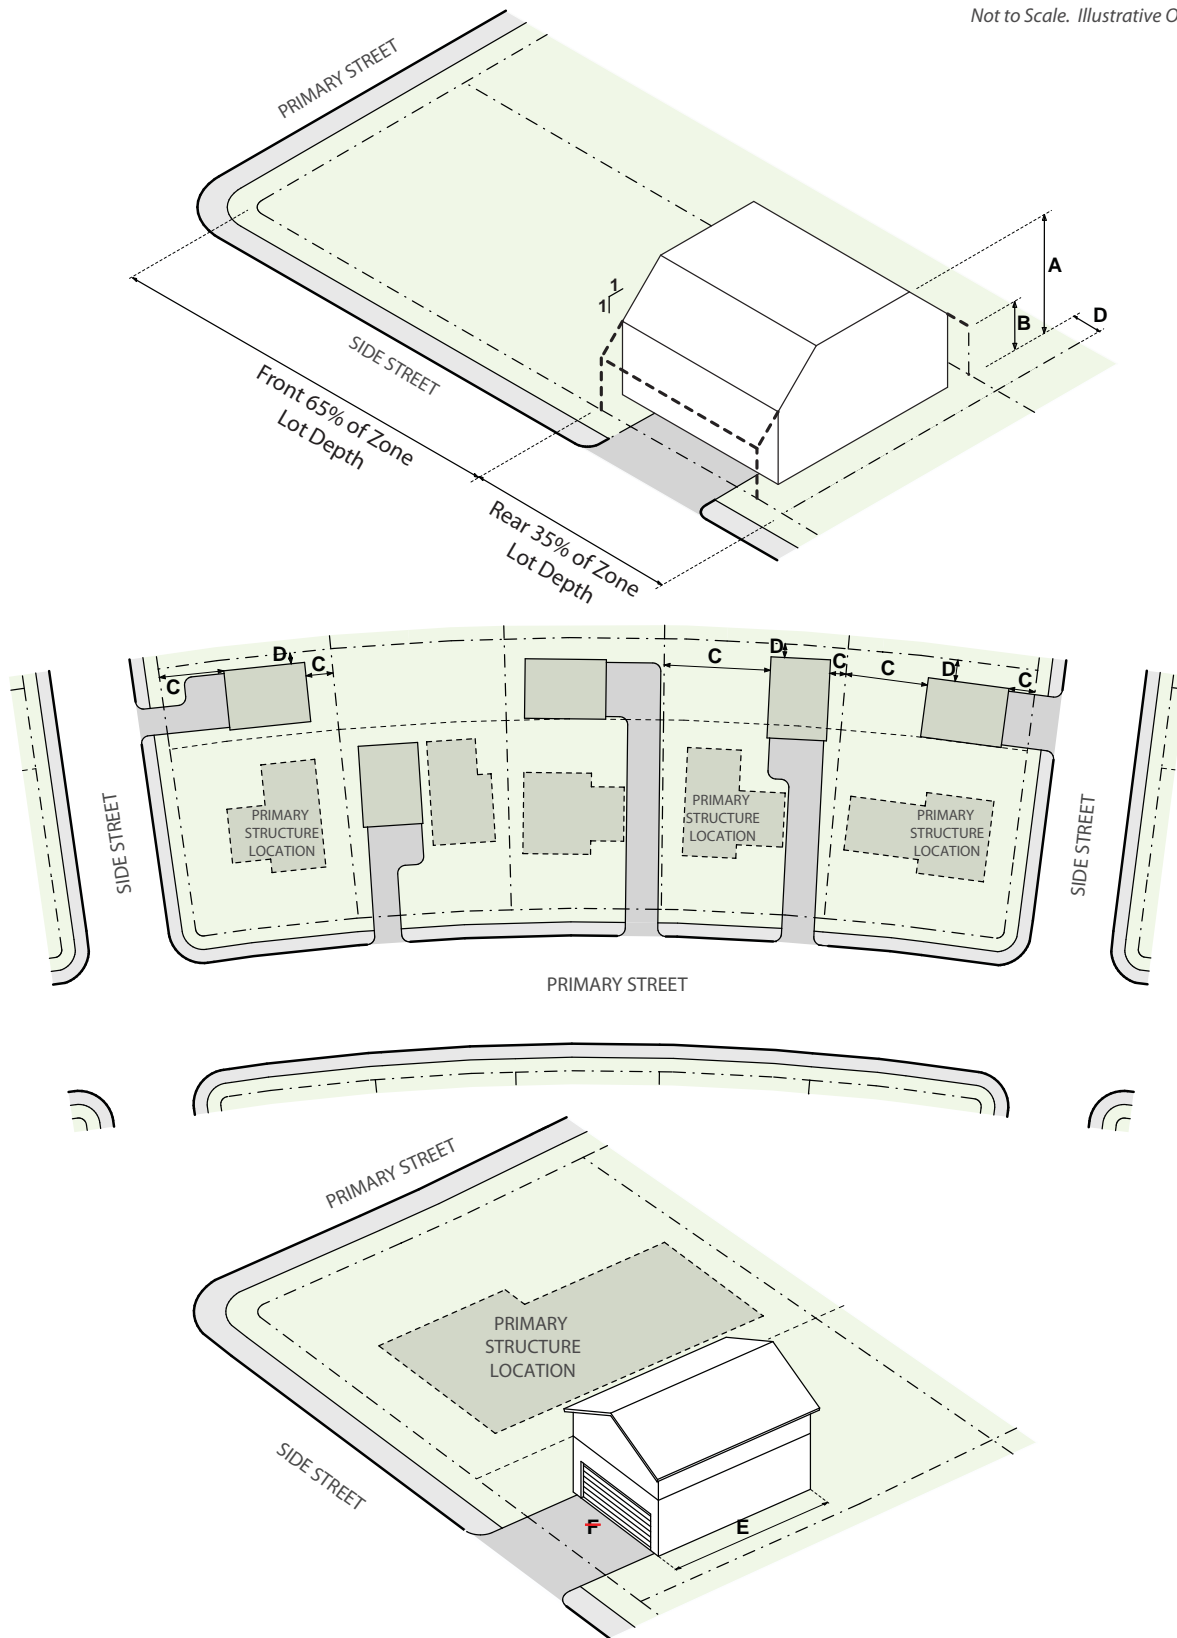

While the level of detail will vary between a General PUD District Plan and a Detailed PUD District Plan, all PUD District Plans shall include or address the following elements, through specific standards wherever possible. All design standards stated in Article 10 of this Code shall apply in the PUD District Plan unless expressly waived or modified in the PUD District Plan.

## DIVISION 2.5 ESTABLISHMENT OF ZONE DISTRICTS

The following are the zone districts organized by context:

### 2.5.1.1 Suburban, Urban Edge and Urban Neighborhood Context:

SUBURBAN NEIGHBORHOOD CONTEXT		URBAN EDGE NEIGHBORHOOD CONTEXT		URBAN NEIGHBORHOOD CONTEXT	
S-SU-A	Single Unit A	E-SU-A	Single Unit A	U-SU-A	Single Unit A
S-SU-D	Single Unit D	E-SU-B	Single Unit B	U-SU-A1	Single Unit A1
S-SU-F	Single Unit F	E-SU-D	Single Unit D	U-SU-A2	Single Unit A2
S-SU-Fx	Single Unit Fx	E-SU-D1	Single Unit D1	U-SU-B	Single Unit B
S-SU-F1	Single Unit F1	E-SU-Dx	Single Unit Dx	U-SU-B1	Single Unit B1
S-SU-I	Single Unit I	E-SU-D1x	Single Unit D1x	U-SU-B2	Single Unit B2
S-SU-Ix	Single Unit Ix	E-SU-G	Single Unit G	U-SU-C	Single Unit C
S-TH-2.5	Town House 2.5	E-SU-G1	Single Unit G1	U-SU-C1	Single Unit C1
S-MU-3	Multi Unit 3	E-TU-B	Two Unit B	U-SU-C2	Single Unit C2
S-MU-5	Multi Unit 5	E-TU-C	Two Unit C	U-SU-E	Single Unit E
S-MU-8	Multi Unit 8	E-TH-2.5	Town House 2.5	U-SU-E1	Single Unit E1
S-MU-12	Multi Unit 12	E-MU-2.5	Multi Unit 2.5	U-SU-H	Single Unit H
S-MU-20	Multi Unit 20	E-CC-3	Commercial Corridor 3	U-SU-H1	Single Unit H1

## SECTION 3.3.3 PRIMARY BUILDING FORM STANDARDS

### 3.3.3.1 Generally Applicable Standards

- A. In addition to the neighborhood context-specific standards included in this article, all development must comply with the general design standards in Article 10.
- B. One building form and the associated standards shall be selected for each structure on a zone lot. Combining standards from different building forms for the same structure is prohibited.
- C. For multiple buildings on a zone lot, see Article 10, Division 10.3
- D. Unenclosed uses shall comply with all building form standards as applicable.
- E. The districts allow a variety of building forms appropriate for the Suburban Neighborhood Context, as set out below.

Zone Districts		Suburban House	Urban House	Detached Acc. Dwelling Unit	Duplex	Tandem House	Town House	Garden Court	Row House	Courtyard Apartment	Apartment	Drive Thru Services	Drive Thru Restaurants	General	Shopfront
Suburban Neighborhood Context	S-SU-A	Single Unit A	■

## SECTION 10.10.9 COMMERCIAL CORRIDOR, MAIN STREET 3-12 AND INDUSTRIAL SIGNS (-CC-, -MS-3-12, I-A, I-B)

### 10.10.9.1 General

Signs may be erected, altered and maintained only for and by a use by right in the district in which the signs are located; shall be located on the same zone lot as the use by right and shall be clearly incidental, customary and commonly associated with the operation of the use by right.

COMMERCIAL CORRIDOR MAIN STREET DISTRICTS	SUBURBAN	URBAN EDGE	URBAN	GENERAL URBAN	URBAN CENTER	DOWNTOWN	SPECIAL
	S-CC-3 <del>S-CC-3x</del> S-CC-5 <del>S-CC-5x</del> S-MS-3 S-MS-5	E-CC-3 <del>E-CC-3x</del> E-MS-3 E-MS-5	U-MS-3 U-MS-5	G-MS-3 G-MS-5	C-MS-5 C-MS-8 C-MS-12	D-GT	I-A I-B
Contents	Identification by letter, numeral, symbol or design of the use by right by name, use, hours of operation, services and products offered, events and prices of products and services; and/or any sign or signs that do not come within the definition of off-site commercial sign.						
Sign Types	Wall, window, ground and arcade.						
Maximum Number	Each use by right or conditional use may have the greater number of the following: 5 signs; or 3 signs for each front line of the zone lot on which the use by right or conditional use is located.						
Maximum Sign Area	<p>Dwelling, multiple unit. One square foot of sign area for each dwelling unit in a multiple unit dwelling; not, however, to exceed 192 square feet of total sign area for any use and not more than 64 square feet of sign area to be applied to any 1 street frontage.</p> <p>Each use by right other than multiple unit dwellings, hospitals, Universities and colleges. 80 square feet, or the total permitted sign area for each use by right shall be determined by one of the following provisions; provided, however, that no sign shall exceed 200 square feet in area nor shall the total sign area of any use exceed 600 square feet:</p> <ul style="list-style-type: none"> <li>•For a zone lot having but 1 use by right. 1.5 square feet of sign area for each linear foot of front line of the zone lot for the first 100 feet of the front line and 1 square foot of sign area for each linear foot of zone lot front line thereafter; provided, however, in computing the area of such signs, the measurements of not more than 2 front lines, 1 contiguous with the other, shall be used.</li> <li>•For a zone lot having 2 or more uses by right. For each use by right 2.5 square feet of sign area for each horizontal linear foot of that portion of building frontage occupied by the use by right, for the first 100 feet of building frontage, then .5 square foot of sign area for each horizontal linear foot of building frontage thereafter.</li> </ul> <p>Hospitals. 2 square feet of sign area for each 5 linear feet of street frontage of the zone lot not, however, to exceed 96 square feet of sign area to be applied to any 1 street front and not more than 2 street fronts, 1 contiguous with the other, shall be used.</p> <p>University or college. The following regulations shall apply to the campus. 2 square feet of sign area for each 5 linear feet of street frontage of the zone lot; provided, however, that:                      The total area of all signs along any 1 street front shall not exceed 150 square feet of sign area; and no sign over 50 square feet shall be located within 100 feet of the zone lot line or campus boundary.</p>						
Maximum Height Above Grade	Wall and window signs: The roof line of the building to which the sign is attached. Ground and arcade signs: 32 feet.						
Location	Shall be set back at least 5 feet from every boundary line of the zone lot in districts requiring a setback for structures; otherwise need not be set back from the boundary lines of the zone lot. Wall signs may project into the required setback space the permitted depth of the sign. In districts not requiring a building setback, wall signs attached to walls which are adjacent to a street right-of-way line may project into the right-of-way in accordance with section 49-436. In no case shall there be more than 5 signs applied to any street front.						
Illumination	May be illuminated but shall not flash, blink or fluctuate and all direct illumination shall not exceed 25 watts per bulb.						
Animation	Shall not be animated.						

## SECTION 8.9.6 ALLOWED USES BY DISTRICT AND MINIMUM PARKING REQUIREMENTS

### 8.9.6.1 Applicability of Minimum Parking Standards in Table

Parking requirements in this table apply only to the D-GT and D-AS Districts. D-C, D-TD and D-CV districts have no parking requirement (see 8.3.1.5). D-LD parking requirements are provided in 8.4.1.4.

## SECTION 8.9.7 APPLICABLE USE LIMITATIONS & STANDARDS

### 8.9.7.1 Community Corrections Facility

In all Downtown Zone Districts, where permitted with limitations, all Community corrections facilities shall comply with the following standards:

#### A. Community Corrections Subject to Large Residential Care Use Standards

Community corrections facilities are classified as Large Residential Care uses and are therefore subject to all of the requirements applicable to Large Residential Care uses in Section 11.1.1.2.A below, in addition to the following use-specific standards. In case of conflict with the requirements of Section 11.1.1.2.A below, the more specific standards in this Subsection shall apply.

#### B. Permitted Location

Community corrections facilities (for purposes of this Subsection, hereinafter “facilities” or “facility”) shall be allowed only in the D-C, D-TD, and D-LD zone districts and in the Industrial Zone Districts, and shall be located more than:

1. 1,500 feet from a school meeting all requirements of the compulsory education laws of the state;

## DIVISION 3.2 DISTRICTS (S-SU-, S-TH-, S-MU-, S-CC-, S-MX-, S-MS-)

### SECTION 3.2.1 DISTRICTS ESTABLISHED

To carry out the provisions of this Article, the following zone districts have been established in the Suburban Neighborhood Context and are applied to property as set forth on the Official Map.

#### Suburban Neighborhood Context

S-SU-A	Single Unit A
S-SU-D	Single Unit D
S-SU-F	Single Unit F
S-SU-Fx	Single Unit Fx
S-SU-F1	Single Unit F1
S-SU-I	Single Unit I
S-SU-Ix	Single Unit Ix
S-TH-2.5	Town House 2.5
S-MU-3	Multi Unit 3
S-MU-5	Multi Unit 5
S-MU-8	Multi Unit 8
S-MU-12	Multi Unit 12
S-MU-20	Multi Unit 20
S-CC-3	Commercial Corridor 3
<u>S-CC-3x</u>	<u>Commercial Corridor 3x</u>
S-CC-5	Commercial Corridor 5
<u>S-CC-5x</u>	<u>Commercial Corridor 5x</u>
S-MX-2	Mixed Use 2
S-MX-2x	Mixed Use 2x
S-MX-3	Mixed Use 3
S-MX-5	Mixed Use 5
S-MX-8	Mixed Use 8
S-MX-12	Mixed Use 12
S-MS-3	Main Street 3
S-MS-5	Main Street 5

## DIVISION 4.2 DISTRICTS (E-SU-, E-TU-, E-TH-, E-CC-, E-MX-, E-RX-, E-MS-)

### SECTION 4.2.1 DISTRICTS ESTABLISHED

To carry out the provisions of this Article, the following zone districts have been established in the Urban Edge Neighborhood Context and are applied to property as set forth on the Official Map.

#### Urban Edge Neighborhood Context

E-SU-A	Single Unit A
E-SU-B	Single Unit B
E-SU-D	Single Unit D
E-SU-D1	Single Unit D1
E-SU-Dx	Single Unit Dx
E-SU-D1x	Single Unit D1x
E-SU-G	Single Unit G
E-SU-G1	Single Unit G1
E-TU-B	Two Unit B
E-TU-C	Two Unit C
E-TH-2.5	Town House 2.5
E-MU-2.5	Multi Unit 2.5
E-CC-3	Commercial Corridor 3
<u>E-CC-3x</u>	<u>Commercial Corridor 3x</u>
E-MX-2	Mixed Use 2
E-MX-2A	Mixed Use 2A
E-MX-2x	Mixed Use 2x
E-MX-3	Mixed Use 3
E-MX-3A	Mixed Use 3A
E-RX-5	Residential Mixed Use 5
E-MS-2	Main Street 2
E-MS-2x	Main Street 2x
E-MS-3	Main Street 3
E-MS-5	Main Street 5

### SECTION 4.2.2 RESIDENTIAL DISTRICTS (E-SU-A, -B, -D, -D1, -Dx, -D1x, -G, -G1, E-TU-B, -C, E-TH-2.5, E-MU-2.5)

#### 4.2.2.1 General Purpose

- A. The intent of the Residential districts is to promote and protect residential neighborhoods within the character of the Urban Edge Neighborhood Context. These regulations allow for some multi-unit districts, but not to such an extent as to detract from the overall image and character of the residential neighborhood.
- B. The building form standards, design standards, and uses work together to promote desirable residential areas. The standards of the single unit districts accommodate the varied pattern of suburban and urban house forms. While lot sizes vary, lot coverage is typically low creating generous setbacks and yard space. The standards of the two unit and town house districts promote existing and future patterns of lower scale multi unit building forms that typically address the street in the same manner as an urban house building form.
- C. These standards recognize common residential characteristics within the Urban Edge Neighborhood Context but accommodate variation by providing eight Residential zone districts.

**F. Single Unit I (S-SU-I)**

S-SU-I is a single unit district allowing suburban houses with a minimum zone lot area of 12,000 square feet. This district requires the largest setbacks and lowest lot coverage (more unobstructed open space) in the Suburban Neighborhood Context.

**G. Single Unit Ix (S-SU-Ix)**

S-SU-Ix is a single unit district allowing suburban houses with a minimum zone lot area of 12,000 square feet. This district requires the largest setbacks and lowest lot coverage in the Suburban Neighborhood Context. The primary distinction between this zone district and S-SU-I is there are more limitations on home occupations.

**H. Town House 2.5 (S-TH-2.5)**

S-TH-2.5 is a multi unit district and allows suburban house, duplex and town house building forms up to two and one half stories in height.

**I. Multi Unit 3, 5, 8, 12, 20 (S-MU-3, 5, 8, 12, 20)**

S-MU- is a multi unit district and allows suburban house, duplex, town house, garden court, apartment and courtyard apartment building forms up to 3, 5, 8,12, 20 stories in height.

**SECTION 3.2.3 COMMERCIAL CORRIDOR DISTRICTS (S-CC-3, ~~-3x~~, -5, ~~-5x~~)**

**3.2.3.1 General Purpose**

- A. The Commercial Corridor zone districts are intended to balance the need for safe, active, and pedestrian-scaled, diverse areas with the need for convenient automobile access.
- B. The Commercial Corridor zone districts address development opportunities adjacent to the city's most auto-dominated corridors.
- C. Commercial Corridor building form standards have minimum setbacks to allow flexibility in building, circulation and parking lot layout.
- D. The Commercial Corridor district standards are also intended to ensure new development contributes positively to established residential neighborhoods and character, and improves the transition between commercial development and adjacent residential neighborhoods.

**3.2.3.2 Specific Intent**

**A. Commercial Corridor – 3 (S-CC-3)**

S-CC-3 applies primarily to auto-oriented arterial street corridors where a building scale of 1 to 3 stories is desired.

**B. ~~Commercial Corridor – 3x (S-CC-3x)~~**

~~S-CC-3x applies primarily to auto-oriented arterial street corridors where a building scale of 1 to 3 stories is desired with less intense uses than S-CC-3.~~

**C. Commercial Corridor – 5 (S-CC-5)**

S-CC-5 applies primarily to auto-oriented arterial street corridors where a building scale of 1 to 5 stories is desired.

**D. ~~Commercial Corridor – 5x (S-CC-5x)~~**

~~S-CC-5x applies primarily to auto-oriented arterial street corridors where a building scale of 1 to 5 stories is desired with less intense uses than S-CC-5.~~

**L. Multi Unit 2.5 (E-MU-2.5)**

E-MU-2.5 is a multi unit district and allows urban house, detached accessory dwelling unit, duplex, tandem house, town house, garden court and apartment building forms up to two stories in height.

**SECTION 4.2.3 COMMERCIAL CORRIDOR DISTRICTS (E-CC-3, ~~-3x~~)**

**4.2.3.1 General Purpose**

- A. The Commercial Corridor zone districts are intended to balance the need for safe, active, and pedestrian-scaled, diverse areas with the need for convenient automobile access.
- B. Commercial Corridor zone districts address development opportunities adjacent to the city's most auto-dominated corridors.
- C. Commercial Corridor buildings generally have a deep build-to requirement to allow for some measure of parking between the building and the street. Predictable flexibility is provided for building and parking location for larger scale buildings.
- D. The Commercial Corridor district standards are also intended to ensure new development contributes positively to established residential neighborhoods and character, and improves the transition between commercial development and adjacent residential neighborhoods.

**4.2.3.2 Specific Intent**

**A. Commercial Corridor – 3 (E-CC-3)**

E-CC-3 applies primarily to auto-oriented arterial street corridors where a building scale of 1 to 3 stories is desired.

**B. Commercial Corridor – 3x (E-CC-3x)**

E-CC-3x applies primarily to auto-oriented arterial street corridors where a building scale of 1 to 3 stories is desired with less intense uses than E-CC-3.

**SECTION 4.2.4 MIXED USE DISTRICTS (E-MX-2, -2A, -2X, -3, -3A)**

- A. The Mixed Use zone districts are intended to promote safe, active, and pedestrian-scaled, diverse areas and enhance the convenience and ease of walking, shopping and public gathering within and around the city's neighborhoods.
- B. There is a diverse menu of Mixed Use zone districts in the Urban Edge Neighborhood Context to recognize the diverse pattern of mixed use places in these neighborhoods.
- C. The Mixed Use districts are appropriate along corridors, embedded in neighborhoods and on large sites.
- D. The building form standards of the Mixed Use zone districts balance the importance of street presence and provision of parking through build-to requirements, ground story activation and parking lot screening along the right-of-way. Predictable flexibility in building form options recognizes the varied development pattern of Urban Edge Neighborhoods.
- E. The Mixed Use zone district standards are also intended to ensure new development contributes positively to established residential neighborhoods and character, and improves the transition between commercial development and adjacent residential neighborhoods.

**4.2.4.1 Specific Intent**

**A. Mixed Use – 2 (E-MX-2)**

E-MX-2 applies to areas or intersections served primarily by local streets embedded within an existing or proposed neighborhood where a building scale of 1 to 2 stories is desired. Design

## **Attachment 7**

3. The detached garage or Detached Accessory Dwelling Unit building form shall meet the following standards:
  - a. The building footprint shall be no greater than 650 square feet;
  - b. The building shall be built in the rear one-half of the zone lot; and
  - c. The design and location of the building shall be approved by the Landmark Preservation Commission before final approval of a zoning permit.

## SECTION 9.4.4 USE OVERLAY DISTRICTS (UO-)

### 9.4.4.1 Purpose

Use Overlay districts are a vehicle to permit or prohibit specific land uses in delineated parts of the city that otherwise are included in a variety of underlying zone districts and portions of zone districts. The purpose of the Adult Use and Billboard Use overlay zone districts created herein is to maintain the status quo of entitlement relating to the establishment, maintenance, and operation of adult uses and billboard uses as those rights existed before June 25, 2010. The purpose of the Historic Structure Use Overlay District is to encourage the continuing preservation and adaptive reuse of landmark and historic structures. Because variation of permitted uses allowed in an underlying zone district is most appropriately the focus of a legislative rezoning or an amendment to the underlying underlying zone district, future application of the use overlay zone districts created herein is strictly limited and the establishment of new use overlay zone districts is prohibited.

### 9.4.4.2 Modification of Underlying Zone District Standards

#### A. Modification of Permitted Uses and Use Standards Allowed

1. A Use Overlay District may be used to add to the specific permitted uses in the underlying zone district, or prohibit specific permitted uses in the underlying district.
2. Use standards otherwise applicable to permitted uses in the underlying zone district may be modified.

#### B. Applicable Standards -- Modification Not Allowed

All of the provisions of the underlying zone district shall be in full force and effect, and shall not be modified by the provisions of the applicable overlay zone district.

### 9.4.4.3 Use Overlay Districts Established

The following Use Overlay Districts are established:

USE OVERLAY DISTRICT NAME	ZONING MAP DESIGNATOR
Adult Use Overlay District	UO-1
Billboard Use Overlay District	UO-2
Historic Structure Use Overlay District	UO-3

### 9.4.4.4 Limitation on Applicability of Use Overlay Zone Districts

- A. Except for the three use overlay zone districts expressly established in Section 9.4.4.6, 9.4.4.7, and 9.4.4.8 below, no new use overlay zone districts may be established after June 25, 2010.
- B. As applied on the Official Zoning Map to properties retaining underlying zone district designations pursuant to Former Chapter 59, a use overlay district's standards shall not be applicable until such properties are rezoned (through an Official Map Amendment) to an underlying zone district pursuant to this Code.
- C. No properties may be rezoned to either the Adult Use Overlay District or to the Billboard Use Overlay District after June 25, 2010.
