B. Service Expectations

- 1.** Family Therapy: When family is available, the Contractor shall actively engage the family and provide a minimum of one family therapy session per

week. Note that if other non family adults are available to participate in therapy, such as foster parents, this same standard shall apply to those parties. This may be waived based upon not being clinically indicated with agreement between the Contractor and the UM staff.

- 2.** The plan for Medicaid billings shall be approved by the DDHS UM team in advance of billing.
- 3.** Other Family Involvement: The facility shall offer at least one family event per month so children remain connected to their family, when available.
- 4.** Passes with Family: Passes with family may occur after the family has engaged with the program therapeutically, such as participating in family therapy. Passes shall incorporate therapeutic goals to be worked on during the time the child is on pass with the family. Passes must be approved by DDHS staff prior to occurring.
- 5.** If the youth has issues related to the safety of others, such as being sexually aggressive or violent, a safety plan shall be put into place and approved by DDHS prior to the youth going on pass. If Probation is involved, Probation shall approve such a plan as well prior to the child going on pass.

 - b.** The initial treatment plan shall contain a primary discharge plan and secondary discharge plans (i.e. moving to home or to a foster home), based upon the child's needs.
 - c.** The treatment plan and services shall support the DDHS "permanency goal."
 - d.** The treatment plan shall focus on resolution and/or management of the primary issue(s) resulting in the placement with the goal of bringing the youth to a minimally adequate functioning level to be successful in the community setting (note services generally will continue to occur in the community to enhance the child's functioning).

Reports shall include, at a minimum, number and types of therapies provided and the child's and family's engagement in such therapies, a history of critical and important incidents in which the child was involved (see directly below for a definition), specific measurable progress related to each component of the treatment plan, and revised plans/strategies to engage youth who are not being successful in completing the plan.
 - b.** Major incidents, including state defined "critical incidents" as well as incidents involving drug use, assaultive behaviors, major property damage, running away, and physical management shall be reported within one business day to DDHS UM staff and Probation, if involved.

- c. Additional reporting requirements requested by DDHS shall be provided in progress reports within one month of notification by DDHS of the requirements.
- 9. Transportation: The Contractor shall provide or pay for reasonable transportation fees associated with, e.g., a child's family visitation, appearances in court, and interaction with other necessary services (such as medical visits and therapy). Note reimbursement would not apply when a DDHS staff or probation officer agree to provide such transportation, although they shall not be required to provide such transportation.

In this regard, the Contractor shall verify that a practitioner has been identified and an appointment date is set to provide such service.
 - c. There shall be a clear educational transition plan identified at the time the discharge plan is developed. (The plan shall be developed in cooperation with DHS staff and Probation Office staff, if applicable). At the time of discharge the DHS staff shall receive copies of transcripts related to educational credits a child earned while in the facility, if any were earned.
