

## **AGREEMENT ONE-STOP WORKFORCE OPERATIONS**

**THIS AGREEMENT** or **Memorandum of Understanding** (the “Agreement”) is between the **CITY AND COUNTY OF DENVER**, a municipal corporation of the State of Colorado (“Denver”), for itself and on behalf of the **Division of Workforce Services, a division of the Office of Denver Economic Development & Opportunity** (the “Agency”), and the **Denver Workforce Development Board** (the “Local Board”), and together with Denver (the “City”), and **ECKERD YOUTH ALTERNATIVES, INC.**, a Florida non-profit corporation doing business as Eckerd Connects, with a principal place of business address of 100 North Starcrest Drive, Clearwater, Florida 33765 (“**Contractor**”). The City and the Contractor are referred to herein collectively as the “Parties.”

### **RECITALS**

**A.** On July 22, 2014, the United States Congress enacted the Workforce Innovation and Opportunity Act of 2014 (“WIOA”) to provide, among other things, workforce investment activities through statewide and local workforce development systems, increase employment, retention, and earnings of participants, and increase attainment of occupational skills by participants. Through such activities, WIOA seeks to improve the quality of the workforce, reduce welfare dependence, increase economic self-sufficiency, meet the skill requirements of employers, and enhance the productivity and competitiveness of the Nation.

**B.** The City and County of Denver has been designated by the Governor of the State of Colorado as a local workforce investment area in order to receive and allocate WIOA funding and to otherwise coordinate WIOA activities. In addition, a local workforce development board has been established to carry out any WIOA specified functions.

**C.** The City has been or will be designated by the State of Colorado as a sub-recipient of WIOA funds for the Denver local area pursuant to an agreement with the State of Colorado Department of Labor and Employment in order to implement and coordinate WIOA activities with the City’s Local Board in accordance with WIOA.

**D.** WIOA requires, among other things, certain partnering and collaboration activities to align WIOA with other federally funded workforce programs including without limitation certain elements of the Federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (“PRWORA”) related to the Temporary Assistance for Needy Families program (“TANF”) (PRWORA/TANF-CFDA# 93.558).

**E.** In 2022, the City, through a competitive process, designated the Contractor as the One Stop Operator to implement a comprehensive one-stop system for workforce investment activities in the City and County of Denver including providing services at certain City owned or operated facilities. The procurement granted to the DEDO-WDB the right to renew the resulting agreement for up to three additional one-year periods based on contractor performance, achievement of benchmarks, funding availability, ability to leverage funds, compliance with all applicable regulations and other program requirements. Rather than renewing the prior Agreement, the City wishes to enter into this Agreement with Contractor.

**F.** The Mayor and the Local Board have determined to renew the award of the Contractor designation as the One Stop Operator for the term of this Agreement.

**G.** This Agreement, and its Exhibits, sets forth the conditions upon which the One-Stop Delivery System will be implemented in accordance with applicable laws.

The Parties therefore agree as follows:

If corrections are not made by such date, then the final resolution of identified deficiencies or disputes shall be deemed to be resolved in the City’s favor unless the Contractor obtains a resolution in its favor from the responsible official conducting the audit or review. The foregoing in no way limits Contractor’s obligation to reimburse the City for any costs or expenses paid under this Agreement that have been determined to be unallowable or disallowed by the Federal Government, State Government, or the City in accordance with applicable Federal Laws, State Laws, or the Charter, ordinances, rules, regulations, policies, and Executive Orders of the City and County of Denver.

- 5.8. **Federal Funds Contingency:** All payments under this Agreement, whether in whole or in part, are subject to and contingent upon the continuing availability of Federal Funds for the purposes of the Program. In the event that Federal Funds, or any part thereof, are not awarded to the City or are reduced or eliminated by the Federal Government or the State of Colorado, the City may reduce the total amount of compensation to be paid to the Contractor by revising **Exhibits A** and/or **B**, in accordance with Section 2.2 above, or it may terminate this Agreement.

If Contractor fails to do so, the City will have the right, at the City's sole election, to immediately enforce any remedies available to it under this Agreement or applicable laws. The requirements and obligations contained in the preceding sentences of this Section 16.4 will not apply to a specific third-party patented device, material or processes that the DWS Director has directed, in writing, the Contractor to use.

### 18. **CONFIDENTIAL INFORMATION; OPEN RECORDS:**

**18.1. City Information:** The Contractor acknowledges and accepts that, in performance of all work under the terms of this Agreement, the Contractor may have access to Proprietary Data or confidential information that may be owned or controlled by the City, and that the disclosure of such Proprietary Data or information may be damaging to the City or third parties. The Contractor agrees that all Proprietary Data, confidential information or any other data or information provided or otherwise disclosed by the City to the Contractor shall be held in confidence and used only in the performance of its obligations under this Agreement. The Contractor shall exercise the same standard of care to protect such Proprietary Data and information as a reasonably prudent contractor would to protect its own proprietary or confidential data. “Proprietary Data” shall mean any materials or information which may be designated or marked “Proprietary” or “Confidential,” or which would not be documents subject to disclosure pursuant to the Colorado Open Records Act or City ordinance and provided or made available to the Contractor by the City. Such Proprietary Data may be in hardcopy, printed, digital or electronic format.

### 18.2. **Use and Protection of Proprietary Data and Confidential Information:**

- a) Except as expressly provided by the terms of this Agreement, the Contractor agrees that it shall not disseminate, transmit, license, sublicense, assign, lease, release, publish, post on the internet, transfer, sell, permit access to, distribute, allow interactive rights to, or otherwise make available

any data, including Proprietary Data or confidential information or any part thereof to any other person, party or entity in any form of media for any purpose other than performing its obligations under this Agreement. The Contractor further acknowledges that by providing data, Proprietary Data or confidential information, the City is not granting to the Contractor any right or license to use such data except as provided in this Agreement. The Contractor further agrees not to disclose or distribute to any other party, in whole or in part, the data, Proprietary Data or confidential information without written authorization from the Executive Director and will immediately notify the City if any information of the City is requested from the Contractor from a third party.

- b) The Contractor agrees, with respect to the Proprietary Data and confidential information, that: (1) the Contractor shall not copy, recreate, reverse engineer or decompile such data, in whole or in part, unless authorized in writing by the Executive Director; (2) the Contractor shall retain no copies, recreations, compilations, or decompilations, in whole or in part, of such data; and (3) the Contractor shall, upon the expiration or earlier termination of the Agreement, destroy (and, in writing, certify destruction) or return all such data or work products incorporating such data or information to the City.
- c) The Contractor shall develop, implement, maintain and use appropriate administrative, technical and physical security measures to preserve the confidentiality, integrity and availability of all electronically maintained or transmitted data received from, or on behalf of City. It is the responsibility of the Contractor to ensure that all possible measures have been taken to secure the computers or any other storage devices used for City data. This includes industry accepted firewalls, up-to-date anti-virus software, controlled access to the physical location of the hardware itself.
- d) **Employees and Subcontractors:** Contractor will inform its employees and officers of the obligations under this Agreement, and all requirements and obligations of Contractor under this Agreement will survive the expiration or earlier termination of this Agreement. Contractor will not disclose proprietary information or confidential information to subcontractors unless such subcontractors are bound by non-disclosure and confidentiality provisions at least as strict as those contained in this Agreement.
- e) **Disclaimer:** Notwithstanding any other provision of this Agreement, the City is furnishing Proprietary Data and confidential information on an “as is” basis, without any support whatsoever, and without representation,

warranty or guarantee, including but not in any manner limited to, fitness, merchantability or the accuracy and completeness of the Proprietary Data or confidential information. The Contractor is hereby advised to verify its work. The City assumes no liability for any errors or omissions herein. Specifically, the City is not responsible for any costs including, but not limited to, those incurred as a result of lost revenues, loss of use of data, the costs of recovering such programs or data, the cost of any substitute program, claims by third parties, or for similar costs. If discrepancies are found, the Contractor agrees to contact the City immediately.

- f) **Contractor’s Confidential Information; Open Records:** If the City is furnished with proprietary data or confidential information that may be owned or controlled by Contractor (“Contractor’s Confidential Information”), the City will endeavor, to the extent provided by law, to comply with the requirements provided by Contractor concerning Contractor’s Confidential Information. However, Contractor understands that all the material provided or produced by Contractor under this Agreement may be subject to the Colorado Open Records Act, §§ 24-72-201, *et seq.*, C.R.S. In the event of a request to the City for disclosure of such information, the City will advise Contractor of such request in order to give Contractor the opportunity to object to the disclosure of any of its Contractor Confidential Information and take necessary legal recourse. In the event of the filing of a lawsuit to compel such disclosure, the City will tender all such material to the court for judicial determination of the issue of disclosure and Contractor agrees to intervene in such lawsuit to protect and assert its claims of privilege against disclosure of such material or waive the same. Contractor further agrees to defend, indemnify, save, and hold harmless the City from any Claims arising out of Contractor’s intervention to protect and assert its claim of privilege against disclosure under this Section 18.2(e) including, without limitation, prompt reimbursement to the City of all reasonable attorneys’ fees, costs, and damages that the City may incur directly or may be ordered to pay by such court.

## Section 19 Additional Provisions

### 19. **ADDITIONAL PROVISIONS:**

- 19.1. Reasonableness of Consent or Approval:** Whenever under this Agreement the term "reasonableness" is the standard for the granting or denial of the consent or approval of either party hereto, such party shall be entitled to

consider public and governmental policy, moral and ethical standards, as well as business and economic considerations.

- 19.2. Force Majeure:** Performance of this Agreement may be delayed and/or suspended by any act of God, war, civil disorder, terrorist acts, employment strike, hazardous or harmful condition, or other cause beyond the control of either party (“Force Majeure Event”). Contractor shall use any means available to provide City with notice of any Force Majeure Event, and at its earliest possible opportunity. Neither Party shall be held liable for any default, damages and/or breach of agreement should the performance of this Agreement be delayed and/or suspended due to any Force Majeure Event. In the event performance of this Agreement is delayed and/or suspended due to Force Majeure Event, performance shall resume only upon the mutual assent of the Parties that the Force Majeure Event has subsided. Should the performance of the Agreement be suspended or delayed as the result of a Force Majeure Event, the Parties hereby agree that this Agreement shall be extended by the amount of time the performance is suspended or delayed. Events necessitating the issuance of Public Health Orders, as described in Section 11.6, above, shall be treated by the Parties in conformance with the terms and conditions of Section 11.6 and not as a Force Majeure.
- 19.3. Status of Contractor:** The Contractor is an independent contractor retained to perform professional or technical services for limited periods of time. Neither the Contractor nor any of its employees are employees or officers of the City under Chapter 18 of the Denver Revised Municipal Code, or for any purpose whatsoever.
- 19.4. Legal Authority:** Contractor represents and warrants that it possesses the legal authority, pursuant to any proper, appropriate and official motion, resolution or action passed or taken, to enter into the Agreement. Each person signing and executing the Agreement on behalf of Contractor represents and warrants full authorization by Contractor to execute the Agreement on behalf of Contractor and to validly and legally bind Contractor to all the terms, performances and provisions of the Agreement. The City shall have the right, in its sole discretion, to either temporarily suspend or permanently terminate the Agreement if there is a dispute as to the legal authority of either Contractor or the person signing the Agreement to enter into the Agreement.
- 19.5. Survival of Certain Provisions:** The terms of the Agreement and any exhibits and attachments that by reasonable implication contemplate continued performance, rights, or compliance beyond expiration or termination of the Agreement survive the Agreement and will continue to be enforceable. Without limiting the generality of this provision, the Contractor’s obligations to provide

insurance and to indemnify the City will survive for a period equal to any and all relevant statutes of limitation, plus the time necessary to fully resolve any claims, matters, or actions begun within that period. Further, without limiting the generality of this provision, the Contractor's obligations in the following provisions will survive for a period equal to any and all relevant statutes of limitation, plus the time necessary to fully resolve any claims, matters, or actions begun within that period: Sections 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19.1, 19.2, and 19.6-19.27.

- 19.6. Notices:** All notices required by the terms of the Agreement must be hand delivered, sent by overnight courier service, mailed by certified mail, return receipt requested, or mailed via United States mail, postage prepaid, if to the Contractor at the address first written above, and if concerning the Services to the City at:

Director of Workforce Services or Designee  
Office of Denver Economic Development & Opportunity  
City and County of Denver  
201 West Colfax Avenue, Dept. 1011  
Denver, CO 80202

With a copy of any such notice to:

Denver City Attorney's Office  
1437 Bannock St., Room 353  
Denver, Colorado 80202

Notices hand delivered or sent by overnight courier are effective upon delivery. Notices sent by certified mail are effective upon receipt. Notices sent by mail are effective upon deposit with the U.S. Postal Service. The Parties may designate substitute addresses where or persons to whom notices are to be mailed or delivered. However, these substitutions will not become effective until actual receipt of written notification.

- 19.7. Disputes:** All disputes between the City and the Contractor arising out of or regarding this Agreement will be resolved by administrative hearing pursuant to the procedure established by Denver Revised Municipal Code, § 56-106(b)-(f). For the purposes of that procedure, the City official rendering a final determination shall be the DWS Director as defined in this Agreement.
- 19.8. Governing Law; Venue:** The Agreement will be construed and enforced in accordance with applicable federal law, the laws of the State of Colorado, and the Charter, Revised Municipal Code, ordinances, regulations and Executive

Orders of the City and County of Denver, which are expressly incorporated into the Agreement. Unless otherwise specified, any reference to statutes, laws, regulations, charter or code provisions, ordinances, executive orders, or related memoranda, includes amendments or supplements to same. Venue for any legal action relating to the Agreement will be in the District Court of the State of Colorado, Second Judicial District.

- 19.9. No Construction Against Drafting Party:** The Parties and their respective counsel have had the opportunity to review the Agreement, and the Agreement will not be construed against any Party merely because the Agreement or any provisions thereof were prepared by a particular Party.
- 19.10. When Rights and Remedies Not Waived:** In no event will any payment or other action by the City constitute or be construed to be a waiver by the City of any breach of covenant or default that may then exist on the part of the Contractor. No payment, other action, or inaction by the City when any breach or default exists will impair or prejudice any right or remedy available to it with respect to any breach or default. No assent, expressed or implied, to any breach of any term of the Agreement constitutes a waiver of any other breach.
- 19.11. Taxes, Late Charges, and Permits:** The City is not liable for the payment of taxes, late charges or penalties of any nature, except for any additional amounts that the City may be required to pay under the City’s prompt payment ordinance D.R.M.C. §§ 20-107, *et seq.* The Contractor shall promptly pay when due, all taxes, bills, debts and obligations it incurs performing the services under the Agreement and shall not allow any lien, mortgage, judgment or execution to be filed against City property.
- 19.12. Assignment, Delegation and Subcontracting:** The Contractor shall not voluntarily or involuntarily assign any of its rights or delegate any of its obligations under the Agreement or subcontract performance obligations without obtaining the DWS Director’s prior written consent. Any assignment, delegation or subcontracting without such consent will be ineffective and void, and, in addition to those found Section 11, shall be cause for termination of this Agreement by the City. The DWS Director has sole and absolute discretion whether to consent to any assignment, delegation or subcontracting, or to terminate the Agreement because of unauthorized assignment, delegation or subcontracting. In the event of any subcontracting or unauthorized assignment or delegation: (i) the Contractor shall remain responsible to the City; and (ii) no contractual relationship shall be created between the City and any sub-consultant, subcontractor or assign.

Services subcontracted under this Agreement shall be specified by written agreement and shall be subject to each applicable provision of this Agreement and any and all applicable Federal and State Laws with appropriate changes in nomenclature in referring to such subcontract. The Contractor shall submit proposed subcontract agreements to the DWS Director for the DWS Director's review and approval. Such consent of the City obtained as required by this Section 19.12 shall not be construed to constitute a determination of approval of any cost under this Agreement, unless such approval specifically provides that it also constitutes a determination of approval of such cost.

**19.13. Inurement:** The rights and obligations of the Parties to the Agreement inure to the benefit of and shall be binding upon the Parties and their respective successors and assigns, provided assignments are consented to in accordance with the terms of the Agreement.

**19.14. No Third-Party Beneficiary:** Enforcement of the terms of the Agreement and all rights of action relating to enforcement are strictly reserved to the Parties. Nothing contained in the Agreement gives or allows any claim or right of action to any third person or entity including without limitation One-Stop Partners authorized to co-locate with Contractor in the Licensed Premises. Any person or entity other than the City or the Contractor receiving services or benefits pursuant to the Agreement is an incidental beneficiary only.

**19.15. No Authority to Bind City to Contracts:** The Contractor lacks any authority to bind the City on any contractual matters. Final approval of all contractual matters that purport to obligate the City must be executed by the City in accordance with the City's Charter and the Denver Revised Municipal Code.

**19.16. Severability:** Except for the provisions of the Agreement requiring appropriation of funds and limiting the total amount payable by the City, if a court of competent jurisdiction finds any provision of the Agreement or any portion of it to be invalid, illegal, or unenforceable, the validity of the remaining portions or provisions will not be affected, if the intent of the Parties can be fulfilled.

**19.17. Conflict of Interest**

- a) No employee of the City shall have any personal or beneficial interest in the services or property described in the Agreement; and the Contractor shall not hire, or contract for services with, any employee or officer of the

City in violation of the City's Code of Ethics, D.R.M.C. §§ 2-51, *et seq.*, or the City Charter §§ 1.2.8, 1.2.9, and 1.2.12.

- b) The Contractor shall not engage in any transaction, activity or conduct that would result in a conflict of interest under the Agreement. The Contractor represents that it has disclosed any and all current or potential conflicts of interest which shall include transactions, activities or conduct that would affect the judgment, actions or work of the Contractor by placing the Contractor's own interests, or the interests of any party with whom the Contractor has a contractual arrangement or other relationship, in conflict with those of the City. During the Term, the Contractor shall disclose promptly any potential conflicts of interest that arise from its activities and relationships with training or other service providers. The City, in its sole discretion, will determine the existence of a conflict of interest and may terminate the Agreement in the event it determines a conflict exists, after it has given the Contractor written notice describing the conflict. The Contractor will have thirty (30) days after the notice is received to eliminate or cure the conflict of interest in a manner which is acceptable to the City.

**19.18. Advertising and Public Disclosure:**

- a) **Approval Required:** The Contractor shall not include any reference to the Agreement or to Services performed pursuant to the Agreement in any of the Contractor's advertising or public relations materials without first obtaining the written approval of the DWS Director. Any oral presentation or written materials related to Services performed under the Agreement will be limited to Services that have been accepted by the City. The Contractor shall notify the DWS Director in advance of the date and time of any presentation. Nothing in this provision precludes the transmittal of any information to City officials.
- b) **Acknowledgment of Funding:** In accordance with applicable federal or state requirements, the Contractor shall prominently insert the following acknowledgement (or substantially similar acknowledgement) in all allowable advertising, public relations items, or informational materials, including without limitation, signs, media releases, promotional items, giveaways, and public announcements: "The activities, services, programs, and materials are made possible by support from the Office of Denver Economic Development & Opportunity, Workforce Services of the City of and County of Denver through funding from the Workforce Innovation and Opportunity Act."

- 19.19. City Execution of Agreement:** The Agreement will not be effective or binding on the City until it has been fully executed by all signatories of the City and County of Denver, and if required by Charter, approved by the City Council.

**1.0 INTRODUCTION**

**1.1** This Scope of Service outlines Program, Administrative, and other requirements that must be satisfied by the contractor., from here on referenced as the One Stop Operator (the “Operator”) and Comprehensive Service Provider (the “Service Provider”) receiving Workforce Innovation and Opportunity Act (“WIOA”) funds from the City and County of Denver (the “City”) to operate programs as prescribed by the Workforce Innovation and Opportunity Act (WIOA). The funds will ensure Denver County workforce services to be provided within the identified American Job Centers (individually, an “AJC” and collectively, “AJC’s”); the comprehensive One-Stop Center at the Arie P. Taylor (Montbello) building located at 4685 Peoria Street.

**1.2** As policies and/or procedures are revised or updated, Denver Economic Development and Opportunity – Denver Workforce Development (DEDO-DWD) will release formal

announcements and policies or procedures wherever they differ from this Scope of Service which will be understood to replace those elements of this Scope of Service with which they differ. Any future policies or procedures that are released are to be considered addenda to this Scope of Service and therefore part of the agency's contract with the Operator as they are updated or revised. This contract is not for research and development.

**1.3** The Service Provider shall be prepared to expand or reduce the delivery of services to businesses and job seekers if reductions and/or changes in project services or scale are required due to actual funding allocations throughout the contract's term.

**1.4** For the purposes of this agreement, this One-Stop Operator/ WIOA Service Provider is considered a "Sub-recipient" and the following reference from the Uniform Guidance Circular is applicable:

1. *The non-Federal entity may concurrently receive Federal awards as a recipient, a sub-recipient, and a contractor, depending on the substance of its agreements with Federal awarding agencies and pass-through entities.*
2. *Sub-award means an award provided by a pass-through entity to a sub-recipient for the sub-recipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal program. §2 CFR Section 200.92 (and any subsequent revisions).*

**1.5** Characteristics that support the classification of the non-Federal entity as a sub-recipient include when the non-Federal entity:

1. Determines who is eligible to receive what Federal assistance;
2. Has its performance measured in relation to whether objectives of a Federal program were met;
3. Has responsibility for programmatic decision making;
4. Is responsible for adherence to applicable Federal program requirements specified in the Federal award; and
5. In accordance with its agreement, uses the Federal funds to carry out a program for a public purpose specified in authorizing statute, as opposed to providing goods or services for the benefit of the pass-through entity.

**1.6** Contract means a legal instrument by which a non-Federal entity purchases property or services needed to carry out the project or program under a Federal award. The term as used in this part does not include a legal instrument, even if the non-Federal entity considers it a contract, when the substance of the transaction meets the definition of a Federal award or sub-award. 2CFR §200.22 (and any subsequent revisions).

**1.7** Characteristics indicative of a procurement relationship between the non-Federal entity and a contractor are when the contractor:

1. Provides the goods and services within normal business operations;
2. Provides similar goods or services to many different purchasers;
3. Normally operates in a competitive environment;
4. Provides goods or services that are ancillary to the operation of the Federal program; and

5. Is not subject to compliance requirements of the Federal program as a result of the agreement, though similar requirement may apply for other reasons. 2CFR §200.33 (and any subsequent revisions).

**1.8** The Service Provider will adhere to the WIOA outcomes as listed in the chart below: The enrollment numbers are estimates; final numbers will be determined by September 30, 2024. ## EXHIBIT C

### FISCAL SYSTEM DESIGN:

This section is designed to provide the financial and administrative requirements applicable to federally funded programs function as required partners in the One-Stop system. It contains the common requirements for grants and financial management found in OMB Uniform Guidance 2 CFR §200 and DOL Exceptions 2CFR §2900.

#### **1.1 Cost Principles, Allowable Costs and Unallowable Costs**

- 1.1.1 Costs must be necessary and reasonable. Any cost charge to a grant must be necessary and reasonable for the proper and efficient performance and administration of the grant. A grantee or subawardee is required to exercise sound business practices and to comply with its procedures for charging costs.
- 1.1.2 *Costs must be allocable:* A grantee may charge costs to the grant if those costs are clearly identifiable as benefiting the grant program. Costs charged to the grant should benefit only the grant program, not other programs or activities. In order to be allocable, a cost must be treated consistently with like costs and incurred specifically for the program being charged. Shared costs must benefit both the ETA grant and other work and be distributed in reasonable proportion to the benefits received.
- 1.1.3 *Costs must be authorized or not prohibited under Federal, State, or local laws or regulations:* Costs incurred must not be prohibited by any Federal, State, or local law.
- 1.1.4 *Costs must receive consistent treatment by a grantee:* A grantee must treat a cost uniformly across program elements and from year to year. Costs that are indirect for some programs cannot be considered direct ETA grant costs.
- 1.1.5 *Costs must not be used to meet matching or cost-sharing requirements:* A grantee may not use federally funded costs, whether direct or indirect, as match or to meet matching fund requirements unless specifically authorized by law.
- 1.1.6 *Costs must be adequately documented:* A grantee must document all costs in a manner consistent with GAAP. Examples include retaining evidence of competitive bidding for services or supplies, adequate time records for employees who charge time against the grant, invoices, receipts, purchase orders, etc.
- 1.1.7 *Costs must conform to ETA grant exclusions and limitations:* A grantee or sub-grantee may not charge a cost to the grant that is unallowable per the grant regulations or the cost limitations specified in the regulations.

#### **2.1 Cash Management**

Disbursements shall be processed through the Denver Economic Development & Opportunity (DEDO) - Financial Management Unit (FMU) and the City and County of Denver's Department of Finance.

- 2.1.1 The method of payment to the Contractor by DEDO shall be in accordance with established FMU procedures for line-item reimbursements. The Contractor should submit expenses to DEDO on or before the last day of each month for the previous month's activity.

- 2.1.2 Voucher requests for reimbursement of costs should be submitted on a regular and timely basis in accordance with DEDO policies. Vouchers need to be submitted within thirty (30) days of the actual service, expenditure or payment of expense.
- 2.1.3 The Contractor shall submit the final voucher for reimbursement no later than thirty (30) days after the end of the contract period.
- 2.1.4 The Contractor shall be reimbursed for services provided under this Agreement according to the approved line-item reimbursement budget within the Scope of Work.
- 2.1.5 The standardized DEDO "Expense Certification Form" must be included with each reimbursement or draw-down request.

### **3.1 Expense Guidelines**

#### **3.1.1 Payroll**

3.1.1.1 A summary sheet should be included to detail the gross salary of the employee, amount of the salary to be reimbursed, the name of the employee, and the position of the employee. If the employee is reimbursed only partially by this contract, the amount of salary billed under other contracts with the City or other organizations should be shown on the timesheet as described below. Two items are needed for verification of payroll: (1) the amount of time worked by the employee for this pay period; and (2) the amount of salary paid to the employee, including information on payroll deductions.

3.1.1.2 The amount of time worked will be verified with timesheets. The timesheets must include the actual hours worked under the terms of this contract, and the actual amount of time worked under other programs. The total hours worked during the period must reflect all actual hours worked under all programs including leave time. The employee's name, position, and signature, as well as a signature by an appropriate supervisor, or executive director, must be included on the timesheets. If the timesheet submitted indicates that the employee provided services payable under this contract for a portion of the total time worked, then the amount of reimbursement requested must be calculated and documented in the monthly reimbursement request.

3.1.1.3 A payroll register or payroll ledger from the accounting system will verify the amount of salary. Copies of paychecks are acceptable if they include the gross pay and deductions.

#### **3.1.2 Fringe Benefits**

3.1.2.2 Fringe benefits paid by the employer can be requested by applying the FICA match of 7.65 percent to the gross salary paid under this contract. Fringe benefits may also include medical plans, retirement plans, worker's compensation, and unemployment insurance. Fringe benefits that exceed the FICA match may be documented by 1) a breakdown of how the fringe benefit percentage was determined prior to first draw request; or, 2) by submitting actual invoices for the fringe benefits. If medical insurance premiums are part of the estimates in item #1, one-time documentation of these costs will be required with the breakdown. Payroll taxes may be questioned if they appear to be higher than usual.

- 3.1.3 Food Purchases – will not be reimbursed.
- 3.1.4 Administration and Overhead Cost - Other non-personnel line items, such as administration, or overhead need invoices, and an allocation to this program documented in the draw request. An indirect cost rate can be applied if the Contractor has an approved indirect cost allocation plan. The approved indirect cost rate must be submitted to and approved by DEDO.

#### **4.1 Per Diem and Travel Expense Limitation**

- 4.1.1 Service providers are required to develop and maintain policies regarding compensation for staff and participant travel costs. Meals, lodging, rental cars, airfare, mileage for employee-owned cars, and other travel expenses may be paid for staff and participants who travel as part of their job, training activity or grant purpose.
- 4.1.2 Documentation of the purpose and cost of travel must be maintained. The documentation should include the time of travel in order to compute and verify allowed per diem amounts. No employee may be reimbursed for expenses incurred in going to and from work. Lunches and/or dinners in your home office city outside the scope of an agenda are prohibited.

#### **5.1 Procurement, Inventory and Disposal**

- 5.1.1 Service providers are delegated authority to make purchases of equipment, supplies and services as described below. Service providers are responsible for ensuring the vendors selected are not debarred or suspended by checking the information on the following federal government website: <http://epls.arnet.gov>.
  - 5.1.1.1 *Micro Purchases* – under \$3,000. All service providers may purchase items with a value of less than \$3,000 using any open and fair procurement method that best meets the agency’s needs. Any person or company other than a State agency entering into a subcontract with the State for the construction of any public building or the prosecution or completion of any public work or for repairs upon any public building or public work, shall be required before commencing work, to execute, in addition to all bonds that may now or hereafter be required of them, a penal bond, with good and sufficient surety or sureties, to be approved by the Manager of Public Works of the City, conditioned that such contractors shall promptly make payments of all amounts lawfully due to all persons supplying or furnishing him or it, or his or its subcontractors with labor or materials, or with labor and materials used or performed in the prosecution of the work provided for in such contract, and will indemnify the City to the extent of any and all payments in connection with the carrying out of any such contracts with said City may be required to make under the law.

2. Every worker, mechanic or other laborer employed by any Contractor or subcontractor in the work of drainage or of construction, alteration, improvement, repair, maintenance or demolition of any public building or public work by or in behalf of the City, or for any department of the City, or financed in whole or in part by the City or any department of the City, or engaged in the work of a doorkeeper, caretaker, cleaner, window washer, porter, keeper, janitor or in similar custodial or janitorial work in connection with the operation of any such public building or the prosecution of any such public work by or in behalf of the City, or for any department of the City, or financed in whole or in part by the City, or any department of the City, shall be paid not less than the wages prevailing for the same class and kind of work in the City as determined by the Career Service Board of the City under Section D hereof.

3. For every subcontract in excess of \$2,000.00 which requires the performance of work involving drainage or involving construction, alteration, improvements, repairs, maintenance or demolition of any public building or public work, or which requires the performance of the work of a doorkeeper, caretaker, cleaner, window washer, porter, keeper, janitor, or similar custodial or janitorial work in connection with the operation of any such public building, or the prosecution of any such public work, the minimum wages to be paid for every class of labor, mechanics or work shall be not less than the scale of wages from time to time determined by said Career Service Board to be the prevailing wages under Section (D) hereof; no increase or increases in such minimum wages shall result in any increased liability on the part of the City, and the possibility and risk of any such increase or increases is assumed by the Contractor.

4. It shall be duty of said Career Service Board to determine, after hearing, the prevailing wages for the various classes of laborers, mechanics, and workers which will be required in the performance of the Subcontract, which determination shall be made periodically at least every six months, and as frequently as may be considered necessary by said Career Service Board in order that the determination which is currently in effect shall accurately represent the current prevailing rates of wages. Prior to making such determination, said Career Service Board shall give reasonable public notice of the time and place of the hearing concerning such proposal determination and shall afford to all interested parties the right to appear before it and to present evidence. "Prevailing Wages" shall mean, for each class of work, (a) the rate of pay currently and most commonly paid to laborers, mechanics and workers performing such classes of work in the City, and (b) the overtime and other benefits currently and most commonly granted to such workers, mechanics, and laborers in the City; except that where the work involved is that of construction, alteration, improvement, repair, maintenance or demolition of any public building or public work, "Prevailing Wages" shall mean, for each class of work, the rate of pay currently and most commonly paid and the overtime and other benefits currently and most commonly granted to such workers, mechanics and laborers in the construction industry of the City.

5. The Contractor and every Subcontractor under the Contract shall pay every worker, mechanic and laborer employed under the Contract, not less than the scale of wages as determined by said Career Service Board under Section D hereof to be the prevailing rate. The Contractor and its subcontractors shall pay all workers, mechanics and other laborers at least once a week the full amounts of wages accrued at the time of payment, computed at wage rates not less than those stated in the specifications. Further, the Contractor shall post in a prominent and easily accessible place at the site of the work the scale of wages to be paid by the Contractor and all Subcontractors working under it. In the event the Contractor or any Subcontractor shall fail to pay such wages as are required by the Contract, the Auditor of the City shall not approve any warrant or demand for payment to the Contractor until the Contractor furnishes the Auditor of the City evidence satisfactory to him that such wages so required by the Contract have been paid. Further, the Contractor shall furnish to the Auditor of the City each week during which work is in progress under the Contract, a true and correct copy of the payroll records of all workers, laborers and mechanics employed under the Contract, either by the Contractor or Subcontractors. Such payroll records shall include information showing the number of hours worked by each worker, laborer or mechanic employed under the Contract, the hourly pay of each such worker, laborer or mechanic, any deductions made from pay, and the net amount of pay received by each worker, laborer or mechanic for the period covered by the payroll. Said copy of the payroll record shall be accompanied by a sworn statement of the Contractor that the copy is a true and correct copy of the payroll records of all mechanics, laborers and other workers working under the Contract either for the Contractor or Subcontractors, that payments were made to the workers, laborers, and mechanics as set forth in said payroll records, that no deductions were made other than those set forth in said records, and that all workers, mechanics and other laborers employed on work under the Contract, either by the Contractor or Subcontractor, have been paid the prevailing wages. In the event that any laborer, worker or mechanic employed by the Contractor or Subcontractor under the Contract has been or is being paid a rate of wages less than the rate of wages required by the Contract to be paid as aforesaid, the City may, by notice to the Contractor or Subcontractor, suspend or terminate its right to proceed with the work, or such part of the work as to which there has been a failure to pay said required wages, and in the event of termination, may prosecute the work to completion by contract or otherwise, and the Contractor and its sureties shall be liable to the State or City for any excess costs occasioned the City thereby.

6. No warrant or demand for payment to the Contractor or Subcontractor shall be drawn or allowed by the Auditor of the City unless the Contractor or Subcontractor shall have filed with said Auditor the reports and statements required by Section E hereof nor while any such Contractor or Subcontractor under it shall be in default in the payment of such wages as are required by the Contract.

7. The Provisions of Sections B through G hereof, inclusive, shall constitute a part of every contract of employment between the Contractor and any subcontractor not a State agency and his or its employee performing work covered by the provisions of said sections.

**SEC. 402. Use of Property.** Whenever Contract funds available for use in whole or in part for the purchase or construction (including rehabilitation) of property (other than office equipment, supplies, materials and other personal property used for the administration of the program), a title to said property shall not be transferred for a period of five (5) years from the date of purchase or completion of construction without the approval of the City. Should it be desirable to sell the property or otherwise transfer the ownership before expiration of the five-year period, a request must be submitted to the City for prior approval.

## ARTICLE 5 PERSONAL PROPERTY

**SEC. 501. Purchases and City Property.**

A. The Contractor agrees to use its best efforts to obtain all supplies and equipment for use in the performance of this Contract at the lowest practicable cost, in a way not inconsistent with Section 20-61 through 20-67 of the Revised Municipal Code. Any public Contractor may procure its supplies from State or local government sources without regard to any other provision of the Contract to the extent required by State or local law. The City will assist the Contractor and its subcontractors in the following procedures for procurement of supplies and equipment.

B. Title to all non-expendable personal property furnished by the City, if any, shall remain in the City. Title to all such property acquired by the Contractor including acquisition through lease-purchase agreement, for the cost of which the Contractor is to be reimbursed in whole or in part as direct item of cost under the Contract, shall immediately vest in the City upon delivery of such property by the vendor. Title to other such property, the cost of which is to be reimbursed to the Contractor under this Contract, shall immediately vest in the City upon (i) issuance for use of such property in the performance of the Contract; or (ii) commencement of processing or use of such property in the performance of the Contract; or (iii) reimbursement of the cost thereof by the City, whichever first occurs. Title to the City property shall not be affected by the incorporation or attachment thereof if any part thereof be or become a fixture or lose its identity as personality by reason of affixation to any realty. All City-furnished property, and all property acquired by the Contractor, title to which vests in the City under this paragraph, are subject to the provisions of this clause and are herein collectively referred to as "City Property".

C. The Contractor agrees to accept as correct the records of the City relating to the identification and marking, segregation and co-mingling and taking of inventories of City property. The Contractor shall maintain and administer in accordance with sound business practice, a program for the maintenance, repair, protection and preservation of City property so as to assure its full availability and usefulness for the performance of the Contract. The Contractor shall take reasonable steps to comply with all appropriate directions or instructions which the City may prescribe as reasonably necessary for the protection of the City property including the removal and shipping of City property, where the City deems that the interest of the City requires the removal of such property.

D. The City property shall be used only for the performance of this Contract and its use by the Contractor is understood and agreed to be part of the consideration for which services are provided.

E. The Contractor shall not be liable for any loss of or damage to the City property, or for expenses incidental to such loss or damage, except that the Contractor shall be responsible for any loss or damage (including expenses incidental thereto):

1. Which results from willful misconduct or lack of good faith on the part of any one of the Contractor's directors or officers, or on the part of any of its managers, superintendents or other equivalent representatives;

2. Which results from a failure on the part of the Contractor, due to the willful misconduct or lack of good faith on the part of its directors, officers or other representatives mentioned in (1) above to maintain and administer, in accordance with sound business practice, the program for maintenance, repair, protection and preservation of City property as required by Paragraph (D) hereof, or to take all reasonable steps to comply with any appropriate written directions of the City under Paragraph (D) hereof;

3. For which the Contractor is otherwise responsible under the express terms of the Contract;

4. Which results from a risk required to be insured under the Contract; or

5. Which results from a risk which is, in fact, covered by insurance or for which the Contractor is otherwise reimbursed, but only to the extent of such insurance or reimbursement.

The Contractor shall not be reimbursed for, and shall not include as an item of overhead, the cost of insurance, or any provision for a reserve, covering the risk of loss of or damage to the City property, except to the extent that the City may have required the Contractor to carry such insurance under any provisions of the Contract.

F. If the Contractor transfers City property to the possession and control of a subcontractor, the transfer shall not affect the liability of the Contractor for loss or destruction of or damage to the property

as set forth in Paragraph (F) hereof. However, the Contractor shall require the subcontractor to assume the risk of, and be responsible for, any loss or destruction of or damage to the property while in the latter's possession or control, except to the extent that the subcontractor, with the prior approval of the City, provides for the relief of the Contractor from such liability. In the absence of such approval, the subcontractor shall maintain appropriate provisions requiring the return of all City property in as good condition as when received, except for reasonable wear and tear or for the utilization of the property in accordance with the provisions of the Contract.

G. In the event the Contractor is indemnified, reimbursed or otherwise compensated for any loss or destruction of or damage to the City property, it shall use the proceeds to repair, renovate or replace the City property involved, or shall credit such proceeds against the cost of the work covered by the Contract or shall otherwise reimburse the City, as directed by the City. The Contractor shall do nothing to prejudice the City's rights to recover against third parties for any such loss, destruction or damage and, upon the request of the City, shall, at the City's expense, furnish to the City all reasonable assistance and cooperation (including the prosecution of suit and the execution of instruments of assignment in favor of the City) in obtaining recovery. In addition, where the subcontractor has not been relieved from liability for any loss or destruction of or damage to City property, the Contractor shall enforce the liability of the subcontractor for such loss or destruction of or damage to the City property for the benefit of the City.

H. Upon the completion of the Contract, or at such earlier date as may be fixed by the City, the Contractor shall submit to the City in a form acceptable to it, inventory schedules covering either all items of City property, or all items of City property not theretofore delivered to the City, and shall deliver or make such other disposal of such City property as may be directed or authorized by the City. The net proceeds of any such disposal shall be credited to the cost of the work covered by the Contract or shall be paid in such manner as the City may direct.

I. Unless otherwise provided herein, the City:  
1. May abandon any City property in place, and thereupon all obligations of the City regarding such abandoned property shall cease; and  
2. Shall not be under any duty or obligation to restore or rehabilitate, or to pay the costs of the restoration or rehabilitation of, the Contractor's plant or offices or any portion thereof which is affected by the abandonment or removal of any City property.

J. All communications issued pursuant to this Section shall be in writing.

If the bond of any employee of the Contractor is cancelled or coverage is substantially reduced, the Contractor shall notify the City and shall not disburse any funds thereafter until the City receives and acknowledges assurance from the Contractor that adequate insurance coverage has been obtained.

1. Motor Vehicle Record checks on an annual basis.
  2. Monthly driver's license check on all staff at Florida DJJ programs.
  3. Background clearances as required by contract, licensure and state regulations. This will include, at minimum, a National Criminal Database check, National Sex Offender Registry and Court Record Search every five years.

Any adverse results that are returned on these checks not present on previous checks which do not automatically disqualify the staff member from employment/service will be reviewed by credentialing personnel and submitted for final approval to Human Resources Leadership to determine suitability for on-going employment or services with the Organization.

- B. Staff have a responsibility to provide updated copies of the following items anytime they are renewed; however, the Human Resources Department will also monitor the following items to ensure up-to-date documentation has been received. When the item has expired, or is within one (1) month of expiring, the Organization will request an updated copy which will be placed in the personnel file.

- Drivers License;
- Auto Insurance; and
- Licensure and/or Certifications.

- C. Staff Responsibility to Report Arrests, Citations, Convictions

Staff that are arrested, cited, convicted and/or incarcerated are required to advise their supervisor of any alleged criminal/civil offense within one (1) business day of the arrest, citation, conviction, or incarceration. Staff are also required to notify their supervisor within one (1) business day anytime they become aware they are the subject of a state agency investigation (DCF, DHS, DJJ, etc.). Upon notification or awareness of the criminal offense or agency investigation, the supervisor will notify the Human Resources Department and review facts/information in respect to continued service.

1. Failure to advise of the arrest, citation, conviction or incarceration will result in discipline, up to and including termination from employment for employees and separation from the Organization for non-employee staff.
2. Where the nature of the alleged offense is, at the discretion of the Organization, either serious or contrary to the basic mission and intent of the organization:
  - a) An employee may be immediately placed on administrative leave without pay, while the Human Resources Department reviews the offense and determines the appropriate action.
  - b) Non-employee staff's services will be suspended while Human Resources review the offense and determine the appropriate action.

## TRANSFERRING STAFF

The Human Resources Department will screen Transferring Staff to ensure compliance with background requirements of the new position.

- A. It is the responsibility of the facility that is receiving the transferred staff (which includes employees “lent” from one facility to another) to contact Human Resources to ensure that needed paperwork and checks are processed prior to the date of transfer.
- B. Transferring staff must complete the credentialing process indicated for the receiving facility or position before beginning to work in that state.
- C. Staff may not begin at the new facility or in the new position until final approval is given by the Human Resources Department.

## PROVISIONAL CLEARANCES

At times, and as business needs necessitate, Provisional Clearances may be requested by Hiring Managers for new hires and transferring employees. Requests and approvals for Provisional Clearances are not common and should be done only when extenuating circumstances are present.

- A. The Hiring Manager’s supervisor and the Human Resources Department will review any requests for Provisional Clearances and determine if they are allowed by licensure and contractual requirements.
- B. If the Human Resources Department approves a Provisional Clearance, the new or transferring employee must not have any client contact until such time as a full clearance is received from the Human Resources Department.
  1. The Hiring Manager is responsible for having the new employee sign the provisional clearance letter provided by Credentialing personnel and returning signed letter to the Human Resources Department on the employee’s first day.
  2. It is the Hiring Manager’s responsibility to monitor the employee to ensure there is no client contact until the full clearance is received from the Human Resources Department.

## ANNUAL REVIEW

The Human Resources Department is responsible for reviewing personnel files on all staff on an annual basis for completeness and up-to-date documentation. Independent contractors will be re-credentialed before their contracts are renewed annually.

## ATTACHMENTS/FORMS

None.

## REFERENCES

Volunteers and Interns (policy A1.06)  
FCRA Compliance (policy B1.07)

## ACCOUNTABILITY

The Human Resources Department has responsibility for disseminating relevant information related to this policy and for ensuring compliance. The Human Resources Department is also responsible for review and revision of this Policy. Review and revision of any associated procedures will be conducted by the Human Resources Department in conjunction with the Operations staff at the relevant facility.

### 1. PROTECTED INFORMATION AND DATA PROTECTION

**1.1. Compliance with Data Protection Laws:** The Contractor shall comply with all applicable laws, rules, regulations, directives, and policies relating to data protection, use, collection, disclosures, processing, and privacy as they apply to the Contractor under this Agreement, including, without limitation, applicable industry standards or guidelines based on the data's classification relevant to the Contractor's performance hereunder and, when applicable, the most recent iterations of § 24-73-101, *et seq.*, C.R.S.; § 24-85-103 (2.5), C.R.S.; IRS Publication 1075; the Health Information Portability and Accountability Act (HIPAA); the U.S. Department of Justice, Federal Bureau of Investigation, Criminal Justice Information Services Security Policy for all Criminal Justice Information; the Colorado Consumer Protection Act; and the Payment Card Industry Data Security Standard (PCI-DSS), (collectively, "Data Protection Laws"). If the Contractor becomes aware that it cannot reasonably comply with the terms or conditions contained herein due to a conflicting law or policy, the Contractor shall promptly notify the City.

**1.2. Personal Information:** "PII" means personally identifiable information including, without limitation, any information maintained by the City about an individual that can be used to distinguish or trace an individual's identity, such as name, social security number, date and place of birth, mother's maiden name, or biometric records. PII includes, but is not limited to, all information defined as personally identifiable information in §§ 24-73-101, C.R.S. "PII" shall also mean "personal information" as set forth at § 24-73-103(1)(g), C.R.S. If receiving PII under this Agreement, the Contractor shall provide for the security of such PII, in a manner and form acceptable to the City, including, without limitation, City non-disclosure requirements, use of appropriate technology, security practices, computer access security, data access security, data storage encryption, data transmission encryption, and security audits. In addition, as set forth in § 28-251, D.R.M.C., the Contractor, including, but not limited to, the Contractor's employees, agents, and subcontractors, shall not collect or disseminate individually identifiable information about the national origin, immigration, or citizenship status of any person, over and above the extent to which the City is required, under this Agreement, to collect or disseminate such information in accordance with any federal, state, or local law.

**1.3. Safeguarding Protected Information:** "Protected Information" means data, regardless of form, that has been designated as private, proprietary, protected, or confidential by law, policy, or the City. Protected Information includes, but is not limited to, employment records, protected health information, student records, education records, criminal justice information, personal financial records, research data, trade secrets, classified government information, other regulated data, and PII. Protected Information shall not include public records that by law must be made available to the public pursuant to the Colorado Open Records Act § 24-72-201, *et seq.*, C.R.S. To the extent there is any uncertainty as to whether data constitutes Protected Information, the data in question shall be treated as Protected Information until a determination is made by the City or an appropriate legal

authority. Unless the City provides security protection for the information it discloses to the Contractor, the Contractor shall implement and maintain reasonable security procedures and practices that are both appropriate to the nature of the Protected Information disclosed and that are reasonably designed to help safeguard Protected Information from unauthorized access, use, modification, disclosure, or destruction. Disclosure of Protected Information does not include disclosure to a third party under circumstances where the City retains primary responsibility for implementing and maintaining reasonable security procedures and practices appropriate to the nature of the Protected Information, and the City implements and maintains technical controls reasonably designed to safeguard Protected Information from unauthorized access, modification, disclosure, or destruction or effectively eliminate the third party's ability to access Protected Information, notwithstanding the third party's physical possession of Protected Information. If the Contractor has been contracted to maintain, store, or process personal information on the City's behalf, the Contractor is a "Third-Party Service Provider" as defined by § 24-73-103(1)(i), C.R.S., and shall maintain security procedures and practices consistent with §§24-73-101, *et seq.*, C.R.S.

**1.4. Data Access and Integrity:** The Contractor shall implement and maintain all appropriate administrative, physical, technical, and procedural safeguards necessary and appropriate to ensure compliance with the standards, guidelines, and Data Protection Laws applicable to the Contractor's performance hereunder to ensure the security and confidentiality of all data. The Contractor shall protect against threats or hazards to the security or integrity of data; protect against unauthorized disclosure, access to, or use of any data; restrict access to data as necessary; and ensure the proper use of data. The Contractor shall not engage in "data mining" except as specifically and expressly required by law or authorized in writing by the City. All data and Protected Information shall be maintained and securely transferred in accordance with industry standards. Unless otherwise required by law, the City has exclusive ownership of all data it discloses under this Agreement, and the Contractor shall have no right, title, or interest in data obtained in connection with the services provided herein.

**1.5. Data Retention, Transfer, Litigation Holds, and Destruction:** Using appropriate and reliable storage media, the Contractor shall regularly backup data used in connection with this Agreement and retain such backup copies consistent with the Contractor's data retention policies. Upon termination of this Agreement, the Contractor shall securely delete or securely transfer all data, including Protected Information, to the City in an industry standard format as directed by the City; however, this requirement shall not apply to the extent the Contractor is required by law to retain data, including Protected Information. Upon the City's request, the Contractor shall confirm the data disposed of, the date disposed of, and the method of disposal. With respect to any data in the Contractor's exclusive custody, the City may request that the Contractor preserve such data outside of its usual record retention policies. The City will promptly coordinate with

the Contractor regarding the preservation and disposition of any data and records relevant to any current or anticipated litigation, and the Contractor shall continue to preserve the records until further notice by the City. Unless otherwise required by law or regulation, when paper or electronic documents are no longer needed, the Contractor shall destroy or arrange for the destruction of such documents within its custody or control that contain Protected Information by shredding, erasing, or otherwise modifying the Protected Information in the paper or electronic documents to make it unreadable or indecipherable.

- 1.6. Software and Computing Systems:** At its reasonable discretion, the City may prohibit the Contractor from the use of certain software programs, databases, and computing systems with known vulnerabilities to collect, use, process, store, or generate data and information, with Protected Information, received as a result of the Contractor's services under this Agreement. The Contractor shall comply with all requirements, if any, associated with the use of software programs, databases, and computing systems as reasonably directed by the City. The Contractor shall not use funds paid by the City for the acquisition, operation, or maintenance of software in violation of any copyright laws or licensing restrictions. The Contractor shall maintain commercially reasonable network security that, at a minimum, includes network firewalls, intrusion detection/prevention, enhancements, or updates consistent with evolving industry standards, and periodic penetration testing.
- 1.7. Background Checks:** The Contractor will ensure that, prior to being granted access to Protected Information, the Contractor's agents, employees, subcontractors, volunteers, or assigns who perform work under this Agreement have all undergone and passed all necessary criminal background screenings, have successfully completed annual instruction of a nature sufficient to enable them to effectively comply with all data protection provisions of this Agreement and Data Protection Laws, and possess all qualifications appropriate to the nature of the employees' duties and the sensitivity of the data.
- 1.8. Subcontractors and Employees:** If the Contractor engages a subcontractor under this Agreement, the Contractor shall impose data protection terms that provide at least the same level of data protection as in this Agreement and to the extent appropriate to the nature of the services provided. The Contractor shall monitor the compliance with such obligations and remain responsible for its subcontractor's compliance with the obligations of this Agreement and for any of its subcontractors acts or omissions that cause the Contractor to breach any of its obligations under this Agreement. Unless the Contractor provides its own security protection for the information it discloses to a third party, the Contractor shall require the third party to implement and maintain reasonable security procedures and practices that are appropriate to the nature of the Protected Information disclosed and that are reasonably designed to protect it from unauthorized access, use, modification, disclosure, or destruction. Any term or condition within this Agreement relating to the protection and confidentiality of any disclosed data shall apply equally to

## EXHIBIT J

both the Contractor and any of its subcontractors, agents, assigns, employees, or volunteers. Upon request, the Contractor shall provide the City copies of its record retention, data privacy, and information security policies.

**1.9. Security Breach:** If the Contractor becomes aware of an unauthorized acquisition or disclosure of unencrypted data, in any form, that compromises the security, access, confidentiality, or integrity of Protected Information or data maintained or provided by the City (“Security Breach”), the Contractor shall notify the City in the most expedient time and without unreasonable delay. The Contractor shall fully cooperate with the City regarding recovery, lawful notices, investigations, remediation, and the necessity to involve law enforcement, as determined by the City and Data Protection Laws. The Contractor shall preserve and provide all information relevant to the Security Breach to the City; provided, however, the Contractor shall not be obligated to disclose confidential business information or trade secrets. The Contractor shall indemnify, defend, and hold harmless the City for any and all claims, including reasonable attorneys’ fees, costs, and expenses incidental thereto, which may be suffered by, accrued against, charged to, or recoverable from the City in connection with a Security Breach or lawful notices.

**1.10. Request for Additional Protections and Survival:** In addition to the terms contained herein, the City may reasonably request that the Contractor protect the confidentiality of certain Protected Information or other data in specific ways to ensure compliance with Data Protection Laws and any changes thereto. Unless a request for additional protections is mandated by a change in law, the Contractor may reasonably decline the City’s request to provide additional protections. If such a request requires the Contractor to take steps beyond those contained herein, the Contractor shall notify the City with the anticipated cost of compliance, and the City may thereafter, in its sole discretion, direct the Contractor to comply with the request at the City’s expense; provided, however, that any increase in costs that would increase the Maximum Contract Amount must first be memorialized in a written amendment complying with City procedures. Obligations contained in this Agreement relating to the protection and confidentiality of any disclosed data shall survive termination of this Agreement, and the Contractor shall continue to safeguard all data for so long as the data remains confidential or protected and in the Contractor’s possession or control.
