

Amendment to CB21-1182 concerning flavored tobacco ban

Councilmembers,

I move that Council Bill 21-1182 be amended in the following particulars:

- 1) On page 3, line 24 add “(k) Specialty retail tobacco store means a business operating as a tobacco business, as defined in C.R.S. 25-14-203(18), that sells, gives, delivers, or furnishes tobacco products to a user or consumer and prohibits individuals under the age of 21 from entering or being present in the store unless the individual enters solely for the purpose of providing a service to the specialty retail tobacco store, including making a delivery.”
- 2) Reletter subsequent subsections; and
- 3) On page 4, after line 24, insert “(3) Flavored tobacco products sold in specialty retail tobacco stores.”.

Purpose of the Amendment

Explanation: This amendment exempts specialty tobacco retailers who only allow individuals over 21 in their business from the flavored tobacco ban.
