5. General description or background of proposed request. Attach executive summary if more space needed:

This ordinance request is to amend the Sprint Nextel Communication ("Sprint") Distributed Antenna System ("DAS") radio frequency equipment at the Colorado Convention Center. This amendment is not adjusting the base monthly fee as no spectrums are being added as the amendment is for upgraded equipment only. Sprint provides wireless service for their customer base. In response to technology changes and competitive forces, Sprint is upgrading its DAS equipment to support 4G frequencies. From a revenue perspective, the fees are the base monthly and antenna fees if applicable, which increase annually by 4%. The current monthly base rent is \$4,240.78, in addition on average we collect \$300.00 in electrical monthly for the Sprint DAS.
