5.29 NO EMPLOYMENT OF ILLEGAL ALIENS TO PERFORM WORK UNDER THE AGREEMENT:

a. This Agreement is subject to Division 5 of Article IV of Chapter 20 of the Denver Revised Municipal Code, and any amendments (the “Certification Ordinance”).

b. The Consultant certifies that:

(1) At the time of its execution of this Agreement, it does not knowingly employ or contract with an illegal alien who will perform work under this Agreement.

(2) It will participate in the E-Verify Program, as defined in § 8-17.5-101(3.7), C.R.S., to confirm the employment eligibility of all employees who are newly hired for employment to perform work under this Agreement.

c. The Consultant also agrees and represents that:

(1) It shall not knowingly employ or contract with an illegal alien to perform work under the Agreement.

(2) It shall not enter into a contract with a subconsultant or subcontractor that fails to certify to the Consultant that it shall not knowingly employ or contract with an illegal alien to perform work under the Agreement.

(3) It has confirmed the employment eligibility of all employees who are newly hired for employment to perform work under this Agreement, through participation in the E-Verify Program.

(4) It is prohibited from using the E-Verify Program procedures to undertake pre-employment screening of job applicants while performing its obligations under the Agreement, and that otherwise requires the Consultant to comply with any and all federal requirements related to use of the E-Verify Program including, by way of example, all program requirements related to employee notification and preservation of employee rights.

If the Agreement is so terminated, the Consultant shall be liable for actual and consequential damages to the City. RE: ADDITIONAL SERVICE REQUESTS, PARKFIELD LAKE PARK (SECOND REVISION)

Dear Jay;

Per our discussion, we are submitting this additional services request for design related services during construction for Muller Engineering for additional engineering services at the storm drains south of the recreation center and for Wenk Associates for Construction Observation for the extended construction period.

Storm Drain Improvements

Additional engineering is required on the south side of the recreation center to solve connection and outfall issues associated with three underground roof drains and an additional inlet for the art piece. Muller Engineering will prepare a new design drawing for the storm drains on the south side of the recreation center (three roof drains, spray ground drain, and art piece drain). Their services will include:

- Showing an enlarged view of the improvement area with pipe callouts, outfall details for the pipe through the lake edge wall, and an outfall detail for the pipe(s) in the cobble swale.
- Quantity tabulations on the drawing for the improvements.
- Pipe sizing calculations, including approximating the 100-year runoff from the roof for the roof drains, 100 year runoff calculations for the other two inlets, and perform sizing of those inlet basins. Design calculations in a one page or less letter with calculations attached to the letter.
- Including the HDPE City table to the plans if ADS N-12 pipe is approved.
- Addressing one (1) round of review comments and resubmitting the revised plan.
- Time for designing and calculating the connection to the spray ground inlet will not be charged against the contract.

Wenk Associates will provide base files, details, and coordinate services with our sub-consultants, the Contractor, and the City.

Proposed fees for these services are as follows (billed hourly, not to exceed):

Muller Engineering additional fees	\$ 2,000.00
Wenk Associates additional fees	\$ 450.00
Total request (Wenk Associates, Muller Engineering)	\$2,450.00

Construction Observation for Extended Construction Period.

We are projecting that four to ten hours a week for the six remaining additional weeks will continue to include:

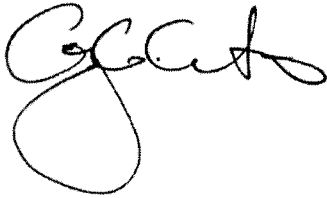

- Attendance at weekly progress meetings
- Site visits, including form and mock-up review, staking, punch list walkthroughs, and project close-out
- Reviewing submittals, responding to RFI's, and issuing ASI's as required
- Coordination with the Contractor, our sub-contractors, and Denver Parks & Recreation
- Time for as-builts/review as specified in the original contract is not included in this request and will be included under our original construction observation budget.

Proposed fees for these services are as follows:

<u>Wenk Associates additional fees, billed hourly, not to exceed:</u>	<u>\$4,800.00</u>
Total Request (Wenk Associates)	\$4,800.00

Please feel free to contact us if you have any questions or require additional information.
