

Bio for Dan Reagan:

Reagan Partnership

Chief Operating Officer

To date I have managed over 35 Million dollars of the real estate development in the Lower Downtown Denver, Duties include: concept development, financing, contracts, land acquisition, entitlements, construction management, marketing and sales. Also managed investor, banking and community relationships.

Cherry Creek Sub-Area Business Improvement District

Board of Directors

A public-private partnership formed to provide services and fund improvements within the district's boundaries.

Lockheed Martin Space Systems

IR&D Administrator

As an astronautics engineer, my primary focus was on management of over 175 million dollars of research & development annually. I was also deeply involved with strategic planning, proposal development and annual performance improvement planning. These team efforts lead to a win rate of over 75% for one of the nations largest aerospace companies.
