Describe the nature and effect of the proposed Zone Map Amendment							
The subject property is currently zoned P.U.D. The current P.U.D. limits the number of offender beds to 90. The beds are filled by offenders judicially placed by the Federal Bureau of Prisons (FBOP) and United States Probation Office (USPO). Due to an increase of 12-15% in Community Corrections beds needed by the FBOP and the USPO the facility must increase the number of offender beds to 105 to accommodate both jurisdictions. This will contribute to the offender's reentry into society in the most safe and effective manner.							
Select Legal Basis for the Zone Map Amendment and explain in detail				Error in the map as approved by City Council			<input type="checkbox"/>
				Changed or Changing Conditions that make a Zone Map Amendment Necessary			<input checked="" type="checkbox"/>
The facility has functioned as a Community Corrections facility since 1988. In 1996 the property was rezoned as a P.U.D. from an R-4 due to an increase in the Federal offender population. This zone map amendment is necessary to allow for an additional 15 beds. The current P.U.D. limits the number of beds to 90. In order to adequately serve the needs of our contractors and the community a new zone map amendment must be completed to allow the Independence House located at 2765 South Federal Blvd. to provide a maximum of 105 beds.							
State the land use and the development proposed for the subject property. Include the time schedule (if any) for development							
The proposed zone map amendment will allow for an existing Adult Community Corrections facility currently zoned P.U.D. 620 to expand the current number of 90 beds to a new maximum number of 105 beds. There will be no changes to the exterior structure of the building to accommodate the additional beds.

APPLICANT & OWNER INFORMATION SHEET

[1] Section 59-648(c) of the Denver Revised Municipal Code requires that an applicant for rezoning provide the applicant's name, address, and respective ownership interest, if any, on the application. In addition, unless subject to paragraph [2] below, the applicant must provide, in the space provided on this form, a list of all the owners of the property and the holders of deeds of trust, identifying which owners and holders of deeds of trust are represented by the applicant.

[2] If the application is for designation of an area as B-2, B-3, R-X or PUD zone district, the applicant must submit the concurrence of the owners and holders of deeds of trust of the entire land area to be included in the proposed district (and any structures thereon). In such cases, this form must be completed for each individual owner, together with sufficient evidence of ownership for each owner and holder of a deed of trust. Documentation verifying ownership interest may include (but is not limited to): Copies of deeds, powers of attorney, and corporate/partnership registrations filed with the Secretary of State.

3. WRITTEN STATEMENT

On an attached page a written statement is given generally describing:

- a.** The proposed P.U.D. and the market which it is intended to serve.

The proposed P.U.D. is intended to provide additional beds to an existing Community Corrections facility. The current P.U.D. for this property limits the number of beds to 90. This zone map amendment will allow for an additional 15 beds to be located at this facility. This zone map amendment will allow for a maximum of 105 offender beds to be utilized.

The sector served is the Adult Criminal Justice system consisting of the Federal Bureau of Prisons and the United States Probation Department. This facility and what it represents is intended to improve upon the transition the clients make back into the community. The program also focuses on fostering community relations and giving back to the local programs/neighborhood. The Independence House provides quality programming to the residential clients that consist of drug and alcohol programs, mental health counseling, cognitive skills, family counseling, women's groups, interactive journaling and numerous employment and housing programs.

- b. In accordance with the Denver Comprehensive plan, the owner of the property is utilizing a planned unit development for the adaptive re-use of the existing structure. The structure will adequately house the additional 15 beds which will be a benefit to the targeted market (Bureau of Prisons, United States Probation Department).

In accordance with the Denver Comprehensive Plan, the city must facilitate collaboration among the public sector among the public sector, the business community and the educational resources to increase availability, accessibility and viability of the adult educational programs. In allowing for the additional beds, the City will be providing increases accessibility within the City and County of Denver.

Independence House will invest in the surrounding neighborhoods to help meet citywide goals and objectives for a range of housing types and prices, community facilities, human services and mobility. We will also continue to foster integrity and livability of the surrounding neighborhoods. We will continue and encourage multi-uses of existing and future community facilities to maximize service delivery and financial efficiency. This will enable us to expand access to needed health services in areas critical to well-being and self sufficiency as well as expand access to mental health and substance abuse services to the community. Additional jobs will also be created in the surrounding communities with the addition of beds.

- c. How, the proposed P.U.D. District is to relate to the character of the surrounding neighborhood.

The Independence House has operated out of this location since 1988. It has continued to maintain an extremely strong relationship with the surrounding community. Both neighborhood associations impacted by the expansion approve this proposal and have supported two previous expansions in the past. Independence House remains committed to benefitting the community by participating in local projects. We pride ourselves in the strong community ties we have forged over the years and are excited to build on these relationships in the upcoming years.

The Independence House maintains the building and the property in order to exceed the standards of the surrounding community. In an area that can be somewhat unstable with high tenant turnover, the Independence House has proved to be a stable and responsible fixture in this community.
