The Office of Economic Development, Division of Workforce Development, is requesting an appropriation in the amount of \$12,500,000 to fund the TANF Case Management, Employment and Training Program for the fiscal year beginning July 1, 2012.

Background

Since 1999, the Department of Human Services (DHS) has been responsible for the eligibility determination and case management services provided to Denver’s TANF participants. The Division of Workforce Development (DWD), through a Memorandum of Understanding with DHS, had been responsible for the employment and training program of TANF participants as part of its annual budget request.

With the federal reauthorization of TANF placing a greater emphasis on work participation, the two involved departments, with the support of the Denver Welfare Reform Board, decided in 2007 that the desired outcomes of full employment and self-sufficiency would be better met by consolidating the case management with the employment and training efforts under the Division of Workforce Development.

Budget

The total amount to be budgeted for the TANF program for spending by the Division of Workforce Development for the fiscal year beginning July 1, 2012 is \$12,500,000.

Contracts	\$	5,000,000
Work Experience/On-the-Job Training		115,000
Personnel		6,646,500
<u>Non-personnel costs</u>		<u>738,500</u>
TOTAL	\$	12,500,000

To be completed by Mayor’s Legislative Team:

This represents a reduction from the 2011 allocation in the amount of \$2,936,000. While funding has been decreasing over the last four years, the caseload has increased significantly, and the federal work participation rate has remained high.
