Agreement Purpose Grantee is a governing body, as described in C.R.S. § 29-11-104(1) (formed by intergovernmental agreement among governing bodies as defined in C.R.S. §29-11-101(4), the geographic jurisdictions of which are located partially or wholly within City and County of Denver, Colorado). Service suppliers, defined in C.R.S. § 29-11-101(7) (<i>i.e.</i> , telephone carriers), collect the emergency telephone charge, defined in C.R.S. § 29-11-101(1.7), and remit it to the governing bodies under C.R.S. § 29-11-103. Governing bodies must use the resulting funds in accordance with C.R.S. § 29-11-104(2). Generally, but not exclusively, governing bodies support public safety answering points (“PSAPs”) in their jurisdictions. The Colorado Department of Regulatory Agencies (“DORA”) received a federal grant to provide federal financial assistance for the implementation and operation of 911 services. The Colorado Public Utilities Commission (“PUC”) allocated funds from the Colorado Performance Assurance Plan (“CPAP”) Tier 2 fund to meet the matching funds requirement in the federal grant. Separately, Qwest Corporation, d/b/a CenturyLink QC (“CenturyLink”) sought approval of an initial tariff regarding Next Generation 9-1-1 ESInet services. Several governing bodies participated in that proceeding and CenturyLink Colorado Tariff No. 25 (the “Tariff”) was eventually approved by the PUC. The Tariff requires that all PSAPs migrate from the existing legacy 9-1-1 network to an Emergency Service IP Network (the “ESInet”). DORA, acting through the PUC, has proposed to use the federal grant funds and the matching state funds to reimburse governing bodies across Colorado for the expenses they incur in paying non-recurring costs, including project management fees, under the Tariff. These are costs incurred in migrating the PSAPs to the ESInet. Grantee primarily provides support to the PSAPs operated by the local governments in City and County of Denver. Grantee is the customer purchasing services from CenturyLink under the Tariff, and Grantee will pay CenturyLink directly under the Tariff. The purpose of this Agreement is to reimburse Grantee for amounts it pays for non-recurring costs under the Tariff. Grantee may also be reimbursed for other expenses directly related to the migration of PSAPs in City and County of Denver to the ESInet, pending approval by the Federal Grantor. For clarity, nothing in this Agreement gives the State any right or interest in or to the ESInet or to anything procured by Grantee; the State is merely reimbursing Grantee for eligible expenses, provided that Grantee submits the required information to the PUC in accordance with this Agreement

This Agreement is entered into by and between Grantee named on the Cover Page for this Agreement (the “Grantee”), and the STATE OF COLORADO acting by and through the State agency named on the Cover Page for this Agreement (the “State”). Grantee and the State agree to the terms and conditions in this Agreement.

2. TERM AND EFFECTIVE DATE

A. Effective Date

This Agreement shall not be valid or enforceable until the Effective Date, and the Grant Funds shall be expended by the Fund Expenditure End Date shown on the Signature and Cover Page for this Agreement. The State shall not be bound by any provision of this Agreement before the Effective Date, and shall have no obligation to pay Grantee for any Work performed or expense incurred before the Effective Date.

B. Initial Term

The Parties’ respective performances under this Agreement shall commence on the Agreement Performance Beginning Date shown on the Cover Page for this Agreement and shall terminate on the Initial Agreement Expiration Date shown on the Cover Page for this Agreement (the “Initial Term”) unless sooner terminated or further extended in accordance with the terms of this Agreement.

C. Extension Terms - State’s Option

The State, at its discretion, shall have the option to extend the performance under this Agreement beyond the Initial Term for a period, or for successive periods, of one year or less at the same rates and under the same terms specified in this Agreement (each such period an “Extension Term”). In order to exercise this option, the State shall provide written notice to Grantee in a form substantially equivalent to Sample Option Letter attached to this Agreement.

D. End of Term Extension

If this Agreement approaches the end of its Initial Term, or any Extension Term then in place, the State, at its discretion, upon written notice to Grantee may unilaterally extend such Initial Term or Extension Term for a period not to exceed two months (an “End of Term Extension”), regardless of whether additional Extension Terms are available or not. The provisions of this Agreement in effect when such notice is given shall remain in effect during the End of Term Extension. The End of Term Extension shall automatically terminate upon execution of a replacement Agreement or modification extending the total term of this Agreement.

E. Early Termination in the Public Interest

The State is entering into this Agreement to serve the public interest of the State of Colorado as determined by its Governor, General Assembly, or Courts. If this Agreement ceases to further the public interest of the State, the State, in its discretion, may terminate this Agreement in whole or in part. A determination that this Agreement should be terminated in the public interest shall not be equivalent to a State right to terminate for convenience. This subsection shall not apply to a termination of this Agreement by the State for breach by Grantee.

i. Method and Content

The State shall notify Grantee of such termination. The notice shall specify the effective date of the termination and whether it affects all or a portion of this Agreement, and shall include, to the extent practicable, the public interest justification for the termination.

ii. Obligations and Rights

Upon receipt of a termination notice for termination in the public interest, Grantee shall be subject to the rights and obligations set forth in the Agreement 11.A.i.a.

iii. Payments

If the State terminates this Agreement in the public interest, the State shall pay Grantee an amount equal to the percentage of the total reimbursement payable under this Agreement that corresponds to the percentage of Work satisfactorily completed and accepted, as determined by the State, less payments previously made. Additionally, if this Agreement is less than 60% completed, as determined by the State, the State may reimburse Grantee for a portion of actual out-of-pocket expenses, not otherwise reimbursed under this Agreement, incurred by Grantee which are directly attributable to the uncompleted portion of Grantee's obligations, provided that the sum of any and all reimbursement shall not exceed the maximum amount payable to Grantee hereunder.

B. Payment Structure

This is a reimbursement grant. The 9-1-1 governing body (Grantee) will pay the costs described in the grant agreement with its own funds. These costs consist of the tariffed non-recurring costs for migration to the Emergency Services IP-network.

The Grantee will be reimbursed using the federal grant funds (paying 60% of the costs) and the CPAP Tier 2 funds (paying 40% of the costs). The federal grant funds awarded amount to approximately \$2.3 million. The CPAP Tier 2 funds are non-state funds that are under the control of the Public Utilities Commission, and the Commission has designated up to \$1.65 million of these funds to be used as the 40% matching requirement for the grant.

1. The 9-1-1 governing body (Grantee) will pay the tariffed rate for the non-recurring costs related to migration to the Emergency Services IP-network (ESInet). They will pay this with their own funds.
2. The Grantee will provide PUC Staff with proof of payment, invoice and the appropriate completed (Exhibit C1 or C2) along with a completed Exhibit C4.

- d. The acceptance of a payment request shall not constitute acceptance of any Work performed or deliverables provided under this Agreement.

ii. Interest

Amounts not paid by the State within 45 days of the State's of payment by the federal grant program shall bear interest on the unpaid balance beginning on the 45th day at the rate of 1% per month, as required by §24-30-202(24)(a), C.R.S., until paid in full; provided, however, that interest shall not accrue on unpaid amounts that the State disputes in writing. Grantee shall invoice the State separately for accrued interest on delinquent amounts, and the invoice shall reference the delinquent payment, the number of day's interest to be paid and the interest rate. No payment subject to a dispute under this subsection shall be due until after the State has concluded its review, and the State shall not pay any interest on any amount during the period it is subject to dispute under this subsection.

iv. Available Funds-Contingency-Termination

Payment to Grantee beyond the current State Fiscal Year is contingent on the appropriation and continuing availability of Grant Funds in any subsequent year (as provided in the Colorado Special Provisions). If federal funds or funds from any other non-State funds constitute all or some of the Grant Funds, the State's obligation to pay Grantee shall be contingent upon such non-State funding continuing to be made available for payment. Payments to be made pursuant to this Agreement shall be made only from Grant Funds, and the State's liability for such payments shall be limited to the amount remaining of such Grant Funds. If State, federal or other funds are not appropriated, or otherwise become unavailable to fund this Agreement, the State may, upon written notice, terminate this Agreement, in whole or in part, without incurring further liability. The State shall, however, remain obligated to pay for Services and Goods that are delivered and accepted prior to the effective date of notice of termination, and this termination shall otherwise be treated as if this Agreement were terminated in the public interest as described in the Agreement.

v. Federal Recovery

The State shall reimburse Grantee for the federal share of properly documented allowable costs related to the Work after review and approval thereof, subject to the provisions of this Agreement and Exhibit A. However, any costs incurred by Grantee prior to the Effective Date shall not be reimbursed absent specific allowance of pre-award costs and indication that the Federal Award funding is retroactive. Grantee's costs for Work performed after the Fund Expenditure End Date shown on the Signature and Cover Page for this Agreement, or after any phase performance period end date for a respective phase of the Work, shall not be reimbursable. The State shall only reimburse allowable costs described in this Agreement and shown in the Budget if those costs are:

- i. Reasonable and necessary to accomplish the Work and for the Goods and Services provided; and
- ii. Equal to the actual net cost to Grantee (i.e. the price paid minus any items of value received by Grantee that reduce the cost actually incurred).

Grantee shall close out this Award within 45 days after the Fund Expenditure End Date shown on the Signature and Cover Page for this Agreement. To complete close-out, Grantee shall submit to the State all deliverables (including documentation) as defined in this Agreement and Grantee's final reimbursement request or invoice. The State will withhold 5% of allowable costs until all final documentation has been submitted and accepted by the State as substantially complete. If the Federal Awarding Agency has not closed this Federal Award within one year and 90 days after the Fund Expenditure End Date shown on the Signature and Cover Page for this Agreement due to Grantee's failure to submit required documentation, then Grantee may be prohibited from applying for new Federal Awards through the State until such documentation is submitted and accepted

After an Incident, Grantee shall take steps to reduce the risk of incurring a similar type of Incident in the future as directed by the State, which may include, but is not limited to, developing and implementing a remediation plan that is approved by the State at no additional cost to the State. The State may adjust or direct modifications to this plan, in its sole discretion and Grantee shall make all modifications as directed by the State. 9. CONFLICTS OF INTEREST

A. Actual Conflicts of Interest

Grantee shall not engage in any business or activities, or maintain any relationships that conflict in any way with the full performance of the obligations of Grantee under this Agreement. Such a conflict of interest would arise when a Grantee or Subcontractor's employee, officer or agent were to offer or provide any tangible personal benefit to an employee of the State, or any member of his or her immediate family or his or her partner, related to the award of, entry into or management or oversight of this Agreement.

B. Apparent Conflicts of Interest

Grantee acknowledges that, with respect to this Agreement, even the appearance of a conflict of interest shall be harmful to the State's interests. Absent the State's prior written approval, Grantee shall refrain from any practices, activities or relationships that reasonably appear to be in conflict with the full performance of Grantee's obligations under this Agreement.

C. Disclosure to the State

If a conflict or the appearance of a conflict arises, or if Grantee is uncertain whether a conflict or the appearance of a conflict has arisen, Grantee shall submit to the State a disclosure statement setting forth the relevant details for the State's consideration. Failure to promptly submit a disclosure statement or to follow the State's direction in regard to the actual or apparent conflict constitutes a breach of this Agreement.

10. BREACH OF AGREEMENT

In the event of a Breach of Agreement, the aggrieved Party shall give written notice of Breach of Agreement to the other Party. If the notified Party does not cure the breach, at its sole expense, within 30 days after the delivery of written notice, the Party may exercise any of the remedies as described in §11 for that Party. Notwithstanding any provision of this Agreement to the contrary, the State, in its discretion, need not provide notice or a cure period and may immediately terminate this Agreement in whole or in part or institute any other remedy in this Agreement in order to protect the public interest of the State; or if Grantee is debarred or suspended under §24-109-105, C.R.S., the State, in its discretion, need not provide notice or cure period and may terminate this Agreement in whole or in part or institute any other remedy in this Agreement as of the date that the debarment or suspension takes effect.

11. REMEDIES

A. State's Remedies

If Grantee is in breach under any provision of this Agreement and fails to cure such breach, the State, following the notice and cure period set forth in the Agreement, shall have all of the remedies listed in this section in addition to all other remedies set forth in this Agreement or at law. The State may exercise any or all of the remedies available to it, in its discretion, concurrently or consecutively.

i. Termination for Breach

In the event of Grantee's uncured breach, the State may terminate this entire Agreement or any part of this Agreement. However, Grantee shall complete and deliver to the State all Work not cancelled by the termination notice, and may incur obligations as necessary to do so within this Agreement's terms. At the request of the State, Grantee shall assign to the State all of Grantee's rights, title, and interest in and to such terminated orders or subcontracts. Upon termination, Grantee shall take timely, reasonable and

necessary action to protect and preserve property in the possession of Grantee but in which the State has an interest. At the State's request, Grantee shall return materials owned by the State in Grantee's possession at the time of any termination. Grantee shall deliver all completed Work Product and all Work Product that was in the process of completion to the State at the State's request.

b. Payments

Notwithstanding anything to the contrary, the State shall only pay Grantee for accepted Work received as of the date of termination. If, after termination by the State, the State agrees that Grantee was not in breach or that Grantee's action or inaction was excusable, such termination shall be treated as a termination in the public interest, and the rights and obligations of the Parties shall be as if this Agreement had been terminated in the public interest.

c. Damages and Withholding

Notwithstanding any other remedial action by the State, Grantee shall remain liable to the State for any damages sustained by the State in connection with any breach by Grantee, and the State may withhold payment to Grantee for the purpose of mitigating the State's damages until such time as the exact amount of damages due to the State from Grantee is determined. The State may withhold any amount that may be due Grantee as the State deems necessary to protect the State against loss including, without limitation, loss as a result of outstanding liens and excess costs incurred by the State in procuring from third parties replacement Work as cover.

ii. Remedies Not Involving Termination

The State, in its discretion, may exercise one or more of the following additional remedies:

a. Suspend Performance

Suspend Grantee's performance with respect to all or any portion of the Work pending corrective action as specified by the State without entitling Grantee to an adjustment in price or cost or an adjustment in the performance schedule. Grantee shall promptly cease performing Work and incurring costs in accordance with the State's directive, and the State shall not be liable for costs incurred by Grantee after the suspension of performance.

b. Withhold Payment

insubordinate, unsuitable, or otherwise unacceptable or whose continued relation to this Agreement is deemed by the State to be contrary to the public interest or the State's best interest.

e. Intellectual Property

If any Work infringes, or if the State in its sole discretion determines that any Work is likely to infringe, a patent, copyright, trademark, trade secret or other intellectual property right, Grantee shall, as approved by the State (i) secure that right to use such Work for the State and Grantee; (ii) replace the Work with noninfringing Work or modify the Work so that it becomes noninfringing; or, (iii) remove any infringing Work and refund the amount paid for such Work to the State.

B. Grantee's Remedies

If the State is in breach of any provision of this Agreement and does not cure such breach, Grantee, following the notice and cure period and the dispute resolution process shall have all remedies available at law and equity.

12. DISPUTE RESOLUTION

EXHIBIT A, STATEMENT OF WORK

STATE OF COLORADO
DEPARTMENT OF REGULATORY AGENCIES
PUBLIC UTILITIES COMMISSION

This Statement of Work is between the State of Colorado, Department of Regulatory Agencies, Public Utilities Commission, 9-1-1 Program, 1560 Broadway, Suite 250, Denver, Colorado 80202, hereinafter referred to as the State, and Grantee, which is City and County of Denver, hereinafter referred to as “Sub-grantee”.

Grantee Service Area consists of City and County of Denver.

Grant Award

The State of Colorado on behalf of all eligible entities within its jurisdiction, has designated the Public Utilities Commission to serve as the 9-1-1 Coordinator for the purposes of this Grant Agreement, has qualified for a one-time grant under the *Next Generation 9-1-1 Act of 2012* (NG9-1-1 Act) in the amount of \$2,293,943 from the National Highway Traffic Safety Administration (NHTSA).

Program History

The current 9-1-1 call delivery network is based on switch-based network technology that is limited in its abilities, such as being able route automatically around network disruptions and deliver non-voice data to Public Safety Answering Points (PSAPs) via the same network path as voice calls. This hinders the network’s ability to provide the functionality and resiliency that the public has come to expect of more modern, Internet Protocol-based network architecture.

In 2018, the Commission approved a settlement and proposed tariff by the state’s incumbent 9-1-1 system service provider to migrate all of Colorado’s PSAPs to an IP-based 9-1-1 call delivery network, known as an Emergency Services IP Network (ESInet), starting in October of 2019 and completing in October 2020, with each PSAP being listed with a separate target migration date. The finalized version of this tariff was filed in Colorado Public Utilities Commission Proceeding 18AL-0916T, and was subsequently modified in Proceeding 19AL-0238T.

The federal grant requires a 40% match of the total project cost. Through two different decisions, the Colorado Public Utilities Commission has committed a total of \$1.65 million from the CPAP Tier 2 Fund for the purpose of meeting this matching requirement. As a result, the Grantee will not be required to provide matching funds as part of this Grant Agreement¹

Purpose

The purpose of this grant is to ease the financial burden of the migration to the ESInet of each of the Grantee’s PSAPs and to avoid delay of the migration due to financial constraints.

The use of grant funds will be to reimburse the Grantee’s expenditures for the Non-Recurring Costs and Project Management Fees as described in CenturyLink Tariff No. 25, Section 9.2.5.E.6.

Per CenturyLink Tariff No. 25, Section 9.2.5.C.4, Project Management Fees are capped at ten hours per concurrent session. In the event that the full ten hours are not utilized, and the Grantee is charged less than the

¹ See Decision C18-0751 and Decision C19-0331.

amount that would otherwise be incurred for a full ten hours of Project Management Fees, the Grantee may also submit for reimbursement proof of expenditure for other costs directly related to the migration of its PSAPs to the ESInet. Examples of these expenses include the purchase of electrical work, software licensing fees, and electronic housing units necessary for migration of the PSAP to the ESInet. The reimbursement of these costs is dependent on approval of the Federal Awarding Agency. Under no circumstances will the total amount of reimbursements provided to the Grantee exceed the total reimbursement amount provided in Exhibit B.

The designated PUC Staff and the Grantee shall work together to achieve the following goals:

- Maintain accurate accounting systems for grant fund reporting.
- Maintain accurate performance documentation for the grant.
- Ensure that matching funds on each project comes from non-Federal sources.
- Ensure grant funds are used only for the purpose of the migration to an IP-enabled emergency network, including related non-recurring costs and project management fees.

State Responsibilities

The Public Utilities Commission's 9-1-1 Program and PUC will provide the following support to the local 9-1-1 projects:

- Centralized data entry into the National 9-1-1 Grant Tracking System (GTS) tracking system for all grantees that consists of the following components:
 - Changes to the State Plan
 - Changes to the approved Spending Plan
 - Changes in funding of the projects
 - Entry into the 911 Grants Tracking System (GTS).
- Processing of payment to the Grantee.
- Completion of Quarterly Financial Reports and Final Grant Close-out reports to be submitted to the NHTSA.

Grantee Scope of Work

Grantee agrees to the following:

- Maintain e-mail and Internet access capability to facilitate communication with PUC office
- Submit project cost, proof of payment, and amount of matching funds to PUC within thirty (30) days of payment to CenturyLink for reimbursement on project expenses.
- Respond to PUC inquiries in a timely manner.
- Notify the PUC if any Emergency Telephone Charges, as defined in § 29-11-101 (1.7), C.R.S. are diverted for other purposes while grant funds remain available.
- Notify the PUC of any delays or other changes in schedule regarding its PSAP'(s) migration to the ESInet.
