### My testimony: / Mi testimonio:

The Colfax Mayfair Business Improvement District was formed in 2014 at the initiative of area property owners.

The BID strives to create a better place for people and business through economic development/marketing, placemaking, clean & safe initiatives and advocacy.

The top priority of property owners was to plan and secure public funding for streetscape and safety improvements in the district.

Ten years later, the district is on the verge of accomplishing that, along with bus rapid transit improvements. Together, these projects will help transform the corridor into a safer, more welcoming and multimodal main street and town center.

The District will assume maintenance responsibilities for certain streetscape elements and has saved for ten years to prepare for this.

Over the past 10 years, we've worked with countless Colfax businesses to create safer and cleaner streets, hand out tax and development advice, visited the Denver City Council meetings to speak on their behalf.

Now, with BRT coming, it's more important than ever to be the liaison between our rate payers

and the city.

I respectfully request that the Colfax/Mayfair BID get an extension to continue our important work.
