# Large Development Review

The eastern third of the property was reviewed for Large Development Review in November 2021. At the time CPD suggested that the property owner should consider rezoning this property into the DZC as well. The eastern third was deemed applicable for LDR but given the lack of proposed development or needed infrastructure on this site, it was not included in the LDR process.

# High-Impact Development Compliance Plan

While this site is larger than 10 acres, there is no proposed development associated with the rezoning.
