

ORDINANCE/RESOLUTION REQUEST

Please email requests to the Mayor's Legislative Team

at MileHighOrdinance@DenverGov.org by **3:00pm on Monday**. Contact the Mayor's Legislative team with questions

Date of Request: 12/2/2021

Please mark one: Bill Request or Resolution Request

1. Type of Request:

- Contract/Grant Agreement Intergovernmental Agreement (IGA) Rezoning/Text Amendment
 Dedication/Vacation Appropriation/Supplemental DRMC Change
 Other:

2. Title: (Start with *approves, amends, dedicates*, etc., include name of company or contractor and indicate the type of request: grant acceptance, contract execution, contract amendment, municipal code change, supplemental request, etc.)

Amends a contract with QlikTech, Inc. by adding \$323,145.90 and extending the term by 3 years for continual use and support of the Data Replication Software Tool supporting Technology Services

3. Requesting Agency: Technology Services

4. Contact Person:

Contact person with knowledge of proposed ordinance/resolution	Contact person to present item at Mayor-Council and Council
Name: Ed Ziehm	Name: Joe Saporito
Email: Edward.ziehm@denvergov.org	Email: joseph.saporito@denvergov.org

5. General description or background of proposed request. Attach executive summary if more space needed:

The Attunity Replicate product provided by QlikTech Inc, is used by the City's Technology Services Department to provide production level database replication for reporting. It is also a critical tool that is in use for the conversion of the City's Oracle databases to newer and improved platforms that ensure the integrity, manageability, and safety of all of the City's data. The product is currently providing a reporting database for the Accela application and will be implemented for the same use with the Records Management System (RMS) application. The criticality of this product is high to achieve the goal of exiting the existing Oracle contract and also to provide reporting environments that will not diminish the performance of the City's most critical applications.

As part of the City's use of the data replication software, the City pays an annual fee for software support and maintenance. Software maintenance and support services include remote troubleshooting and support provided via the telephone and online channels, as well as installation assistance and basic usability assistance. Software support services may also include new product installation services, installation of product updates, migrations for major releases of software and other types of proactive or reactive on-site services, future minor versions or future major releases of software. These support services are employed to ensure the application is functioning at its maximum capacity.

This contract amendment extends the term by three years and increases the maximum contract amount to allow payment for continual vendor provided software maintenance and support.

6. City Attorney assigned to this request (if applicable): Steve Hahn

7. City Council District: N/A - Citywide

8. ****For all contracts, fill out and submit accompanying Key Contract Terms worksheet****

Key Contract Terms
