PROFESSIONAL EXPERIENCE

Denver Water
Denver, CO
CFO

July, 2010 – Present

- Responsible for managing annual budget (\$371M), treasury operations, accounting, purchasing, records and document administration, and establishing rates for 1.3 million customers.

Carollo Engineers, Business Solutions Practice
Broomfield, CO

Manager of Financial Services

2009-2010

- Created Strategic Business Plan for Financial Services approved by Partners.
- Manager of Financial Services offered by the company, including rate and fee studies, financial planning, bond feasibilities, and alternative funding analyses (private and grants).
- Leader in entrepreneurial team responsible for development of new Business Solutions Practice providing owner's agent services, I/T, asset management, and financial services to water utilities across the U.S.

Malcolm Pirnie, Red Oak Consulting

Denver, CO

Senior Consultant

2006-2009

- Responsible for hiring, management, training and development of Financial Services staff.
- Conducted bond feasibility for the Puerto Rico Aqueduct and Sewer Authority ("PRASA"), serving over 1.2 million customers. Reviewed PRASA's five-year financial forecast in anticipation of issuing over one billion in revenue bonds and going back to the bond market for the first time in 20 years. Project required coordination among several banks, Puerto Rico Government Development Bank, legal team, PRASA staff and Commonwealth.
- Managed stormwater utility formation for El Paso Water Utilities after completing a feasibility assessment approved by the City Council. Implementation included development of a new organizational structure, creation of policies and procedures, development of a financial plan, calculation of impervious area, and recommendation of rates.

University of Denver, Graduate School of International Studies (“GSIS”)**Denver, CO****Director of Budget & Operations****2003-2006**

- Successfully managed a \$10 million budget including payroll, A/R, A/P, for GSIS and 3 prestigious institutes, 45 full-time faculty and staff, 65 contract faculty, and over 100 graduate research assistants.
- Completed several building renovation projects and developed 3-year technology plan.
- Held first office retreat to establish goals and improve communication among departments.
- Developed plan to meet staffing needs required by a 80% increase in enrollment.

AT&T Broadband**Englewood, CO****Vice President of Rates & Regulatory Matters****1998-2003**

- Nation-wide responsibility for regulatory filings including rates, copyright filings, must carry requests, and music licensing.
- Managed the integration of 5 million MediaOne customers into regulatory process by staggering and/or consolidating filings, automation, and cross training.
- Resolved FCC “Social Contract” issues for acquired MediaOne and Time Warner systems by addressing outstanding issues (e.g., system upgrades, rate, channels, tiers) with cities.
- Consolidated two separate regulatory departments and addressed structure, salary, and promotion issues to create a cohesive team.
- Reduced number of equipment rate filings from 236 separate filings to one, utilizing a unique stratified random sampling methodology.
- Dramatically improved quality and productivity of temporary contractors by implementing screening/evaluation testing, training and orientation programs, standardized pay, completion bonuses and recognition programs.
- Created MS Access database tracking rates and regulatory history as well as inflation, programming, and channels for all cable systems and providing detailed reporting.

TCI Communications, Inc**Englewood, CO****Manager of Rates****1995-1997**

- Created documentation to negotiate company-wide settlement with Federal Communications Commission to resolve 2,000 rate complaints filed against TCI.
- Prepared regulated cable/equipment rate increases for over 6 million regulated subscribers.
- Implemented a new filing process allowing annual vs. quarterly filing for significant savings.
- Received first FCC approval to develop and in-house developed electronic forms for filings.
- Reduced seasonal contract labor expenses by more than 50%.

Denver Water
Denver, CO
Senior Analyst
1993-1995

- Prepared a 3-year cost of service study with fully integrated planning model that included phasing in restructured rates to fully recover costs from customers.
- Received Board approval to implement rate recommendations after successful creation of a Rate Structure Task Force, extensive public input, and communication with stakeholders.
- Provided litigation support in the unsuccessful rate case filed by 20 suburban municipalities and special districts challenging outside rates and charges.
- Spoke regularly at trade conferences on pricing issues, e.g., Colorado Assn. of Commerce & Industry, Western State University, American Society of Civil Engineers, American Water Works Assn., Metro Water Conservation, Inc.

Ernst & Young
Denver, CO
Analyst
1988-1993

- Managed and published National Water and Wastewater Survey (now published through AWWA) used as a reference to rates and related policies by utilities.
- Published article in American Water Works Association Journal on water pricing.
- Prepared a citywide City of Dallas User Fee Study recommending \$7 million in new or revised user fees and requiring extensive public involvement in General Fund departments.
- Prepared long-range financial plans and rate alternatives for numerous cities including Albuquerque, Aurora, Boulder, El Paso, Honolulu, Missoula, and Santa Rosa.
