Work and financial plan breakdown for Cooperative Service Agreement between Denver International Airport and USDA APHIS WS – Colorado Program. 2015.

COOPERATOR:	DENVER INTERNATIONAL AIRPORT
TAX IDENTIFICATION NUMBER:	84-6000580
AGREEMENT NUMBER:	15-7308-5358-RA
PROGRAM NUMBER:	AP.RA.RX08.73.0385
LOCATION:	Denver, Colorado
DATES:	January 1, 2015 – December 31, 2015

Airport wildlife hazards program for Denver International Airport provided by USDA APHIS Wildlife Services, CO Program

Pursuant to Cooperative Service Agreement No. 12-7308-5358-RA between the United States Department of Agriculture, Animal and Plant Inspection Service, Wildlife Services (APHIS-WS) and Denver International Airport (DIA), Denver, CO this Work Plan defines the objectives, plan of action, and budget for the Wildlife Services program to be conducted.

OBJECTIVES/GOALS:

To implement the FAA-approved Wildlife Hazard Management Plan (WHMP) addressing wildlife hazards observed during data collection of the airport and property at DIA.

To monitor wildlife activity and provide recommendations to reduce hazards to aircraft operations, provide wildlife hazard management training to airport personnel, assist in habitat modification needs, wildlife population management and mitigation measures to minimize present and future wildlife strike hazards.

To alleviate threats to Human Health and Safety (HHS) on airport property as related to hazardous nuisance wildlife.

PLAN OF ACTION:

APHIS-WS will provide two (2) Full-Time Equivalent (FTEs) qualified WS Biologists to monitor, assess and mitigate potential or realized hazards to aviation; associated wildlife population parameters such as abundance, species, peak use periods, seasonal or temporal variations, and special hazard zones; food sources and requirements and all water sources available to wildlife on or near the airport. WS will also provide two (2 FTEs) Wildlife Specialist positions to assist in implementing control projects. The two Wildlife Biologist positions and two Wildlife Specialist positions will be located at Denver International Airport. DIA will provide an area for 4 workstations including a minimum of two computer work stations.

The WS biologists, with the assistance of other qualified WS biologists and specialists as necessary, will assist DIA officials in the implementation of the FAA-approved Wildlife Hazard Management Plan which includes; identifying persons responsible for implementing the plan; hold wildlife hazard committee meetings; establishing priorities for possible habitat modification to remove food, cover and water; population management on the airfield and in/around building structures including the use of traps, shooting, toxicants, harassment, and exclusion; obtaining proper Federal, State, and County permits, as necessary, for carrying out wildlife control programs; providing necessary supplies and equipment; responding to requests for wildlife related assistance by DIA Maintenance when the problem is on airport property outside of buildings and structures; responding to personnel on wildlife techniques used to implement the wildlife hazard management plan in accordance with FAA recommendations. In addition WS will assist DIA in establishing and identifying a bird incident reporting system and make recommendations based on any land-use changes including expansion plans and development on airport property and in adjacent areas, if applicable.

APHIS-WS Biologists and Specialists will need to maintain re-certification requirements and/or obtain continuous professional training including but not limited to, Colorado Airport Operations Conferences, Bird Strike Committee Conferences and regional or state FAA conferences and meetings.

REPORTS:

APHIS-WS will also be responsible for providing quarterly reports to DIA officials with detailed information about services provided throughout the agreement.

STIPULATIONS AND RESTRICTIONS:

- a. All operations shall have the joint concurrence of APHIS-WS and DIA and shall be under the direct supervision of APHIS-WS. APHIS-WS will conduct the program in accordance with its established operating policies and all applicable state and federal laws and regulations.
- b. Control on Private Lands: An agreement for Control of Animal Damage on Private Property (ADC For 12A) will be executed between APHIS-WS and the landowner, lessee, or administrator before any APHIS-WS work is conducted.
- c. Control of Public Lands: an Agreement for Control of Animal Damage on Non-Private Property (ADC Form 12C) or an appropriate NEPA document will be executed between APHIS-WS and the public land administrator(s)/manager(s) before any APHIS-WS work is conducted.

COST ESTIMATE FOR SERVICES:

Equipment, field personnel and supervision will be provided by APHIS-WS. This project will be monitored by WS State Director Michael Yeary in Lakewood, CO, 303-236-5810.

Estimated total costs for services from the Colorado WS program is \$392,000.00. DIA agrees to provide 100 percent of this cost. APHIS-WS will bill the Cooperator quarterly for costs incurred in performing the work delineated in this Work and Financial plan. Such costs include, but are not limited to, salary/benefits, vehicle use, supplies/equipment and administrative costs. An estimated itemization of expenses is listed below; however funds may be distributed between itemized categories at the discretion of APHIS-WS if required.

COSTS FOR:

Jan. 1, 2015 through December 31, 2015

Wildlife Projects:

Salaries and Benefits	\$228,139.99
Travel	\$52,410.54
Equipment	\$27,746.76
Subtotal	\$308,297.29
