Downtown Area Plan Framework

Create a vibrant downtown that is complete neighborhood that is welcoming to all.

Build on the vision of existing plans to move quickly – there is already substantial city-and area-wide guidance for downtown.

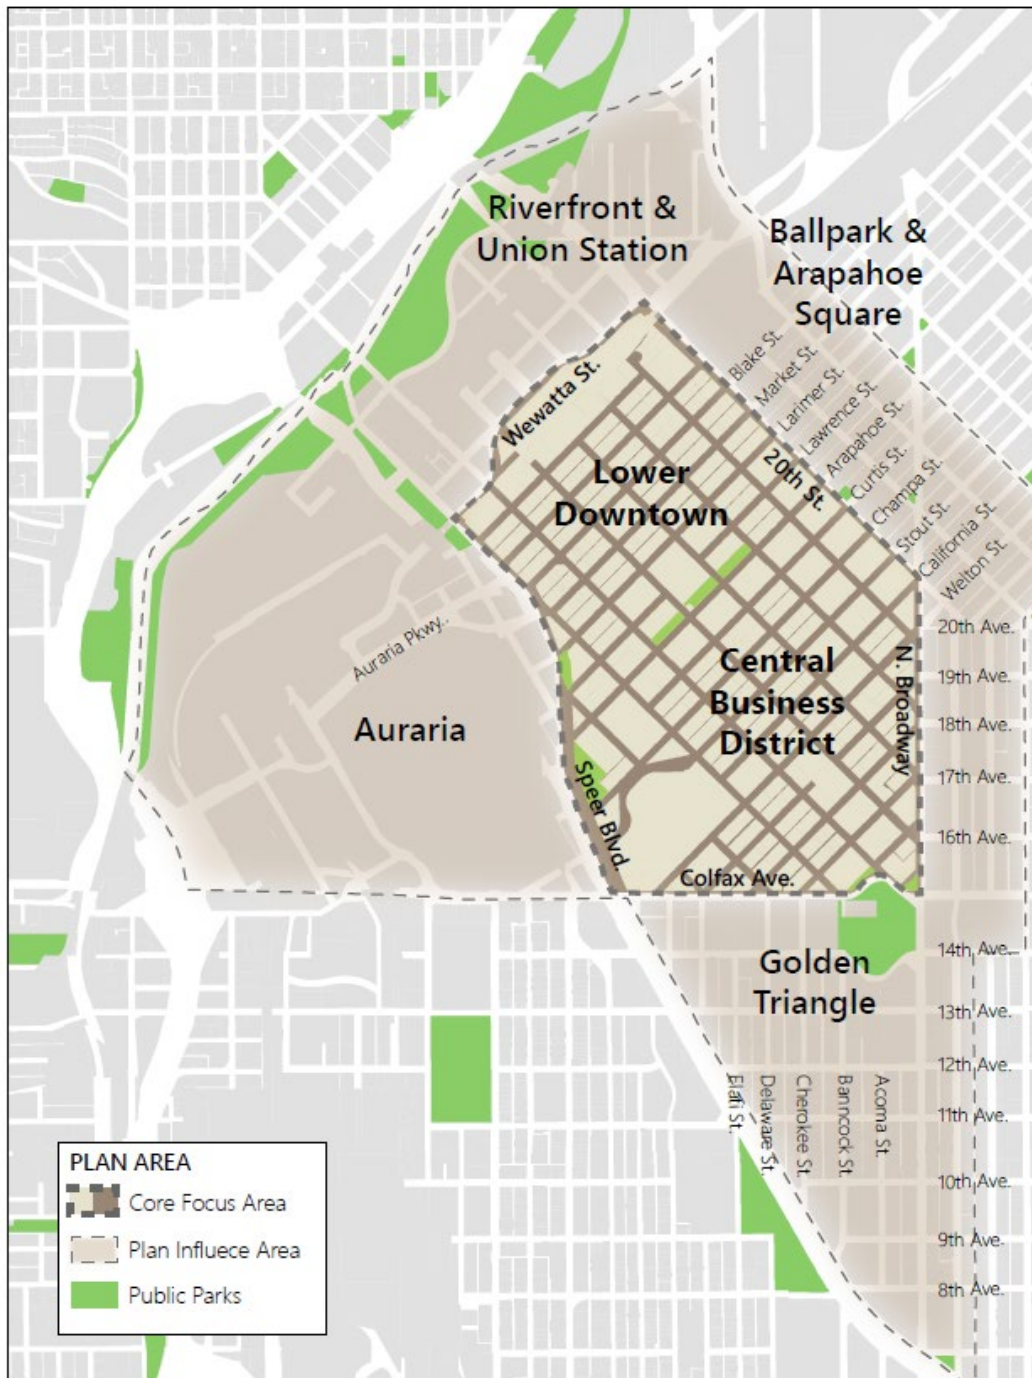

Focus on topics where there is missing guidance and addressing emerging trends.

Plan should be oriented toward implementation.

Plan Boundary

Area of Focus where the most planning-level guidance is needed

Partnership and Next Steps

Downtown Denver Partnership

- DDP is paying for 50% of the plan
- Same partnership established for the existing Downtown Area Plan (from 2007)
