2. SCOPE OF WORK

This Contract contemplates performance of construction services by the Contractor on a variety of, as yet to be identified, City construction Projects on an "as needed" or "on call" basis. Work on any assigned Project may required completion within short time duration or may be of an emergency or time sensitive nature and prompt turnaround of Projects will be required. As such the Contractor shall have all necessary resources available, on an as-needed basis, to complete each such Project when directed by the City during the Term of the Contract, in accordance with the terms and conditions of this Contract. The Contractor agrees to price all Work described in any Proposal Pricing Request issued hereunder, in accordance with the prices for covered items and terms and conditions contained herein and further agrees to and shall furnish all labor, tools, supplies, equipment, materials and everything necessary for and required to perform and complete all of the Work described in any Work Order issued by the City in accordance with the terms and conditions set forth herein.

3. TERMS OF PERFORMANCE

For any Project Proposal Solicitation submitted to the Contractor by the City for pricing, the Contractor agrees to review and, in good faith, submit comprehensive prices for each such Request within fourteen (14) consecutive calendar days of the issuance of such Request. In the event the City elects, at its sole discretion, to issue a Work Order pursuant to such a Request, the Contractor agrees to undertake the performance of all work described or referenced in the Project Bid Form Solicitation and Work Order and all other work necessary to complete the project in accordance with all plans and specifications within ten (10) consecutive calendar days of the issuance of a Notice to Proceed for the referenced Work Order. The Contractor agrees to satisfactorily perform and complete all Work or effort required to complete the scope of work or project described in each issued Work Order within the period of performance specified in the Work Order and Notice to Proceed, plus such extensions of time as may be granted by the Manager in accordance with the provision of the General Contract Conditions and Special Contract Conditions incorporated herein.

4. TERMS OF PAYMENT

The City agrees to pay the Contractor for the performance of all of the Work required under each authorized Work Order, in accordance with the provisions of the General Contract Conditions and any applicable Special Contract Conditions. In no event, however, shall the total amount of compensation paid to the Contractor by the City exceed the maximum contract amount specified herein.

5. NO DISCRIMINATION IN EMPLOYMENT

In connection with the performance of the Work under this Contract, the Contractor agrees not to refuse to hire, discharge, promote or demote, or to discriminate in matters of compensation against any person otherwise qualified, solely because of race, color, religion, national origin, gender, age, military status, sexual orientation, marital status, or physical or mental disability; and the Contractor further agrees to insert the foregoing provision in all subcontracts hereunder.

6. COMPLIANCE WITH M/WBE REQUIREMENT

This Construction Contract is subject to all applicable provisions of Divisions 1 and 3 of Article III, of Chapter 28, Denver Revised Municipal Code (D.R.M.C.), designated as Sections 28-31 – 29-36 and 28-52 – 28-90 D.R.M.C. and referred to in this Contract as the “M/WBE Ordinance”. In accordance with the requirements of the M/WBE Ordinance, the Contractor is committed to, at a minimum, meet the participation goal of **eleven percent (11%)** established for this Project utilizing properly certified M/WBE subcontractors and suppliers. In addition to the applicable provisions of the M/WBE Ordinance, the Contractor agrees, as an express condition of its performance hereunder, to comply with the requirements of any approved Division of Small Business Opportunity Compliance Plan (attached and incorporated herein as Exhibit B). Such plan shall, at a minimum, include a narrative regarding compliance with the goal; a list of committed M/WBE participants along with dollar and percent participation for each evidencing compliance with the overall goal, and fully executed letters of intent for each listed participant, all in a form satisfactory to the City. Without limiting the general applicability of the foregoing, the Contractor acknowledges its continuing duty, pursuant to Sections 28-72, 28-73 and 28-75 DRMC and the M/WBE Program, to meet and maintain throughout the duration of this Construction Contract its participation and compliance commitments and to ensure that all Subcontractors subject to the M/WBE Ordinance or the M/WBE Program also maintain such commitments and compliance. Failure to comply with these requirements may result, at the discretion of the Director of the Division of Small Business Opportunity (“DSBO”), in the imposition of sanctions against the Contractor in accordance with Section 28-77, DRMC. Nothing contained in this Paragraph or in the referenced City ordinance shall negate the City’s

right to prior approval of Subcontractors, or substitutes therefore, under this Construction Contract.

7. WAGE RATE REQUIREMENTS

In performance of all Work hereunder, the Contractor agrees to comply with and be bound by all requirements and conditions of the City's Payment of Prevailing Wages Ordinance, Sections 20-76 through 20-79, D.R.M.C. and any determinations made by the City pursuant thereto.

8. APPLICABILITY OF LAWS

The Agreement between the Contractor and the City shall be deemed to have been made in the City and County of Denver, State of Colorado and shall be subject to, governed by, and interpreted and construed by or in accordance with the laws of the State of Colorado and the Charter, Revised Municipal Code, Rules, Regulations, Executive Orders and fiscal rules of the City. As such, the Contractor shall at all times comply with the provisions of the Charter, Revised Municipal Code, Rules, Regulations, Executive Orders and fiscal rules of the City, and those State of Colorado and Federal Laws, Rules and Regulations, which in any manner limit, control or apply to the actions or operations of the Contractor, any subcontractors, employees, agents or servants of the Contractor engaged in the Work or affecting the materials and equipment used in the performance of the Work, as the same may be, from time to time, promulgated, revised or amended. The Charter and Revised Municipal Code of the City and County of Denver, as the same may be amended from time to time, are hereby expressly incorporated into this Agreement as if fully set out herein by this reference.

9. APPROPRIATION

The amount of money, which has been appropriated and encumbered for the purpose of this contract, to date, is equal to or in excess of the Contract Amount. The Manager, upon reasonable written request, will advise the Contractor in writing of the total amount of appropriated and encumbered funds, which remain available for payment for all Work under the Contract.

The issuance of any change order or other form or order or directive by the City which would cause the aggregate payable under the contract to exceed the amount appropriated for the contract is expressly prohibited. In no event shall the issuance of any change order or other form of order or directive by the City be considered valid or binding if it requires additional compensable work to be performed, which work will cause the aggregate amount available under the Contract to exceed the amount appropriated and encumbered for this Contract, unless and until such time as the Contractor has been advised in writing by the Manager that a lawful appropriation, sufficient to cover the entire cost of such additional work, has been made.

It shall be the responsibility of the Contractor to verify that the amounts already appropriated for this Contract are sufficient to cover the entire cost of such work, and any work undertaken or performed in excess of the amount appropriated is undertaken or performed in violation of the terms of this contract, without the proper authorization for such work, and at the Contractor's own risk.

10. APPROVALS

In the event this Contract calls for the payment by the City of five hundred thousand dollars (\$500,000.00) or more, approval by the City Council of the City and County of Denver, acting by ordinance, in accordance with Section 3.2.6 of the Charter of the City and County of Denver, is and shall be an express condition precedent to the lawful and binding execution and effect and performance of this contract.

11. ASSIGNMENT

The Contractor shall not assign any of its rights, benefits, obligations or duties under this Contract except upon the prior written consent and approval of the Manager to such assignment.

12. DISPUTES RESOLUTION PROCESS

It is the express intention of the parties to this Contract that all disputes of any nature whatsoever regarding the Contract including, but not limited to, any claims for compensation or damages arising out of breach or default under this Contract, shall be resolved by administrative hearing pursuant to the provisions of Section 56-106, D.R.M.C., or, as applicable, Section 28-33 D.R.M.C. for Minority and Woman Business Enterprise disputes. The Contractor expressly agrees that this dispute resolution process is the only dispute resolution mechanism that will be recognized by the parties for any claims put forward by the Contractor, notwithstanding any other claimed theory of entitlement on the part of the Contractor or its subcontractors or suppliers.

13. CONTRACT BINDING

It is agreed that this Contract shall be binding on and inure to the benefit of the parties hereto, their heirs, executors, administrators, assigns and successors.

14. PARAGRAPH HEADINGS

The captions and headings set forth herein are for convenience of reference only and shall not be construed so as to define or limit the terms and provisions hereof.

15. SEVERABILITY

It is understood and agreed by the parties hereto that, if any part, term, or provision of this Contract, except for the provisions of this Contract requiring prior appropriation and limiting the total amount to be paid by the City, is by the courts held to be illegal or in conflict with any law of the State of Colorado, the validity of the remaining portions or provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Contract did not contain the particular part, term or provision held to be invalid.

16. MAXIMUM CONTRACT AMOUNT

Each Project will be assigned and authorized separately by Work Order and the maximum liability of the City for any one Project shall not exceed the sum of **Four Hundred Thousand Dollars (\$400,000.00)**, including all authorized Work Order changes. The maximum amount to be paid by the City to the Contractor for satisfactory completion of all Work Orders authorized by the City and performed by the Contractor under this Contract shall in no event exceed the sum of **TWO MILLION DOLLARS AND NO CENTS (\$2,000,000.00)**, unless this Contract is modified to increase said amount by a duly authorized, written contract amendment mutually agreeable to and executed by the parties hereto.

17. TERM

The term of this agreement shall be from **August 4, 2014**, through **August 4, 2016**. In no event, however, shall the Contractor's performance under this Agreement, including the one (1) possible extension, exceed a three (3) year period ending on month and day of the execution of this Agreement. In addition, nothing contained herein shall obligate the City to extend the Agreement beyond the initial term. If the term of any Work Order extends beyond the Term, this Agreement shall remain in full force and effect but only as to such Work Order, and only through the end of the Work Order's term, as may be extended by Change Order to such Work Order.

18. ELECTRONIC SIGNATURES AND ELECTRONIC RECORDS

Contractor consents to the use of electronic signatures by the City. The Agreement, and any other documents requiring a signature hereunder, may be signed electronically by the City in the manner specified by the City. The Parties agree not to deny the legal effect or enforceability of the Agreement solely because it is in electronic form or because an electronic record was used in its formation. The Parties agree not to object to the admissibility of the Agreement in the form of an electronic record, or a paper copy of an electronic document, or a paper copy of a document bearing an electronic signature, on the ground that it is an electronic record or electronic signature or that it is not in its original form or is not an original.

SC-11 WAIVER OF: PART 8 OF ARTICLE 20 OF TITLE 13, COLORADO REVISED STATUTES

The Contractor specifically waives all the provisions of Chapter 8 of Article 20 of Title 13, Colorado Revised Statutes regarding defects in the Work under this Construction Contract.

SC-12 PERIOD OF PERFORMANCE

The term or duration of this Agreement shall be two (2) years from the date of execution of this Agreement, unless extended by Contract amendment in accordance with the provisions of these Special Contract Conditions. With respect to any Work that is authorized by a Work Order issued prior to the contract completion date, but not completed by that date, the City shall have the option to terminate the Work in progress and pay only for that portion of the Work satisfactorily completed within the period of performance specified herein or to provide for, in writing, a limited extension of the contract completion date to complete the remaining Work at the prices agreed upon in the previously issued Work Order(s).

For each Proposal Pricing Request submitted to the Contractor for pricing, the Contractor agrees to review and price the Proposal Request within fourteen (14) consecutive calendar days of the date of such Proposal Request. In the event a Work Order is issued pursuant to a priced Proposal Request, the Contractor agrees to undertake the performance of the specified Work within ten (10) consecutive calendar days of the date of issuance of a Notice to Proceed for the referenced Work Order. The Contractor agrees to satisfactorily complete all work referenced in each Work Order within the agreed upon period of performance set forth in such Work Order or Notice to Proceed, plus such extension or extensions granted by the Manager in accordance with the provisions for Work Order Changes. For purposes of this Contract, "Contract Time", as used in the General Contract Conditions, shall mean the period of performance specified in each issued Work Order and shall run from the date of issuance of a Work Order Notice to Proceed to the date of Work Order Final Completion. Work Order Substantial Completion shall occur prior to Final Completion of any Work Order.

SC-13 PERFORMANCE OF WORK, AS DIRECTED BY THE CITY

Titles 1 and 3 of the General Contract Conditions shall generally apply to this Contract as supplemental by the following:

As described elsewhere in the Contract Documents, this Contract contemplates performance of construction services Work by the Contractor on a variety of, as yet to be identified, City construction Projects on an "as needed" or "on call" basis. Under the terms of this Contract, the City, in its sole discretion, will determine both the extent and nature of each scope of work or project it requires the

Contractor to perform or complete and the specific terms and conditions under which it requires the Contractor to perform or complete this scope or project. Nothing contained herein, however, shall be construed by the Contractor as promise or guarantee of any minimum amount of Work or compensation hereunder.

In the event the City elects to direct the Contractor to perform work hereunder, the process by which both a specific work scope or project and specific performance terms or conditions shall be established prior to commencement of such work shall be as follows:

1. The City will identify a work scope or project for the Contractor to perform or complete and will issue to the Contractor a Project Proposal Solicitation (in the format provided herein) containing, at a minimum, a detailed scope or project description, drawings, plans, specifications, the specific terms and conditions under which such project or scope must be performed and other pertinent materials.
2. In accordance with the terms and conditions of this Contract, the Contractor will review each Project Proposal Solicitation and provide a price (in the Project Bid Form Worksheet format provided herein) and a project schedule responsive to each Project Proposal Solicitation Bid Form. In preparing its price, the Contractor shall include all bid unit prices for any required or specified work that corresponds with any unit price description (covered work). All other scope or project work elements required to complete the project or otherwise fully perform the described scope shall be considered uncovered work and priced using the format and cost categories for labor, material and equipment specified herein.
3. Upon receipt of the completed and fully executed Project Bid Form Worksheet from the Contractor, negotiation of uncovered work prices or sums and agreement on the Total Price (the total of covered and uncovered prices), schedule and any other specific requirements for the requested scope of Work, a Work Order (in the format provided for herein) for the Work will be issued by the City authorizing the Work to proceed under the terms and conditions set forth in the Work Order and attachments. This Order shall also encumber funds for the performance of such Work Order.
4. Upon receipt of the fully executed Work Order and a Work Order Notice to Proceed (in the format provided for herein), the Contractor shall have ten (10) consecutive calendar days to commence the performance.
5. With respect to each issued Work Order, the contractor shall furnish all tools, labor, supplies, equipment, materials and everything necessary to perform and complete the described scope of work or project contained in the Work Order.
6. During the course of performance of the Work authorized by each Work Order, the Contractor shall submit regular pay applications, in accordance with provisions of these Special Contract Conditions. The City shall issue payment for all satisfactorily completed Work authorized by Work Order, in accordance with the terms and conditions of the Contract Documents.
7. If additions, deletions or other modifications to the authorized Work scope or other terms or conditions are required or desired in the sole discretion of the City under a particular Work Order, a Work Order Change will be issued based on pricing prepared in the same manner as a Proposal Pricing Request and under the terms and conditions for issuance of a Change Order under the General Contract Conditions. The Work Order Change will identify any increase or decrease in the cost, change in the period of performance and any other modifications to the performance requirements for that particular Work Order.
8. Upon satisfactory completion, a Certificate of Substantial Completion, Certificate of Final Acceptance, and Certificate of Contract release will be issued. Upon completion of these documents a Final Receipt for that Work Order will be issued, and final payment for the Work Order will be made.
9. Under this Contract, more than one Work Order may be issued and performed by the Contractor at the same time.

Given that under this Contract, the Contractor is committed to make available to the City and, as from time to time directed by the City under the process described, furnish all labor, tools, supplies, equipment, materials and everything necessary for and required to do, perform and complete each Work Order issued in accordance with the terms and conditions set forth

herein, certain provisions, terms and conditions included in the General Contract Conditions either will not apply or will apply on a Work Order by Work Order basis rather than an overall Contract basis.

As such, the term Work, as issued in the Contract Documents shall mean the Contractor's equipment and physical plant, labor, management, administration, supervision, materials and supplies, and all other things needed to assemble, manufacture, complete or perform the various components into finished improvements pursuant to any Work Order issued pursuant to the Contract Documents. Unless otherwise specified or clearly inapplicable from the context of a given provision, each and every General Contract Condition contained or referenced in the Contract Documents shall apply to and control all Work performed hereunder.

SC-14 PERFORMANCE AND PAYMENT BOND

Title 15 of the General Contract Conditions shall generally apply to this Contract as supplemented by the following:

A Performance and Payment Bond, in the form included in these Contract Documents, shall be furnished covering all Work Orders performed hereunder. An initial bond in the amount of Two Million Dollars (\$2,000,000.00) shall be provided at time of Contract Execution. In the event the dollar amount of Work to be performed exceeds this amount on any given Work Order, the Contractor shall provide properly executed bond Change Riders, also in the form included in these Contract Documents, in the amount(s) of any additional Work Orders issued hereunder.

SC-15 PROPOSAL REQUEST PRICING

Title 9 of the General Contract Conditions shall generally apply to this Contract as supplemented by the following:

A. In order to initiate Work hereunder, the City must prepare and issue a Proposal Pricing Request, in the form included in these Contract Documents. For each Proposal Pricing Request submitted to the Contractor for pricing, the Contractor shall price the request and submit a completed Proposal Request Pricing Worksheet, in the form included in these Contract Documents and complying with the terms and conditions set forth on the form, to the Project Manager, with all supporting materials, within fourteen (14) consecutive calendar days of the date of issuance of such Proposal Pricing Request. The Contractor shall price each request and prepare the appropriate documentation in accordance with the requirements stated herein.

B. **Prices** – The City's policy is to award Work Orders by a mini-bid process. If a mini-bid process is used, Contractor may submit lump sum prices. Upon request Contractor will provide detailed pricing information. If the City determines that a mini-bid process is not appropriate, the Contractor may then provide detailed pricing information, reference Proposal Request Pricing Worksheet.

Direct labor costs shall include only the cost associated with the workers who actually perform the Work (including fringe benefits and the Contractor's actual cost for Worker's Compensation, Social Security and Payroll taxes). The costs of supervision, management and field or office overhead costs shall not be included or calculated as direct labor cost. For shop or plant components of the Work, the direct labor cost shall include only those workers who work directly on the item being manufactured or the actual operators of the equipment being used to handle the items being manufactured.

Material costs shall include the direct costs of materials, supplies and equipment incorporated in or consumed by the Work. The costs shall be based on buying the material, supplies and equipment other than small tools, or equipment rental rates without markup or operator, as listed in the appropriate rental rate book currently in use by the Colorado Department of Transportation.

Equipment costs shall be the actual cost to the Contractor of owned and/or rented equipment other than small tools, or equipment rental rates without markup or operator, as listed in the appropriate rental rate book currently in use by the Colorado Department of Transportation.

C. **Markup for Overhead and Profit** – The Contractor shall be entitled to **10%** of markup on the direct cost of the subcontractor's work, including labor, materials, and equipment. The Contractor shall not apply markup to Special Conditions, markup, or bonds, taxes or insurance. The Contractor, subcontractor or sub-subcontractor who actually performs the Work shall be entitled to a markup of 15% on the actual costs identified in item B, only, above. For terminology and methodology applicable to Work Order pricing, refer to General Contract Conditions (2011 Edition) Titles 9 and 11, Special Conditions 15 through 19, and the Proposal Request Pricing Worksheet forms (attached) of this document. Bonds, insurance and sales tax are to be added **after** markup.

A supervising subcontractor, if any, shall not be entitled to a markup on the actual price charged to the subcontractor by the sub-subcontractor.

The general contractor's percentage markup on subcontractor work shall be considered to support the full cost of office supervisors and assistants, including all clerical and general office help; review and coordination; estimating; expediting; office equipment and supplies, telephone, fax, conformance to OSHA requirements, safety programs, and all other general contractor company expenses. These percentage markups shall be applied one time only for each Work Order or Work Order Change and shall not pyramid in any way.

D. Bonds, Insurance, Permits and Taxes shall be reimbursed at the actual cost associated with all required bond riders, insurance, permits, licenses, and sales, use or other taxes related to the Work.

E. A Total Price to perform or complete the Work Order, the sum of all covered and uncovered work amount, must be in each Work Order.

F. If it is later determined that the pricing was not correct due to inaccurate or incomplete pricing data by the Contractor or any subcontractor or supplier, the price shall be reduced accordingly and the Work Order cost modified by a Work Order Change.

SC-16 WORK ORDERS

With respect to Each Work Order Issued hereunder, the General Contract Conditions shall generally apply to this Contract as supplemented by the following:

Upon review of any Proposal Request Pricing Worksheet completed by the Contractor pursuant to a Proposal Request, the City may, at its sole discretion, reject the pricing submittal, enter into further negotiations regarding uncovered work prices or may direct that the Work described in the Proposal Request and priced by the Contractor be completed by issuance of a Work Order, in the form included in these Contract Documents to the Contractor. The City reserves the right to issue such a Work Order, at the price and under the terms of the Contractor's pricing submittal, at any time before the expiration of 120 consecutive calendar days from the date the pricing submittal was received by the City. If no Work Order is issued and the pricing submittal is not rejected within this period, the Contractor's pricing submittal shall be deemed rejected by the City.

A Work Order shall not issue and no Work for a priced Request shall commence until such time as: The Work Order is executed by the Contractor and all designated City officials; the Contractor has submitted a Payment and Performance bond or Bond Change Rider for the Work satisfactory to the City Attorney; for the Work described in the Proposal Request; and all administrative requirements are met. Until all Work Order issuance requirements are met, the City shall have no obligation to compensate the Contractor for Work performed.

Upon issuance of a Work Order, the Contractor agrees to satisfactorily perform and complete all Work necessary or required to fully perform or otherwise complete the scope of work as described in each issued Work Order or any subsequently issued Work Order Change within the period of performance specified in the Work Order plus such extensions of time as may be granted by the Manager in accordance with the provisions of this Contract.

SC-17 WORK ORDER NOTICE TO PROCEED

GC-302 of the General Contract Conditions shall generally apply to this Contract as supplemented by the following:

Following the issuance of any fully executed Work Order hereunder, a Work Order Notice to Proceed, in the form included in these Contract Documents for that particular Work Order will be issued by the Director. The Contractor agrees to commence the Work in accordance with that particular Work Order within ten (10) consecutive calendar days of the date of the Work Order Notice to Proceed. No Work Order Notice to Proceed will issue and no Work will commence until such time as the Contractor has complied with all administrative requirements for that particular Work Order under SC-15 PERFORMANCE AND PAYMENT BOND. Thereafter, the Contractor shall prosecute the Work to be accomplished under the Work Order at such time and place as the Work Order directs and shall fully complete in every detail all specified Work in accordance with the terms and conditions of the Work Order and the provisions of these General Contract Conditions and Special Contract Conditions.

SC-18 PROGRESS PAYMENTS FOR WORK ORDERS

In accordance with General Contract Condition 902, PAYMENT PROCEDURE, the party(ies) responsible for review of all Pay Applications shall be the Project Manager assigned to each Work Order:

In accordance with General Contract Condition 906, APPLICATIONS FOR PAYMENT, each Application submitted shall include the following:

1. The estimate of Work completed shall be based on the approved schedule of values or unit prices, as applicable, and the percent of the Work complete.
2. Each Application for Payment shall include each and every independent subcontractor's payroll information including pay dates and pay amounts.
3. The Contractor shall also submit to the Auditor and other appropriate officials of the City in a timely fashion, information required by General Contract Condition 1004, REPORTING WAGES PAID.

In accordance with General Contract condition 907, RELEASES AND CONTRACTORS CERTIFICATION OF PAYMENT, Applications for Payment must be accompanied by completed Partial or Final Claim Release Form, as appropriate, from EACH subcontractor and supplier, AND/OR the Contractors' Certification of Payment Form. The forms, Final/Partial Release and Certificate of Payment (Subcontractor/Supplier) and the Contractor's Certification of Payment, both of which must be used are as follows:

SC-19 WORK ORDER CHANGES

Title 11 of the General Contract Conditions shall apply to this Contract, on a Work Order by Work Order basis, as supplemented by the following:

In accordance with all terms and conditions provided for standard change orders under Title 11 of the General Contract Conditions, the City may issue Work Order Changes providing for deletions, additions and modifications to the Work under a duly issued Work Order. Work Order Changes must be issued on the Work Order Change Form, in the form included in these Contract Documents.

Mark up for overhead and profit for Work Order Changes shall require completion of the Proposal Request Pricing Worksheet for Contractor and applicable Sub-Contractors.

SC-20 WORK ORDER CLOSE-OUT

Titles 19 and 20 of the General Contract Conditions shall apply to this Contract, on a Work Order by Work Order basis, as supplemented by the following:

Upon Substantial Completion of all Work performed under each Work Order in accordance with the Contract Documents, final close-out for that Work Order shall be made in accordance with the terms and conditions of Title 20 of the General Contract Conditions.

SC-21 CONTRACT CLOSE-OUT

Upon written notification from the City to the Contractor that no further Work Orders shall be issued hereunder and the completion of final close-out for any previously issued Work Orders in accordance with SC-20 WORK ORDER CLOSE-OUT, the Contract shall proceed to final close-out. The Contractor agrees to comply with all applicable Contract close-out procedures and requirements set forth in General Contract Condition 2002. In addition, the Contractor agrees to execute and deliver to the City a Final Receipt in the forms previously referenced and to provide to the City consent of surety covering all Work performed hereunder. Until such time as all Contract close-out procedures are completed and each contract close-out requirement is satisfied, the City shall retain from amounts due the Contractor, in addition to any other withholdings provided for hereunder, a sum not greater than one percent (1%) of the maximum contract amount specified herein.

SC-22 ATTORNEY'S FEES

Colorado Revised Statute 38-26-107 requires that in the event any person or company files a verified statement of amounts due and unpaid in connection with a claim for labor and materials supplied on this project, the City shall withhold from payments to the Contractor sufficient funds to insure the payment of any such claims. Should the City and County of Denver be made a party to any lawsuit to enforce such unpaid claims or any lawsuit arising out of or relating to such withheld funds, the Contractor agrees to pay to the City its costs and a reasonable attorney's fee which cost shall be included as a Cost of the work.

Because the City Attorney Staff does not bill the City for legal services on an hourly basis, the Contractor agrees a reasonable fee shall be computed at the rate of one hundred dollars per hour of City Attorney time.

CITY AND COUNTY OF DENVER
DIVISION OF SMALL BUSINESS OPPORTUNITY
CONSTRUCTION CONTRACT COMPLIANCE PLAN
FOR M/WBE PARTICIPATION

T2 Construction Inc.]
On-Call Landscape Improvements and Irrigation Construction Services
[OC #201417541

SECTION 1: INTRODUCTION

- A. T2 Construction Inc. (the “Contractor”) submits this Compliance Plan to the Director of the Division of Small Business Opportunity (“Director”), as required by the Manager of Parks and Recreation, in accordance with §§ 28-51 to 28-83, D.R.M.C., and the implementing rules adopted by the Director (“Rules”).
- B. Under the City’s Ordinance No. 85, Series of 2014 (the “M/WBE Ordinance”), codified at §§ 28-51 to 28-83, D.R.M.C., the M/WBE participation goal for this contract is 11%. The good faith solicitation level is 100%
- C. The Contractor is committed to compliance with the M/WBE Ordinance in its performance of the Contract. The Contractor will continually pursue a level of M/WBE participation that equals or exceeds 11% of the total construction price under the Contract.
- D. Because of the delivery method used for this Project, the work was not ready for subcontracting at the time when the Contractor was awarded the Contract. Therefore this Compliance Plan provides for the M/WBE solicitation and subcontracting to be performed after contract formation. The process by which the Contractor will solicit, obtain, count and maintain participation by MBE and WBE firms for this Project under this Compliance Plan, will be same as the M/WBE Ordinance requires for “design-bid-build” construction contracts.
- E. This Compliance Plan describes how the Contractor will address the project goal at the point where the project work is sufficiently defined that the process of obtaining subcontractors and suppliers can begin, by committing to utilize MBE/WBEs for the Project work, using the good faith efforts as defined by the M/WBE Ordinance.
- F. The delivery method for this project under the Contract is On-Call Construction Services.
- G. The Contractor will deliver the construction work in phases. [If the work will be delivered in phases, Section 3 below describes the Contractor’s plan to meet the project goal as it relates to such phases.]

SECTION 2: KEY PERSONNEL

Stuart Cameron, 303-432-8742, stuart@t2-construction.com, has been assigned as the Project Manager for this Contract. The Project Manager is responsible for the overall management of the Contractor's performance of the Project.

[Identify the other key staff who will be responsible for carrying out the Compliance Plan, and for contract administration for subcontractors and suppliers, etc. The following are examples, to be tailored to the Contractor's situation:]

Beth Dalebroux, 303-432-8742, beth@t2-construction.com, is the office manager, who reports to the [Project Manager] and is responsible for compliance with this Compliance Plan, outreach and coordination activities, and maintaining appropriate records to ensure that goals are met.

Beth Dalebroux, 303-432-874, beth@t2-construction.com, is the office manager, who will administer subcontracts and ensure that all documentation required by DSBO is prepared and maintained. Beth Dalebroux will coordinate the collection of DSBO documentation and monthly payroll reports from all subcontractors and suppliers, including but not limited to M/WBEs.

SECTION 3: STRUCTURING BID PACKAGES FOR M/WBE PARTICIPATION

- A. The Contractor has identified preliminarily the following separate packages of work to be subcontracted:

[Display the information in chart form. Examples are provided below for your use.

Customize the form so that it provides the information specific to your project.

The total at bottom needs to be the contract total.

Showing subtotals along the way for completely different types of work is acceptable.

Force accounts and contingency fees may be deducted from the total goals are met upon.

The overall committed contract goal is the percentage stated on page 1.]

- B. These packages will be reviewed and refined as the work for the Contract is further defined and ready for the process of subcontracting. Specifically, prior to advertising any package of work for bids or proposals, the Contractor will review the work in detail, to determine the types of work that can be performed by M/WBE firms, with reference to the DSBO's database and directory of certified M/WBE firms, and will adjust its subcontracting packages to maximize opportunities for M/WBE participation in such subcontracting, within economically feasible packages.
- C. The Contractor has the following preliminary schedule for issuance of each bid package:
 - 1. T2 Construction receives a bid package. 2. We identify subcontractors that will be needed. 3. Discuss what MWBE's could be used on this project. 4. Once identified we will then contact them or will go to the Work4Denver site and start locating subcontractors through the DSBO list. 5. We will contact personally and see if there is an interest in bidding. 6. We will get subcontractor the plans immediately so that they can have time for bidding.
- D. If there is an issue on the contract scope of work, T2 Construction will call an emergency site meeting involving the City officials and all subcontractors that are affected. This will include MWBE firms, so that they can have a say in any changes in their original scope of work.
- E. T2 Construction will ask for references and speak to various companies that have worked with the unknown subcontractor. The subcontractor will then usually meet with T2 Construction officials on site so that specifics can be discussed in person.
- F. The Contractor may pursue different percentage goals for M/WBE participation in each separate package of work put out for bids, based on the types of work and availability of certified M/WBE firms. However, the Contractor is committed to the overall goal of 11% M/WBE participation in the total construction work amount.
- G. The Contractor may consider, in order to maximize M/WBE participation, subcontracting the following types of work which it might ordinarily self-perform: Irrigation, concrete, landscaping, and earthwork.

SECTION 4: COMMUNITY OUTREACH EFFORTS AND ADVERTISING TO M/WBE CERTIFIED FIRMS:

The Contractor will conduct the following outreach efforts:

- A. Contractor will use the City's M/WBE directory and encourage all non-M/WBE subcontractors to use the directory when soliciting any of their own subcontractors or suppliers for the project.

- B. If during outreach efforts, Contractor locates a firm which appears to be eligible for City M/WBE certification but is not so certified, Contractor will direct the firm to DSBO and encourage the firm to pursue certification if eligible.
- C. When it has work packages ready for subcontracting, the Contractor will solicit through all reasonable means. Acceptable contact modes for solicitation shall be letters, facsimile transmissions, telephone communication and e-mail. Solicitation must be made at least 10 calendar days before bid date or proposal submission.
- D. Requirement to demonstrate appropriate steps to follow up initial solicitation: Appropriate steps may be demonstrated by second contact attempts by letter, facsimile transmission, telephone communication or e-mail, if bidder/proposer failed to make contact on its first attempt.
- E. [If needed, we can ask other subcontractors for recommendations on subcontractors for specific tasks and specialty work. Aside from faxing, e-mailing and calling, we have used word of mouth and have located some wonderful subcontractors. If a subcontractors schedule is full we will ask them if they have a recommendation. Plus we have called the DSBO office and spoke to persons there asking for help locating subcontractors.]
- F. We will receive plans from City. Then contact subcontractors to see if they would be interested in bidding on this project. If so, we will forward the plans, informing them when the bid date is. When we receive their bid we will review, ask questions if any and declare them subcontractor for this project.

SECTION 5: M/WBE PARTICIPATION; MAINTAINING COMMITMENTS

- A. When issuing each work package for bid under the Contract, the Contractor will make a good faith effort to meet or exceed the goal percentage of M/WBE participation which it has identified for that package. The minimum level of these efforts is specified in § 28-62(b), D.R.M.C. and Rule VII(B). They may include, but will not be limited to, the outreach activities identified in Section 4 above.
- B. When requested by DSBO, the Contractor will submit bid packages to DSBO for review and comment When requested by DSBO, the Contractor will submit bid tabulation sheets to DSBO for review.
- C. The Contractor will report to DSBO the total M/WBE participation obtained for each bid package. No later than 5 days after issuing Notice to Proceed for such work, the Contractor will submit to DSBO, for each M/WBE subcontractor or supplier with whom it contracts, a Letter of Intent and other documentation, in accordance with Section _ below.
- D. The Contractor will document its efforts to obtain M/WBE participation for each work package, and submit such documentation to DSBO upon request by DSBO at any time.

The Contractor acknowledges that it may meet or exceed a percentage goal for M/WBE participation on one or more work packages, but fall short of meeting the participation goal for the total construction contract amount. Therefore the Contractor must be able to demonstrate its good faith effort, consistent with § 28-62(b), D.R.M.C., to obtain M/WBE participation for each bid package under the contract, except for bid packages which are subject to a “modified good faith effort” under § 28-75(c), D.R.M.C., in which case the Contractor must be able to demonstrate its compliance with the requirements of § 28-75(c), D.R.M.C. Sections 28-62(b) and 28-75(c), D.R.M.C., are attached to this Compliance Plan as Attachment 1, for convenient reference.

- E. The M/WBE participation percentage will be calculated by dividing the total value of the M/WBE participation by the total contract amount for the project, including all change orders. The Contractor will count M/WBE participation according to the M/WBE Ordinance, including § 28-63, D.R.M.C., and Rule VII(C).
- F. As required by D.R.M.C. § 28-73, the Contractor shall immediately inform the DSBO in writing of any agreed-upon increase or decrease in the scope of work of the Contract, regardless of whether it has been reduced to writing at the time of notification. Any increase in the scope of work which increases the dollar value of the contract, whether or not such change is within the scope of work designated for performance by an MBE or WBE under any subcontract, shall be contemporaneously submitted to the DSBO. Those changes to the scope of work that cannot be performed by existing project participants (the Contractor, subcontractors, suppliers, etc.) shall be subject to a goal for MBEs and WBEs equal to the original committed goal. The Contractor shall satisfy the goal for the changed scope of work by soliciting new MBEs or WBEs in accordance with § 28-60, D.R.M.C, and it must show each element of modified good faith that is stated in § 28-75(c), D.R.M.C. The Contractor shall provide to the Director the documentation described in § 28-75(c) with respect to the increased dollar value of the contract..
- G. The Contractor will comply with the provisions of § 28-75 as to the replacement of a WBE or MBE on the Project.
- H. The Contractor acknowledges that it has a continuing duty, under D.R.M.C. §§ 28-72, 28-73, and 28-75, to maintain, throughout the duration of the contract, compliance with the level of MBE and WBE participation committed to under any approved compliance plan, and that such commitment is a material condition of the Contract.

SECTION 6: COMPLIANCE DOCUMENTS AND REPORTING

- A. The Contractor will submit the following documentation, properly completed and submitted monthly or when otherwise required by DSBO.
 - 1. Prime contractor background information form*
 - 2. DSBO Schedule of Work form*
 - 3. Subcontractor background information form for all subcontractors*

4. M/WBE Letters of Intent
5. Monthly contractor's certification of payment forms (participation report)
6. DSBO change order forms
7. M/WBE final lien release forms
8. B2G online payment verification

(*due at NTP + 5 days; revisions as required)

- B. The Contractor will document its progress in seeking and obtaining M/WBE participation as required by DSBO. Records of the Contractor's efforts to solicit M/WBE subcontractor and supplier participation, will be maintained and reported monthly to DSBO, or as otherwise required, including:
1. Dates of solicitation
 2. Names, addresses and telephone numbers of all M/WBE firms contacted.
 3. Description of efforts make to contact M/WBE firms.
 4. Description of information provided to M/WBE firms.
 5. Description of the process and outcome.
 6. Advertisements soliciting bids from M/WBE firms in local community publications or construction industry related publications.
 7. Schedules of prebid meetings to inform M/WBE and non-M/WBE subcontractors and suppliers of opportunities to participate.
 8. Evidence that the Contractor provided M/WBE subcontractors and suppliers necessary access to and adequate time to review all project documents.
 9. All other documentation required to establish the Contractor's compliance with the good faith efforts required by City ordinance, specifically the items enumerated in subsections 28-62(b)(2) through 28-62(b)(10). D.R.M.C.

SECTION 7: PLAN ADMINISTRATION; MONITORING; CLOSEOUT

- A. DSBO shall have prompt, full and complete access to all Contractor and subcontractor personnel, books and records required to monitor and assure performance of this Compliance Plan.
- B. The Contractor's personnel identified in Section 2 above, will be responsible for administering and monitoring the Contractor's performance of this Compliance Plan.
- C. Actual M/WBE participation will be calculated in accordance with the M/WBE Ordinance, including § 28-63, D.R.M.C., and applicable Rules. The Contractor will submit to DSBO a monthly tracking report demonstrating the M/WBE participation that has been achieved. .
- D. The following milestones for review and reconciliation of M/WBE participation will be observed during the contract: Proposal Submission, Notice of Award, and Application for Final Payment.

- E. The Contractor acknowledges that the City may impose monetary penalties and/or withhold payment in the event of Contractor's non-compliance with the M/WBE Ordinance and this Compliance Plan.
- F. The Contractor will use the following methodology for final reconciliation of M/WBE participation performance achieved during the Contract term, measured against the established project goal. The Contractor will present copies of all signed DSBO Final Lien Release forms for MWBE firms utilized for participation on the Contract. DSBO will compare the Final Monthly Participation Report submitted by the Contractor to determine if the Final Lien Release dollar figures match what is contained within the Final Monthly Participation Report. Final Compliance shall be achieved when the Contractor establishes to the Director's satisfaction, that it has remitted payments to M/WBE firms utilized on the Project; that it utilized M/WBE firms in accordance with each such firm's Letter of Intent; and that the amount of payments to M/WBE firms equals or exceeds the assigned M/WBE goal for the total amount of the Contract. Failure to achieve final compliance may subject the Contractor to sanctions, in accordance with D.R.M.C., Section 28-77. As provided in such ordinance, sanctions may include, but are not limited to, assessment by the Director of a monetary penalty against the Contractor in an amount not more than 150% of the contract amount for each MBE or WBE involved. Any such monetary penalty leveled by the Director shall be withheld from the final payment due to the Contractor, and any amount that remains due and owing to the City may be collected pursuant to D.R.M.C., Section 28-77. The Contractor may seek review of any such determination by the Director to levy sanctions through the dispute resolution process set forth in the Construction Contract.

SECTION 8: NON-COMPLIANCE; SANCTIONS; REMEDIATION PLAN

- A. At all times, DSBO shall monitor the Contractor's compliance with this Plan and the M/WBE Ordinance and Rules. The Contractor shall fully cooperate with DSBO's compliance monitoring and auditing efforts, including DSBO's investigation of any alleged or suspected non-compliance by the Contractor.
- B. If the Director has reason to believe that the Contractor is not in compliance with this Plan or with the M/WBE Ordinance, the Director shall give the Contractor written notice of non-compliance, citing the reasons why the Contractor is not in compliance, and giving the Contractor thirty (30) days in which to submit a remediation plan for the Director's review and acceptance. The remediation plan shall demonstrate how the Contractor will cure such non-compliance, and if such non-compliance consists of failure to obtain or maintain M/WBE participation at the committed level, that the Contractor's M/WBE participation level will again achieve the committed level, and that the Contractor will ultimately achieve the committed participation goal for the contract..
- C. The Contractor shall, within such thirty (30) day period, deliver to the Director a written remediation plan the Director's review and approval.

- D. The Director may issue a written determination of non-compliance and the sanction which the Director has elected to impose as a consequence:
- (1) If the Contractor does not respond within the time allowed; or
 - (2) If the Contractor fails to submit a satisfactory remediation plan; or
 - (3) If a Contractor submits an acceptable remediation plan but thereafter fails to comply with the plan.
- E. The Contractor may contest a determination issued under Section 8(D), by requesting a hearing within 30 days after the date of such determination, as provided in § 28-33, D.R.M.C.

SECTION 9: MEDIATION

The Contractor will provide a process to resolve disputes that occur between a MBE or WBE and any non-M/WBE subcontractors or suppliers under the Contract. The Contractor will document such disputes and inform DSBO of the steps the Contractor plans to take to resolve the dispute. The Contractor may ask DSBO to assist in the resolution process it has developed. The Contractor will document and notify DSBO if those disputes have been resolved and inform DSBO of any disputes it was unable to resolve. DSBO will notify the Contractor of any complaints received by DSBO from M/WBE firms regarding a dispute they are experiencing with either a subcontractor or the Contractor.

IN WITNESS WHEREOF, Contractor has executed and agrees to abide by the terms of this Compliance Plan as of the 2 day of September, 2014.

EXCERPTS FROM DENVER REVISED MUNICIPAL CODE

Sections 28-62(b) and 28-75(c), D.R.M.C

Sec. 28-62. Same--Good faith efforts.

(b) The statement of good faith efforts shall include a specific response and verification with respect to each of the following good faith effort categories, which may be further defined by rule or regulation. A bidder or proposer may include any additional information it believes may be relevant. Failure of a bidder or proposer to show good faith efforts as to any one (1) of the following categories shall render its overall good faith effort showing insufficient and its bid or proposal non-responsive:

- (1) If prebid or preselection meetings are scheduled by the city at which MBEs and WBEs may be informed of subcontracting or joint venture opportunities under a proposed contract to be bid, or procured pursuant to the competitive selection process, attendance at such prebid or preselection meetings is not mandatory; however, bidders and proposers are responsible for the information provided at these meetings.
- (2) The bidder or proposer must solicit through all reasonable and available means, the interest of all MBEs and WBEs certified in the scopes of work of the contract. The bidder or proposer must solicit the interest of such MBEs and WBEs within sufficient time, prior to the bid opening or date of final project-specific proposal in the case of a competitive selection process, to allow such MBEs and WBEs to respond to the solicitation. The bidder or proposer must determine with certainty if the MBEs and WBEs are interested by demonstrating appropriate steps to follow up initial solicitations.
- (3) The bidder or proposer must select portions of the work of the contract to be performed by MBEs and WBEs in order to increase the likelihood that the project goal will be achieved. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate MBE and WBE participation as subcontractors or joint venturers, and for bidder or proposer self-performed work, as suppliers, manufacturers, manufacturer's representatives and brokers, all reasonably consistent with industry practice, even when the bidder or proposer would otherwise prefer to perform these work items with its own forces. The bidder or proposer must identify what portions of the contract will be self-performed and what portions of the contract will be opened to solicitation of bids, proposals and quotes from MBE and WBEs. All portions of the contract not self-performed must be solicited for MBE and WBE participation. The ability or desire of a bidder or proposer to perform the work of a contract with its own forces does not relieve the bidder or proposer of the responsibility to meet the project goal or demonstrate good faith efforts to do so.
- (4) The bidder or proposer, consistent with industry practice, must provide MBEs and WBEs at a clearly stated location with timely, adequate access to and information about the plans, specifications, and requirements of the contract, including bonding and insurance requirements, if any, to assist them in responding to a solicitation.

- (5) The bidder or proposer must negotiate in good faith with interested MBEs and WBEs and provide written documentation of such negotiation with each such MBE or WBE.
- (6) For each MBE or WBE which contacted the bidder or proposer or which the bidder or proposer contacted or attempted to subcontract or joint venture with, consistent with industry practice, the bidder or proposer must supply a statement giving the reasons why the bidder or proposer and the MBE or WBE did not succeed in negotiating a subcontracting, supplier, manufacturer, manufacturer's representative, broker or joint venture agreement, as applicable.
- (7) The bidder or proposer must provide verification that it rejected each non-utilized MBE and WBE because the MBE or WBE did not submit the lowest bid or it was not qualified. Such verification shall include a verified statement of the amounts of all bids received from potential or utilized subcontractors, suppliers, manufacturers, manufacturer's representatives, brokers or joint venturers on the contract, whether or not they are MBEs or WBEs. In making such a determination of not being qualified, the bidder or proposer shall be guided by the definition of qualified in section 28-54(42), but evidence of lack of qualification must be based on factors other than solely the amount of the MBE's or WBE's bid. For each MBE or WBE found not to be qualified by the bidder or proposer, the verification shall include a statement giving the bidder's or proposer's reasons for its conclusion. A bidder's or proposer's industry standing or group memberships may not be the cause of rejection of an MBE or WBE. A bidder or proposer may not reject an MBE or WBE as being unqualified without sound reasons based on a reasonably thorough investigation and assessment of the MBE's or WBE's capabilities and expertise.
- (8) If requested by a solicited MBE or WBE, the bidder or proposer must make reasonable efforts to assist interested MBEs and WBEs in obtaining bonding, lines of credit, or insurance as required by the city or by the bidder or proposer, provided that the bidder or proposer need not provide financial assistance toward this effort.
- (9) If requested by a solicited MBE or WBE, the bidder or proposer must make reasonable efforts to assist interested MBEs and WBEs in obtaining necessary and competitively priced equipment, supplies, materials, or related assistance or services for performance under the contract, provided that the bidder or proposer need not provide financial assistance toward this effort.
- (10) The bidder or proposer must use the DSBO MBE/WBE directories to identify, recruit, and place MBEs and WBEs.

~~~~~

**Sec. 28-75. Potential violations during contract performance.**

(c) The following modified good faith requirements shall apply to sections 28-72 and 28-73. In the event that a contractor or consultant must add or replace an MBE or WBE subcontractor, subconsultant, joint venturer, supplier, manufacturer, manufacturer's representative or broker or in the event that a new scope of work is added to the ongoing contract, and the contractor or consultant in such event is in non-compliance with maintenance of the original project goal upon which the contract was awarded, due to failure to utilize additional MBEs or WBEs, the following modified good faith efforts must be completed. Failure of a contractor or consultant to show

good faith efforts as to any one (1) of the following categories shall render its overall good faith efforts showing insufficient; and its contract performance in non-compliance with this division 3.

- (1) Verification in writing to the DSBO of the contractor's or consultant's intention to terminate or replace an MBE or WBE originally identified for participation in the bid, proposal or competitive selection process proposal upon which the contract was awarded. The reason for the termination or replacement must be stated and the type of work or services must be identified.
- (2) Verification that the contractor or consultant used the most current MBE and WBE directory from the DSBO in order to contact MBEs and WBEs that are certified in the applicable area of work or supply at the time of the modified good faith effort.
- (3) Verification of efforts to contact appropriate MBEs and WBEs within the same identified subcontractor, subconsultant, joint venturer, supplier, manufacturer, manufacturer's representative or broker area must be documented. Facsimile transmission, e-mail and telephone communication will be acceptable. The director may verify such contacts as he deems appropriate.
- (4) Documentation of the modified good faith efforts must be submitted to the DSBO prior to the payment to the contractor or consultant of the next progress or other partial payment or fund release under the contract.

## BLANKET ADDITIONAL INSURED ENDORSEMENT COMMERCIAL CONTRACTORS COVERAGE RECEIVED

This endorsement modifies insurance provided under the following:

APR 7 2013

### COMMERCIAL GENERAL LIABILITY COVERAGE PART

### P&R FINANCE

- A. **WHO IS AN INSURED (Section II)** is amended to include as an insured any person or organization whom you are required to add as an additional insured on this policy under a written contract or written agreement. The written contract or written agreement must be:
1. Valid and legally enforceable;
  2. Currently in effect or becoming effective during the term of this policy; and
  3. Executed prior to an "occurrence" resulting in "bodily injury", "property damage," or "personal and advertising injury."
- B. The insurance provided to the additional insured is further limited as follows:
1. That person or organization is an additional insured solely for liability due to your negligence specifically resulting from "your work" for the additional insured which is the subject of the written contract or written agreement. No coverage applies for any liability due to negligence attributable to any person or entity other than the Named Insured.
  2. The Limits of Insurance applicable to the additional insured are those specified in the written contract or written agreement or in the Declarations of this policy, whichever is less. These Limits of Insurance are inclusive of, and not in addition, to the Limits of Insurance shown in the Declarations.
  3. If we insured the Named Insured for more than one annual policy period:
    - a. Only the policy in effect at the time the "bodily injury", "property damage", or "personal and advertising injury" first occurs will apply;
    - b. "Bodily injury", "property damage", or "personal and advertising injury", first occurs when it is initially discovered by any person;
  - c. Any continuation, progression, change or resumption of "bodily injury", "property damage", or "personal and advertising injury" will be deemed to be one occurrence;
  - d. Our limit of liability will not exceed the Limits of Insurance for one annual policy period.
4. The coverage provided to the additional insured by this endorsement and paragraph f. of the definition of "insured contract" under **DEFINITIONS (SECTION V)** do not apply to "bodily injury" or "property damage" arising out of the "products-completed operations hazard" unless required by the written contract or written agreement. When coverage does apply to "bodily injury" or "property damage" arising out of the "products-completed operations hazard" such coverage will not apply beyond the lesser of:
- a. The period of time required by the written contract or written agreement; or
  - b. Five years from the completion of "your work" on the project which is the subject of the written contract or written agreement.
5. The insurance provided to the additional insured does not apply to:
- "Bodily injury", "property damage", or "personal and advertising injury" arising out of the rendering of, or failure to render, any professional architectural, engineering or surveying services, including:
- a. The preparing, approving, or failure to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; and

- b. Supervisory, inspection, architectural or engineering activities.
  - c. Defects in design or specifications furnished by the additional insured or its' "employees".
6. We have no duty to defend or indemnify an additional insured under this endorsement:
- a. For any liability due to negligence attributable to any person or entity other than the Named Insured. This provision includes any sole negligence or willful misconduct on the part of the additional insured or its' "employees".
  - b. For any loss which occurs prior to our Named Insured commencing operations at the location of the loss.
  - c. Until we receive written notice of a claim or "suit" from the additional insured as required in the **Duties In The Event of Occurrence, Offense, Claim or Suit Condition**.
- C. With respect to the coverage provided under this endorsement, the **COMMERCIAL GENERAL LIABILITY CONDITIONS (SECTION IV)** are amended as follows:
- 1. The following is added to the Duties In The Event of Occurrence, Offense, Claim or Suit Condition:  
An additional insured under this endorsement will as soon as practicable:

- (1) Give written notice of an occurrence or an offense to us which may result in a claim or "suit" under this insurance;
  - (2) Agree to trigger or activate any other insurance which the additional insured has for a loss we cover under this Coverage Part by tendering the defense to the insurers of all such other insurance;
2. With respect to the coverage provided under this endorsement, the following is added to Paragraph **4.b.(1)** of the Other Insurance Condition:
- (c) This insurance is also excess over any other insurance naming the additional insured as an insured whether primary, excess, contingent or on any other basis, unless the written contract or written agreement described in **A.** above specifically requires that this insurance be provided on either a primary basis or a primary and noncontributory basis.

**All terms and conditions of this policy apply unless modified by this endorsement.**
