- 5. Describe the proposed ordinance, including what the proposed ordinance is intended to accomplish, who's involved**
 - a. Scope of Work**

Services to be provided include the maintenance, operation, and management of the airport's aircraft deicing system. This includes the receipt, storage, blending, and distribution of aircraft deicing fluid to users of the system to aid in the efficiency of the aircraft deicing operations. Additional services include the collection, storage, and recycling of the spent aircraft deicing fluid. Recycling of the spent fluid reduces the volume of fluids the airport must discharge to the Metro Wastewater Reclamation District, and provides an additional benefit of environmental protection.
 - b. Duration**
