REASON FOR EASEMENT RELINQUISHMENT:

Describe why you are requesting this relinquishment and why the easement(s) are no longer needed.

This relinquishment contains several parts. The first part of the relinquishment concerns an existing public sanitary sewer main in the vacated alley. As part of the development of the Colfax & Corona project, this public sanitary sewer will be removed and re-routed through a new public alley and public wastewater easement. This re-route is currently under review by the City (2021-SSPR-0000034) and is expected to be approved and constructed before the end of 2021. The re-route is required to allow construction of a 6-story multi-family building over top of the vacated alley. Based on the above

circumstances, we request the relinquishment of the perpetual, non-exclusive easement covering the vacated alley.

Comments:
Please be aware PSCo has existing overhead and underground electric distribution facilities within the easement areas proposed to be relinquished and is unable to relinquish these reserved easements until all facilities have been deactivated and removed and/or relocated to a replacement easement.

The property owner/developer/contractor must complete the application process for removing/relocating these existing facilities via xcelenergy.com/InstallAndConnect. It is then the responsibility of the developer to contact the Designer assigned to the project for approval of design details.

The existing public sanitary sewer has been rerouted and accepted (2021-SSPR-0000034). Wastewater no longer has an asset or need for this existing easement corridor and approves the subject relinquishment.

Comments: The relinquishment of the easements and vacated alley ordinance reservations cannot be completed until the public sanitary sewer main reroute is constructed, accepted, and as-built approved. The portion of easement Rec. No. 2014048614 to the east is understood to become dedicated ROW. Relinquishment of that portion of the easement will not be permitted until that land is either City owned and/or dedicate ROW.

Please notify me when the respective sewer reroute and dedications are complete.
